Living in a "perfect" world without social ills, a boy approaches the time when he will receive a life assignment from the Elders, but his selection leads him to a mysterious man known as the Giver, who reveals the dark secrets behind the utopian facade. This study guide for David Myers' best-selling text for introductory psychology courses is compelling and concise with a global perspective on psychology. This edition has been thoroughly updated, and includes new features and a media supplements package. Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions,

burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the

shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page. Max is used to being called Stupid. And he is used to everyone being scared of him. On account of his size and looking like his dad. Kevin is used to being called Dwarf. On account of his size and being some cripple kid. But greatness comes in all sizes, and together Max and Kevin become *Freak The Mighty* and walk high above the world. An inspiring, heartbreaking, multi-award winning international bestseller.

Set in the Allegheny Mountains of northern Pennsylvania, farm boy Jimmy Warren finds wolf tracks in the snow - even though no wolves have been in these woods for a hundred years. The tracks lead him deeper into his passion for nature guided by Hawk, an old Susquehannock storyteller. Along the way, Jimmy falls in love with the beautiful Sherry Woolman who shares his love of the wild. As a school project, Jimmy keeps a journal on wolves. In order to protect the wolf he discovered, Jimmy writes about him as if he is fiction. The Tanner brothers, a derelict pair of would-be bounty hunters, threaten to destroy the perfect balance

of nature that Jimmy has found. "Wolf Journal" is a journey into the natural world where intricate details, like the imprint of a wing in snow, tell a larger story - one of endangered species, an endangered planet, and the human spirit that strives to understand and protect.
