Examines the Earth's geologic history, climate, vegetation, population, food, economies, and mineral resources, and offers physical, political, and subject maps of each continent.

Consistent with the philosophy of the Common Core State Standards and Standards for Mathematical Practice, the Big Ideas Math Student Edition provides students with diverse opportunities to develop problem-solving and communication skills through deductive reasoning and exploration. Students gain a deeper understanding of math concepts by narrowing their focus to fewer topics at each grade level. Students master content through inductive reasoning opportunities, engaging activities that provide deeper understanding, concise, stepped-out examples, rich, thought-provoking exercises, and a continual building on what has previously been taught.

Weaving It Together connects high-interest readings with clear writing activities. Learners build both reading and writing skills through understanding relevant readings and confidently expressing concepts and ideas in carefully structured writing exercises. By connecting these two necessary competencies, learners seamlessly develop both language and academic skills. • Enhanced vocabulary instruction teaches students how to build vocabulary and words in different contexts. • Updated reading passages on intriguing topics stimulate students to write creatively and act as models for student writing. • Revised discussion and critical thinking questions include more exercises that challenge students to become better readers. • "What Do You Think?" section in each unit introduces the unit theme and provides a comprehension check at the end of each unit, connecting the content to students' lives. • "Weaving it Together" sections include "Connecting to the Internet" activities and "Timed Writing" prompts, offering a full-circle connection of the unit theme to the reading and writing. Weaving It Together helps learners build reading and writing skills through relevant readings and carefully structured writing exercises. By balancing these two necessary competencies, learners seamlessly develop both language and academic skills.

Magnus Chase has seen his share of trouble. Ever since that terrible night two years ago when his mother told him to run, he has lived alone on the streets of Boston, surviving by his wits, staying one step ahead of the police and truant officers. One day, he's tracked down by an uncle he barely knows—a man his mother claimed was dangerous. Uncle Randolph tells him an impossible secret: Magnus is the son of a Norse god. The Viking myths are true. The gods of Asgard are preparing for war. Trolls, giants, and worse monsters are stirring for doomsday. To prevent Ragnarok, Magnus must search the Nine Worlds for a weapon that has been lost for thousands of years. When an attack by fire giants forces him to choose between his own safety and the lives of hundreds of innocents, Magnus makes a fatal decision. Sometimes, the only way to start a new life is to die . . .

The Cambridge Checkpoint English suite provides a comprehensive, structured resource which covers the Secondary 1 framework for English and seamlessly progresses into the next key stage (covered by our Cambridge IGCSE® First Language English series). This skill-building, write-in Workbook for Stage 9 is designed to support students' learning and provide extra language tasks and reading and writing skills development, including sequencing and cloze exercises.
