'No Cook' Children's Recipe Book is full of simple recipes for children to make on their own or with just a little help from an adult. All learning should be fun and learning about food is no exception. So, although there are some healthy options to choose from in this book and a few recipes that need the help of an adult (for dealing with hot stuff), I have included a lot of fun recipes a child can make absolutely independent of adults. You can encourage your children to make finger food for family get-togethers or prepare nibbles for a sleep-over or play date with minimum help from adults. You can encourage your children to make a selection of the candies from this book and put them into a cellophane bag tied with pretty ribbon for handmade gifts for family and friends. Children just love to give gifts and are so proud if they've made them themselves. You provide the ingredients, the tools and suggestions - then stand back and watch the fun!

We created this book for children, but we recommend it for adults as well. It's for those who don't like to read boring bricks of text but prefer to get right down to business, learning skills as they go. You won't find a book easier to use than this one. Not only does it have illustrated recipes for delicious dishes with concise, detailed descriptions, but it also has important information about the basics of baking that we've simplified and illustrated. The recipes have been tested by many people. We've chosen the best ones. Recipes that have received the highest ratings. Meticulously tested and proven. Only popular and very tasty dishes. The dishes are varied, taken from different cuisines. Sweet and savory, festive, and healthy, vegan and even meat. You'll find both familiar classics and exotic new recipes. Most of them are sweet and sure to please children. Different baking techniques are used to teach and develop your child's key kitchen skills. Simple, but not primitive. Easy to make. Recipes are broken down into 3 categories of difficulty, but even the most difficult ones are manageable for a child. Most recipes require 3 to 10 ingredients. Don't require gourmet ingredients. Chances are you already have everything you need, or you can find it at the nearest supermarket, regardless of the country you live in. In addition, there are substitution options for many of the ingredients. Most recipes require only the most basic cooking utensils. And even for those, there are substitution options: no microwave -- make a water bath; no mixer -- use a whisk. Not just recipes. The book will teach your kids the basics of baking. It's as easy as 1 - 2 - 3. Your child will not be confused. The book contains illustrated instructions on every necessary step: from washing their hands before they start to cleaning up after themselves afterward. A clearly illustrated safety manual that your child won't skip. It's clear and simple enough to grasp after one read-through. The book introduces key baking terminology in a simple, visual way. It's better to show with a picture what "knead" or "grease" means than to explain in words. Not only can a child cook the chosen dish easily, he or she will find an interesting fact about it at the end of the recipe. This book can serve you for a lifetime! Even a 4-year-old child can understand the book, because it illustrates in detail absolutely every action, ingredients, and even tools. Children will love the fun illustration style and the cute, friendly kitten character. Simple, short, but comprehensive comments on the steps will be easily understood by an older child. Even adults will enjoy using this book. The recipes here are versatile, and the information is instantly readable. These recipes aren't just for once. They are suitable for many different situations, from Christmas or birthdays to an everyday breakfast or picnic. You'll want to cook them again and again! The book is very easy to navigate. The ingredient quantities are given in both metric and imperial systems at a glance. It has the Cooking Time Index and the Occasion Index. Steps which might require adult supervision are marked with a special red icon. Each recipe has a notes page where you can rate the recipe, make adjustments, and write in personalized options. This large, bright, and beautiful 467-page book makes a great gift. There is a bonus coloring page included absolutely free for kids of all ages to enjoy. Pick up your copy today and get your kids excited about baking!

MALVINA BERTONATI is a chef and owner of a traditional Italian restaurant "Da Malvina" in one of the most popular seaside tourist destinations: Bonassola, right next to the famous Cinque Terre in Liguria, Italy. She has been cooking with passion for the last 40 years and she received a national award for her tasty, healthy and traditional cuisine. She was knighted for her services to the industry. ALINKA RUTKOWSKA just happened to pass by and fall in love with Malivna's cuisine. She was always very curious about what was going on in the restaurant kitchen but what she heard from Malvina most often was "fuori dalla mia cucina!", meaning "get out of my kitchen!". She obeyed until once she decided that even a complete cooking analphabetic like herself could at least try to replicate the masterpieces being created in Malvina's kitchen. With a pen, paper, camera and Malvina's blessing she compiled the amazing recipes and over 300 photographs into this book.
