This title is part of the LexisNexis Graduate Tax Series. *Employee Benefits Law: Qualification Rules and ERISA Requirements, Second Edition*, differs from other employee benefits casebooks and practicing legal education materials in the following ways:

- The book makes a clear delineation of the qualification requirements of the IRC applicable to employee benefit plans versus ERISA requirements. As such, most of the materials focus on pension and profit sharing plans. However, the tax rules applicable to welfare benefit plans and nonqualified deferred compensation plans are also discussed.
- The book places a strong emphasis on planning and policy, focusing on the adoption, maintenance, and correction of such plans.
- The substantive qualifications of the IRC are discussed in full. ERISA's fiduciary, enforcement, reporting, and disclosure standards are also set forth. Sophisticated realistic problems are an integral part of the materials, and are included throughout. These problems will require careful analysis and application of code and regulation provisions, administrative pronouncements, case law, and other relevant sources. Perhaps more important for a graduate tax program, the problems not only require careful analysis, but the application requires dealing with situations when the most careful reading of the materials does not supply an answer. An additional, in-depth, take-home problem may be used as the basis for class discussion or a graded written assignment. *Employee Benefits Law* is divided into two sections. Part 1 addresses the specific qualification requirements of the tax code applicable to all employee retirement plans, from both the employee and employer perspective. Part II addresses tax rules applicable to welfare benefits and nonqualified deferred compensation plans and ERISA rules applicable generally to all

employee benefits plans. Thereafter, the ERISA rules applicable to employee retirement plans and welfare plans are covered.

discusses frequent environmental issues that are present in real estate transactions Ned Ryerson. That's who a lot of people picture when they think of insurance agents. Don't remember Ned? Sure you do. He was the "cheesy" insurance agent from the Bill Murray classic Groundhog Day. In Ned, we see examples of what can go so horribly awry with the insurance sales process - someone who gets people to sign on the dotted line because it's the only way they can escape him, someone who is far more of a salesman than a trusted advisor, and of course, someone who is living commission-to-commission, putting his own survival above his clients' needs. The reason all these things make Ned our "anti-mascot" is that if you fail to grasp the danger of these things, you'll undoubtedly place major obstacles between you and your career goals. Starting of course, with your quest to pass the licensing exam. Thus, the goal of this book is twofold. First and foremost, I want to help you pass the exam, and do so by a wide margin. I don't want it to be even close. I want your state's insurance commissioner to be so blown away by your score that he takes your exam home and hangs it up on his refrigerator. But second, I want this book to become the basis for your career. I want it to help shape the way you approach insurance sales so that you not only help protect others against loss, but protect yourself (and your hard-earned license) as well. Even more, I want it to protect you against an average career. I want this book to help insure your financial success. Interested? If you are, then you're in for some exciting lessons about insurance theory, products, and sales. I'll share with you both the practical and conceptual knowledge you need to get to where you want to go.

The reporters said it was a sexy story—church, money, greed, adultery, blood, a defenseless child with profound disabilities, and a good man who never saw it coming, all the elements that garnered column inches and high ratings. The main players on the stage included a talented journalist who played the organ at church, a cunning narcissist who hid behind a pretty face and a sweet demeanor, and a respected businessman and father. The plan, her plan, unfolded in the early morning hours of June 8, 1994, when a flyspeck of a man dressed in black, covetous and possessed by passion, clutched a large knife in his gloved hands and stood above his sleeping prey. He could not know, as the blade arced toward its target, how many lives would be forever changed by their crimes.

**#1 NEW YORK TIMES BESTSELLER •** More than one million copies sold! A “brilliant” (Lupita Nyong’o, Time), “poignant” (Entertainment Weekly), “soul-nourishing” (USA Today) memoir about coming of age during the twilight of apartheid “Noah’s childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa’s history that must never be forgotten.”—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Time, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah’s unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents’ indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa’s tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man’s relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother’s unconventional, unconditional love.
