A moving tale of grief, community and the possibility of starting over, by an award-winning Australian author

"Black Thunder is the true story of a slave insurrection that failed ... Gabriel is a young slave, who ... decides to avenge the murder of a fellow-slave by leading the Negroes of Richmond, Virginia, against the landowners"--Cover.

Walter Eekhaut (his name rhymes with "stakeout"), a veteran of the Belgian police force who has a problem with authority, is dispatched to Amsterdam to aid the Dutch security service in investigating the activities of a well-connected Russian oligarch, with connections to Putin. Some of the Russian's business is certainly legitimate, but some may well not be. In Amsterdam, Eekhaut is seconded to Chief Superintendent Alexandra Dewaal and her team, and begins to learn about the city's shady underside. He is at once pulled into another case, the murder of a young leftist dissident, alleged to have stolen a sensitive list from the Amsterdam offices of an ultra-right-wing political party—a list with the name of secret donors. The hunt for the killer leads to a knot of black money interests and illegal dealings that pit the Russian mob and Dutch politicians and business leaders against the police and anyone else who tries to get in their way. Absinthe

is the gripping first installment in the bestselling Amsterdam trilogy featuring Eekhaut and Dewaal and, for North American readers, a new voice in European noir.

Provides a detailed explanation of the different forms of poetry--sonnet, ballad, villanelle, sestina--and explains the origin, traces their history, and provides examples for each form.

“The history of Shakespeare in America,” writes James Shapiro in his introduction to this groundbreaking anthology, “is also the history of America itself.” Shakespeare was a central, inescapable part of America’s literary inheritance, and a prism through which crucial American issues—revolution, slavery, war, social justice—were refracted and understood. In tracing the many surprising forms this influence took, Shapiro draws on many genres—poetry, fiction, essays, plays, memoirs, songs, speeches, letters, movie reviews, comedy routines—and on a remarkable range of American writers from Emerson, Melville, Lincoln, and Mark Twain to James Agee, John Berryman, Pauline Kael, and Cynthia Ozick. Americans of the revolutionary era ponder the question “to sign or not to sign;” Othello becomes the focal point of debates on race; the Astor Place riots, set off by a production of Macbeth, attest to the violent energies aroused by theatrical controversies; Jane Addams finds in King Lear a metaphor for American struggles between capital and labor. Orson Welles revolutionizes approaches to Shakespeare with his legendary productions of Macbeth and Julius Caesar; American actors from Charlotte Cushman and Ira Aldridge to John Barrymore, Paul Robeson, and Marlon Brando reimagine Shakespeare for each new era. The rich and tangled story of how Americans made Shakespeare their own is a literary and historical revelation. As a

special feature, the book includes a foreword by Bill Clinton, among the latest in a long line of American presidents, including John Adams, John Quincy Adams, and Abraham Lincoln, who, as the collection demonstrates, have turned to Shakespeare's plays for inspiration.

"The articles and columns in *The Scandal of the Century* demonstrate that his forthright, lightly ironical voice just seemed to be there, right from the start . . . He's among those rare great fiction writers whose ancillary work is almost always worth finding . . . He had a way of connecting the souls in all his writing, fiction and nonfiction, to the melancholy static of the universe." --Dwight Garner, *The New York Times*

From one of the titans of twentieth-century literature, collected here for the first time: a selection of his journalism from the late 1940s to the mid-1980s--work that he considered even more important to his legacy than his universally acclaimed works of fiction. "I don't want to be remembered for *One Hundred Years of Solitude* or for the Nobel Prize but rather for my journalism," Gabriel García Márquez said in the final years of his life. And while some of his journalistic writings have been made available over the years, this is the first volume to gather a representative selection from across the first four decades of his career--years during which he worked as a full-time, often

muckraking, and controversial journalist, even as he penned the fiction that would bring him the Nobel Prize in 1982. Here are the first pieces he wrote while working for newspapers in the coastal Colombian cities of Cartagena and Barranquilla . . . his longer, more fictionlike reportage from Paris and Rome . . . his monthly columns for Spain's El País. And while all the work points in style, wit, depth, and passion to his fiction, these fifty pieces are, more than anything, a revelation of the writer working at the profession he believed to be "the best in the world."
