

Complete Jack The Ripper

A detailed and meticulously researched encyclopedia on all aspects of Jack the Ripper, one of the world's most famous, and mysterious, serial killers. * 450+ entries arranged around themes such as suspects, victims, police, myths, and errors * Verbatim accounts of eight important letters written at the times of the murders that may be genuine, or that other writers have claimed to be genuine * A timeline of the era of Jack the Ripper, beginning with a poisoning in 1887 and ending with the writing of the Littlechild letter in 1913 * 12 maps detailing the location of each murder * Numerous photographs including explicit postmortem photos of many of the victims attributed to Jack the Ripper

The ultimate compendium of the legacy and legend of history's most notorious murderer.

Discover the theories and facts surrounding the Whitechapel murders in David Rumbelow's *The Complete Jack the Ripper* ... It is 1888 in London's Whitechapel district, where one by one a group of prostitutes are brutally murdered. Opium smoking Inspector Fred Abberline is called upon to investigate these horrific murders and through his visions track down and trap Jack the Ripper. David Rumbelow's casebook sets the crimes firmly in their historical setting, examines the evidence comprehensively and scrupulously, disposes of a number of theories and legends and relates the murder to popular literature and to later similar sex crimes. In addition he has had the advantage of access to some of Scotland Yard's most confidential papers.

In the autumn of 1888, a serial killer known as Jack the Ripper stalked the East End of London. He was never identified, but hundreds of people were accused. Some were known to the authorities at the time, and others were named by later researchers. The truth about them, and the reasons why they came under suspicion, is often lost in a plethora of opinions and misinformation. For the first time, this book presents the evidence against 333 suspects. They include the publican who painted his dog, the first woman sentenced to the electric chair, the writer of the Red Flag, the man with a thousand convictions, Britain's oldest Prime Minister, and many others. People from all walks of nineteenth century life, representing many different nationalities and professions. United by a link, however tenuous, to the most famous murderer in history. Two experienced Ripperologists have applied their joint knowledge and expertise to the painstaking collation of all the known official records to produce the ultimate Ripper book - a narrative account of the murders encompassing all the known evidence. The most complete work on the Ripper case ever, contains: the entire contents of the Scotland Yard files covering the full series of murders; extensive press reports; witness statements and extracts from police notebooks; documents missing from the official files and many rare photographs. *The Ultimate Jack the Ripper Sourcebook* is not only an invaluable reference, but is also a compelling account of the Victorian serial murderer whose identity remains one of criminology's greatest mysteries.

This #1 New York Times bestseller and deliciously creepy horror novel has a storyline inspired by the Ripper murders and an unexpected, blood-chilling conclusion.

Seventeen-year-old Audrey Rose Wadsworth was born a lord's daughter, with a life of wealth and privilege stretched out before her. But between the social teas and silk dress fittings, she leads a forbidden secret life. Against her stern father's wishes and

society's expectations, Audrey often slips away to her uncle's laboratory to study the gruesome practice of forensic medicine. When her work on a string of savagely killed corpses drags Audrey into the investigation of a serial murderer, her search for answers brings her close to her own sheltered world. The story's shocking twists and turns, augmented with real, sinister period photos, will make this dazzling, #1 New York Times bestselling debut from author Kerri Maniscalco impossible to forget.

Investigate one of the most compelling killers of all time! Jack the Ripper: The Casebook takes readers on a tour of Victorian London's underworld where the slayings took place, from street corner taverns to unsavory lodging houses. One by one the murder victims are revealed, the circumstances of their killings investigated, and the suspects analyzed. What amateur sleuths will find most fascinating here are the many facsimiles of contemporary documents, including letters allegedly sent by Jack the Ripper to police and elsewhere, police reports, press articles, and personal correspondence. These facsimiles provide readers with access to all the available information so they, too, can try to unravel this century-old mystery.

Jack the Ripper: Scotland Yard Investigates strips away much of the nonsense that has accumulated since 1888 and reopens files on a case that will perhaps never be fully solved but will always fascinate.

Using contemporary documents, police files, Home Office papers and newspaper reports, 'Jack the Ripper: The Facts' recreates the notorious crimes and police investigation of 1888 to provide the best available overview of the 'Great Victorian Mystery', the greatest unsolved, true crime story of all time. Written by one of the world's foremost authorities on the case, this is a completely rewritten and fully updated edition of Begg's classic title Jack the Ripper. It follows the crimes chronologically and records the most significant events, witness testimonies and aspects of the police investigation. As well as objectively examining the primary police suspects, Begg provides a fascinating and authoritative insight into related political issues and background events.

Jack the Ripper is the ultimate cold case. The Whitechapel Murders of 1888 have remained unsolved for over 130 years and hundreds of theories have been suggested as to the killer's identity. Despite numerous books claiming to unmask the infamous Victorian villain, none have come close until now. The authors of this book are all members of H Division Crime Club, the world's largest body of experts on the Jack the Ripper murders. They have all come together for the first time in history to deliver their own personal research into each suspect and to finally nail down the identity of the man know as Jack the Ripper. Taking the original police reports, eye witness accounts and research by the world's leading authorities into account, we ask two crucial questions: Who did the police suspect at the time? Who was in the area to commit the murders? Using 21st century profiling techniques, it is time to reveal the truth behind the men most likely to have been Jack the Ripper. With each chapter discussing a separate suspect in detail, this book is the ultimate guide to solving the world's greatest murder mystery.

Between August and November 1888 six women were found murdered and mutilated in London's East End and Aldgate. All were prostitutes; one was found on a common landing, one in the street, one in a backyard, one in an entry, one in a public square and the sixth in a house. The murders provoked massive interest in the press and dozens of letters quickly appeared, claiming to have been written by the killer. The origin of the name Jack the Ripper itself was a letter, famously written to 'Dear Boss,' the head of the Central News Agency. Certain letters have been reproduced or quoted in previous books but Stewart Evans and Keith Skinner are the first to have read and examined every one. This book reproduces and

transcribes all the letters, including the 'Dear Boss' correspondence and the horrific letter sent to the chairman of the Whitechapel Vigilance Committee together with a piece of human kidney. The authors relate the letters to the complete story of the Whitechapel murders, tracing the hysteria and misconceptions that dogged both the police and Fleet Street during 1888-9 and providing revealing insights into the Victorian psyche. For the first time the cases of three people arrested by the police for sending 'Jack the Ripper' letters are explored, including that of Maria Coroner, the attractive 21-year-old Bradford girl. Evans and Skinner also examine the letters of seven suspects, including Dr. Roslyn D'Onston Stephenson and Nikaner Benelius. The story of the Ripper letters ends by posing a controversial question: was Jack the Ripper merely a press invention?

The definitive work on Jack the Ripper and the various theories from the time of the murders to the present day

Non-fiction work on the Jack the Ripper murders of 1888.

An exploration of the Jack the Ripper murders through the eyes of the Londoners who lived through it, including eye-witness accounts and inquest testimonies. The shocking murders carried out by an unknown serial killer in London's East End in during the autumn of 1888 dominated the news and public imagination at the time and have continued to exert a baleful influence ever since. But what was it like to live through those terrifying weeks? No matter what precautions the locals took, the killings continued. Featuring eye-witness accounts, photographs and documents of the time, this book looks at the crimes of Jack the Ripper and their impact on the people of Victorian London. It follows the way the crimes affected the local population, the rumours that swept the streets, the alarms, the riots, the persecutions, the suspicions and the sheer naked terror of the awful autumn when Jack the Ripper stalked the streets. ABOUT THE SERIES: The True Criminals series provides gripping exposés on some of the most twisted criminals the world has ever seen. Augmented by chilling photographs, this series provides snapshots into the minds of these villains and their deadly acts.

Every fact, theory and myth behind the 1888 Whitechapel killings scrutinized, dissected and analysed by today's leading Ripperologist. In this comprehensive account of London's most infamous serial killer, Paul Begg, the foremost modern authority on the case, explores the facts behind the most grisly episode of the Victorian era: the slaughter of several prostitutes over a two-month period. Setting the scene in the impoverished East End, Begg's meticulous research offers detailed accounts of the lives of the Ripper's female victims and a thorough examination of the police investigation. It looks at the many suspects uncovered over the years and the way in which they have often mirrored contemporary concerns, and he examines the growth and development of the myth in film and literature. The Complete and Essential Jack the Ripper is the definitive book, exploring both the myth and reality of Britain's most famous murderer and his victims.

Discover the theories and facts surrounding the Whitechapel murders in David Rumbelows The Complete Jack the Ripper It is 1888 in Londons Whitechapel district, where one by one a group of prostitutes are brutally murdered. Opium smoking Inspector Fred Abberline is called upon to investigate these horrific murders and through his visions track down and trap Jack the Ripper. David Rumbelows casebook sets the crimes firmly in their historical setting, examines the evidence comprehensively and scrupulously, disposes of a number of theories and legends and relates the murder to popular literature and to later similar sex crimes. In addition he has had the advantage of access to some of Scotland Yard's most confidential papers.

Hugely respected, extensively quoted and widely regarded as the 'bible' of Ripper studies, The Complete Jack the Ripper A to Z is the ultimate reference for anyone fascinated by the Jack the Ripper mystery. This new, rewritten, up-to-date edition includes sources and well over 100 photographs. The Complete jack the Ripper A-Z has an entry for almost every person involved in the case, from suspects and witnesses to

policemen and journalists, plus the ordinary people who became caught up in the unfolding drama. Written by three of the world's leading authorities on the case, it takes a completely objective look at theories old and new, describes all the key Ripper books and gives potted biographies of many of the authors. Whether you are new to the mystery of Jack the Ripper or an experienced 'Ripperologist' *The Complete Jack the Ripper A-Z* will keep you turning the pages. Fascinating and entertaining reading in its own right, it is the essential reference to have beside you when you venture into the dark alleys of Victorian Whitechapel.

The electrifying new thriller from New York Times bestselling author Stephen Hunter takes you deep inside the mind of the most notorious serial killer of all time: Jack the Ripper. In the fall of 1888, Jack the Ripper slaughtered five prostitutes in London's seamy Whitechapel District. He did not just kill—he ripped with a butcher's glee—and then, after the particularly gruesome slaying of Mary Jane Kelly, he disappeared. For 127 years, Jack has haunted the dark corners of our imagination, the paradigm of the psychotic killer. We remember him not only for his crimes, but because, despite one of the biggest dragnets in London history, he was never caught. *I, Ripper* is a vivid reimagining of Jack's personal story entwined with that of an Irish journalist who covered the case, knew the principals, charted the investigation, and at last, stymied, went off in a bold new direction. These two men stalk each other through a city twisted in fear of the madman's blade, a cat-and-mouse game that brings to life the sounds and smells of the fleshpot tenderloin of Whitechapel and all the lurid acts that fueled the Ripper headlines. Dripping with intrigue, atmosphere, and diabolical twists, this is a magnificent psychological thriller from perennial New York Times bestseller Stephen Hunter, who the San Francisco Examiner calls "one of the best storytellers of his generation."

Looks at one of history's most infamous serial killers known for committing gruesome murders in the late nineteenth-century who remains one of the world's most infamous criminals.

"It's either a genuine confession by Jack the Ripper, or it's an extraordinary novel...Only you can decide."—Paul Begg, author of *Jack the Ripper: The Definitive History* In the Whitechapel neighborhood of London in 1888, five women were horribly mutilated and murdered by the infamous killer, Jack the Ripper. Though there were many suspects, the monster was never caught. This recently discovered memoir from the 1920s introduces a new suspect: James Willoughby Carnac, a little-known figure who claims to have been the Ripper. Carnac describes the events and geography of Whitechapel in 1888 with chilling accuracy, including details of the murders that appear to have been unavailable to the public at the time. He presents a credible motive for becoming Jack, and, for the first time ever, a reason for ending the killing spree. Ultimately, you, the reader, must decide if this is simply one of the earliest imaginings of the case—and a groundbreaking literary addition to the Ripper canon—or if it is the genuine autobiography of Jack the Ripper himself. "A text that will no doubt be debated for years to come."—Alan Hicken, Montacute Museum, Somerset, England "Intricate and creepy."—The Daily Express (UK) "Easily read and worth it for the ending."—Kirkus After 125 years of theorizing and speculation regarding the identity of Jack the Ripper, Russell Edwards is in the unique position of owning the first physical evidence relating to the crimes to have emerged since 1888. This evidence is from one of the crime

scenes, and has now been rigorously examined by some of the most highly-qualified forensic scientists in the country who have ascertained its true provenance. With the help of modern forensic techniques, Russell's ground-breaking discoveries provide conclusive answers to many of the most challenging mysteries surrounding the case. When Jack the Ripper terrorised London in 1888, he would spark a mystery when he disappeared and his string of violent and horrific murders ended as quickly as they began, leaving one of the world's oldest unsolved crimes in his wake. Now, in 1907, biographer Charles Hapgood is about to be visited a man with astonishing claims that he was the famous Ripper and wishes to tell his tale before his coming death. Sceptical at first, Hapgood agrees to hear his story, only to soon be shown undisputable proof that his visitor speaks the truth and is who he claims to be. As Hapgood listens to the man's tale, he is drawn into a world of pain, cruelty, horror and sadness as he discovers how an innocent child grew into the greatest living monster the world has ever seen. As the story unfolds he begins to fear for his own safety as the man once known as Jack The Ripper tells his story in his own words, a tale which goes far beyond the known timeline of his horrific crimes and reaches new depths of terror and depravity that Hapgood could never have imagined.

Stewart Evans is a policeman whose hobby is collecting true crime ephemera. When a second hand bookseller rang to ask him if he would be interested in a collection of letters from the Special Branch, he had no idea of the sensational revelation they would contain. One of these letters supplied an astonishing piece of information not contained in the decimated Scotland Yard files. The police had actually arrested and charged an American with the Ripper murders, but he escaped and disappeared in America. The Ripper murders ceased. The book reveals for the first time the identity of Jack the Ripper.

So who was Jack the Ripper? No-one in the annals of crime is capable of arousing such passionate debate as the perpetrator of the Whitechapel Murders in 1888. Was he a demented Royal, a Masonic assassin, a sexually-frustrated artist, a member of the Czarist secret police, a crazed reformist or even an escaped gorilla? More than a century has passed since this unknown killer murdered East End prostitutes under the very noses of the police and yet we seem no closer to uncovering the Ripper's identity. Countless volumes have been written by warring researchers, seemingly unable to agree even on the number of his victims. Is it possible that we will ever know the truth or is the Ripper destined to remain an enigma, his place in history secured as both an English-heritage crime icon and a universal bogeyman? This revised and updated edition contains a summary of Jack's crimes, victims and the ill-fated police investigation. It considers many of the Ripper's proposed identities, bringing you up to date with the latest suspects and includes a guide to the Ripper's many fictional outings, from *The Lodger* to *From Hell*.

The murders in London between 1888-91 attributed to Jack the Ripper constitute one of the most mysterious unsolved criminal cases. This story is the result of many years meticulous research. The author reassesses all the evidence and challenges everything we thought we knew about the Victorian serial killer and the vanished East End he terrorized.

He was the most notorious killer of all time. Now, after being given unprecedented access to Scotland Yard's most confidential files, the world's foremost authority on Jack the Ripper, Donald Rumbelow, presents shocking new evidence--including postmortem photos of the Ripper's victims, illustrations, letters to the police, and newspaper dramatizations.

Fully updated and revised, Donald Rumbelow's classic work is the ultimate examination of the facts, theories, fictions and fascinations surrounding the greatest whodunit in history. The Complete Jack the Ripper lays out all the evidence in the most comprehensive summary ever written about the Ripper. Rumbelow, a former London Metropolitan policeman, and an authority on crime, has subjected every theory – including those that have emerged in recent years – to the same deep scrutiny. He also examines the mythology surrounding the case and provides some fascinating insights into the portrayal of the Ripper on stage and screen and on the printed page. More seriously, he also examines the horrifying parallel crimes of the Düsseldorf Ripper and the Yorkshire Ripper in an attempt to throw further light on the atrocities of Victorian London.

Complete Jack The Ripper Random House

For over a hundred years, the mystery of Jack the Ripper has been a source of unparalleled fascination and horror, spawning an army of obsessive theorists and endless volumes purporting to finally reveal the identity of the brutal murderer who terrorized Victorian England. But what if there was never really any mystery at all? What if the Ripper was always hiding in plain sight, deliberately leaving a trail of clues to his identity for anyone who cared to look, while cynically mocking those who were supposedly attempting to bring him to justice? In *They All Love Jack*, the award-winning film director and screenwriter Bruce Robison exposes the cover-up that enabled one of history's most notorious serial killers to remain at large. More than twelve years in the writing, this is no mere radical reinterpretation of the Jack the Ripper legend and an enthralling hunt for the killer. A literary high-wire act reminiscent of Tom Wolfe or Hunter S. Thompson, it is an expressionistic journey through the cesspools of late-Victorian society, a phantasmagoria of highly placed villains, hypocrites, and institutionalized corruption. Polemic forensic investigation and panoramic portrait of an age, underpinned by deep scholarship and delivered in Robison's inimitably vivid and scabrous prose, *They All Love Jack* is an absolutely riveting and unique book, demolishing the theories of generations of self-appointed experts—the so-called Ripperologists—to make clear, at last, who really did it; and, more important, how he managed to get away with it for so long.

He was young, handsome, highly educated in the best English schools, a respected professional and a first-class amateur athlete. He was also a serial killer, the Victorian equivalent of the modern-day Ted Bundy. His name was Montague DrUITT—also known as “Jack the Ripper.” His handiwork included the slaughter of at least five women of ill repute in the East End of London—an urban hell where women sold themselves for a stale crust of bread. His likely motivation for the location of his murders was to call attention to the atrocious conditions in which East Enders lived, just blocks from upper-class London's wealth and opulence. This book, compiled from years of meticulous research, presents the thinking behind the murders, the man behind the moniker, and the circumstances behind his demise. In *The Escape of Jack the Ripper*, readers will learn: How a blood-stained DrUITT was arrested yet bluffed his way to freedom by pretending to be a medical student helping the poor How DrUITT confessed to his cousin, an Anglican priest How DrUITT's family placed him in a private, expensive asylum in France, only for him to flee when a nurse blew the whistle How DrUITT's identity was concealed by his well-connected friends and family, thus hatching the mystery of Jack the Ripper This fascinating story is revealed fully for the first time with many never-before-published photographs, including the newly discovered, last-known image of DrUITT. The serial killer of 1888 was not poor, not foreign, not unknown. He was M.J. DrUITT—the best of Britain. 'The clearest, most accurate, and most up-to-date account of the Ripper murders, by one of Britain's greatest and most respected experts on the "autumn of terror" in Victorian London.' William D. Rubenstein, Professor of Modern History, University of Wales, Aberystwyth England in the 1880s was a society in transition, shedding the skin of Victorianism and moving towards a more modern age. Promiscuity, moral decline, prostitution, unemployment, poverty, police

inefficiency... all these things combined to create a feeling of uncertainty and fear. The East End of London became the focus of that fear. Here lived the uneducated, poverty-ridden and morally destitute masses. When Jack the Ripper walked onto the streets of the East End he came to represent everything that was wrong with the area and with society as a whole. He was fear in a human form, an unknown lurker in the shadows who could cross boundaries and kill. Jack the Ripper: The Definitive History is not yet another attempt to identify the culprit. Instead, the book sets the murders in their historical context, examining in depth what East London was like in 1888, how it came to be that way, and how events led to one of the most infamous and grisly episodes of the Victorian era.

Updated and expanded edition of the fullest ever collective investigation into Jack the Ripper and the Whitechapel Murders. This volume collects not just all the key factual evidence but also 20 different arguments as to the identity of Jack the Ripper, such as that advanced by Patricia Cornwell. Contributions are from the world's leading Ripperologists, including William Beadle, Melvyn Fairclough, Martin Fido, Shirley Harrison, James Tully and Colin Wilson. The identity of Jack the Ripper has plagued professional historians, criminologists, writers and amateur enthusiasts. The many suspects include Montague John DrUITT, Walter Sickert, Aaron Kosminski, Michael Ostrog, William Henry Bury, Dr Tumblety and James Maybrick. The only certainty is that Ripperologists have not found an individual on whom they can all agree. The essays are supported by a detailed chronology, extensive bibliography and filmography. Discover the truth behind the myth in *The Complete Jack the Ripper* by Paul Begg and John Bennett. Whitechapel, 1888: a spate of brutal murders becomes the most notorious criminal episode in London's history. The killer, chillingly nicknamed 'The Whitechapel Murderer', 'Leather Apron' and, most famously, 'Jack the Ripper', is never brought to justice for the slaughter and mutilation of at least five women in the slums of East London. But the mystery is deepened by a letter sent "From Hell" to Scotland Yard, accompanied by half of a preserved human kidney... In this comprehensive account of London's most infamous killer, the foremost authorities on the case explore the facts behind the most grisly episode of the Victorian era. Setting the scene in the impoverished East End, the authors' meticulous research offers detailed accounts of the lives of the victims and an examination of the police investigation. *The Complete Jack the Ripper* is the definitive book by Paul Begg and John Bennett, exploring both the myth and reality behind the allusive killer. Paul Begg and John Bennett are researchers and authors, widely recognized as authorities on Jack the Ripper. Paul Begg's books include *Jack the Ripper: The Facts*, *Jack the Ripper: The Definitive History*, and he is a co-author of *The Jack the Ripper A to Z*. John Bennett has written numerous articles and lectured frequently on Jack the Ripper and the East End of London. He has acted as adviser to and participated in documentaries made by television channels worldwide and was the co-writer for the successful Channel 5 programme *Jack the Ripper: The Definitive Story*. He is author of *E1: A Journey Through Whitechapel and Spitalfields* and co-author of *Jack the Ripper: CSI Whitechapel*.

Two Ripper experts examine unsolved murders—from Great Britain and around the world—that occurred during the era of the notorious killer. The number of women murdered and mutilated by Jack the Ripper is impossible to know, although most researchers now agree on five individuals. These five canonical cases have been examined at length in Ripper literature, but other contemporary murders and attacks bearing strong resemblance to the gruesome Ripper slayings have received scant attention. These unsolved cases are the focus of this intriguing book. The volume looks

at a dozen female victims who were attacked during the years of Jack the Ripper's murder spree. Their terrible stories—a few survived to bear witness, but most died of their wounds—illuminate key aspects of the Ripper case and the period: the gangs of London's Whitechapel district, Victorian prostitutes, the public panic inspired by the crimes and fueled by journalists, medical practices of the day, police procedures and competency, and the probable existence of other serial killers. The book also considers crimes initially attributed to Jack the Ripper in other parts of Britain and the world, notably New York, Jamaica, and Nicaragua. In a final chapter, the drive to identify the Ripper is examined, looking at suspects as well as several important theories, revealing the lengths to which some have gone to claim success in identifying Jack the Ripper.

“When it comes to the meticulous details of a murder, the minute-by-minute examination of a crime and its policing, Messrs. Begg and Bennett are the very best in the true-crime genre.”—Judith Flanders, Wall Street Journal

Miscast in the media for nearly 130 years, the victims of Jack the Ripper finally get their full stories told in this eye-opening and chilling reminder that life for middle-class women in Victorian London could be full of social pitfalls and peril.

Jack the Ripper In 1888, between August and November, the women of London's East End were terrorized by a deranged serial killer. A man was stalking the streets at night, seizing random women who worked those streets and killing them. This man mutilated his victim's bodies after death, removing body parts, taking organs. Inside you will read about... - The Whitechapel Murderer's Hunting Ground - Leather Apron - The Double Murder - The Investigation - Letters from Jack the Ripper - Who was Jack the Ripper? And much more! No one has ever been able to identify Jack the Ripper. Despite the best efforts of numerous police officers, media professionals, historians, and amateur detectives over more than a century, we know of dozens of suspects but no definitive perpetrator. What we do know is the identity of Jack the Ripper's victims, the canonical five women who lost their lives at his hands. This is the story not of Jack the Ripper's life, about which we know nothing, but the lives of the women he destroyed. For better or worse, after Jack the Ripper, life on the streets of London would never be the same again.

Who really was Jack the Ripper? Was he a solitary assassin lurking in the shadows of gaslit London? Or was Jack the Ripper three men: two killers and an accomplice? In this work the author investigates all aspects of this strange case shrouded in mystery and misconception. The discovery of the murders is described by the men who were there, and evidence reveals that the hitherto unsolved Ripper murders were in fact a culmination of a full-scale cover-up organized at the highest level of government.

"A must for Ripper buffs and good fare for any armchair detective" ("Publishers Weekly"), this book offers evidence that the most convincing candidate for the notorious Victorian serial killer was a convicted murderer and escaped mental patient from the Broadmoor Criminal Lunatic Asylum. Illustrations.

Collects alphabetically the people, places, and theories connected to the lingering mystery of Jack the Ripper; presents newly discovered information; and evaluates conflicting theories
