About this Book... "A major and long overdue addition to the America/English psychoanalytic literature. . . . All major concepts—among them the mirror stage, the Name-of-the-Father, metaphor and metonymy, the phallus, the foreclosure of the subject—are developed in depth." -Nicholas Kouretsas, Harvard Medical School

Instant answers to your toughest questions on piping components and systems! It's impossible to know all the answers when piping questions are on the table - the field is just too broad. That's why even the most experienced engineers turn to Piping Handbook, edited by Mohinder L. Nayyar, with contribution from top experts in the field. The Handbook's 43 chapters--14 of them new to this edition--and 9 new appendices provide, in one place, everything you need to work with any type of piping, in any type of piping system: design layout selection of materials fabrication and components operation installation maintenance This world-class reference is packed with a comprehensive array of analytical tools, and illustrated with fully-worked-out examples and case histories. Thoroughly updated, this seventh edition features revised and new information on design practices, materials, practical applications and industry codes and standards--plus every calculation you need to do the job.

The Montana 2020 Journeyman study guide will help you prepare for the exam by providing 12 practice open book exams and 2 Final Closed Book Exams. Includes Montana License Forms and Sample Applications. This book also covers most topics that are included on all Journeyman Electricians exams such as conductor sizing and protection, motors, transformers, voltage drop, over-current protection and residential and commercial load calculations. The text contains the most widely used electrical calculations and formulas the reader needs to pass the Journeyman electrical competency exam. He is currently Director of Education for Electrical Seminars, Inc. of San Marcos, Texas. Mr. Holder is an active member of the National Fire Protection Association, International Association of Electrical Inspectors, and the International Brotherhood of Electrical Workers.

The Uniform Commercial Code Made Easy marks the first time in the history of legal education that a novel has been used as a vehicle for delivering the content of a substantive body of law; in this case, a pervasive statutory scheme The Uniform Commercial Code, law in all fifty states. Mirroring the factual assumptions upon which the UCC was drafted, The Uniform Commercial Code Made Easy places the application of these laws in concrete and interesting commercial settings where they come to life. Logical reader questions are anticipated, and answered through a variety of communication channels uniquely available to the format chosen: dialogue, memoranda of law, texting and emails, are illustrative. If you are in business, the Uniform Commercial Code directly, impacts your business hundreds, perhaps thousands of times per day. Virtually every phase of a transaction in goods, from sale or lease through financing, is impacted by the laws of the UCC. Of particular significance are those provisions which can literally save a business from going under. These potential landmines need to be identified before they are stepped on. The Uniform Commercial Code Made Easy accomplishes this important task. Consumers should understand the basic laws the surround and govern their purchases leases and financing of goods. They should also understand, as should businesses, the impact of signing a promissory note, how the transfer of that note can affect one 's rights, and how to protect one 's rights when promissory notes are executed. Understanding how to protect your rights in these transactions is both empowering and essential. The mass and complexity of the Uniform Commercial Code has made comprehension and learning the content very challenging. The ease of learning is greatly enhanced by the approach utilized in The Uniform Commercial Code Made Easy. As one prominent attorney and author wrote in a recently published book review: Yes, Virginia, there is a Santa Claus! In this case, he comes in the form of former University of Miami School of Law professor Robert M. LeVine, who has made one of the most complicated bodies of law in the United States the Uniform Commercial Code not only comprehensible but entertaining. Tom Shuck, Esq. Past President, Federal Bar Association Federal Bar Association Journal, August 2111 Law students, business students, and CPA 's must know the Uniform Commercial Code. It is essential to graduate from law school and is on the bar examination of every state, and the CPA examination as well. The following are illustrative of testimonials received on The Uniform Commercial Code Made Easy: It 's true. The UCC is just as daunting as it looks, and this book is the key to unlocking its mysteries. Infused with practicality, The Uniform Commercial Code Made Easy combines every day transactions with straightforward law, allowing students to not only navigate the UCC with ease, but also develop a lasting understanding of the material. The Uniform Commercial Code Made Easy 's revolutionary approach to the UCC has extensive application both in and out of the classroom as a resource for professors and a study aid for students. The Uniform Commercial Code Made Easy by LeVine was my key to success in understanding the UCC, and enjoying it! Melissa Carroll Stetson University College of Law I was amazed. I never thought it possible to make the UCC interesting but I was wrong. For once I had found a book which made me understand the meaning and interrelationships among sections, and at the same time, I enjoyed reading it. F. William Harvey JD, MBA, Wharton School of Business The knowledge contained in the Uniform Commercial Code is invaluable to anyone in business, or any American who is involved in basic consumer transactions. The Uniform Commercial Code Made Easy creates a pathway to this level in a unique and entertaining manner.

This book was written with a dual purpose, as a reference book for practicing engineers and as a textbook for students of prestressed concrete. It represents the fifth generation of books on this subject written by its author. Significant additions and revisions have been made in this edition. Chapters 2 and 3 contain new material intended to assist the engineer in understanding factors affecting the time-dependent properties of the reinforcement and concrete used in prestressing concrete, as well as to facilitate the evaluation of their effects on prestress loss and deflection. Flexural strength, shear strength, and bond of prestressed concrete members were treated in a single chapter in the of flexural strength has third edition. Now, in the fourth edition, the treatment been expanded, with more emphasis on strain compatibility, and placed in Chapter 5 which is devoted to this subject alone. Chapter 6 of this edition, on flexural-shear strength, torsional strength, and bond of prestressed reinforcement, was expanded to include discussions of Compression Field Theory and torsion that were not treated in the earlier editions. In similar fashion, expanded discussions of loss of prestress, deflection, and partial prestressing now are presented separately, in Chapter 7. Minor additions and revisions have been made to the material contained in the remaining chapters with the exception of xv xvi I PREFACE Chapter 17. This chapter, which is devoted to construction considerations, has important new material on constructibility and tolerances as related to prestressed concrete.

AN INSTANT NEW YORK TIMES BESTSELLER! From the acclaimed, #1 New York Times bestselling author of *Make Your Bed*—a short, inspirational book about the qualities of true, everyday heroes. *THE HERO CODE* is Admiral McRaven's ringing tribute to the real, everyday heroes he's met over the years, from battlefields to hospitals to college campuses, who are doing their part to save the world. When Bill McRaven was a young boy growing up in Texas, he dreamed of being a superhero. He longed to put on a cape and use his superpowers to save the earth from destruction. But as he grew older and traveled the world, he found real heroes everywhere he went -- and none of them had superpowers. None of them wore capes or cowls. But they all possessed qualities that gave them the power to help others, to make a difference, to save the world: courage, both physical and moral; humility; a willingness to sacrifice; and a deep sense of integrity. *THE HERO CODE* is not a cypher, a puzzle, or a secret message. It is a code of conduct; lessons in virtues that can become the foundations of our character as we build a life worthy of honor and respect.

The Montana 2020 Master study guide will help you prepare for the exam by providing 12 practice open book exams and 2 Final Closed Book Exams. Includes Montana License Forms and Sample Applications. This book also covers most topics that are included on all Master Electricians exams such as conductor sizing and protection, motors, transformers, voltage drop, over-current protection and residential and commercial load calculations. The text contains the most widely used electrical calculations and formulas the reader needs to pass the Master electrical competency exam. A part of the New Perspectives series, this text offers a case-based, problem-solving approach to the basics of Microsoft Outlook 2002 including integration with other Microsoft Office applications.

"I believe that the discoveries in this book can change our understanding of how we store emotional experiences and in so doing, change our lives. The Emotion Code has already changed many lives around the world, and it is my hope that millions more will be led to use this simple tool to heal themselves and their loved ones."—Tony Robbins In this newly revised and expanded edition of *The Emotion Code*, renowned holistic physician and lecturer Dr. Bradley Nelson skillfully lays bare the inner workings of the subconscious mind. He reveals how emotionally-charged events from your past can still be haunting you in the form of "trapped emotions"—emotional energies that literally inhabit your body. These trapped emotions can fester in your life and body, creating pain, malfunction, and eventual disease. They can also extract a heavy mental and emotional toll on you, impacting how you think, the choices that you make, and the level of success and abundance you are able to achieve. Perhaps most damaging of all, trapped emotional energies can gather around your heart, cutting off your ability to give and receive love. *The Emotion Code* is a powerful and simple way to rid yourself of this unseen baggage. Dr. Nelson's method gives you the tools to identify and release the trapped emotions in your life, eliminating your "emotional baggage," and opening your heart and body to the positive energies of the world. Filled with real-world examples from many years of clinical practice, *The Emotion Code* is a distinct and authoritative work that has become a classic on self-healing.
