The author of the popular Green Witchcraft series presents her personal Book of Shadows, designed for you to use just as she uses it—as a working guide to ritual, spells, and divination. This ready-made, authentic grimoire is based on family tradition and actual magical experience, and is easily adaptable to any tradition of Witchcraft. Grimoire for the Green Witch offers a treasury of magical information—rituals for Esbats and Sabbats, correspondences, circle-casting techniques, sigils, symbols, recitations, spells, teas, oils, baths, and divinations. Every aspect of Craft practice is addressed, from the purely magical to the personally spiritual. It is a distillation of Green practice, with room for growth and new inspiration. 2004 COVR Award First Runner Up

Service Composition for the Semantic Web presents an in-depth analysis of aspects related to semantic-enabled Web service modeling and composition. It also covers challenges and solutions to composing Web services on the semantic Web, and proposing a semantic framework for organizing and describing Web services. Service Composition for the Semantic Web describes composability and matching models to check whether semantic Web services can be combined together to avoid unexpected failures at run time, and a set of algorithms that automatically generate detailed descriptions of composite services from high-level specifications of composition requests. The book includes case studies in the areas of digital government and bioinformatics.
