The Pen is MightierDDCO Publishing, LLC.

The Toronto Ink Company was founded in 2014 by designer and artist Jason Logan as a citizen science experiment to make eco-friendly, urban ink from street-harvested pigments. In *Make Ink*, Logan delves into the history of inkmaking and the science of distilling pigment from the natural world. Readers will learn how to forage for materials such as soot, rust, cigarette butts, peach pits, and black walnut, then how to mix, test, and transform these ingredients into rich, vibrant inks that are sensitive to both place and environment. Organized by color, and featuring lovely minimalist photography throughout, *Make Ink* combines science, art, and craft to instill the basics of ink making and demonstrate the beauty and necessity of engaging with one of mankind's oldest tools of communication.

When an angry midget at a traveling carnival promises Roger something that could change his life, he never thought it would come in the form of a magic pen. Now, anything the introverted college student writes becomes true, and with its power, he'll finally be able to take revenge on the bullies who have tormented him over the years. There's just one problem. A group of assassins will do anything to get the pen, he accidentally made a entire squad of dancers into slaves, and his best friend somehow got an all-powerful mech. Maybe that's three problems, but either way, Roger might just find out that

What more could a guy ask for? Unfortunately, Roger has a problem. A pen user with a power unlike anything he's seen before has set his sights on Las Vegas. The thing is, Roger kind of likes Las Vegas how it is, after all, most of his stuff is there. And what's more, no one threatens his women or his city. Organized into chapters according to the technique exemplified (e.g. water soluble, mixed media) artwork is featured large and luscious, accompanied by extended captions, insightful tips, and practical advice. A detailed index at the front of the book also groups the paintings according to three main categories: Principles (e.g. composition), Media, Type of sketch (e.g. abstract), and Subject (e.g. nature). Ink from the Pen is the story of an educated, HIV+ gay man whose decades-long walk on the wild side came crashing down in 2004, when he found himself facing nine months in prison for dealing the crystal meth he'd become addicted to during the worst of the AIDS epidemic. An accomplished writer, Olmsted soon discovered his love of words was precisely what would get him through the experience. With a keen eye for the finely-observed detail and an unerring capacity to deftly convey the poignancy and absurdities of incarceration, Mark learned that creativity is one of the most powerful survival tools there is. "This is a haunting and beautiful story from the depths of the California state prison system, of people found and left behind, acts of defiant joy, tender moments of generosity, soul-searching, and looking desperately for glimmers in the darkness. Characters with such rich and vivid names as Jack Hammer, Drifter, Thumper and Chainsaw may have been forgotten by society, but Olmsted puts them in such indelible ink you will carry them

with you long after you close this remarkable memoir." -  
Kathy Hepinstall, *The Book of Polly*

Sometimes the voices in your head are real. Lillim Callina is crazy, at least, that's what the doctors tell her. Still, despite their insistence that everything is normal, that monsters don't really hide under the bed and werewolves don't really howl at the moon, Lillim can't shake the feeling they're just plain wrong. So what's a girl just released from a mental hospital to do? Pretend. And that's what Lillim does. Pretend everything is normal. Pretend her school is real. Pretend the cute boy is really walking with her down the hall. Pretend her mother isn't really dead. Because if she doesn't, they'll toss her back in crazy jail and throw away the key. If that happens, there will be no way for her to escape, assuming, of course, that she isn't actually crazy.

Arthur never expected to wind up in Hell. At least, not because he found an ancient sword in a pawnshop. To make matters worse, Hell isn't as he thought. It's a desolate wasteland under siege by an all-consuming void known as the Darkness. Now, he's trapped with no way home, a ragtag army of women, and a sword whose only power is to modify the abilities of those around him. Not exactly winning odds. Worse, if the Darkness isn't stopped, not only will it devour Hell, but Earth will be next on the menu. Have you ever noticed that ink pens end up having no specific owner? There are people who try to hold

on to a certain ink pen, but eventually their efforts fail. They lend them to someone or lose them and others pick them up. They circulate through life and just seem to be the property of the universe as they pass from one person to another. Have you ever thought about the travels of an ink pen or, should I say, the life of an ink pen? This origin story begins the series of a brave pen, Vick Bick, and follows him on his grand adventures! After you read this, you will never look at an ink in the same way.

First published in 1958 Montgomery's memoirs cover the full span of his career first as a regimental officer in the Royal Warwickshire Regiment and then as a Staff Officer. His choice of the Warwickshires was due to his lack of money. He saw service in India before impressing with his courage, tactical skill and staff ability in the Great War. Despite his tactless uncompromising manner his career flourished between the wars but it was during the retreat to Dunkirk that his true brilliance as a commander revealed itself. The rest is history but in this autobiography we can hear Monty telling his side of the story of the great North African Campaign followed by the even more momentous battles against the enemy and, sadly, the Allies as he strove for victory in North West Europe. His interpretation of the great campaign is of huge importance and reveals the deep differences that existed between him and Eisenhower and other leading figures. His career ended in disappointment and frustration being temperamentally unsuited to Whitehall and the political machinations of NATO.
