Artist and illustrator Arthur Szyk was a Polish Jew whose work was overwhelmingly Jewish in theme and content. In a lifetime of creativity that spanned many of the major events of the twentieth century and took him from Poland to France, England, and the United States, the mission he set himself was to use his artistic talents to serve humanity and the Jewish people. Though his politics were dictated by what he thought would be good for the Jews, his work as a political artist went well beyond a narrow definition of the Jewish cause. He is best known among Jews for his illustrated Haggadah, but the overwhelming majority of his work deals with contemporary political themes and social causes. In his native Poland, Szyk promoted the causes of freedom, toleration, and human dignity, drawing his inspiration from the Old Testament. He believed that as a Jewish artist he had a responsibility to speak for all minorities. His famous illustration of the historical Statute of Kalisz symbolized his belief that the newly re-established Polish state would welcome all its citizens into full and equal participation. Even though at that time he was already based outside Poland, he worked for many years on behalf of the Polish government in an effort to strengthen the Jews' position. Szyk left Europe in 1940 and arrived in the United States via Canada later the same year. Determined as ever to use his art for political purposes, he crusaded against the Nazis through newspaper and magazine cartoons, posters and public exhibitions. Convinced that Hitler would not stop with the Jews but would suppress all freedom-loving people, he supported the war effort through his striking propaganda images of the German and Japanese armies, to great effect. After the war he turned his efforts to promoting the idea of a Jewish homeland in Israel. In every phase of his career, one finds Szyk looking to the past but hoping for the future; he believed that art could make a difference in the world, politically and socially. Joseph Ansell's biography makes a singular contribution to the history of Jewish art and of Polish-Jewish relations in the first half of the twentieth century. In the late 1930s, the German-American Bund, led by its popinjay dictator Fritz Kuhn, was a small but powerful national movement in pre-World War II America, determined to conquer the United States government with a fascist dictatorship. They met in private social halls and beer garden backrooms, gathered at private resorts and public rallies, developed their own version of the SS and Hitler Youth, published a national newspaper and—for a brief moment of their own imagined glory—seemed poised to make an impact on American politics. But while the American Nazi leadership dreamed of their Swastika Nation, an amalgamation of politicians, a rising legal star, an ego-charged newspaper columnist, and denizens of the criminal underworld utilized their respective means and muscle to bring down the movement and its dreams of a United Reich States. Swastika Nation by Arnie Bernstein is a story of bad guys, good guys, and a few guys who fell somewhere in-between. The rise and fall of Fritz Kuhn and his German-American Bund at the hands of these disparate fighters is a sometimes funny, sometimes harrowing, and always compelling story from start to finish.

Indianapolis Monthly is the Circle City's essential chronicle and guide, an indispensable authority on what's new and what's news. Through coverage of politics, crime, dining, style, business, sports, and arts and entertainment, each issue offers compelling narrative stories and lively, urbane coverage of Indy's cultural landscape.

Uncover the fun in our colorful gel pen activity books that are chock-full of games, puzzles, designs, and more. These special black interiors are the perfect backdrop to children's neon creations! Pastel colored gel pens, which can be found at your local toy, hobby or art store, are a treat to use and sure to brighten every page.

Modern Art on Display: The Legacies of Six Collectors is structured as a sequence of case studies that pair collectors of modern art with artists they particularly favored: Duncan Phillips and Augustus Vincent Tack; Albert Barnes and Chaim Soutine; Albert Eugene Gallatin and Juan Gris; Lillie Bliss and Paul Cézanne; Etta Cone and Henri Matisse; G. David Thompson and Paul Klee. The case studies are linked by a thematic focus on the integral relationship between the collectors' acquired knowledge about the work they amassed and their innovative display models. This focus brings a new perspective to the history of collecting and interpreting modern art in America for nearly half a century (1915-1960). By examining the books the collectors themselves read and analyzing archival photographs of their displays, the author makes a case for the historical significance of how the collectors presented the art they acquired before their collections were institutionalized.

"Can Ryder and his heroic team save Adventure City from the meddling Mayor Humdinger in their greatest rescue ever?"--

A collection of Courtney's columns from the Texas Monthly, curing the curious, exorcizing bedevilment, and orienting the disoriented, advising "on such things as: Is it wrong to wear your football team's jersey to church? When out at a dancehall, do you need to stick with the one that brung ya? Is it real Tex-Mex if it's served with a side of black beans? Can one have too many Texas-themed tattoos?"--Amazon.com.

This text provides all the necessary underpinning knowledge for the BTEC National IT Practitioners qualification. It offers: case studies to enable students to apply theory to vocational practice, portfolio builders providing activities and guidance, and IVA Advice on completing assignments.

divdivHungarian-born composer Sigmund Romberg (1887–1951) arrived in America in 1909 and within eight years had achieved his first hit musical on Broadway. This early success was soon followed by others, and in the 1920s his popularity in musical theater was unsurpassed. In this book, William Everett offers the first detailed study of the gifted operetta composer, examining Romberg's key works and musical accomplishments and demonstrating his lasting importance in the history of American musicals. Romberg composed nearly sixty works for musical theater as well as music for revues, for musical comedies, and, later in life, for Hollywood films. Everett shows how Romberg was a defining figure of American operetta in the 1910s and 1920s (Maytime, Blossom Time, The Student Prince), traces the new model for operetta that he developed with Oscar Hammerstein II in the late 1920s (The Desert Song, The New Moon), and looks at his reworked style of the 1940s (Up in Central Park). This book offers an illuminating look at Romberg's Broadway career and legacy./DIV/DIV

Presents an epic history that covers the period from the end of World War I through the 1970s, chronicling the decades-long migration of African Americans from the South to the North and West through the stories of three individuals and their families.

Chronicles the golden era of space toys, an age of imagination unbound by the more mundane realities of space travel ushered in

by Sputnik and the Space Age. This book unearths the nearly lost histories of these space treasures and the companies that created them.

Once upon a time men and women of sense and sensibility knew by heart dozens of poems - Shakespeare's sonnets, stirring patriotic verse, odes to churchyards and elegies for the departed, the music of Swinburne or Poe or Yeats. Poems are meant to be voiced and A Poem a Day includes 366 poems old and new - one for each day of the year - worth learning by heart. Only two criteria were demanded of each poem for inclusion in this collection - it had to be short enough to learn in a day, and good enough to stand among the great poetry of the English language, from Chaucer to Sylvia Plath. A Poem a Day is a book for the bedside. It contains many of the most familiar poems in the language and others that will come as a surprise. Most are complete and most are short, easily contained in a single page. But a few are substantial works, like Thomas Gray's "Elegy Written in a Country Churchyard" and Rudyard Kipling's "Gunga Din." Some have been read by every high school student (Andrew Marvel, "To His Coy Mistress") while others will be new to most readers (Thomas Hardy, "The Voice"). But all share the compression and charged meaning which are the soul of poetry. In its British version the book went through seven printings in a year and was a bestseller. Now Karen McCosker has added a new foreword and fifty new poems for an American audience willing to make poetry a part of life.

This book is the first fully theorized queer reading of a Golden Age British crime writer. Agatha Christie was the most commercially successful novelist of the twentieth century, and her fiction remains popular. She created such memorable characters as Hercule Poirot and Jane Marple, and has become synonymous with a nostalgic, conservative tradition of crime fiction. J.C. Bernthal reads Christie through the lens of queer theory, uncovering a playful, alert, and subversive social commentary. After considering Christie's emergence in a commercial market hostile to her sex, in *Queering Agatha Christie* Bernthal explores homophobic stereotypes, gender performativity, queer children, and masquerade in key texts published between 1920 and 1952. Christie engaged with debates around human identity in a unique historical period affected by two world wars. The final chapter considers twenty-first century Poirot and Marple adaptations, with visible LGBT characters, and poses the question: might the books be queerer?

In response to the coronavirus disease 2019 (COVID-19) pandemic and the societal disruption it has brought, national governments and the international community have invested billions of dollars and immense amounts of human resources to develop a safe and effective vaccine in an unprecedented time frame. Vaccination against this novel coronavirus, severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2), offers the possibility of significantly reducing severe morbidity and mortality and transmission when deployed alongside other public health strategies and improved therapies. Health equity is intertwined with the impact of COVID-19 and there are certain populations that are at increased risk of severe illness or death from COVID-19. In the United States and worldwide, the pandemic is having a disproportionate impact on people who are already disadvantaged by virtue of their race and ethnicity, age, health status, residence, occupation, socioeconomic condition, or other contributing factors. Framework for Equitable Allocation of COVID-19 Vaccine offers an overarching framework for vaccine allocation to assist policy makers in the domestic and global health communities. Built on widely accepted foundational principles and recognizing the distinctive characteristics of COVID-19, this report's recommendations address the commitments needed to implement equitable allocation policies for COVID-19 vaccine.

"Written in a clear and accessible style that would suit the needs of journalists and scholars alike, this encyclopedia is highly recommended for large news organizations and all schools of journalism."--Starred Review, *Library Journal* Journalism permeates our lives and shapes our thoughts in ways we've long taken for granted. Whether we listen to National Public Radio in the morning, view the lead story on the Today show, read the morning newspaper headlines, stay up-to-the-minute with Internet news, browse grocery store tabloids, receive Time magazine in our mailbox, or watch the nightly.

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

The time-honored national bestseller, updated with a new afterword, celebrating 10 years of influencing the way we live. When *Wherever You Go, There You Are* was first published in 1994, no one could have predicted that the book would launch itself onto bestseller lists nationwide and sell over 750,000 copies to date. Ten years later, the book continues to change lives. In honor of the book's 10th anniversary, Hyperion is proud to be releasing the book with a new afterword by the author, and to share this wonderful book with an even larger audience.

"A picture book illustrating a Pride parade. The endmatter serves as a primer on LGBT history and culture and explains the references made in the story"--

The Highlights Book of Things to Do is the essential book of pure creativity and inspiration. Kids ages seven and up will find hundreds of ways to build, play, experiment, craft, cook, dream, think, and become outstanding citizens of the world. This highly visual, hands-on activity book shows kids some of the best ways to do great things--from practicing the lost arts of knot-tying, building campfires, connecting circuits, playing jump rope, drawing maps, and writing letters, to learning how to empower themselves socially, emotionally, and in their communities. The final chapter, *Do Great Things*, inspires kids become caring individuals, confident problem solvers, and thoughtful people who can change the world. Full List of Chapters: Things to Do Inside Things to Do Outside Science Experiments to Do Things to Build Things to Do with Your Brain Things to Do in the Kitchen Things to Draw Things to Write Things to Do with Color Things to Do with Paper More Things to Do with Recycled Materials Do Great Things National Parenting Seal of Approval Winner, National Parenting Product Award (NAPPA) Winner, Mom's Choice Award, Gold

February issue includes Appendix entitled Directory of United States Government periodicals and subscription publications; September issue includes List of depository libraries; June and December issues include semiannual index

**#1 NEW YORK TIMES, WALL STREET JOURNAL, AND BOSTON GLOBE BESTSELLER • One of the most acclaimed books of our time: an unforgettable memoir about a young woman who, kept out of school, leaves her survivalist family and goes on to earn a PhD from Cambridge University "Extraordinary . . . an act of courage and self-invention."—The New York Times NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW • ONE OF PRESIDENT BARACK OBAMA'S FAVORITE BOOKS OF THE YEAR • BILL GATES'S HOLIDAY READING LIST • FINALIST: National Book Critics Circle's Award In Autobiography and John Leonard Prize For Best First Book • PEN/Jean Stein Book Award • Los Angeles Times Book Prize Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream**

society that there was no one to ensure the children received an education, and no one to intervene when one of Tara's older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she'd traveled too far, if there was still a way home. "Beautiful and propulsive . . . Despite the singularity of [Westover's] childhood, the questions her book poses are universal: How much of ourselves should we give to those we love? And how much must we betray them to grow up?"—Vogue NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • O: The Oprah Magazine • Time • NPR • Good Morning America • San Francisco Chronicle • The Guardian • The Economist • Financial Times • Newsday • New York Post • theSkimm • Refinery29 • Bloomberg • Self • Real Simple • Town & Country • Bustle • Paste • Publishers Weekly • Library Journal • LibraryReads • Book Riot • Pamela Paul, KQED • New York Public Library

The Life of Gregory Zilboorg, 1940–1959: Mind, Medicine, and Man is the second volume of a meticulously researched two-part biography of the Russian-American psychoanalyst Gregory Zilboorg and chronicles the impact of the Second World War on his work and thinking as well as his divorce, remarriage, and conversion to Catholicism. With extensive references to Zilboorg's writing and politics, this book demonstrates the significance of his contributions to the fields of psychiatry and psychoanalysis in the context of his tumultuous intellectual, personal, and spiritual life. In his late work, he would argue, controversially, that there was no incompatibility between psychoanalysis and religion. Grounded in a wealth of primary source material and impressive research, this book completes the compelling biography of a major figure in psychoanalysis. It will be of interest to general readers as well as scholars across a range of disciplines, particularly the history of psychoanalysis and religion.
