

Cold War Study Guide Apush

CliffsNotes AP U.S. History Cram Plan gives you a study plan leading up to your AP exam no matter if you have two months, one month, or even one week left to review before the exam! This new edition of CliffsNotes AP U.S. History Cram Plan calendarizes a study plan for the 489,000 AP U.S. History test-takers depending on how much time they have left before they take the May exam. Features of this plan-to-ace-the-exam product include: * 2-months study calendar and 1-month study calendar * Diagnostic exam that helps test-takers pinpoint strengths and weaknesses * Subject reviews that include test tips and chapter-end quizzes * Full-length model practice exam with answers and explanations

In *Self-Reliance*, Emerson expounds on the importance of trusting your soul, as well as divine providence, to carve out a life. A firm believer in nonconformity, Emerson celebrates the individual and stresses the value of listening to the inner voice unique to each of us—even when it defies society's expectations. This new 2019 edition of *Self-Reliance* from Logos Books includes *The American Scholar*, a stirring speech of Emerson's, as well as footnotes and images throughout. This extensive test prep manual covers the AP United States History curriculum, and will help prepare students for the most current exam. Two full-length practice tests with all questions answered and explained Test-taking strategies for answering both the test's multiple choice, short answer, long essay, and document-based questions A detailed review of U.S. history, from pre-contact American Indian societies and the evolution of Colonial society, the American Revolution, the Civil War and Reconstruction, the growth of industrial America, World War I, the Great Depression, World War II, the Cold War, America in the age of Clinton, Bush, and Obama, and much more. ONLINE PRACTICE TESTS: Students who purchase this book or package will also get access to three additional full-length online AP U.S. History tests with all questions answered and explained. The online exams can be easily accessed by computer, tablet, and smartphone. The Apush Cruncher A Guide for Passing the AP American History Exam With Ease CreateSpace

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," *Leaves of Grass*

The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, *The American Yawp* incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of *The American Yawp* will be available in two print volumes designed for the U.S. history survey. Volume II opens in the Gilded Age, before moving through the twentieth century as the country reckoned with economic crises, world wars, and social, cultural, and political upheaval at home. Bringing the narrative up to the present, *The American Yawp* enables students to ask their own questions about how the past informs the problems and opportunities we confront today.

The Advanced Placement test preparation guide that delivers 75 years of proven Kaplan experience and features exclusive strategies, practice, and review to help students ace the AP U.S. History exam! Students spend the school year preparing for the AP U.S. History test. Now it's time to reap the rewards: money-saving college credit, advanced placement, or an admissions edge. However, achieving a top score on the AP U.S. History exam requires more than knowing the material—students need to get comfortable with the test format itself, prepare for pitfalls, and arm themselves with foolproof strategies. That's where the Kaplan plan has the clear advantage. Kaplan's AP U.S. History 2016 contains many essential and unique features to help improve test scores, including: * Four full-length practice tests and a diagnostic test to target areas for score improvement * Detailed answer explanations * Expert video tutorials * A study sheet packed with key dates, terms, and facts * Tips and strategies for scoring higher from expert AP U.S. History teachers and students who got a perfect 5 on the exam * Targeted review of the most up-to-date content, including any information about test changes and key information that is specific to the AP U.S. History exam * A comprehensive index and glossary of key terms and concepts

Kaplan's AP U.S. History 2016 authors Krista Dornbush, Steve Mercado, and Diane Vecchio have a combined total of over 40 years of experience teaching U.S. history as well as world and European history. Their expertise has helped make this and other books the best that Kaplan has to offer in AP test prep. Kaplan's AP U.S. History 2016 provides students with everything they need to improve their scores—guaranteed. Kaplan's Higher Score guarantee provides security that no other test preparation guide on the market can match. Kaplan has helped more than three million students to prepare for standardized tests. We invest more than \$4.5 million annually in research and support for our products. We know that our test-taking techniques and strategies work and our materials are completely up-to-date. Kaplan's AP U.S. History 2016 is the must-have preparation tool for every student looking to do better on the AP U.S. History test!

The definitive history of the Cold War and its impact around the world We tend to think of the Cold War as a bounded conflict: a clash of two superpowers, the United States and the Soviet Union, born out of the ashes of World War II and coming to a dramatic end with the collapse of the Soviet Union. But in this major new work, Bancroft Prize-winning scholar Odd Arne Westad argues that the Cold War must be understood as a global ideological confrontation, with early roots in the Industrial Revolution and ongoing repercussions around the world. In *The Cold War*, Westad offers a new perspective on a century when great power rivalry and ideological battle transformed every corner of our globe. From Soweto to Hollywood, Hanoi, and Hamburg, young men and women felt they were fighting for the future of the world. The

Cold War may have begun on the perimeters of Europe, but it had its deepest reverberations in Asia, Africa, and the Middle East, where nearly every community had to choose sides. And these choices continue to define economies and regimes across the world. Today, many regions are plagued with environmental threats, social divides, and ethnic conflicts that stem from this era. Its ideologies influence China, Russia, and the United States; Iraq and Afghanistan have been destroyed by the faith in purely military solutions that emerged from the Cold War. Stunning in its breadth and revelatory in its perspective, this book expands our understanding of the Cold War both geographically and chronologically, and offers an engaging new history of how today's world was created.

What wasn't learned from a U.S. intervention that succeeded In July 1958, U.S. Marines stormed the beach in Beirut, Lebanon, ready for combat. They were greeted by vendors and sunbathers. Fortunately, the rest of their mission—helping to end Lebanon's first civil war—went nearly as smoothly and successfully, thanks in large part to the skillful work of American diplomats who helped arrange a compromise solution. Future American interventions in the region would not work out quite as well. Bruce Riedel's new book tells the now-forgotten story (forgotten, that is, in the United States) of the first U.S. combat operation in the Middle East. President Eisenhower sent the Marines in the wake of a bloody coup in Iraq, a seismic event that altered politics not only of that country but eventually of the entire region. Eisenhower feared that the coup, along with other conspiracies and events that seemed mysterious back in Washington, threatened American interests in the Middle East. His action, and those of others, were driven in large part by a cast of fascinating characters whose espionage and covert actions could be grist for a movie. Although Eisenhower's intervention in Lebanon was unique, certainly in its relatively benign outcome, it does hold important lessons for today's policymakers as they seek to deal with the always unexpected challenges in the Middle East. Veteran analyst Bruce Reidel describes the scene as it emerged six decades ago, and he suggests that some of the lessons learned then are still valid today. A key lesson? Not to rush to judgment when surprised by the unexpected. And don't assume the worst.

In the wake of World War II, Americans developed an unusually deep and all-encompassing national unity, as postwar affluence and the Cold War combined to naturally produce a remarkable level of agreement about the nation's core values. Or so the story has long been told. Inventing the "American Way" challenges this vision of inevitable consensus. Americans, as Wendy Wall argues in this innovative book, were united, not so much by identical beliefs, as by a shared conviction that a distinctive "American Way" existed and that the affirmation of such common ground was essential to the future of the nation. Moreover, the roots of consensus politics lie not in the Cold War era, but in the turbulent decade that preceded U.S. entry into World War II. The social and economic chaos of the Depression years alarmed a diverse array of groups, as did the rise of two "alien" ideologies: fascism and communism. In this context, Americans of divergent backgrounds and beliefs seized on the notion of a unifying "American Way" and sought to convince their fellow citizens of its merits. Wall traces the competing efforts of business groups, politicians, leftist intellectuals, interfaith proponents, civil rights activists, and many others over nearly three decades to shape public understandings of the "American Way." Along the way, she explores the politics behind cultural productions ranging from *The Adventures of Superman* to the Freedom Train that circled the nation in the late 1940s. She highlights the intense debate that erupted over the term "democracy" after World War II, and identifies the origins of phrases such as "free enterprise" and the "Judeo-Christian tradition" that remain central to American political life. By uncovering the culture wars of the mid-twentieth century, this book sheds new light on a period that proved pivotal for American national identity and that remains the unspoken backdrop for debates over multiculturalism, national unity, and public values today.

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," *Leaves of Grass* The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

When it's crucial crunch time and

your Advanced Placement® exam is just around the corner, you need REA's Crash Course for AP® U.S. History!

"They called it the Reagan revolution," Ronald Reagan noted in his Farewell Address. "Well, I'll accept that, but for me it always seemed more like the great rediscovery, a rediscovery of our values and our common sense." Nearly two decades after that 1989 speech, debate continues to rage over just how revolutionary those Reagan years were. *The Reagan Revolution: A Very Short Introduction* identifies and tackles some of the controversies and historical mysteries that continue to swirl around Reagan and his legacy, while providing an illuminating look at some of the era's defining personalities, ideas, and accomplishments. Gil Troy, a well-known historian who is a frequent commentator on contemporary politics, sheds much light on the phenomenon known as the Reagan Revolution, situating the reception of Reagan's actions within the contemporary liberal and conservative political scene. While most conservatives refuse to countenance any criticism of their hero, an articulate minority laments that he did not go far enough. And while some liberals continue to mourn just how far he went in changing America, others continue to mock him as a disengaged, do-nothing dunce. Nevertheless, as Troy shows, two and a half decades after Reagan's 1981 inauguration, his legacy continues to shape American politics, diplomacy, culture, and economics. Both Bill Clinton and George W. Bush modeled much of their presidential leadership styles on Reagan's example, while many of the debates of the '80s about the budget, tax cutting, defense-spending, and American values still rage. Love him or hate him, Ronald Reagan remains the most influential president since Franklin D. Roosevelt, and one of the most controversial. This marvelous book places the Reagan Revolution in the broader context of postwar politics, highlighting the legacies of these years on subsequent presidents and on American life today. About the Series: Combining authority with wit, accessibility, and style, *Very Short Introductions* offer an introduction to some of life's most interesting topics. Written by experts for the newcomer, they demonstrate the finest contemporary thinking about the central problems and issues in hundreds of key topics, from philosophy to Freud, quantum theory to Islam.

THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts in American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 14th edition places an even greater emphasis on the global context of American history through a new feature, *Thinking Globally*. Revised primary source features excite student interest and help them learn to examine documents the way historians do. Additional pedagogical features make *THE AMERICAN PAGEANT* accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present primary sources, scholarly debates, and key historical figures for analysis. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

In 2014, College Board rolled out a new AP® U.S. History course, which centered less on memorizing content and more on developing skills. Since then, the course has been modified here and there, but very little has changed in AP® textbooks--content is still king. Until now. *Fabric of a Nation* is the first book to truly embrace this dramatic shift in the AP® course and in how history is taught. Built from the ground up by long-time AP® leaders Jason Stacy and Matthew Ellington, this book offers a new approach to AP® US History by seamlessly integrating: A brief historical narrative AP® skills practice Primary source documents Exact alignment to the AP® course Now, that's revolutionary!

"Outstanding . . . The most accessible distillation of that conflict yet written." —The Boston Globe "Energetically written and lucid, it makes an ideal introduction to the subject." —The New York Times The "dean of Cold War historians" (The New York Times) now presents the definitive account of the global confrontation that dominated the last half of the twentieth century. Drawing on newly opened archives and the reminiscences of the major players, John Lewis Gaddis explains not just what happened but why—from the months in 1945 when the U.S. and the U.S.S.R. went from alliance to antagonism to the barely averted holocaust of the Cuban Missile Crisis to the maneuvers of Nixon and Mao, Reagan and Gorbachev. Brilliant, accessible, almost Shakespearean in its drama, *The Cold War* stands as a triumphant summation of the era that, more than any other, shaped our own. Gaddis is also the author of *On Grand Strategy*.

CATCH THE EXPRESS TO SUCCESS WITH FAST TRACK: U.S. History! Covering the most important material taught in high school American history class, *Fast Track: U.S. History* breaks need-to-know content into accessible, easily understood lessons. Inside this book, you'll find: * Clear, concise summaries of the most important events, people, and concepts in United States history * Maps, timelines, and charts for quick visual reference * Easy-to-follow content organization and illustrations With its friendly, straightforward approach and a clean, modern design crafted to appeal to visual learners, this guidebook is perfect for catching up in class or getting ahead on exam review. Topics covered in *Fast Track: U.S. History* include: * Native Americans * Colonial America * The Revolutionary War * Abolitionism and suffrage * The Civil War and Reconstruction * The Industrial Revolution * The Great Depression * World Wars I and II * The Cold War * Civil rights * Conservatism and the "New Right" * 9/11 and globalism ... and more!

Students preparing for the Advanced Placement U.S. History exam will welcome this revised and updated set of flash cards. The cards encompass the entire AP course and offer students the flexibility to study American history in ways not available with textbooks and study guides. The 500 cards run chronologically from the Colonial era of the early 1600s to the present day, and are divided into seven general categories: Arts and Sciences, Domestic Policies, Presidential Matters, Wars and Foreign Relations, Economy and Business, Legal Issues, and Society and Culture. They are numbered and labeled so that students can arrange them within a chronological time frame or according to any of the above-noted categories. Students can use the enclosed metal ring to rearrange the cards in any order that fits their study needs. Each card has a small corner punch hole to accommodate the ring.

As its name implies, *The APUSH CRUNCHER* is specifically designed for crunching the information you need to master the AP US History exam. From Pre-Columbian societies to 20th Century politics, this AP US History prep is designed for either short-term intense review or lengthier study. You have a choice! Develop your AP history skills in every test area. The *CRUNCHER* coaches you on the most important parts of the test, the weight given to each section, and proven strategies on how to effectively answer the questions for top scores. The author's goal is for you become a star-spangled winner in AP US history. This book is written by a Ph.D. in education with over 30 years of experience!

Why did the Celts love stealing cows? What was the Norman invasion & why were they all called Norman? With clarity and hilarity, John D. Ruddy turns Ireland's tumultuous history into a fun and easy to understand story. Color illustrations throughout.

Published by OpenStax College, *U.S. History* covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. *U.S. History* is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

New York Times Bestseller In the most ambitious one-volume American history in decades, award-winning historian and New Yorker writer

Jill Lepore offers a magisterial account of the origins and rise of a divided nation, an urgently needed reckoning with the beauty and tragedy of American history. Written in elegiac prose, Lepore's groundbreaking investigation places truth itself—a devotion to facts, proof, and evidence—at the center of the nation's history. The American experiment rests on three ideas—"these truths," Jefferson called them—political equality, natural rights, and the sovereignty of the people. And it rests, too, on a fearless dedication to inquiry, Lepore argues, because self-government depends on it. But has the nation, and democracy itself, delivered on that promise? *These Truths* tells this uniquely American story, beginning in 1492, asking whether the course of events over more than five centuries has proven the nation's truths, or belied them. To answer that question, Lepore traces the intertwined histories of American politics, law, journalism, and technology, from the colonial town meeting to the nineteenth-century party machine, from talk radio to twenty-first-century Internet polls, from Magna Carta to the Patriot Act, from the printing press to Facebook News. Along the way, Lepore's sovereign chronicle is filled with arresting sketches of both well-known and lesser-known Americans, from a parade of presidents and a rogues' gallery of political mischief makers to the intrepid leaders of protest movements, including Frederick Douglass, the famed abolitionist orator; William Jennings Bryan, the three-time presidential candidate and ultimately tragic populist; Pauli Murray, the visionary civil rights strategist; and Phyllis Schlafly, the uncredited architect of modern conservatism. Americans are descended from slaves and slave owners, from conquerors and the conquered, from immigrants and from people who have fought to end immigration. "A nation born in contradiction will fight forever over the meaning of its history," Lepore writes, but engaging in that struggle by studying the past is part of the work of citizenship. "The past is an inheritance, a gift and a burden," *These Truths* observes. "It can't be shirked. There's nothing for it but to get to know it."

"Herblock's History" is an article written by Harry L. Katz that was originally published in the October 2000 issue of "The Library of Congress Information Bulletin." The U.S. Library of Congress, based in Washington, D.C., presents the article online. Katz provides a biographical sketch of the American political cartoonist and journalist Herbert Block (1909-2001), who was known as Herblock. Block worked as a cartoonist for "The Washington Post" for more than 50 years, and his cartoons were syndicated throughout the United States. Katz highlights an exhibition of Block's cartoons, that was on display at the U.S. Library of Congress from October 2000. Images of selected cartoons by Block are available online.

An excerpt from the book: Hernando De Soto was not the biggest name explorer or conquistador by any means, but he is probably the most important one to know for the AP US test. Why? Because he the first European explorer to really explore the United States, near Florida. Before he explored what is current day United States he was a member of the Spanish government in what is now Nicaragua. He even invaded Peru at one point. All in all he had an interesting prior life, but for this test you really just need to know his route and, more so, his significance more generally in history. A revised edition of the classic, myth-shattering exploration of American family life during the Cold War. When *Homeward Bound* first appeared in 1988, it forever changed how we understand Cold War America. Elaine Tyler May demonstrated that the Atomic Age and the Cold War shaped American life not just in national politics, but at every level of society, from the boardroom to the bedroom. Her notion of "domestic containment" is now the standard interpretation of the era, and *Homeward Bound* has become a classic. This new edition includes an updated introduction and a new epilogue examining the legacy of Cold War obsessions with personal and family security in the present day.

Want to review in a live classroom? Check out our Kaplan AP US History Premium review course made with Barron's content: kaptest.com/ap Barron's AP United States History Premium is aligned with the current exam and includes comprehensive subject review plus five realistic practice tests. Obama; and much more

This volume presents the story of the Hungarian Revolution in 120 original documents, ranging from the minutes of Khrushchev's first meeting with Hungarian leaders after Stalin's death in 1953, to Yeltsin's declaration on Hungary in 1992. The great majority of the material comes from archives that were inaccessible until the 1990s, and appears here in English for the first time. Book jacket.

It's the revolutionary American history study guide just for middle school students from the brains behind Brain Quest. Everything You Need to Ace American History . . . covers Native Americans to the war in Iraq. There are units on Colonial America; the Revolutionary War and the founding of a new nation; Jefferson and the expansion west; the Civil War and Reconstruction; and all of the notable events of the 20th century—World Wars, the Depression, the Civil Rights movement, and much more. The BIG FAT NOTEBOOK™ series is built on a simple and irresistible conceit—borrowing the notes from the smartest kid in class. There are five books in all, and each is the only book you need for each main subject taught in middle school: Math, Science, American History, English Language Arts, and World History. Inside the reader will find every subject's key concepts, easily digested and summarized: Critical ideas highlighted in neon colors. Definitions explained. Doodles that illuminate tricky concepts in marker. Mnemonics for memorable shortcuts. And quizzes to recap it all. The BIG FAT NOTEBOOKS meet Common Core State Standards, Next Generation Science Standards, and state history standards, and are vetted by National and State Teacher of the Year Award-winning teachers. They make learning fun, and are the perfect next step for every kid who grew up on Brain Quest.

The Cold War shaped the world we live in today - its politics, economics, and military affairs. This book shows how the globalization of the Cold War during the last century created the foundations for most of the key conflicts we see today, including the War on Terror. It focuses on how the Third World policies of the two twentieth-century superpowers - the United States and the Soviet Union - gave rise to resentments and resistance that in the end helped topple one superpower and still seriously challenge the other. Ranging from China to Indonesia, Iran, Ethiopia, Angola, Cuba, and Nicaragua, it provides a truly global perspective on the Cold War. And by exploring both the development of interventionist ideologies and the revolutionary movements that confronted interventions, the book links the past with the present in ways that no other major work on the Cold War era has succeeded in doing.

Examines the history of the Cold War, reflecting Soviet, East European, Chinese, American, and West European viewpoints, and offering new insights and solutions to long-standing puzzles

In this Second Edition of this radical social history of America from Columbus to the present, Howard Zinn includes substantial coverage of the Carter, Reagan and Bush years and an Afterword on the Clinton presidency. Its commitment and vigorous style mean it will be compelling reading for under-graduate and post-graduate students and scholars in American social history and American studies, as well as the general reader.

Presents the original report on poverty in America that led President Kennedy to initiate the federal poverty program
Publisher's Note: For updates to the first printing of the 4th edition of REA's Crash Course® for AP® United States History, please visit www.rea.com/apush2018update AP® U.S. History Crash Course® –A Higher Score in Less Time!
4th Edition – Fully Aligned with the Latest Exam Framework REA's AP® U.S. History Crash Course® is the top choice for the last-minute studier or any APUSH student who wants a quick refresher on the course. Are you crunched for time? Have you started studying for your Advanced Placement® U.S. History exam yet? Do you wish there was a fast and effective way to study for the exam and boost your score? If this sounds like you, don't panic. REA's Crash Course® for AP® U.S. History is just what you need. Go with America's No. 1 quick-review prep for AP® exams to get these outstanding features: Targeted, Focused Review – Study Only What You Need to Know REA's all-new 4th edition addresses all the latest test revisions taking effect through 2018. The book covers the full range of AP® history reasoning

skills (formerly described by the College Board as historical thinking skills), including “contextualization,” “comparison,” “causation,” and “continuity and change over time,” which requires test-takers to be conversant in patterns across American history. Our Crash Course® review is based on an in-depth analysis of the revised AP® U.S. History course description outline and sample AP® test questions. We cover only the information tested on the exam, so you can make the most of your valuable study time. Expert Test-taking Strategies and Advice Written and researched by Larry Krieger, America’s best known and most trusted AP® U.S. History expert, the book gives you the topics and critical context that will matter most on exam day. Crash Course® relies on the author’s extensive, strategic analysis of the test’s structure and content. The author presents detailed, question-level strategies for answering all APUSH question types. By following his advice, you can boost your score in every section of the test. Are You Ready for Test Day? Take REA's Online Practice Exam After studying the Crash Course®, go to the online REA Study Center to reinforce what you’ve learned with a format-true full-length practice test. Our practice exam features timed testing, detailed explanations of answers, and automatic diagnostic scoring that pinpoints what you know and what you don’t. We give you balanced coverage of every topic and type of question found on the actual AP® U.S. History exam, so you can be sure you’re studying smart. Whether you’re using the book as a refresher in the final weeks before the exam, looking for a great way to stay on track in your AP® class throughout the school year, or want to bolster your prep for the exam with proven score-raising techniques, Crash Course® is the quick-review study guide every AP® U.S. History student should have. When it’s crunch time and your Advanced Placement® exam is just around the corner, you need REA’s Crash Course® for AP® U.S. History!
