Since its publication in 1905, *The Scarlet Pimpernel* has experienced global success, not only as a novel but in theatrical and film adaptations. Sally Dugan charts the history of Baroness Orczy's elusive hero, from the novel's origins through its continuing afterlife, including postmodern appropriations of the myth. Drawing on archival research in Britain, the United States and Australia, her study shows for the first time how Orczy's nationalistic superhero was originally conceived as an anarchist Pole plotting against Tsarist Russia, rather than a counter-revolutionary Englishman. Dugan explores the unique blend of anarchy, myth and magic that emerged from the story's astonishing and complex beginnings and

analyses the enduring elements of the legend. To his creator, the Pimpernel was not simply a swashbuckling hero but an English gentleman spreading English values among benighted savages. Dugan investigates the mystery of why this imperialist crusader has not only survived the decline of the meta-narratives surrounding his birth, but also continues to enthrall a multinational audience. Offering readers insights into the Pimpernel's appearances in print, in film and on the stage, Dugan provides a nuanced picture of the trope of the Scarlet Pimpernel and an explanation of the phenomenon's durability.

But when childhood games become life-and-death actions, Maddy Rose is drawn ever deeper into events that will explode beyond her imagining. As young America stands on the very brink of its fight for freedom, it becomes clear that even the smallest of citizens can play the largest of parts, and that the role of a patriot has nothing to do with age and everything to do with heart. In *The Scarlet Stockings Spy*, Trinka Hakes Noble melds a suspenseful tale of devotion, sacrifice, and patriotism with the stark realities of our country's birth. Noted picture book author and illustrator Trinka Hakes Noble has pursued the study of children's book writing and illustrating in New York City at Parsons School of Design, the New School University, Caldecott medalist Uri Shulevitz's Greenwich Village Workshop, and New York University.
