

Communicating In Business English Bob Dignen

Jargon and slang have wormed their way into almost every business document, speech, and conversation that we have today. With online business communications being much more conversational and informal than the written business communications of the past, they positively encourage the use of figurative speech: ergo, more jargon, more slang. This book is by no means all encompassing, but the author has researched and shared several hundred of the most commonly used terms. Not only do we now know what they all mean but, where appropriate, we also learn their origins—some of which are fascinating and very surprising. A very valuable handbook for any student or practitioner in business to help demystify this crazy language called “English.”

Aimed at students in the final year of secondary education or beginning degrees, this immensely readable book provides the ideal introduction to studying English literature. The book will: * orientate you, by explaining what you are doing when you 'do English' * equip you for future study, by introducing current ideas literature, context and interpretation * enable you to bridge the gap between 'traditional' and 'theoretical' approaches to literature, showing why English has had to change and what those changes mean for you. Doing English deals with the exciting new ideas and contentious debates that make up English today, covering a broad range of issues from the history of literary studies and the canon to Shakespeare, politics and the future of English. The second edition has been revised throughout and includes a new chapter on narrative. Robert Eaglestone's refreshingly clear explanations and advice make this volume essential reading for all those planning to 'do English' at advanced or degree level.

A charming romance of book meets book and boy finds boy. Meet 'Bob the Book, ' a gay book for sale in a Greenwich Village bookstore, where he falls in love with another book, Moishe. But an unlikely customer separates the young lovers. As Bob wends his way through used book bins, paper bags, knapsacks, and lecture halls, hoping to be reunited with Moishe, he meets a variety of characters, both book and human, including Angela, a widowed copy of Jane Austen's Mansfield Park, and two other separated lovers, Neil and Jerry, near victims of a book burning. Among their owners are Alfred and Duane, whose on-again, off-again relationship unites and separates our book friends. Will Bob find Moishe? Will Jerry and Neil be reunited? Will Alfred and Duane make it work? Read 'Bob the Book' to find all the answers...

Communicating Across Cultures is an innovative short course for learners of business English who want to function effectively in an international environment by developing their intercultural skills in English. Drawing on inspirational advice from leading figures in the world of cross-cultural communication, Communicating Across Cultures covers all types of oral and written communication, from meetings to negotiations, telephone calls to emails, and deals with situations ranging from working in international teams to managing conflict. Students are invited to analyse their own intercultural competence and helped to develop a personal action plan for further use beyond the classroom. The Student's Book comes with an audio CD that contains authentic interviews with people from the world of business and extracts from meetings that exemplify the communication strategies presented.

Improve the way you communicate in English when working internationally - it's as much about how you say it as what you say! You need more than just a good level of English to communicate successfully in international business. Collins Effective International Business

Download Ebook Communicating In Business English Bob Dignen

Communication gives you clear and practical advice to help you to communicate successfully with colleagues and business partners around the world, using the English you already know. Part 1 will help you with speaking and listening, with practical ideas to help you create better understanding with colleagues and business partners. Part 2 covers key interpersonal skills , such as building relationships, networking, influencing, making decisions, managing conflict and building trust. Part 3 considers the challenges of virtual communication with colleagues at a distance, with advice on how to write better emails and manage conference calls. Each unit features tip boxes, model conversations and case studies Work environments today are increasingly complex - with greater demands on time there is more emphasis on choosing the right form of communication at the right time. You need to be able to work with colleagues at a distance and build and maintain relationships with people at home and abroad. Effective International Business Communication will help you to build the relationships you need to be successful. Can be used for self-study or by Business English trainers who want their clients to get results. CEF level B2-C1 / Upper Intermediate - Advanced

Streamline your organization's communication with the powerful and easy-to-follow methodology presented in this book, featuring insight from experts including Simon Sinek and Brené Brown. Better communication will mean better business practice company-wide as well as increased employee engagement, happier clients and customers, and stronger profits. As the title suggests, Influential Internal Communication proves just how influential internal communications (IC) is, and the measurable impact it has on an organization's growth. For many organizations, IC often slips down the list of priorities when there are high pressure, high stakes business situations to cope with. This causes a sense of chaos and confusion within the

Download Ebook Communicating In Business English Bob Dignen

organization that will - eventually - permeate to external customers and clients. Influential Internal Communication presents a clear, adaptable methodology that will help readers understand, diagnose and fix their own communication challenges, thereby transforming the chaos into calm. Backed up with data and statistics from industry reports on workplace culture, Influential Internal Communication is based on The Field Model and draws on research with CEO's, some of the best insights into people, organisations and chaos. The theory is backed up with real world case studies, showing how chaos can impact a range of organizations of varying size and industry. Written by the 2020 President of the Chartered Institute of Public Relations (CIPR), Influential Internal Communication will streamline any organization's IC practices, and help to drive engagement, efficiency and profit across the board.

"I must congratulate you on GLOBISH THE WORLD OVER. It's a pioneering text of great importance, full of enthralling insights for native and non-native English users alike." -- Robert McCrum, author, The Story of English and Literary Editor, London Observer. Globish, as a concept, takes to task the world hegemony of arrogant English-speakers. Hence the landmark book Don't Speak English - Parlez Globish became a best-seller in French, and other languages, but it never appeared in English. GLOBISH THE WORLD OVER is the first book written in Globish-English. Non-native English speakers from non-Anglophone countries use English better between themselves than with any native English speaker. Globish codifies their very efficient "similar limitations." The word Globish may strike English-speakers as an "odd" way to rename their English. However billions of speakers in Brazil, Russia, India and China will be the new "owners" of what the world is now calling Globish. The implications are far-reaching. GLOBISH THE WORLD OVER discusses this phenomenon, and demonstrates that

Download Ebook Communicating In Business English Bob Dignen

Globish - as a deliberate and sufficient subset of English for international communication - is limited more by a person's communication ability than by mere words.

The Challenge Built to Last, the defining management study of the nineties, showed how great companies triumph over time and how long-term sustained performance can be engineered into the DNA of an enterprise from the very beginning. But what about the company that is not born with great DNA? How can good companies, mediocre companies, even bad companies achieve enduring greatness? The Study For years, this question preyed on the mind of Jim Collins. Are there companies that defy gravity and convert long-term mediocrity or worse into long-term superiority? And if so, what are the universal distinguishing characteristics that cause a company to go from good to great? The Standards Using tough benchmarks, Collins and his research team identified a set of elite companies that made the leap to great results and sustained those results for at least fifteen years. How great? After the leap, the good-to-great companies generated cumulative stock returns that beat the general stock market by an average of seven times in fifteen years, better than twice the results delivered by a composite index of the world's greatest companies, including Coca-Cola, Intel, General Electric, and Merck. The Comparisons The research team contrasted the good-to-great companies with a carefully selected set of

comparison companies that failed to make the leap from good to great. What was different? Why did one set of companies become truly great performers while the other set remained only good? Over five years, the team analyzed the histories of all twenty-eight companies in the study. After sifting through mountains of data and thousands of pages of interviews, Collins and his crew discovered the key determinants of greatness -- why some companies make the leap and others don't. The Findings The findings of the Good to Great study will surprise many readers and shed light on virtually every area of management strategy and practice. The findings include: Level 5 Leaders: The research team was shocked to discover the type of leadership required to achieve greatness. The Hedgehog Concept (Simplicity within the Three Circles): To go from good to great requires transcending the curse of competence. A Culture of Discipline: When you combine a culture of discipline with an ethic of entrepreneurship, you get the magical alchemy of great results. Technology Accelerators: Good-to-great companies think differently about the role of technology. The Flywheel and the Doom Loop: Those who launch radical change programs and wrenching restructurings will almost certainly fail to make the leap. "Some of the key concepts discerned in the study," comments Jim Collins, "fly in the face of our modern business culture and will, quite frankly, upset some people." Perhaps,

but who can afford to ignore these findings?

#1 NEW YORK TIMES BESTSELLER • A memoir of leadership and success:
The executive chairman of Disney, Time's 2019 businessperson of the year,
shares the ideas and values he embraced during his fifteen years as CEO while
reinventing one of the world's most beloved companies and inspiring the people

who bring the magic to life. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR Robert Iger became CEO of The Walt Disney Company in 2005, during a difficult time. Competition was more intense than ever and technology was changing faster than at any time in the company's history. His vision came down to three clear ideas: Recommit to the concept that quality matters, embrace technology instead of fighting it, and think bigger—think global—and turn Disney into a stronger brand in international markets. Today, Disney is the largest, most admired media company in the world, counting Pixar, Marvel, Lucasfilm, and 21st Century Fox among its properties. Its value is nearly five times what it was when Iger took over, and he is recognized as one of the most innovative and successful CEOs of our era. In *The Ride of a Lifetime*, Robert Iger shares the lessons he learned while running Disney and leading its 220,000-plus employees, and he explores the principles that are necessary for true leadership, including:

- **Optimism.** Even in the face of difficulty, an optimistic leader will find the path toward the best possible outcome and focus on that, rather than give in to pessimism and blaming.
- **Courage.** Leaders have to be willing to take risks and place big bets. Fear of failure destroys creativity.
- **Decisiveness.** All decisions, no matter how difficult, can be made on a timely basis. Indecisiveness is both wasteful and destructive to morale.
- **Fairness.** Treat people decently,

with empathy, and be accessible to them. This book is about the relentless curiosity that has driven Iger for forty-five years, since the day he started as the lowliest studio grunt at ABC. It's also about thoughtfulness and respect, and a decency-over-dollars approach that has become the bedrock of every project and partnership Iger pursues, from a deep friendship with Steve Jobs in his final years to an abiding love of the Star Wars mythology. "The ideas in this book strike me as universal" Iger writes. "Not just to the aspiring CEOs of the world, but to anyone wanting to feel less fearful, more confidently themselves, as they navigate their professional and even personal lives."

Communicating in Business English
Compass Communicating Across Cultures
Student's Book with Audio CD
Cambridge University Press

The 50 ways... series provides a range of instant ways to improve your communications skills in business. The 50 tips in these books will allow the learner to make noticeable improvement in their business English with minimum effort. With the advent of sophisticated digital telephony technologies and the pressure on business people not to travel unnecessarily for environmental reasons, the importance of one-to-one telephone calls and teleconferencing takes on a new dimension. This book helps learners prepare for that all-important telephone call. The accompanying audio CD provides listening comprehension

tasks that go with the units. This innovative title applies the theory of intercultural studies to the practice of communicating in English in a business and professional context.

Denton examines the mediatization of the U.S. presidency, as exemplified by President Reagan. Specifically, he analyzes the use of television as an instrument of image-making and governing, the role of the media in contemporary politics, the impact of television on presidential politics, and the future of the presidency in the age of television.

Covers the essential vocabulary of the office for general staff, presenting topics such as using a copying machine, sending a fax, making telephone calls, and office safety.

David Crystal's classic *English as a Global Language* considers the history, present status and future of the English language, focusing on its role as the leading international language. English has been deemed the most 'successful' language ever, with 1500 million speakers internationally, presenting a difficult task to those who wish to investigate it in its entirety. However, Crystal explores the subject in a measured but engaging way, always backing up observations with facts and figures. Written in a detailed and fascinating manner, this is a book written by an expert both for specialists in the subject and for general readers interested in the English language.

Too many companies are managed not by leaders, but by mere role players and faceless bureaucrats. What does it take to be a real leader—one who is confident in who she is and what she stands for, and who truly inspires people to achieve extraordinary results? Rob Goffee and Gareth Jones argue that leaders don't become great by aspiring to a list of universal character traits. Rather, effective leaders are authentic: they deploy individual strengths to engage followers' hearts, minds, and souls. They are skillful at consistently being themselves, even as they alter their behaviors to respond effectively in changing contexts. In this lively and practical book, Goffee and Jones draw from extensive research to reveal how to hone and deploy one's unique leadership assets while managing the inherent tensions at the heart of successful leadership: showing emotion and withholding it, getting close to followers while keeping distance, and maintaining individuality while "conforming enough." Underscoring the social nature of leadership, the book also explores how leaders can remain attuned to the needs and expectations of followers. *Why Should Anyone Be Led By You?* will forever change how we view, develop, and practice the art of leadership, wherever we live and work.

New International Business English is a flexible course at the upper-intermediate level for people who need or will soon need to use English in their day-to-day work. All four skills - listening, speaking, reading, writing - are developed through a wide range of tasks which closely reflect the world of work.

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

A must-have guide for writing at work, with practical applications for getting your point across quickly, coherently, and efficiently. A winning combination of how-to guide and reference work, *The Only Business Writing Book You'll Ever Need* addresses a wide-ranging spectrum of business communication with its straightforward seven-step method. Designed to save time and boost confidence, these easy-to-follow steps will teach you how to make clear requests, write for your reader, start strong and specific, and fix your mistakes. With a helpful checklist to keep you on track, you'll learn to promote yourself and your ideas clearly and concisely, whether putting together a persuasive project proposal or dealing with daily email. Laura Brown's supportive, no-

nonsense approach to business writing is thoughtfully adapted to the increasingly digital corporate landscape. Complete with insightful sidebars from experts in various fields and easy-to-use resources on style, grammar, and punctuation, this book offers essential tools for success in the rapidly changing world of business communication. More than 30 stellar authors have contributed to these up-to-date essays on public services librarianship, including timely topics such as new service configurations, the impact of e-resources in reference and collection development, and innovative outreach. * Over 30 contributors, including established experts and the next generation of leaders in reference and public services librarianship * A subject index guides readers to topics of interest

Speaking Effectively provides the trainer with a business English book which can be used as supplementary material or as the basis for a short course at the lower-intermediate level to develop fluency and language competence. All of the 14 units are short, easy-to-use and do not require much preparation on the part of the teacher. The three case studies interspersed throughout the book allow the learner the opportunity to use the language acquired in the preceding units in more extended speaking activities. Speaking Effectively is accompanied by a cassette with the tapescripts in the back of the book.

English for Business Communications is a short course for learners who need to improve their communicative ability.

"Bob Chapman, CEO of the \$1.7 billion manufacturing company Barry-Wehmiller, is on a mission to change the way businesses treat their employees." - Inc. Magazine Starting in 1997, Bob Chapman and Barry-Wehmiller have pioneered a dramatically different approach to leadership that creates off-the-charts morale, loyalty, creativity, and business performance. The company utterly rejects the idea that employees are simply functions, to be moved around, "managed" with carrots and sticks, or discarded at will. Instead, Barry-Wehmiller manifests the reality that every single person matters, just like in a family. That's not a cliché on a mission statement; it's the bedrock of the company's success. During tough times a family pulls together, makes sacrifices together, and endures short-term pain together. If a parent loses his or her job, a family doesn't lay off one of the kids. That's the approach Barry-Wehmiller took when the Great Recession caused revenue to plunge for more than a year. Instead of mass layoffs, they found creative and caring ways to cut costs, such as asking team members to take a month of unpaid leave. As a result, Barry-Wehmiller emerged from the downturn with higher employee morale than ever before. It's natural to be skeptical when you first hear about this approach. Every time Barry-Wehmiller acquires a company that relied on traditional management practices, the new team members are skeptical too. But they soon learn what it's like to work at an

exceptional workplace where the goal is for everyone to feel trusted and cared for--and where it's expected that they will justify that trust by caring for each other and putting the common good first. Chapman and coauthor Raj Sisodia show how any organization can reject the traumatic consequences of rolling layoffs, dehumanizing rules, and hypercompetitive cultures. Once you stop treating people like functions or costs, disengaged workers begin to share their gifts and talents toward a shared future. Uninspired workers stop feeling that their jobs have no meaning. Frustrated workers stop taking their bad days out on their spouses and kids. And everyone stops counting the minutes until it's time to go home. This book chronicles Chapman's journey to find his true calling, going behind the scenes as his team tackles real-world challenges with caring, empathy, and inspiration. It also provides clear steps to transform your own workplace, whether you lead two people or two hundred thousand. While the Barry-Wehmiller way isn't easy, it is simple. As the authors put it: "Everyone wants to do better. Trust them. Leaders are everywhere. Find them. People achieve good things, big and small, every day. Celebrate them. Some people wish things were different. Listen to them. Everybody matters. Show them." Are you uncomfortable—even afraid—about the prospect of speaking before a group of people? Do you have trouble getting your message across? When you

Speak, do others listen, or can you feel their attention wandering? Effective communication is essential in business and in everyday life. The most powerful communicators reach not just our minds but our hearts: They win our trust. You can learn to impress and persuade other people by following Bert Decker's program in *You've Got to Be Believed to Be Heard*. In this revised and updated edition of his bestselling book, he distills his expertise into a fresh new approach to speaking, with examples and how-to exercises that anyone can follow. Decker rounds out the behavioral focus of the first edition to include his powerful tool to organize content. Now you can learn to create focused, listener-based messages in half the time. Spend a few evenings with this complete book of speaking, and you will discover how to win the emotional trust of others—the true basis of communicating in any situation. You'll learn:

- How to conquer "stage fright"
- How to inject dynamic energy into your voice
- Why eye contact helps win trust
- When and how to use humor to make a point
- A proven technique to eliminate "Umm" and "Ahh" from your speech
- A process to quickly organize your thoughts into a focused message
- How to move your communications from information to influence
- How to make an impact and be yourself—to an audience of one or one hundred
- Eight steps to transforming your communications experience

This Grammar Guru will solve the world's problems. Or, at least, help you figure

out when to use an Oxford comma. The New York Times Put your English skills to work for you! This book is ideal for intermediate and advanced (CEFR B1-C1) nonnative speakers of English seeking to increase their communication confidence and effectiveness in the workplace. Improve your precision and professionalism so your ideas shine! The book consists of 50 short quizzes which include the most common English errors made by nonnative speakers in professional environments. This fun format allows you to find your own frequent errors and fix them. You will test your skills quickly, daily, and build your language awareness and accuracy in writing and speaking English. Short, clear explanations after each quiz help you improve your knowledge of the grammar rules. Complementing the quizzes are Ellen says boxes with the same practical advice on good communication etiquette and habits that Ellen has been sharing for years with large corporate clients in New York City and beyond. Witty and humorous drawings illustrate confusing language and common misunderstandings. The focus of the exercises is on fixing your grammar and problems with word choice. Examples are pulled from every industry: finance, law, consulting, publishing, real-estate, retail, technology, energy, pharmaceutical, manufacturing, education, advertising, government, insurance, non-profit, and more. Whatever your profession or interest, you will benefit from

the exercises contained in this book. If you are just looking to sharpen your English, this book is for you, too. You will be learning from a professional writer with two decades of experience teaching executives in a business setting. A language-learner herself who has studied some two dozen languages, Ellen Jovin has written this book to help motivated working adults advance their business English on their own time and at their own pace.

Readers refresh and strengthen language skills with proven grammar instruction and extensive learning resources found in BUSINESS ENGLISH, 12E by Mary Ellen Guffey and Carolyn Seefer. The market leader in grammar and mechanics since its first publication, BUSINESS ENGLISH uses a three-level approach to divide topics into manageable units that help readers hone the critical skills needed most. Packed with insights from the authors' more than 60 years of combined classroom experience, this edition helps readers develop the strong language skills necessary to perform confidently in today's digital classroom and tomorrow's workplace. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. This book is as helpful to a ten year corporate veteran as it is to a recent college graduate. Anyone aspiring to climb the corporate ladder should have Talking Your Way to the Top tucked firmly under his/her arm.- Sanford Livingston Jr.,

Senior Vice President & Chief of Staff for Commercial Banking, Wells Fargo
Exceptional leaders communicate inspiration through their choice of words and authenticity of spirit. They have found their voice. Gretchen Hirsch's book *Talking Your Way to the Top* provides important communication tools and tips that will enable you to find your voice and wield it wisely.- Kathy Green, President, Executive Coaching Connections, LLC
What's the difference between ambiguous and ambivalent? When is it right to say he and I, and when is him and me correct? What's the most important part of a voice mail message? What's the one mistake that's guaranteed to make an audience fall asleep during your presentation? Whether you're the CEO of a conglomerate or an entry-level candidate preparing for an interview, how you speak has an effect on how you're perceived. Grammar gaffes, incorrect word choices, inappropriate language, and inarticulate expression can peg you as both uneducated and unsophisticated. If you're uncertain about how effectively you speak, business-communications expert Gretchen S. Hirsch has all the answers in this one comprehensive, amusing, and very useful book. Full of on-target tips and easy-to-navigate lists of frequently misused words, *Talking Your Way to the Top* is a quick, entertaining reference for any businessperson interested in becoming a more interesting and powerful speaker. It teaches you to recognize and avoid noxious nouns, vexing

verbs, jarring jargon, wretched redundancies, and execrable euphemisms. Even better, Hirsch leads you every step of the way on the road to success. She gives you the words you need for job interviews; making contributions at company meetings; asking for more responsibility, promotions, and raises; giving speeches and making presentations; and chatting with your coworkers and potential clients at trade shows, cocktail parties, and company dinners. Whether you're a recent college graduate, a middle manager, or a seasoned professional, you'll find *Talking Your Way to the Top* to be warm, inviting, and sometimes downright amusing as it guides you through the perils and pleasures of the spoken word on your way up the corporate ladder. Gretchen Hirsch (Worthington, OH) is the author of *Womanhours: A 21-Day Time Management Plan that Works* and the coauthor of *Bud Wilkinson: An Intimate Portrait of an American Legend*, *Helping Gifted Children Soar: A Practical Guide for Parents and Teachers*, and *Motivating the Gifted Child*. She has contributed articles to *Woman's Day*, *Redbook*, *Equal Play*, *The Science Teacher*, and *Gifted Child Today*, among others. She is a writer for the Office of University Communications at Ohio Wesleyan University and president of Midwest Book Doctors, where she provides editorial consulting services for authors who are preparing manuscripts for submission to agents and editors.
