In his portrait of Duke George of Saxony (1471–1539) Christoph Volkmar offers a fresh perspective on the early Reformation in Germany. Long before the Council of Trent, this book traces the origins of Catholic Reform to the very neighborhood of Wittenberg.

A lively and accessible guide to the rich literary, philosophical and artistic achievements of the notorious age of Nero.

Many of our readers, we know, have neither the time nor the opportunity for reading the voluminous works that have been written from time to time on the history of the church. Still, that which has been the dwelling-place of God for the last eighteen hundred years, must be a subject of the deepest interest to all His children. We speak not now of the church as it is often represented in history, but as it is spoken of in scripture. There it is seen in its true spiritual character, as the body of Christ, and as the "habitation of God through the Spirit."

When fifteen-year-old Maribel Rivera sustains a terrible injury, the Riveras leave behind a comfortable life in Mexico and risk everything to come to the United States so that Maribel can have the care she needs. Once they arrive, it's not long before Maribel attracts the attention of Mayor Toro, the son of one of their new neighbors, who sees a kindred spirit in this beautiful, damaged outsider. Their love story sets in motion events that will

Today, the statement that Anglicans are fond of the Fathers and keen on patristic studies looks like a platitude. Like many platitudes, it is much less obvious than one might think. Indeed, it has a long and complex history. Jean-Louis Quantin shows how, between the Reformation and the last years of the Restoration, the rationale behind the Church of England's reliance on the Fathers as authorities on doctrinal controversies, changed significantly. Elizabethan divines, exactly like their Reformed counterparts on the Continent, used the Church Fathers to vindicate the Reformation from Roman Catholic charges of novelty, but firmly rejected the authority of tradition. They stressed that, on all questions controverted, there was simply no consensus of the Fathers. Beginning with the 'avant-garde conformists' of early Stuart England, the reference to antiquity became more and more prominent in the construction of a new confessional identity, in

contradistinction both to Rome and to Continental Protestants, which, by 1680, may fairly be called 'Anglican'. English divines now gave to patristics the very highest of missions. In that late age of Christianity - so the idea ran - now that charisms had been withdrawn and miracles had ceased, the exploration of ancient texts was the only reliable route to truth. As the identity of the Church of England was thus redefined, its past was reinvented. This appeal to the Fathers boosted the self-confidence of the English clergy and helped them to surmount the crises of the 1650s and 1680s. But it also undermined the orthodoxy that it was supposed to support.

The Catholic Reformation provides a comprehensive history of the 'Counter Reformation in early modern Europe. Starting from the middle ages, Michael Mullett clearly traces the continuous transformation of the Catholic religion in its structures, bodies and doctrine. He discusses the gain in momentum of Catholic renewal from the time of the Council of Trent, and considers the profound effect of the Protestant Reformation in accelerating its renovation. This book explores how and why the Catholic Reformation occurred, stressing that moves towards restoration were underway well before the Protestant Reformation. Michael Mullett also shows the huge impact it had not only on the papacy, Church leaders and religious ritual and practice, but also on the lives of ordinary people - their culture, arts, attitudes and relationships. Ranging across the continent, The Catholic Reformation is an indispensable new survey which provides a wide-ranging overview of the religious,

Master storyteller Christopher Paul Curtis's Newbery Honor novel, featuring his trademark humor, unique narrative voice, and new cover art--now in paperback! Eleven-year-old Elijah lives in Buxton, Canada, a settlement of runaway slaves near the American border. He's the first child in town to be born free, and he ought to be famous just for that. Unfortunately, all that most people see is a "fra-gile" boy who's scared of snakes and talks too much. But everything changes when a former slave steals money from Elijah's friend, who has been saving to buy his family out of captivity in the South. Now it's up to Elijah to track down the thief--and his dangerous journey just might make a hero out of him, if only he can find the courage to get back home.

With a new Introduction to this touching homage to his mother, the author paints a portrait of growing up in a black neighborhood as the child of an interracial marriage. Although raised an Orthodox Jew in the South, McBride's mother abandoned her heritage, moved to Harlem, and married a black man.

Born a slave and lamed by his master, Epictetus studied Stoic philosophy while in captivity. Once freed, he survived Domitian's banishment of all philosophers from Rome to settle in Greece, where he founded a school of philosophy. He quickly rose to prominence as a renowned Stoic scholar and teacher, and even though he was personally friendly with emperors, he kept a simple life. The *Enchiridion* is a summary of practical advice compiled by Epictetus' student Arrian. While based on Epictetus' Discourses, it's not a philosophical

During World War II a community called Manzanar was hastily created in the high mountain desert country of California, east of the Sierras. Its purpose was to house thousands of Japanese American internees. One of the first families to arrive was the Wakatsukis, who were ordered to leave their fishing business in Long Beach and take with them only the belongings they could carry. For Jeanne Wakatsuki, a seven-year-old child, Manzanar became a way of life in which she struggled and adapted, observed and grew. For her father it was essentially the end of his life. At age thirty-seven, Jeanne Wakatsuki Houston recalls life at Manzanar through the eyes of the child she was. She tells of her fear, confusion, and bewilderment as well as the dignity and great resourcefulness of people in oppressive and demeaning circumstances. Written with her husband, Jeanne delivers a powerful first-person account that reveals her search for the meaning of Manzanar. Farewell to Manzanar has become a

The Reformation era has long been seen as crucial in developing the institutions and society of the English-speaking peoples, and study of the Tudor and Stuart era is at the heart of most courses in English history. The influence of the Book of Common Prayer and the King James version of the Bible created the modern English language, but until the publication of Gerald Bray's Documents of the English Reformation there had been no collection of contemporary documents available to show how these momentous social and political changes took place. This comprehensive collection covers the period from 1526 to 1700 and contains many texts previously relatively inaccessible, along with others more widely known. The book also provides informative appendixes, including comparative tables of the different articles and confessions, showing their mutual relationships and dependence. With fifty-eight documents covering all the main Statutes, Injunctions and Orders, Prefaces to prayer books, Biblical translations and other relevant texts, this third edition of Documents of the English R

This document's purpose is to spell out the Church's understanding of the nature of revelation--the process whereby God communicates with human beings. It touches upon questions about Scripture, tradition, and the teaching authority of the Church. The major concern of the document is to proclaim a Catholic understanding of the Bible as the "word of God." Key elements include: Trinitarian structure, roles of apostles and bishops, and biblical reading in a historical context.

For over four hundred years, the city of Geneva has been important in Western history. The character of this city--steady, serious, erudite, clannish, and proud--has remained virtually unchanged since Calvin's time, the heroic age when she first became famous. Professor Monter relates the "success story" of this fascinating city through a fresh synthesis of printed and archival sources. In the sixteenth century, Geneva succeeded in winning and maintaining her independence, a feat unique in Reformation Europe. Into this special environment came Calvin--and his triumph was the result of a brilliant mind and an undeviating will being placed in the midst of the crude and confused surroundings of a revolutionary commune. Professor Monter explores the components of Geneva's and Calvin's fame in a number of ways. First, he outlines the history of the city from the early sixteenth century to Calvin's death in 1564, showing the tumultuous environment of the city where Calvin worked and the means by which local opposition to Calvin dissolved. He next describes the principal institutions and social groups of Calvin's Geneva: the established church, the civil government, and the foreign refugee communities. Finally, he assesses Calvin's legacy to Geneva and discusses the workings of Calvinism after its founder's death. As a whole, Calvin's Geneva is a revealing portrait of a major city and an

The Golden Bull of 1356 (German: Goldene Bulle, Latin: Bulla Aurea) was a decree issued by the Imperial Diet at Nuremberg and Metz (Diet of Metz (1356/57)) headed by the Emperor Charles IV which fixed, for a period of more than four hundred years, important aspects of the constitutional structure of the Holy Roman Empire. It was named the Golden Bull for the golden seal it carried.

They denounced the kind of reformation proposed by Luther, Zwingli and Calvin as a halfway affair. They believed in a national state church no more than they believed in the Roman church. To them religion was the intimate concern of each individual soul, and the church was a voluntary society of the regenerate, who had been saved by faith in Christ and were living obediently to Christ's principles.
