Rabindranath Tagore, also written Rabindranatha Thakura, (7 May 1861 - 7 August 1941), sobriquet Gurudev, was a Bengali polymath who reshaped Bengali literature and music, as well as Indian art with Contextual Modernism in the late 19th and early 20th centuries. Author of Gitanjali and its "profoundly sensitive, fresh and beautiful verse", he became the first non-European to win the Nobel Prize in Literature in 1913. In translation his poetry was viewed as spiritual and mercurial; however, his "elegant prose and magical poetry remain largely unknown outside Bengal. Tagore introduced new prose and verse forms and the use of colloquial language into Bengali literature, thereby freeing it from traditional models based on classical Sanskrit. He was highly influential in introducing the best of Indian culture to the West and vice versa, and he is generally regarded as the outstanding creative artist of the modern Indian subcontinent, being highly commemorated in India and Bangladesh, as well as in Sri Lanka, Nepal and Pakistan.

In 1874, the Hedrick family arrived in L 'Arbre croche or "crooked tree," as the Jesuit missionaries had called it one hundred and fifty years earlier. The wilderness of Little Traverse Bay had just been opened for homesteading, and the Hedricks joined a dozen other white families in the trading post of Little Traverse, situated in virgin forest. From the age of four until he left the area at eighteen, U. P. Hedrick saw the shabby trading post rum into the tidy village of Harbor Springs. In those years, mechanized logging replaced the homesteader's crosscut saw; the passenger pigeon disappeared; and the railroad arrived. Hedrick writes of his youth and shows himself to be a sharp and often witty observer of the little details of domestic life on the Michigan frontier. He expounds on cooking whitefish and blackberry rolypoly, on the farmer's "arsenal of axes," on pigs and their parts-both edible and useful, on wild and cultivated fruits, on trees, on kettles, and on Indians of the area. Lovers of Michigan's woods and fields, lakes and rivers; professional historians; and storytellers will find themselves delighted by Hedrick's account. The Land of the Crooked Tree is a Great Lakes Books reprint.

Jimmy Fallon is very thankful. And in this first book to come from his TV show, he expresses his gratitude for everything from the light bulb he's too lazy to replace to the F12 button on his computer's keyboard. He thanks microbreweries for making his alcoholism seem like a neat hobby. He thanks the name "Lloyd" for having two L's. Otherwise it would just sound like "Loyd." He thanks the slow-moving family walking in front of him on the sidewalk. Without this "barricade of idiots," he might never have been forced to walk in the street and risk getting hit by a car in order to get around them. He's thankful to you, the person reading this right now. It means you're considering buying this book. You should do it. You will be thankful that you did.

“Here’s Adolf Hitler in a series of bizarre photographs which he kept hidden from the world . . . They have now been published in this memoir.”—Daily Express Heinrich Hoffman was a key part in the making of the Hitler legend, the photographer who carefully crafted the image of the Fuhrer as a godlike figure. Hoffmann published his first book of photographs in 1919, following his work as an official photographer for the German army. In 1920 he joined the Nazi Party, and his association with Hitler began. He became Hitler’s official photographer and traveled with him extensively. He took over two million photographs of Hitler, and they were distributed widely, including on postage stamps, an enterprise that proved very profitable for both men. Hoffmann published several books on Hitler in the 1930s, including *The Hitler Nobody Knows* (1933). Hoffmann and Hitler were very close, and he acted not only as a personal confidante—his memoirs include rare details of the Fuhrer—but also as a matchmaker; it is Hoffmann who introduced Eva Braun, his studio assistant, to Hitler. At the end of the war, Hoffmann was arrested by the US military, who also seized his photographic archive, and was sentenced to imprisonment for Nazi profiteering. This edition of a classic book includes photographs by Hoffmann and a new introduction by Roger Moorhouse. “An extraordinary new book of photographs of Adolf Hitler includes one that so embarrassed him he banned it from being published. It shows the Führer in his lederhosen, striking an absurdly camp pose as he leans against a tree.”—The Times

Counter Saudi Arabia is a wealthy and powerful country which wields influence in the West and across the Islamic world. Yet it remains a closed society. Its history in the twentieth century is dominated by the story of state formation. After the collapse of the Ottoman Empire, Ibn Sa'ud fought a long campaign to bring together a disparate people from across the Arabian peninsula. In 1932 the Kingdom of Saudi Arabia was born. Madawi al-Rasheed traces its extraordinary history from the age of emirates in the nineteenth century, through the 1990 Gulf War, to the present day. She fuses chronology with analysis, personal experience with oral histories, and draws on local and foreign documents to illuminate the social and cultural life of the Saudis. This is a rich and rewarding book which will be invaluable to students, and to all those trying to understand the enigma of Saudi Arabia.-from publisher description at <http://catdir.loc.gov/catdir/description/cam022/2001043609.html>.

Unperson is one of the first photo books of North Korean Defectors. The 15 intimate portraits and the stories of the brave people who decided to take that chance to flee to South Korea. The road to South Korea is dangerous and can take years with the many different borders of Mongolia, Laos, Thailand, and China. The people fleeing are filled with the fear of being arrested and sent back to labour camps. Once they arrive in South Korea, they often struggle to find a new identity, lost between their North Korean past and South Korean future. Tim Franco travelled to the crossing points, aiming to capture the diversity of landscape that is the background of North Korean defection. He chose to use an 8x10 camera with Polaroid film to capture each defector. In George Orwell's 1984, an unperson is someone who has been vaporized, whose record has been erased. As each defector begins their new life, they all start out as an Unperson. The beginning of the Stardust Crusaders Arc! Winner, 2019 ATHE Outstanding Book Award, given by the Association for Theatre in Higher Education Winner, 2018 Errol Hill Award in African American theater, drama, and/or performance studies, presented by the American Society for Theatre Research A new manifesto for performance studies on the art of queer of color worldmaking. After the Party tells the stories of minoritarian artists who mobilize performance to produce freedom and sustain life in the face of subordination, exploitation, and annihilation. Through the exemplary work of Nina Simone, Jorge Ignacio Cortiñas, Danh V?, Felix Gonzalez-Torres, Eiko, and Tseng Kwong Chi, and with additional appearances by Nao Bustamante, Audre Lorde, Martin Wong, Assata Shakur, and Nona Faustine, After the Party considers performance as it is produced within and against

overlapping histories of US colonialism, white supremacy, and heteropatriarchy. Building upon the thought of José Esteban Muñoz alongside prominent scholarship in queer of color critique, black studies, and Marxist aesthetic criticism, Joshua Chambers-Letson maps a portrait of performance's capacity to produce what he calls a communism of incommensurability, a practice of being together in difference. Describing performance as a rehearsal for new ways of living together, After the Party moves between slavery, the Civil Rights Movement, the first wave of the AIDS crisis, the Vietnam War, and the catastrophe-riddled horizon of the early twenty-first century to consider this worldmaking practice as it is born of the tension between freedom and its negation. With urgency and pathos, Chambers-Letson argues that it is through minoritarian performance that we keep our dead alive and with us as we struggle to survive an increasingly precarious present.

The twelfth installment of Bernard Cornwell's New York Times bestselling series chronicling the epic saga of the making of England—"superior entertainment that is both engaging and enlightening" (Washington Post), and the basis for The Last Kingdom, the hit Netflix series. It is a time of political turmoil once more as the fading King Edward begins to lose control over his successors and their supporters. There are two potential heirs—possibly more—and doubt over whether the once separate states of Wessex and Mercia will hold together. Despite attempts at pulling him into the political fray, Uhtred of Bebbanburg cares solely about his beloved Northumbria and its continuing independence from southern control. But an oath is a strong, almost sacred commitment and such a promise had been exchanged between Uhtred and Aethelstan, his onetime companion in arms and now a potential king. Uhtred was tempted to ignore the demands of the oath and stay in his northern fastness, leaving the quarrelling Anglo-Saxons to sort out their own issues. But an attack on him by a leading supporter of one of the candidates and an unexpected appeal for help from another, drives Uhtred with a small band of warriors south, into the battle for kingship—and England's fate.

Eusebius's account is the only surviving historical record of the Church during its crucial first 300 years. Bishop Eusebius, a learned scholar who lived most of his life in Caesarea in Palestine, broke new ground in writing the History and provided a model for all later ecclesiastical historians. In tracing the history of the Church from the time of Christ to the Great Persecution at the beginning of the fourth century, and ending with the conversion of the Emperor Constantine, his aim was to show the purity and continuity of the doctrinal tradition of Christianity and its struggle against persecutors and heretics.

Jocelin has called in world experts to add their latest findings about these resourceful, graceful and highly skilled family groups.
