

Cima Exam Past Papers

Cima Official Learning System Test of Professional Competence in Management Accounting Elsevier

'The book has a very distinctive structure in which each chapter begins with an outline of the techniques, followed by worked examples plus a large number of recent examination questions ...' Tim Hannagan includes a wide spread of statistical methods, techniques and concepts. He offers success in understanding statistics for a broad range of students, including those of limited mathematical knowledge or confidence. A section on basic mathematics reminds students of the simple numerical techniques they will need. '... presentation is clear, concise and informative. Initial sections provide a valuable revision or summary ... The worked examples are essential reading ... because they are a useful indication of how to tackle examination questions and more because they contain essential teaching material.' (all quotes from Mike Skudder, Quarterly Review of Marketing).
