influenced sociological theorising and investigation, in particular, social control, culture and socialisation. Parts Two and Four, Sociological Theories and Sociological Research, include a number of readings from the founding theorists and investigators, including Auguste Comte, Emile Durkheim, Karl Marx, Max Weber and Charles Booth, and also include more recent theoretical writing and research approaches. The focus on theory and research is extended by a selection of readings centred around the theme of Differences and Inequalities (Part Three); these readings provide students with examples of work from an area where sociological theorising and research has been widely applied.

Part I. Historical Sources. Part II. Contemporary theories. Comparative Politics: Classic and Contemporary Readings brings together major articles and book chapters from the field of comparative politics, including both classic pieces and more recent contributions that have significantly advanced research in the field. The selections represent major theoretical schools of thought for addressing research questions in comparative politics, giving students a clear sense of how thinkers differ in understanding the causes of major events in world politics. An excellent stand-alone text, Comparative Politics: Classic and Contemporary Readings is also a perfect companion to the editors' textbook, Comparative Politics: Integrating Theories, Methods, and Cases, Second Edition.

Combining timeless readings with cutting-edge, current selections, Kernell and Smith bring judicious editing and important context for students learning the ropes of American government. This collection effectively examines the strategic behavior of key players in American politics, showing that political actors, though motivated by their own interests, are governed by the Constitution, the law, and institutional rules, as well as influenced by the strategies of others. The 5th

One of the most acclaimed introductions to Metaphysics in recent history, Hoy and Oaklander's METAPHYSICS: CLASSIC AND CONTEMPORARY READINGS--now, by popular demand, in a second edition--continues to provide teachers and students with a balanced approach of both classic and contemporary voices. Using time as a unifying theme and constantly examining the interplay between scientific development and philosophical thinking, METAPHYSICS presents readings that have been especially chosen for their accessibility to undergraduates and provides them with exceptionally deep coverage of a crucial set of metaphysical topics.

Philosophy of Law provides a rich overview of the diverse theoretical justifications for our legal rules, systems, and practices. Utilizes the work of both classical and contemporary philosophers to illuminate the relationship between law and morality Introduces students to the philosophical underpinnings of International Law and its increasing importance as we face globalization Features concrete examples in the form of cases significant to the evolution of law Contrasts Anglo-American law with foreign institutions and practices such as those in China, Japan, India, Ireland and Canada Incorporates diverse perspectives on the philosophy of law ranging from canonical material to feminist theory, critical theory, postmodernism, and critical race theory

The overriding rationale behind this book is a desire to enrich the lives of college students by introducing them to the practice of philosophical thought in an accessible and engaging manner. The text has over one hundred classical and contemporary readings that facilitate studying each philosophical issue from a variety of perspectives, giving instructors the opportunity to choose a set of readings that matches the individual needs of each class. It includes many

selections by philosophers whose works are often ignored or underrepresented in other introductory texts. The initial reading, "The Role of Philosophy," is a relevant, clear, and absorbing introduction to the discipline of philosophy. It uses everyday life situations to give students a solid foothold before they journey into specific philosophical topics. In addition, every section of the book has its own special introduction that connects each topic to students' personal lives. The surrounding narrative is designed to be conversational and comprehensible. Special features include a section on the role of logic, and writing a philosophy paper, two useful tools for approaching and analyzing philosophical writing for students who are new to philosophy. The book is accompanied by a companion website ([www.routledge.com/cw/Baronett](http://www.routledge.com/cw/Baronett)), with many helpful features, including (for students) review questions for all readings in the book, videos, and 66 related entries taken from the student-friendly Routledge Encyclopedia of Philosophy and (for instructors) 2,500 questions and answers."

From Immanuel Kant to Postmodernism, this volume provides an unparalleled student resource: a wide-ranging collection of the essential works of more than 50 seminal thinkers in modern European philosophy.

This book introduces students to the practice of reading scripture theologically and shows how explicitly theological concerns can be brought to bear on the interpretation of scripture. While the volume offers some methodological essays, it does not lay out a single method; it points to the variety of questions that can and have been raised about interpreting scripture theologically.

A combination of classic and contemporary readings, featuring a debate-format section in each chapter.

expanded glossary of philosophical terms. A serious and challenging work, it includes sections on the meaning of life, God and evil, epistemology, philosophy of science, the mind/body problem, freedom of will, consciousness, ethics, and philosophical puzzles. This exceptionally successful anthology presents a large number of substantial--and in some cases complete--selections from major works, offering a unique balance between classical and contemporary readings. This third edition adds selections by Plato, Nelson Pike, J.L. Mackie, Elizabeth Anderson, David Lewis, Hilary Putnam, Frank Jackson, John Perry, Peter Strawson, Rosalind Hursthouse, G.A. Cohen, Samuel Scheffler, Debra Satz, and Kwame Anthony Appiah as well as Kavka's Toxin Puzzle and Quinn's Puzzle of the Self-Torturer.

Provides a problems-oriented approach. This book contains substantial readings from major classical and contemporary thinkers engaged in philosophical inquiry. Since the publication of John Rawls's monumental *A Theory of Justice* in 1971, justice has been increasingly prominent as a topic in social, political, and moral philosophy. Until now, however, no single collection has offered both classical sources and a concise overview of the current debate. This uniquely comprehensive anthology presents a wide range of writings on the concept of justice, bringing together substantial excerpts from the most important historical and classical texts--Homer, Plato, Aristotle, the Bible, the Quran--and selections from other and more recent work--Hobbes, Rousseau, Kant, Hegel, Engels, Rawls, Nozick, Walzer, Nagel. The book is exceptionally broad in scope,

representing an extensive variety of different viewpoints, and including such major topics as the historical origins of justice, social contract theory, the right to private property, the notion of community, the problem of punishment, and the concept of fairness. The first anthology devoted solely to the idea of justice--its current definitions and historical antecedents--this book will help readers make sense of this complex and vastly important topic.

Synaesthesia is a condition in which a stimulus in one sensory modality automatically triggers a perceptual experience in another sensory modality. For example, on hearing a sound, the person immediately sees a colour. This volume brings together what is known about this fascinating neurological condition. The above questions, and new issues arising from the recent wave of cognitive neuroscientific research into synaesthesia, are debated in a series of chapters by leading authorities in the field. *Philosophy of Mind: Classical and Contemporary Readings* is a grand tour of writings on the perplexing questions about the nature of the mind. The most comprehensive and best-selling collection of its kind, the book includes selections that range from the classical contributions of Descartes to the leading edge of contemporary debates. Extensive sections cover foundational issues, the nature of consciousness, and the nature of mental content. Three of the selections are published for the first time, while many other articles have been revised especially for this volume. Each section opens with an introduction by the editor. Divided into six sections, this title examines Government

secrecy (GS) in a variety of contexts, including comparative examination of government control of information, new definitions, categories, censorship, ethics, and secrecy's relationship with freedom of information and transparency.

This unique collection of 30 readings, written by leading researchers in the field of social psychology, pairs classic and contemporary articles on key topics that illustrate the contrast between the old and the new—and the progress and advances of various aspects of the entire discipline. It encourages readers to notice the similarities and differences among the articles and issues. Selections include classic articles by such figures as Leon Festinger, Stanley Milgram, and Edward Jones—as well as more recent ones that have risen to classic status due to their impact on the field. The inclusion of contemporary articles show that important thinking still goes on. Featured topics explore social cognition; prejudice, discrimination, and stereotypes; well being and health; interpersonal relations; prosocial behavior; aggression; attitudes; persuasion; and law and order. For individuals interested in the field of social psychology.

Beginning with the Church Fathers and moving right through to the present day, *The Holy Spirit* offers a theologically informed, international collection of the most important texts relating to Christians' understanding of the Holy Spirit. integral part of both Christian belief and systematic theology - from the Church Fathers through to the present day Each set of readings is prefaced by an introduction from the editor, drawing out the main themes and important historical points, and linking the readings to what has gone before Tackles the disagreements over the role of the Holy Spirit within the Trinity, and how it was a contributing factor in the split between the Western and Eastern Church Opens with a newly-commissioned essay describing the importance of the Holy Spirit in the theology of the last one hundred years, and in particular in relation to the revival of Trinitarian theology

Can moral disagreements be rationally resolved? Can universal human rights be defended in face of moral disagreements? The problem of moral disagreement is one of the central problems in moral thinking. It also provides a stimulating stepping-stone to some of the perennial problems of philosophy, such as relativism, scepticism, and objectivity. Moral Disagreements is the first anthology to bring together classic and contemporary readings on this key topic. Clearly divided into five parts; The Historical Debate; Voices from Anthropology; Challenges to Moral Objectivity; Defenses of Moral Objectivity; and New Directions, the anthology presents readings from the following key thinkers: \* Sextus, Empiricus, Chagnon, Wong, MacIntyre \* Aquinas, Shweder, Brink, Rawls \* Montaigne, Turner, Nussbaum, Narayan \* Hume, Mackie, Gewirth \* Nietzsche, Williams, Berlin. A distinctive feature of the anthology is that it brings philosophers into dialogue with

well-known anthropologists. Also included is a comprehensive introduction by Christopher Gowans, introducing the problem of moral disagreement to those coming to the topic for the first time.

It is argued that the conception of social science emerging today is one that involves a synthesis of radical constructivism and critical realism. The crucial challenge facing social science is a question of its public role: growing reflexivity in society has implications for the social production of knowledge and is bringing into question the separation of expert systems from other forms of knowledge.

Ethics: Contemporary Readings is designed to lead any student into the subject, through carefully selected classic and contemporary articles. The book includes articles by the leading figures in the field and provides an excellent entry to the topic. The book complements Harry Gensler's *Ethics: A Contemporary Introduction* (Routledge, 1998).

Incredibly interesting and timely, this is the only collection of its kind on the market today: it provides both the most significant historical writings on the morality of war as well as the best contemporary theoretical writings and concrete discussions of wars in the last five years. Many voices are presented, including those from Islam, covering such issues as self-defense, preemptive war, torture, pacifism, and terrorism, making it relevant to today's readers. An excellent study of the ethics of war for anyone interested in how the ideals of war developed and how they continue to shape the world as we know it. Instead of introducing students to Christian theology through

its doctrines, this text introduces it through discussion of church practices and of the experience of everyday Christian life.

Ideal for undergraduate courses in philosophy of law, this comprehensive anthology examines such topics as the concept of law, the dispute between natural law theorists and legal positivists, the relations between law and morality, criminal responsibility and legal punishment, the rights of the individual against the state, justice and equality, and legal evidence as compared with scientific evidence. The readings have been selected from both philosophy and law journals and include classic texts, contemporary theoretical developments, and well-known recent court cases. The text features extensive introductions that make even the most profound writings accessible to undergraduates.

**Social and Political Philosophy: Classic and Contemporary Readings** is a comprehensive primary-source anthology of readings on social and political thought. Ranging from ancient classics to contemporary works, this unique text combines the essential classics in the field--including the work of ancient Greek political philosophers and modern social contract theorists--with a significant amount of contemporary work on issues pertaining to poverty, drug legalization, multiculturalism, race, gender, and class. It also integrates contemporary feminist perspectives.

This is a comprehensive collection of readings in the philosophy of mind, ranging from Descartes to the leading edge of the discipline. Extensive selections cover foundations, the nature of consciousness, and the nature of mental content.

A handy collection of readings regarding the philosophical areas of Epistemology and Metaphysics that includes both historical and contemporary works, this book gives the reader a sense of how philosophical issues have evolved over time.
