Being born in Ann Arbor, Michigan, in the 1950s was interesting because Nicole's life would span many cultural, political, economic, social, and certainly personal situations. This book has been written after many years of self-reflection in an attempt to provide her story of the experiences and struggles of a girl growing up within a nuclear family, which caused self-exploration and personal definition. Certainly the strong family values of her middle-class family—the country club lessons in tennis and swimming, horseback riding lessons, and babysitting—created a dream for Nicole. The dream was to graduate from college, marry a rich man, and live on a horse farm with a pool and a few children. Yes, that was a dream! Nicole was not aware of life's ages and stages! Attending a Grateful Dead concert in 1971 under the influence of drugs with a girlfriend from the dorm changed Nicole's life forever! A motorcycle accident a few years later caused a near-death experience and ten days in an out-of-body experience, which confirmed that a change in her identity was occurring. Nicole moved numerous times during the seventies—Eugene, Oregon; East Lansing, Michigan; Boston, Massachusetts; Houston, Texas; Manchester, New Hampshire. She has earned a bachelor's degree, a master's degree, and finally thought she was getting closer to her dream (minus the horse farm). But sexual identity was still unsettled, thus ages and stages continued. Only now after the Supreme Court ruling on same-sex marriage does Nicole finally feel comfortable to share her story.

By merging scholarly writing with personal life stories, *Women Writing Women* creates a new setting for communicating the unique experiences of women. The interdisciplinary nature of this volume, incorporating authors' ideas on identity, gender, and social realities, illuminates a rich diversity of experiences. To give voice to the different realities women live in and write from, the editors have divided the anthology into four sections: writing about the self; writing about the family and other intimate relationships; writing about the women they study; and writing about women from sources such as diaries and letters. Within this framework women touch on subjects such as ethnicity, sexuality, motherhood, and feminist versus traditional values. The result is a collection of essays that pays tribute to women's complex realities and to their critical creativity in writing about those realities.

Elena Mendez has always been career-first; with only two semesters of law school to go, her dream of working as a family lawyer for children is finally within reach. She can't afford distractions. A freelance writer and MBA student, Cora is just as career-driven as Elena. But over weeks in the library together, they discover that as strong as they are apart, they're stronger together. Through snowstorms and stolen moments, through loneliness and companionship, the two learn they can weather anything as long as they have each other—even a surprise visit from Elena's family. From solitude to sweetness, there's nothing like falling in love. College may be strict...but when it comes to love, Cora and Elena are ahead of the learning curve.

"More than a book about a series of books, it is an ode to the child readers we were, and the ways we have learned to name the experiences we couldn't find written." —Melissa Febos, author of *Abandon Me & Girlhood* A nostalgia-packed, star-studded anthology featuring contributors such as Kristen Arnett, Yumi Sakugawa, Gabrielle Moss, and others exploring the lasting impact of the beloved *Baby-Sitters Club* series In 1986, the first-ever meeting of the *Baby-Sitters Club* was called to order in a messy bedroom strewn with Ring-Dings, scrunchies, and a landline phone. Kristy, Claudia, Stacey, and Mary Anne launched the club that birthed an entire generation of loyal readers. The *Baby-Sitters Club* series featured a diverse, complex cast of characters and touched on an impressive range of issues that were underrepresented at the time: divorce, adoption, childhood illness, class division, and racism, to name a few. In *We Are the Baby-sitters Club*, writers and a few visual artists from Generation BSC will reflect on the enduring legacy of Ann M. Martin's beloved series, thirty-five years later—celebrating the BSC's profound cultural influence. Contributors include author Gabrielle Moss, illustrator Siobhán Gallagher, and filmmaker Sue Ding, as well as New York Times bestselling author Kristen Arnett, Lambda Award-finalist Myriam Gurba, *Black Girl Nerds* founder Jamie Broadnax, and *Paris Review* contributor Frankie Thomas. The first anthology of its kind from editors Marisa Crawford and Megan Milks, *We Are the Baby-Sitters Club* will look closely at how Ann M. Martin's series shaped our ideas about gender politics, friendship, fashion and beyond—and what makes the series still a core part of many readers' identities so many years later.

In Lori Ostlund's debut collection people seeking escape from situations at home venture out into a world that they find is just as complicated and troubled as the one they left behind. In prose

highlighted by both satire and poignant observation, Ostlund offers characters that represent a different sort of everyman—men and women who poke fun at ideological rigidity while holding fast to good grammar and manners, people seeking connections in a world that seems increasingly foreign. In “Upon Completion of Baldness” a young woman shaves her head for a part in a movie in Hong Kong that will help her escape life with her lover in Albuquerque. The precocious narrator of “All Boy” finds comfort when he is locked in a closet by a babysitter. In “Dr. Deneau’s Punishment” a math teacher leaving New York for Minnesota as a means of punishing himself engages in an unsettling method of discipline. A lesbian couple whose relationship is disintegrating flees to the Moroccan desert in “The Children beneath the Seat.” And in “Idyllic Little Bali” a group of Americans gathers around a pool in Java to discuss their brushes with fame and ends up witnessing a man’s fatal flight from his wife. In the eleven stories in *The Bigness of the World* we see that wherever you are in the world, where you came from is never far away.

Cassie Miller is broke. Her parents cut off all funding when she dropped out of medical school, and graduate school is expensive. A full-time nanny job at the Wellington estate is the answer to her problems, except working for beautiful, successful Brook Wellington wasn’t in the job description. Brook has always had a head for business. Born into a global shipping empire, she sits at the helm running it with skill and savvy. But success comes at a cost. Her priority is her six-year-old son, but she can’t be in two places at once. Hiring a nanny isn’t the perfect solution, but it would certainly help, and Cassie came highly recommended. If only she wasn’t so damn attractive. Can Cassie and Brook deny their growing attraction and keep things professional? Or will they sidestep propriety and give in to temptation?

It is frequently said that one man’s trash is another man’s treasure, and nowhere is this statement more accurate than in the case of obscure bizarro exploitation films.

Containing 55 essays on such trash classics as *Ilsa: She Wolf of the SS* (1975), *I Spit on Your Grave* (1978), and *Faster, Pussycat! Kill! Kill!* (1965), *Trash Cinema: A Celebration of Overlooked Masterpieces* celebrates the good, the bad, and the ugly of these so-called “trash” films. Some of the pieces are reverential, some poke fun at the absurdity of the films, and others offer a more critical eye to these proceedings. With essays from more than 40 noted film writers, this collection is a one-of-a-kind treasure for those amongst us with a passion for the seedier side of cinema.

Part of a series which looks at contemporary criticism on neglected literary and cultural areas, this book examines the conventional academic view of lesbian/gay writing and has essays on lesbian writers as well as a section on gay men's writing. All the critical essays are by lesbians or gay men.

Within a society that long considered "lesbian motherhood" a contradiction in terms, what were the experiences of lesbian mothers at the end of the twentieth century? In this illuminating book, lesbian mothers tell their stories of how they became mothers; how they see their relationships with their children, relatives, lovers, and friends and with their children’s fathers and sperm donors; how they manage child-care arrangements and financial difficulties; and how they deal with threats to custody. Ellen Lewin’s unprecedented research on lesbian mothers in the San Francisco area captured a vivid portrait of the moment before gay and lesbian parenting moved into the mainstream of U.S. culture. Drawing on interviews with 135 women, Lewin provided her readers with a new understanding of the attitudes of individual women, the choices they made, and the texture of their daily lives.

The definitive account of the Stonewall Riots, the first gay rights march, and the LGBTQ activists at the center of the movement. “Martin Duberman is a national treasure.”—Masha Gessen, *The New Yorker* On June 28, 1969, the Stonewall Inn, a gay bar in New York's Greenwich Village, was raided by police. But instead of responding with the typical compliance the NYPD expected, patrons and a growing crowd decided to fight back. The five days of rioting that ensued changed forever the face of gay and lesbian life. In *Stonewall*, renowned historian and activist Martin Duberman tells the full story of this pivotal moment in history. With riveting narrative skill, he re-creates those revolutionary, sweltering nights in vivid detail through the lives of six people who were drawn into the struggle for LGBTQ rights. Their stories combine to form an unforgettable portrait of the repression that led up to the riots, which culminates when they triumphantly participate in the first gay rights march of 1970, the roots of today's pride marches. Fifty years after the riots, *Stonewall* remains a rare work that evokes with a human touch an event in history that still profoundly affects life today.

Essays discuss theories of lesbianism, lesbian identity and relationships, social repression, legal sexism, child custody, health care, and lesbian culture

A *New York Times* Book Review Editors' Choice. "This is not reverent, definitive history. This is a tactician’s bible." --Parul Sehgal, *The New York Times* "A masterpiece of historical research and intellectual analysis that creates many windows into both a vanished world and the one that emerged from it, the one we live in now." --Alexander Chee
Twenty years in the making, Sarah Schulman's *Let the Record Show* is the most comprehensive political history ever assembled of ACT UP and American AIDS activism In just six years, ACT UP, New York, a broad and unlikely coalition of activists from all races, genders, sexualities, and backgrounds, changed the world. Armed with rancor, desperation, intelligence, and creativity, it took on the AIDS crisis with an indefatigable, ingenious, and multifaceted attack on the corporations, institutions, governments, and individuals who stood in the way of AIDS treatment for all. They stormed the FDA and NIH in Washington, DC, and started needle exchange programs in New York; they took over Grand Central Terminal and fought to change the legal definition of AIDS to include women; they transformed the American insurance industry, weaponized art and advertising to push their agenda, and battled—and beat—*The New York Times*, the Catholic Church, and the pharmaceutical industry. Their activism, in its complex and

intersectional power, transformed the lives of people with AIDS and the bigoted society that had abandoned them. Based on more than two hundred interviews with ACT UP members and rich with lessons for today's activists, *Let the Record Show* is a revelatory exploration—and long-overdue reassessment—of the coalition's inner workings, conflicts, achievements, and ultimate fracture. Schulman, one of the most revered queer writers and thinkers of her generation, explores the how and the why, examining, with her characteristic rigor and bite, how a group of desperate outcasts changed America forever, and in the process created a livable future for generations of people across the world. Jacqueline "Jaq" Bergeron—New Orleanian, suffragist, freethinker—drove an ambulance on the battlefields of Europe during the Great War. She returns home and finds herself isolated in rural East Texas, keeping house for her war-hero husband as she awaits his promised divorce and plans her escape. But then she meets Molly. Molly Russell lives for her music, which sustains her as she cares for her son and husband, and suffers her mother-in-law. When she meets Jaq, a world she never imagined opens to her—a world entirely out of reach. With the storm of war still raging in Europe and other battles to be fought at home, can two women bound by the land and family ties find the freedom to love and build a life together?

All Dr. Sloan Copeland needed was someone to watch her kids. What she found was the man of her dreams... When their live-in nanny bails with no warning, Sloan is left scrambling to find a competent caretaker to wrangle her smart, sensitive girls. Nothing less will do. Enter Rafe Whitcomb. He's all of those things, not to mention good-natured and one heck of a whiz in the kitchen. He's also tall, and handsome, and bearded, and ripped, and tatted, wrist to neck. It doesn't take long for the Copelands to invite Rafe into their home. Just as quickly, both Sloan and Rafe find themselves succumbing to a heady mutual attraction, neither of them wants to deny. With every minute they spend under the same roof, this working mom can't help but wonder if Rafe can handle all her needs... **This stand-alone romance is fluffy. So fluffy. It's fluff. Low. Angst. Fluff. featuring a large tatted, motorcycle riding ginger man, who bakes a mean bacon quiche and knows exactly how to wrangle clever six year olds while making their mom feel loved, loved, loved.** While *RAFE* is a stand-alone novel here's a suggested reading order to get you to this point *SATED* (Fit #3) (Meegan) *SO SWEET* (Daniella and Duke origin story) *HAVEN* (Meegan) *WRAPPED* (Meegan, Shae, Sarah) *RAFE*

Find sources of support for raising a nontraditional family in a straight world! The experience of parenting is commonly overlooked in psychological theory, and lesbians and gay men are not typically considered as parents or parents to be. *Gay and Lesbian Parenting* examines the psychological issues related to developing family and becoming parents for gay men and lesbians. Instead of pathologizing gay and lesbian families, it explores the emotional growth and development issues inherent in child-rearing. Traditionally, coming out as gay or lesbian meant abandoning any hope of becoming a parent or keeping your children if you already had them. But with the "gayby boom" in full swing, more and more gay and lesbian couples are having new babies, adopting children, and continuing to raise the offspring of previous heterosexual relationships. Although gay and lesbian parents still face unique challenges in building and rearing a family, as well as the usual problems heterosexual couples encounter, *Gay and Lesbian Parenting* unflinchingly examines these concerns and offers positive suggestions and ideas for dealing with the difficulties. This life-affirming book takes a look at the practical and emotional realities of raising children in nontraditional family structures, including: issues of kinship, shared motherhood, and possessiveness in lesbian couples legal issues entailed by the lack of marriage and legal kinship parenthood as a powerful force for personal growth and development fatherhood as a process of creating connectedness in the family, community, and place of worship original empirical research on the mental health of lesbians' children the history of the gay and lesbian movement as it relates to child-rearing *Gay and Lesbian Parenting* affirms the power of gay and lesbian couples to raise healthy, happy children and to change and grow through their experience of parenting. From the highly acclaimed, award-winning author of *The Gods of Tango*, a revolutionary new novel about five wildly different women who, in the midst of the Uruguayan dictatorship, find each other as lovers, friends, and ultimately, family. In 1977 Uruguay, a military government has crushed political dissent with ruthless force. In an environment where citizens are kidnapped, raped, and tortured, homosexuality is a dangerous transgression. And yet, despite such societal realities, Romina, Flaca, Anita "La Venus," Paz, and Malena--five cantoras, women who "sing"--somehow, miraculously, find each other and discover an isolated cape, Cabo Polonio, inhabited by just a lonely lighthouse keeper and a few rugged seal hunters. They claim this place as their secret sanctuary. Over the next 35 years, their lives move back and forth between Cabo Polonio and Montevideo, the city they call home, as they return, sometimes together, sometimes in pairs, with lovers in tow, or alone. Throughout it all, the women will be tested repeatedly--by their families, lovers, society, and each other--as they fight to live authentic lives. A genre-defining novel and De Robertis's masterpiece, *Cantoras* is a breathtaking portrait of queer love, community, forgotten history, and the strength of the human spirit. Lonely Wife Seduces Sexy Babysitter: Lesbian Erotica Lulu Press, Inc

Eve Adams was a rebel. Born Chawa Zloczewer into a Jewish family in Poland, Adams emigrated to the United States in 1912. The young woman befriended anarchists, sold radical publications, took a new name, and ran lesbian-and-gay-friendly speakeasies in Chicago and New York. Then, in 1925, Adams risked all to write and publish a book titled *Lesbian Love*. In a repressive era, long before today's gay liberation movement, when American women had just gained the right to vote, Adams's bold activism caught the attention of the young J. Edgar Hoover and the US Bureau of Investigation, leading to her surveillance and arrest. In a case that pitted immigration officials, the New York City police, and a biased informer against her, Adams was convicted of publishing an obscene book and of attempted sex with a policewoman sent to entrap her. Adams was jailed and then deported back to Europe, and ultimately murdered by Nazis in Auschwitz. In *Sex Rebel: The Daring Life and Deadly Times of Eve Adams*, acclaimed historian Jonathan Ned Katz has recovered the extraordinary story of an early, daring activist. Drawing on startling evidence, carefully distinguishing fact from fiction, Katz presents the first biography of Adams, and the publisher reprints the long-lost text of Adams's rare, unique book *Lesbian Love*.
