The "Suns of Independence" considered a masterpiece of modern African literature, enables the reader to gain unique insight into African culture and conflicts. Through Fama and Salimata, the husband and wife at the heart of the story, Kourouma conveys the confusion that torments many Africans when a traditional and a later, more materialistic culture collide. The last of the Dumbuya princes who had reigned over the Malinke tribe before the European conquest, Fama seeks a place for himself within the new hierarchy of bureaucrats and border guards. Salimata, haunted by memories of a ritualistic excision and a brutal rape, searches for the means to have a child who will pass on the Dumbuya legacy to future generations. Interwoven with tales and proverbs from the ancient Malinke traditions, this modern novel brilliantly captures the struggles, desires, and dreams of a people in a West African country living through the tumultuous

days of Independence. -- Publisher description.

'My object is to have you fit to live; which, if you are not, I do not desire that you should live at all.' So wrote Lord Chesterfield in one of the most celebrated and controversial correspondences between a father and son. Chesterfield wrote almost daily to his natural son, Philip, from 1737 onwards, providing him with instruction in etiquette and the worldly arts. Praised in their day as a complete manual of education, and despised by Samuel Johnson for teaching 'the morals of a whore and the manners of a dancing-master', these letters reflect the political craft of a leading statesman and the urbane wit of a man who associated with Pope, Addison, and Swift. The letters reveal Chesterfield's political cynicism and his belief that his country had 'always been governed by the only two or three people, out of two or three millions, totally incapable of governing', as well as his views on good breeding. Not originally intended for publication, this entertaining correspondence illuminates fascinating aspects of eighteenth-century life and manners. Signs of Jacques's obsession with justice and the game of chess soon begin to emerge, and Yannick realizes that playing the game according to Jacques's rules may be his only means of escape. Can Yannick outplay his captor? Will he manage to gain Maude's sympathies? Or will he just become another pawn in Jacques's bizarre world of good and evil? Chilling, suspenseful, and deftly plotted, *Silent Move* is a riveting story about what happens when one man tries to manipulate justice, no matter the consequences.

One of the key figures of the French Enlightenment, Denis Diderot was a passionate critic of conventional morality, society and religion. Among his greatest and most well-known works, these two dialogues are dazzling examples of his radical scientific and philosophical beliefs. In Rameau's Nephew, the eccentric and foolish nephew of the great composer Jean-Philippe Rameau meets Diderot by chance, and the two embark on a hilarious consideration of society, music, literature, politics, morality and philosophy. Its companion-piece, D'Alembert's Dream, outlines a material, atheistic view of the universe, expressed through the fevered dreams of Diderot's friend

D'Alembert. Unpublished during his lifetime, both of these powerfully controversial works show Diderot to be one of the most advanced thinkers of his age, and serve as fascinating testament to the philosopher's wayward genius.

Chess: 5334 Problems, Combinations and Games By Lszl Polgr

Bachelors, Bastards, and Nomadic Masculinity is, firstly, a thematic exploration of bachelor figures and male bastards in literary works by Guy de Maupassant and André Gide. The coupling of Maupassant and Gide is appropriate for such an analysis, not only because of their mutual treatment of illegitimacy, but also because each writer represents varieties of bachelors and bastards from disparate social classes and subcultures, each writing during contiguous moments of socio-legal changes particularly related to divorce law and women's rights, which consequently have great influence on the legal destiny of illegitimate or "natural" children. Napoleon's Civil Code of 1804 provides the legal (patriarchal) framework for the period of this study of illegitimacy, from about 1870 to 1925. The Civil Code saw numerous changes during this period. The Naquet Law of 1884, which reestablished limited legal divorce, represents the central socio-legal event of the turn of the century in matters of legitimacy, whereas the Franco-Prussian War of 1870 and the First World War furnish chronological bookends for this book. Besides through history, law, and sociology, this book treats illegitimacy through the lens of various branches of

gender and sexual theory, particularly the study of masculinities, and a handful of other important critical theories, most importantly those of Michel Foucault, Eve Sedgwick, Todd Reeser, Charles Stivale, and Gilles Deleuze and Félix Guattari. Bachelors and bastards are two principal players in the representation of illegitimacy in Maupassant and Gide, but this study considers the theme of illegitimacy as extended beyond simple questions of legitimate versus illegitimate children. The male bastard is only one of the "Counterfeit" characters examined in these authors' fictional texts. This book is divided into three parts which consider specific thematic elements of their "bastard narratives". Part One frames the representation in fiction of bachelor figures and how they contribute to, or the roles they play in, instances of illegitimacy. Part Two springs from and develops the metaphor of the "counterfeit coin," whether represented by a bastard son, an affected schoolboy, a false priest, or a pretentious *littérateur*. Part Three explains the concept of "nomadic masculine" practices; such practices include nomadic styles of masculinity development as well as the bastard's nomadism.

world of the department store, an innovative development in mid-nineteenth century retail sales. Zola models his store after Le Bon Marché, which consolidated under one roof many of the goods hitherto sold in separate shops. In *Au Bonheur des Dames*, the store is a symbol of capitalism, the modern city and the bourgeois family. It is emblematic of changes in consumer culture, sexual attitudes and class relations taking place at the end of the century. The novel tells the story of Denise Baudu, a 20-year-old woman from Valognes who comes to Paris with her brothers and begins working at the department store *Au Bonheur des Dames* as a saleswoman. Zola describes the inner workings of the store from the employees' perspective, including the 13-hour workdays, the substandard food and the bare lodgings (for the female staff). Many of the conflicts in the novel spring from the struggles for advancement and the malicious infighting and gossip among the staff. *Au Bonheur des Dames* is a sequel to "*Pot-Bouille*". Like its predecessor, *Au Bonheur des Dames* focuses on Octave Mouret (b. 1840), who at the end of the previous novel married Caroline Hédouin, the owner of a small silk shop. Now a widower, Octave has expanded the business into an international retail powerhouse occupying (at the beginning of the book) most of an entire city block. *Au Bonheur des Dames* has been made into a number of films, television series and plays.

Émile Zola (1840 – 1902), French novelist, critic, and political activist who was the most prominent French novelist of the late 19th century. He was noted for his theories of naturalism, which underlie his monumental 20-novel series *Les Rougon-Macquart*, and

for his intervention in the Dreyfus Affair through his famous open letter, "J'accuse." *Black Skin, White Masks* is a classic, devastating account of the dehumanising effects of colonisation experienced by black subjects living in a white world. First published in English in 1967, this book provides an unsurpassed study of the psychology of racism using scientific analysis and poetic grace. Franz Fanon identifies a devastating pathology at the heart of Western culture, a denial of difference, that persists to this day. A major influence on civil rights, anti-colonial, and black consciousness movements around the world, his writings speak to all who continue the struggle for political and cultural liberation. With an introduction by Paul Gilroy, author of *There Ain't No Black in the Union Jack*.

Égalité Femmes-Hommes ou Hommes-Femmes... Une cinquantaine de femmes de tous horizons et de dix pays nous parlent de cette différence. Les textes reçus sont explicites du décalage de plus en plus grand au sein de notre société. L'actualité confirme chaque semaine le recul insupportable en la matière. Ce recueil de nouvelles est donc très réussi. Il est fort, plein de courage, de cris, de beauté, et surtout toujours très touchant. Tous ces textes représentent la vision d'un monde au féminin pluriel : des petits bouts de vies, des chuchotements, des cris, quand notre simple silence fait mal... EXTRAIT Chère Olympe, Je suis navrée de t'apprendre que malheureusement, aujourd'hui encore, les femmes doivent se battre chaque jour pour leur liberté. Certes, des avancées certaines ont vu le jour, comme le droit de vote par exemple. Mais il aura

fallu attendre cent cinquante-trois ans après toi, pour l'obtenir ! Ma pauvre Olympe, tu dois te retourner dans ta tombe, toi féministe notoire, en voyant le temps nécessaire à l'acceptation de notre individualité ! Il est vrai que dans cette société patriarcale, tout tourne autour du Dieu « Phallus ». Même la grammaire, lui donne la priorité : le masculin l'emporte toujours sur le féminin ! Nous travaillons souvent pour un salaire inférieur à celui de ces messieurs. Rien n'est juste... Il faut dire que la politique a longtemps été faite par l'homme, pour l'homme. C'est seulement depuis quelques années que nous pénétrons dans ce péricycle très fermé et pouvons faire entendre notre voix. Aussi, de grands noms émergent. Je vais te présenter plusieurs de ces dames exceptionnelles qui resteront à jamais dans l'histoire. Simone a révolutionné nos vies sexuelles et nous a offert l'avortement. Mais je serai injuste de ne pas citer Françoise, secrétaire d'État à la condition féminine, ou encore Yvette, ministre déléguée de nos droits. Sans oublier Marguerite, qui foula en pionnière le sol de l'Académie Française, et Édith Première ministre de sexe féminin.
