

## Chapter 8 Dave Ramsey

Invest my money? Forget it. Who knows which way the stock market is headed? And I just plain don't know how to do it. I'll stick my paycheck in the bank, keep my credit card debt as low as I can, and worry about my financial future when I have some extra money. Besides, there's always Social Security, right? **WRONG**, according to the authors of *The Armchair Millionaire* (and the geniuses behind the *Armchair Millionaire* Web site), whose philosophy is simple: if your money isn't working for you, then you'll be working a lot longer than you want to. In plain English, Lewis Schiff and Douglas Gerlach, along with real-life cyber-Armchair Millionaires, show you how to save without budgeting the fun out of life, and invest wisely without losing sleep over your portfolio. "Five Steps to Financial Freedom" will make it easy for you to build an investment portfolio and help you to: **PAY LOWER TAXES:** Why and how to give to your IRA or 401(k) until it hurts. **PAY YOURSELF FIRST:** The secret to building a nest egg is to treat your savings like you treat any bill -- put your financial future at the top of the list of regular monthly payments. **GET THE MOST FOR YOUR MONEY:** "Dollar-cost averaging" has been the most successful investment timing method ever used by the pros. Find out how to make it work for you. **BUILD YOUR PLAN:** Forecast when you'll reach your million-dollar goal with a personalized financial action plan. **DISCOVER THE TRUTH BEHIND WHY YOU MUST START INVESTING FOR YOUR FUTURE TODAY:** Find out why compounded interest is often called the key to

successful wealth-building. Packed with practical advice, personalized tools such as user-friendly worksheets, and actual stories of ordinary people who have built extraordinary portfolios using these methods, *The Armchair Millionaire* will show you how to get on the road to financial independence at last.

**What Are You Waiting For?** This book will change the way you think about investing—and the results will prove it! "This is the simple hands-on, how-to and why book many readers have been looking for." -Scott Burns, syndicated columnist Daniel Solin cuts through the financial hype to show you exactly how to invest—with an easy-to-follow four-step plan that lets you create and monitor your investment portfolio in ninety minutes or less...and put your investment earnings in the top 5 percent of all professionally managed money. If you want to gamble, go to Las Vegas—or try stock picking and market timing. If you want to be a Smart Investor, follow this effortless and effective plan. "The Smartest Investment Book You'll Ever Read will provide the enlightenment and gumption to free yourself from the clutches of the investment industry and the wisdom and direction necessary to get yourself back on track." -William Bernstein, author of *A Splendid Exchange* and *The Four Pillars of Investing* Every day you wait costs you money. Take control of your financial future now! This question and answer book is the perfect resource guide for equipping individuals with key information about everyday money matters. Questions and answers deal with 100+ of the most-asked questions from *The Dave Ramsey Show*—everything from budget planning to

retirement planning or personal buying matters, to saving for college and charitable giving. This is Dave in his most popular format—ask a specific question, get a specific answer.

In *Love Your Life, Not Theirs*, Rachel Cruze shines a spotlight on the most damaging money habit we have: comparing ourselves to others. Then she unpacks seven essential money habits for living the life we really want—a life in line with our values, where we can afford the things we want to buy without being buried under debt, stress, and worry. The Joneses are broke. Life looks good, but hidden beneath that glossy exterior are credit card bills, student loans, car payments, and an out-of-control mortgage. Their money situation is a mess, and they're trying to live a life they simply can't afford. So why exactly do we try so hard to keep up with the Joneses? Are we really living the lives we want, or are we chasing someone else's dream, just trying to keep up appearances on social media, at church, and in our community? Why are we letting other people set the pace for our own family's finances? In *Love Your Life, Not Theirs*, Rachel shows you how to buy and do the things that are important to you—the right way. That starts by choosing to quit the comparisons, reframing the way you think about money, and developing new habits like avoiding debt, living on a plan, watching your spending, saving for the future, having healthy conversations about money, and giving. These habits work, and Rachel is living proof. Now, she wants to empower you to live the life you've always dreamed of without creating the debt, stress, and worry that are all

too often part of the deal. Social media isn't real life, and trying to keep up with the Joneses will never get you anywhere. It's time to live--and love--your life, not theirs. "I've never read a book about money that takes this approach--and that's a good thing! Comparison has a way of weaving itself throughout all aspects of our lives, including our money. In *Love Your Life, Not Theirs*, Rachel Cruze outlines the seven money habits that really matter--and they have nothing to do with keeping up with the Joneses!" Candace Cameron-Bure Actress, author, and co-host of *The View* "Love Your Life, Not Theirs is full of the kind of practical, straightforward advice we've come to expect from Rachel Cruze. She offers guidance on paying down debt, smart saving, and the right way to talk to your spouse about money. These indispensable tips can help with day-to-day spending decisions and put you on a path to establishing healthy financial habits." Susan Spencer Editor-in-Chief for *Woman's Day* "Cruze's self-deprecating and honest voice is a great resource for anyone wanting to take charge of their money. With humor and approachability, she helps her readers set themselves up for success and happiness, no matter what current financial state they may be in." Kimberly Williams-Paisley New York Times best-selling author of *Where the Light Gets In* "In today's world of social media, the temptation to play the comparison game is stronger than ever. *Love Your Life, Not Theirs* is the perfect reminder that, when it comes to money, comparison is a game you can't win. A terrific--and much needed--read." Jean Chatzky Financial Editor, *NBC TODAY* and Host of *HerMoney* with Jean Chatzky

### Podcast

Every marriage has conflict. And many of those conflicts are related to finances. Russ Crosson, president and CEO of Ronald Blue & Co., shows readers how to avoid the potentially disastrous landmine of financial turmoil. Through these pages, Russ assists readers to think correctly about marriage and about money, rather than default to the way the world sees these areas of life. He covers specific areas of money management where financial conflicts usually occur: Men who work too much Why wives work The problem of debt Making sound investments Giving wisely Understanding insurance To avoid pitfalls, Russ offers a game plan couples can use to achieve harmony in their marriage, no matter what their financial situation.

Hogan shows that God's way of managing money really works. Millionaire status doesn't require inheriting a bunch of money or having a high-paying job. The path to becoming a millionaire is paved with tools that you either already have or that you can learn. Take personal responsibility; practice intentionality; be goal-oriented, a hard worker; and be consistent. If you adopt this mindset, you, too, can become a millionaire. -- adapted from foreword and introduction

Get out of debt and stay out with the help of Dave Ramsey, the financial expert who has helped millions of Americans control their money The Financial Peace Planner may be the most valuable purchase you ever make. Dave Ramey's practical regimen, based on his own personal experience with debt, offers hard-won advice and much needed hope to people who find

themselves in serious debt and desperate for a way out. This book comes in a workbook format, allowing you to frequently monitor your progress and, most importantly, to face your situation honestly. Loaded with inspirational insights that come from personal experience, this set of books will be life changing for any debt-ridden readers. You'll find help on how to:

- Assess the urgency of your situation
- Understand where your money's going
- Create a realistic budget
- Dump your debt
- Clean up your credit rating

Reach your financial goals and reduce the stress in your life with this book of biblical principles by the bestselling author of *The Blessed Life*. Who doesn't want to eliminate financial stress? Who doesn't want to get out of debt, reach their financial goals, experience the joy that God intends for us, and be free to bless others with their resources? In *The Blessed Life*, Pastor Robert Morris teaches that generosity is a key component to being in God's favor. Now, in *BEYOND BLESSED*, he shares the importance of being a good steward, not only with your finances, but with every part of your life. Pastor Morris will motivate you to become a better manager of your money, and provide practical lessons on taking your finances to the next level. Through Biblical principles, personal stories, and incredible testimonies, you will learn how to be a good steward, and that when you properly manage your finances, blessings will pour into all areas of your life. Here is a guide to increasing and going further with what God has given you, and living beyond blessed.

The instant **NEW YORK TIMES BESTSELLER WALL**

STREET JOURNAL BESTSELLER PUBLISHERS  
WEEKLY BESTSELLER USA TODAY BESTSELLER  
THE PATH TO YOUR ULTIMATE RETIREMENT

STARTS RIGHT HERE! Retirement today is more complex than ever before. It is most definitely not your parents' retirement. You will have to make decisions that weren't even part of the picture a generation ago.

Without a clear-cut path to manage the money you've saved, you may feel like you're all on your own. Except you're not—because Suze Orman has your back. Suze is America's most recognized personal finance expert for a reason. She's been dispensing actionable advice for years to people seeking financial security. Now, in *The Ultimate Retirement Guide for 50+*, she gives you the no-nonsense advice and practical tools you need to plan wisely for your retirement in today's ever-changing landscape. You'll find new rules for downsizing, spending wisely, delaying Social Security benefits, and more—starting where you are right now. Suze knows money decisions are never just about money. She understands your hopes, your fears, your wishes, and your desires for your own life as well as for your loved ones. She will guide you on how to let go of regret and fear, and with her unparalleled knowledge and unique empathy, she will reveal practical and personal steps so you can always live your Ultimate Retirement life. "I wrote this book for you," Suze says. "The worried, the fearful, the anxious. I know you need help navigating the road ahead. I've helped steer people toward happy and secure retirements my whole life, and that's exactly what I want to do for you."

Internationally bestselling financial advisor David Bach's *Automatic Millionaire* promotes a revolutionary system for making even the most undisciplined money managers rich. The *Automatic Millionaire* shows readers how to change their financial practices and even their lives, the simple and automatic way. The book begins with a powerful story about an average Canadian couple — he's a low-level manager, she's a beautician — whose joint income never exceeds \$55,000 a year, yet who somehow manage to own two homes debt-free, put two kids through college, and retire at fifty-five with more than \$1 million in savings. The incredible message Bach delivers is that the key to getting rich is "automating" the way to wealth by "paying yourself first," using automatic funded retirement accounts and money market accounts to secure the future and pay for the present. A concise guide that's a fixture on bestseller lists, *The Automatic Millionaire* introduces readers to a system that is powerful and simple — an automatically effective, life-changing system that delivers. Do it once, the rest is automatic.

If you're looking for practical information to answer all your "How?" "What?" and "Why?" questions about money, this book is for you. Dave Ramsey's *Complete Guide to Money* covers the A to Z of Dave's money teaching, including how to budget, save, dump debt, and invest. You'll also learn all about insurance, mortgage options, marketing, bargain hunting and the most important element of all?giving. This is the handbook of Financial Peace University. If you've already been through Dave's nine-week class, you won't find much

new information in this book. This book collects a lot of what he's been teaching in FPU classes for 20 years, so if you've been through class, you've already heard it! It also covers the Baby Steps Dave wrote about in *The Total Money Makeover*, and trust us?the Baby Steps haven't changed a bit. So if you've already memorized everything Dave's ever said about money, you probably don't need this book. But if you're new to this stuff or just want the all-in-one resource for your bookshelf, this is it!

Dave Ramsey explains those scriptural guidelines for handling money.

Written in accessible language, but with plenty of detail for top-grade students

OVER 250,000 COPIES IN PRINT, WITH A NEW CHAPTER ON THE 2018 TAX CUTS.

There's a massive freight train bearing down on the average American investor, and it's coming in the form of higher taxes. The United States Government has made trillions of dollars in unfunded promises for programs like Social Security and

Medicare—and the only way to deliver on these promises is to raise taxes. Some experts have even suggested that tax rates will need to double, just to keep our country solvent. Unfortunately, if you're like most Americans, you've saved the majority of your retirement assets in tax-deferred vehicles like 401(k)s and IRAs. If tax rates go up, how much of your hard-earned money will you really get to keep? In *The Power of Zero*, McKnight provides a concise, step-by-step roadmap on how to get to the 0% tax bracket by the time you retire, effectively eliminating tax rate risk from your retirement picture. Now, in this expanded edition, McKnight has updated the book with a new chapter on the 2017 Tax Cuts and Jobs Act, showing readers how to navigate the new tax law in its first year of being in effect, and how they can extend the life of their retirement savings by taking advantage of it now. The day of reckoning is fast approaching. Are you ready to do what it takes to experience the power of zero?

With the help of a #1 New York Times bestselling author and finance expert, set your finances right with these updated tactics and practices Dave Ramsey knows what it's like to have it all. By age twenty-six, he had established a four-million-dollar real estate portfolio, only to lose it by age thirty. He has since rebuilt his financial life and, through his workshops and his New York Times business bestsellers *Financial Peace* and *More than Enough*, he has helped hundreds of thousands of people to understand the forces behind their financial distress and how to set things right—financially, emotionally, and spiritually. In this new edition of *Financial Peace*,

Ramsey has updated his tactics and philosophy to show even more readers:

- how to get out of debt and stay out
- the KISS rule of investing—"Keep It Simple, Stupid"
- how to use the principle of contentment to guide financial decision making
- how the flow of money can revolutionize relationships

With practical and easy to follow methods and personal anecdotes, *Financial Peace* is the road map to personal control, financial security, a new, vital family dynamic, and lifetime peace.

A guide to achieving financial stability and prosperity encourages new ways to think about and manage money, discussing such topics as balancing a budget, planning for entertainment, and getting out of debt.

Krugman's *Economics for AP®* second edition is designed to be easy to read and easy to use. This book is your ultimate tool for success in the AP® Economics course and Exam.

The text combines the successful storytelling, vivid examples, and clear explanations of Paul Krugman and Robin Wells with the AP® expertise of Margaret Ray and David Anderson. In this exciting new edition of the AP® text, Ray and Anderson successfully marry Krugman's engaging approach and captivating writing with content based on The College Board's AP® Economics Course outline, all while focusing on the specific needs and interests of high school teachers and students.

An outline review of personal finance for physicians.

*STATISTICAL METHODS FOR PSYCHOLOGY* surveys the statistical techniques commonly used in the behavioral and social sciences, particularly psychology and education. To help students gain a better understanding of the specific statistical hypothesis tests that are covered throughout the text, author David Howell emphasizes conceptual

understanding. This Eighth Edition continues to focus students on two key themes that are the cornerstones of this book's success: the importance of looking at the data before beginning a hypothesis test, and the importance of knowing the relationship between the statistical test in use and the theoretical questions being asked by the experiment. New and expanded topics--reflecting the evolving realm of statistical methods--include effect size, meta-analysis, and treatment of missing data. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

A strategy for changing attitudes about personal finances covers such topics as getting out of debt, the dangers of cash advances and keeping spending within income limits.

Doing well with money isn't necessarily about what you know. It's about how you behave. And behavior is hard to teach, even to really smart people. Money—investing, personal finance, and business decisions—is typically taught as a math-based field, where data and formulas tell us exactly what to do. But in the real world people don't make financial decisions on a spreadsheet. They make them at the dinner table, or in a meeting room, where personal history, your own unique view of the world, ego, pride, marketing, and odd incentives are scrambled together. In *The Psychology of Money*, award-winning author Morgan Housel shares 19 short stories exploring the strange ways people think about money and teaches you how to make better sense of one of life's most important topics.

"With *How to Make Your Money Last*, you will learn how to turn your retirement savings into a steady paycheck that will last for life. Today, people worry that they're going to run out of money in their older age. That won't happen if you use a few tricks for squeezing higher payments from your assets--from your Social Security account (find the hidden

values there), pension (monthly income or lump sum?), home equity (sell and invest the proceeds or take a reverse mortgage?), savings (should you buy a lifetime annuity?), and retirement accounts (how to invest and--critically--how much to withdraw from your savings each year?). The right moves will not only raise the amount you have to spend, they'll stretch out your money over many more years. You will also learn to look at your savings and investments in a new way. If you stick with super-safe choices the money might not last. You need safe money to help pay the bills in your early retirement years. But to ensure that you'll still have spending money 10 and 20 years from now, you have to invest for growth, today. Quinn shows you how. At a time when people are living longer, yet retiring with a smaller pot of savings than they'd hoped for, this book will become the essential guide"-- Imagine Clearing All Your Debts... How does that feel? What if it's only seven baby steps to follow in order to achieve financial stability? We're all taught English, Math, Science in school and yet we're never taught how to budget or manage our money. We did not fail school... ... school failed us. If you've ever found yourself having too much month at the end of the money, this book is for you. If you want to be good in math, study math. If you want to be rich, study money. The Total Money Makeover by Dave Ramsey is first published in 2003. Since then, it has sold over 5 million copies and the book has been on The Wall Street Journal bestsellers list for over 500 weeks. Here's what you'll discover... --- Chapter 1: Making Over Your Money Challenge --- Chapter 2: Living in Denial --- Chapter 3: The Myth that Debt is a Tool --- Chapter 4: The Rich and Their Secrets --- Chapter 7: Snowball Effect --- Chapter 8: Finishing Your Emergency Fund --- And so much more. Guides readers with practical advice for getting -- and keeping -- their finances in order, covering all the money-management bases, from saving and spending to getting out of debt to investing, and planning for retirement.

Addresses personal finance issues that are of relevance to today's world of high debt and disproportionate lifestyles, addressing such topics as credit cards, student loans, credit scores, insurance, and mortgages.

In *Smart Money Smart Kids*, Financial expert and best-selling author Dave Ramsey and his daughter Rachel Cruze equip parents to teach their children how to win with money. Starting with the basics like working, spending, saving, and giving, and moving into more challenging issues like avoiding debt for life, paying cash for college, and battling discontentment, Dave and Rachel present a no-nonsense, common-sense approach for changing

your family tree.

“The newbie investor will not find a better guide to personal finance.” —Burton Malkiel, author of *A RANDOM WALK DOWN WALL STREET* TV analysts and money managers would have you believe your finances are enormously complicated, and if you don’t follow their guidance, you’ll end up in the poorhouse. They’re wrong. When University of Chicago professor Harold Pollack interviewed Helaine Olen, an award-winning financial journalist and the author of the bestselling *Pound Foolish*, he made an offhand suggestion: everything you need to know about managing your money could fit on an index card. To prove his point, he grabbed a 4" x 6" card, scribbled down a list of rules, and posted a picture of the card online. The post went viral. Now, Pollack teams up with Olen to explain why the ten simple rules of the index card outperform more complicated financial strategies. Inside is an easy-to-follow action plan that works in good times and bad, giving you the tools, knowledge, and confidence to seize control of your financial life.

What does the Bible really say about money? About wealth? How much does God expect you to give to others? How does wealth affect your friendships, marriage, and children? How much is “enough”? There’s a lot of bad information in our culture today about wealth and the wealthy. Worse, there’s a growing backlash in America against our most

successful citizens, but why? To many, wealth is seen as the natural result of hard work and wise money management. To others, wealth is viewed as the ultimate, inexcusable sin. This has left many godly men and women confused about what to do with the resources God's put in their care. They were able to build wealth using God's ways of handling money, but then they are left feeling guilty about it. Is this what God had in mind?

Ken Honda—Japan's #1 bestselling personal development guru—teaches you how to achieve peace of mind when it comes to money with this instant national bestseller. Too often, money is a source of fear, stress, and anger, often breaking apart relationships and even ruining lives. We like to think money is just a number or a piece of paper, but it is so much more than that. Money has the ability to smile, it changes when it is given with a certain feeling, and the energy with which it imbues us impacts not only ourselves, but others as well. Although Ken Honda is often called a “money guru,” his real job over the past decade has been to help others discover the tools they already possess to heal their own lives and relationships with money. Learn how to treat money as a welcome guest, allowing it to come and go with respect and without resentment; understand and improve your money EQ; unpack the myth of scarcity; and embrace the process of giving money, not just receiving it. This

book isn't to fix you, because as Ken Honda says, you're already okay!

When you hear the word retirement, you probably don't imagine yourself scrambling to pay your bills in your golden years. But for too many Americans, that's the fate that awaits unless they take steps now to plan for the future. Whether you're twenty five and starting your first job or fifty five and watching the career clock start to wind down, today is the day to get serious about your retirement. In *Retire Inspired*, Chris Hogan teaches that retirement isn't an age; it's a financial number an amount you need to live the life in retirement that you've always dreamed of. With clear investing concepts and strategies, Chris will educate and empower you to make your own investing decisions, set reasonable expectations for your spouse and family, and build a dream team of experts to get you there. You don't have to retire broke, stressed, and working long after you want to. You can retire inspired!

"Dave Ramsey instructs couples how to work together as a team, gives singles some practical tips for financial accountability, and shows parents how to teach their children about money from a young age"--Container.

If you've ever bought a personal finance book, watched a TV show about stock picking, listened to a radio show about getting out of debt, or attended a seminar to help you plan for your retirement, you've

probably heard some version of these quotes: “What’s keeping you from being rich? In most cases, it is simply a lack of belief.” —SUZE ORMAN, *The Courage to Be Rich* “Are you latte-ing away your financial future?” —DAVID BACH, *Smart Women Finish Rich* “I know you’re capable of picking winning stocks and holding on to them.” —JIM CRAMER, *Mad Money* They’re common refrains among personal finance gurus. There’s just one problem: those and many similar statements are false. For the past few decades, Americans have spent billions of dollars on personal finance products. As salaries have stagnated and companies have cut back on benefits, we’ve taken matters into our own hands, embracing the can-do attitude that if we’re smart enough, we can overcome even daunting financial obstacles. But that’s not true. In this meticulously reported and shocking book, journalist and former financial columnist Helaine Olen goes behind the curtain of the personal finance industry to expose the myths, contradictions, and outright lies it has perpetuated. She shows how an industry that started as a response to the Great Depression morphed into a behemoth that thrives by selling us products and services that offer little if any help. Olen calls out some of the biggest names in the business, revealing how even the most respected gurus have engaged in dubious, even deceitful, practices—from accepting payments from

banks and corporations in exchange for promoting certain products to blaming the victims of economic catastrophe for their own financial misfortune. Pound Foolish also disproves many myths about spending and saving, including: Small pleasures can bankrupt you: Gurus popularized the idea that cutting out lattes and other small expenditures could make us millionaires. But reducing our caffeine consumption will not offset our biggest expenses: housing, education, health care, and retirement. Disciplined investing will make you rich: Gurus also love to show how steady investing can turn modest savings into a huge nest egg at retirement. But these calculations assume a healthy market and a lifetime without any setbacks—two conditions that have no connection to the real world. Women need extra help managing money: Product pushers often target women, whose alleged financial ignorance supposedly leaves them especially at risk. In reality, women and men are both terrible at handling finances. Financial literacy classes will prevent future economic crises: Experts like to claim mandatory sessions on personal finance in school will cure many of our money ills. Not only is there little evidence this is true, the entire movement is largely funded and promoted by the financial services sector. Weaving together original reporting, interviews with experts, and studies from disciplines ranging from behavioral economics to retirement planning, Pound Foolish is a passionate and

compelling book that will change the way we think and talk about our money.

A simple, straight-forward game plan for completely making over your money habits! Best-selling author and radio host Dave Ramsey is your personal coach in this informative and interactive companion to the highly successful New York Times bestseller *The Total Money Makeover*. With inspiring real-life stories and thought-provoking questionnaires, this workbook will help you achieve financial fitness as you daily work out those newly defined money muscles.
