God is not poverty-stricken, and He does not produce poverty-stricken children. The Bible abounds with promises that God will open the windows of heaven, satisfy us, shower down blessing on us, provide for us, replenish us, and prosper us. Yet, despite all these powerful promises, Christians don't always know how to receive His provision. Now, from the inspirational writings of E. W. Kenyon and Don Gossett comes a book to help you excellently receive all that God has for you by daring to stand on the promises for financial blessing and success found in God's Word. You will understand... How to stop worrying about finances How to get a better job How to become a joyful giver How to pray and get results How confession leads to possession How God can work miracles in your life When you were born again, you were not born to be defeated. You were born to be a conqueror. Declare the truth of Romans 8:37: "I am more than a conqueror through Christ!" Think victory, not defeat. Speak triumphant words, not words of failure. Act like a conqueror, for in Christ, you are!

As for God, His way is perfect; The word of the LORD is proven; He is a shield to all who trust in Him. For who is God, except the LORD? And who is a rock, except our God? It is God who arms me with strength, And makes my way

perfect. He makes my feet like the feet of deer, And sets me on my high places. He teaches my hands to make war, So that my arms can bend a bow of bronze. You have also given me the shield of Your salvation; Your right hand has held me up, Your gentleness has made me great. Psalm 18:30-35 The book is the compilation of what we consider to be some of the best chapters in the many different books that we wrote.

John Stott's masterly distillation of sixty years' reflection on Christian discipleship ranges over the history of the church and its formative teachings, as

well as the world-wide church today. He expounds the trinitarian character of the evangelical faith: the gracious initiative of God the Father in revealing himself to us, of Jesus Christ in redeeming us through the cross, and of the indwelling Holy Spirit in transforming us. This is why the three-fold emphasis of evangelical faith is upon the Word of God, the once-for-all nature of the work of Christ and the active, continuing work of the Spirit. This edition of Evangelical Truth contains The Cape Town Commitment, a document produced by The Lausanne Movement faithfully reflecting the proceedings of The Third Lausanne Congress on World Evangelization.

What did Napoleon Bonaparte, Henry Ford, and Andrew Carnegie all have in common as the key to their success? They each had immense confidence in their goals. They left no room or quarter for failure. They had faith. Author Paul Ramseyer takes the works of Napoleon Hill, a leading expert on success, and shows readers how to apply the same principles to their faith in God. Paul discovered how to use this power to drive stage 4 cancer out of his body. He also shows the reader how the Bible commands that requests in prayer be made in faith. He goes on to explain how this required faith is the only method we have to reach our full potential. With examples drawn from the most successful men in history, Paul doesn't just tell you to have faith, but teaches how you, like they,

can decide to claim it and then gives detailed instructions how you can put it to work on your behalf. Are people sick, stuck in poverty, or victims to repeating sins? He shows readers that they don't have to be. In faith, all things are possible. With the Mechanics of Faith, readers are able to see how faith works to produce in their lives the results that they have been promised. Paul Ramseyer lives in Bloomfield, Iowa. In 2006, Paul learned from the past masters of industry and technology and the Bible how to drive stage four cancer from his body and is called to teach people everywhere how they too can be overcomers and not mere victims of circumstance.

Well-known pastor and TV personality Creflo Dollar offers proven biblical principles that will help all of God's children leave lack behind and learn to live in true prosperity in every area of life. overeating. Kenneth and Gloria show you how, by applying the Word of God, you can make major changes for victory in every area of your life. Just think...breakfast, your Bible, and a big word of encouragement and faith from Kenneth and Gloria Copeland every day of the year. You will grow From Faith to Faith.

Millions desperate for hope and solutions are enticed by the promise of the prosperity gospel - that God will do whatever they need with just a little faith and a financial gift. All the while, prosperity preachers exploit the poor and the needy to stockpile their riches. What can followers of the true gospel do to combat the deception? Through a remarkable and fascinating journey, Costi Hinn went from a next-generation prosperity preacher to the first to abandon the family faith and share the true gospel. Nephew of the world-famous televangelist, Benny Hinn, Costi had a front-row seat to the inner workings and theology of the prosperity gospel. But as Costi's faith deepened, so did his questions about prosperity teaching. As the deceptions in his past were exposed, Costi came face to face with the hypocrisy and devastation caused by his belief system, and the overwhelming truth about the real Jesus Christ. This captivating look into the daily lives of one of the world's leading prosperity dynasties offers a thoughtful perspective on the perils of greed, the power of the true gospel, and hope for the future of the global church. Through real-life stories, Costi challenges and equips readers to be living lights pointing the way to the true gospel and the saving grace of Christ. God,

In this immersive ethnography, Tony Tian-Ren Lin explores the reasons that Latin American immigrants across the United States are increasingly drawn to Prosperity Gospel Pentecostalism, a strand of Protestantism gaining popularity around the world. Lin contends that Latinos embrace Prosperity Gospel, which teaches that believers may achieve both divine salvation and worldly success, because it helps them account for the contradictions of their lives as immigrants. Weaving together his informants' firsthand accounts of their religious experiences and everyday lives, Lin offers poignant insight into how they see their faith transforming them both as individuals and as communities. The theology fuses salvation with material goods so that as these immigrants pursue spiritual rewards they are also, perhaps paradoxically, striving for the American dream. But after all, Lin observes, prosperity is the gospel of the American dream. In this way, while becoming better Prosperity Gospel Pentecostals they are also adopting traditional white American norms. Yet this is not a story of smooth assimilation as most of these immigrants must deal with the immensity of the

## Online Library Confessions Of Faith Financial Prosperity

broader cultural and political resistance to their actually becoming Americans. Rather, Prosperity Gospel Pentecostalism gives Latinos the logic and understanding of themselves as those who belong in this country yet remain perpetual outsiders. Africans' prevailing interest in the prosperity gospel is not only connected to the influence of American prosperity teachers reaching a worldwide audience through their imaginative use of the media, but is also related to the African worldview and African traditional religion, and its lasting influence on contemporary Africans and the way they think about prosperity, as well as their interest in prosperity in post-colonial Africa. The research from a classical Pentecostal perspective about the impact of the prosperity message on Africa is necessary, timely, and relevant because of its influence in the African Pentecostal movement and its potential to harm the faith of believers, leading to the potential disillusionment of Christian believers who put their trust (and money) in formulas and recipes that seemingly only work for others, especially the prosperity leaders who lead by example with incredulous riches and wealth.

Be faithful in your giving and God will reward you financially. It's not always stated that blatantly but the promises of the Prosperity Gospel--or the name-it-and-claim-it gospel, the health-and-wealth gospel, the word of faith movement, or positive confession theology--are false. Yet its message permeates the preaching of well-known Christian leaders: Joyce Meyer, T. D. Jakes, Joel Osteen, Creflo Dollar, Kenneth and Gloria Copeland, and many more. The appeal of this teaching crosses racial, gender,

denominational, and international boundaries. Why are otherwise faithful Christians so easily led astray? Because the Prosperity Gospel contains a grain of biblical truth, greatly distorted. For anyone who knows that Prosperity Gospel theology is wrong but has trouble articulating and refuting the finer points, this concise edition contains all the robust arguments of the hard-hitting original edition in a shorter, more accessible form. There are instructions set forth in the Word of God to teach men how to live a prosperous life. True prosperity is the ability to apply the power of God to meet any need spiritual, mental, and physical. In this book, Kenneth Copeland shares the revelation of spiritual laws that govern prosperity. The Laws of Prosperity is written to teach you how to apply these laws in your own life so that you can begin to enjoy the great, abundant life that only God can provide.

God Wants You to Prosper! God's Word is full of financial promises and His desire for you to have an abundant life. T.D. Jakes has emerged as one of the most prolific spiritual leaders of our time. He is pastor of one of the largest churches in the country, CEO of a multimillion

dollar empire, the host of a television program, author of a dozen bestsellers, and the producer of two Grammy Award-nominated CDs and three critically acclaimed plays. In 2001 Time magazine featured Jakes on the cover and asked: Is Jakes the next Billy Graham T.D. Jakes draws on extensive research, including interviews with numerous friends and colleagues of Jakes, to examine both Jakes's rise to prominence and proliferation of a faith industry bent on producing spiritual commodities for mass consumption. Lee frames Jakes and his success as a metaphor for changes in the Black Church and American Protestantism more broadly, looking at the ramifications of his rise—and the rise of similar preachers—for the way in which religion is practiced in this country, how social issues are confronted or ignored, and what is distinctly “American” about Jakes's emergence. While offering elements of biography, the work also seeks to shed light on important aspects of the contemporary American and African American religious experience. Lee contends that Jakes's widespread success symbolizes a religious realignment in which mainline churches nationwide are in decline, while innovative churches are experiencing phenomenal growth. He emphasizes the “American-ness” of Jakes's story and reveals how preachers like Jakes are drawing followers by delivering therapeutic and transformative messages and providing spiritual commodities that are more in tune with

postmodern sensibilities. As the first work to critically examine Bishop Jakes's life and message, *T.D. Jakes* is an important contribution to contemporary American religion as well as popular culture.

Pentecostal and Charismatic Christianity is a global phenomenon that comprises a quarter of the world's two billion Christians and is growing rapidly. This volume reveals that the primary appeal of pentecostalism worldwide is as a religion of healing. Contrary to popular stereotypes of flamboyant, fraudulent, anti-medical "faith healing" televangelists who preach a materialistic, "health and wealth" gospel, handle serpents, or sensationally "exorcize" demons, this book offers a more nuanced portrait. The collected essays illumine local variations, hybridities, and tensions in practices on six continents, and depict the extent of human suffering and powerlessness experienced by people everywhere and the attractiveness to many of a global religious movement that promises material relief by invoking spiritual resources. This is the first book of its kind. Achieving the twin goals of thick description and comparative analysis of global practices is best achieved by bringing area experts into conversation. This volume's distinguished, international team of contributors includes sociologists, anthropologists, historians, political scientists, theologians, and religious studies scholars from North America, Europe, and Africa. Read together, these essays

set the agenda for a new program of scholarly inquiry into some of the largest forces of change at work in the world today-globalization, pentecostalism, and healing-each of which is extremely powerful in itself and which together are reshaping our world in vastly significant ways.

I have presented a sound Scriptural foundation and teaching, in regards to how you will truly and spiritually obtain The Favor of God upon your life. Therefore, the sole purpose of this book is as follows: (1) to properly examine Scripture; (2) to correctly interpret the misunderstood and misused principle of what the general “Christian” community refers to as The Favor of God; and (3) address the issue of how false teaching regarding this subject matter may unfortunately mislead fellow Christians or other religious individuals down the wrong path of righteous living and disobedience unto God. As an Oneness Christian Teacher, Theologian, and Apologist, I would like to mention the fundamental Biblical principle of which this book is based upon, as well as the position advocated in this book—complete obedience and observance to The Word of God! In other words, the fundamental Biblical principle can be found in the following Scripture’s: Deuteronomy 6:4–6, 12:7–32, & 28:1–14; II Chronicles 7:14; Psalms 19:7–11; II Timothy 3:16. Finally, I would like to state that this book clearly and objectively explains all that there is to know, in regards to properly obtaining

Biblical prosperity in your life! My friend, I am quite certain that you will find this book of great interest, encouraging, informative, and very pleasant to read. But most of all, you will find that it is based upon sound doctrine!

Scripture is absolute when it comes to forgiveness. IF we forgive, THEN we are forgiven. It's that simple but no one said it was easy! Nonetheless, forgiveness can be likened to a spiritual key that unlocks spiritual doors and opportunities! It is also true to say, unless you release others you won't be released. "Do not judge, and you will not be judged. Do not condemn, and you will not be condemned. Forgive, and you will be forgiven" (Luke 6:37 NIV). When we forgive, a RELEASE takes place that can catapult us into our future and our destiny. But vice versa is also true. All of us remain in bondage when we refuse to forgive. We self injure and self-destruct when we choose not to forgive.

The aim of this book is to provide a way to do justice to an African language of faith. In systematic theology, anthropology and philosophy of religion, similar debates about how to interpret an African language of faith are ongoing. Trying to avoid the 'othering' discourses of past generations, scholars are careful to take seriously what people in Africa say without portraying people's beliefs as weird or backward. Yet, in their desperate attempts to avoid othering, these theologians, anthropologists and philosophers often painfully misconstrue the

## Online Library Confessions Of Faith Financial Prosperity

language of faith in Africa. Understanding the language of faith in Southern Africa is not an easy task. How should we take seriously the form of language that often seems so strange and different? I argue that, after African inculturation theology and black liberation theology, a better way to make sense of being a Christian in Southern Africa is to pay close attention to people's language of faith. The way in which people speak of the spirit world or powers in Africa appears strange to outsiders, and the sense of community and the holistic worldview differentiates the African way of life from its Euro-American counterparts. When proper attention is paid to the use of concepts like spirit world, power, community and holism, language of faith in Southern Africa is neither as strange as it may seem, nor as romantic. By investigating these distinguishing concepts that colour language of faith in Southern Africa, this book contributes to future projects of both fellow theologians who try to construct a contemporary African theology and those who are interested in theology in Africa given the well-known southward shift of the centre of gravity of Christianity.

The Black Church Studies Reader addresses the depth and breadth of Black theological studies, from Biblical studies and ethics to homiletics and pastoral care. The book examines salient themes of social and religious significance such as gender, sexuality, race, social class, health care, and public policy. While the

## Online Library Confessions Of Faith Financial Prosperity

volume centers around African American experiences and studies, it also attends to broader African continental and Diasporan religious contexts. The contributors reflect an interdisciplinary blend of Black Church Studies scholars and practitioners from across the country. The text seeks to address the following fundamental questions: What constitutes Black Church Studies as a discipline or field of study? What is the significance of Black Church Studies for theological education? What is the relationship between Black Church Studies and the broader academic study of Black religions? What is the relationship between Black Church Studies and local congregations (as well as other faith-based entities)? The book's search for the answers to these questions is compelling and illuminating.

In recent decades the ancient apocalyptic work 1 Enoch has been intensively explored for its historical meaning and its contribution to Israelite and Christ-movement thought and identity. Yet its theological meaning, what it can contribute to understanding of the divine-human interface today, has been neglected by scholarship. This is surprising given that 1 Enoch is Scripture for the Ethiopian and Eritrean Orthodox churches and has been a major influence on Christian theology, experience, and art in Ethiopia since the fifth and sixth centuries CE. This book inaugurates a project in Western scholarship to bring 1 Enoch into theological discussion. It contains a number of essays delivered at

## Online Library Confessions Of Faith Financial Prosperity

meetings in Addis Ababa, Ethiopia, and Cheltenham, England, involving scholars from Ethiopia, Germany, the UK, and the USA. The papers cover topics such as the appropriate theological response to a text that is Scripture for only some Christians; the role of 1 Enoch in Ethiopian ecclesial and theological tradition; the theological potential of 1 Enoch in areas such as the environment, politics, social justice, Christology, persecution, the problem of evil and how 1 Enoch stimulates artistic expression today. The Blessing of Enoch aims to launch a wider discussion on 1 Enoch and contemporary theology.

Profound demographic and cultural changes in American society over the last half century have unsettled conventional understandings of the relationship between religious and political identity. The "Protestant mainline" continues to shrink in numbers, as well as in cultural and political influence. The growing population of American Muslims seek both acceptance and a firmer footing within the nation's cultural and political imagination. Debates over contraception, same-sex relationships, and "prosperity" preaching continue to roil the waters of American cultural politics. Perhaps most remarkably, the fastest-rising religious demographic in most public opinion

surveys is "none," giving rise to a new demographic that Gutterman and Murphy name "Religious Independents." Even the evangelical movement, which powerfully re-entered American politics during the 1970s and 1980s and retains a strong foothold in the Republican Party, has undergone generational turnover and no longer represents a monolithic political bloc. *Political Religion and Religious Politics: Navigating Identities in the United States* explores the multifaceted implications of these developments by examining a series of contentious issues in contemporary American politics. Gutterman and Murphy take up the controversy over the "Ground Zero Mosque," the political and legal battles over the contraception mandate in the Affordable Health Care Act and the ensuing Supreme Court Hobby Lobby decision, the national response to the Great Recession and the rise in economic inequality, and battles over the public school curricula, seizing on these divisive challenges as opportunities to illuminate the changing role of religion in American public life. Placing the current moment into historical perspective, and reflecting on the possible future of religion, politics, and cultural conflict in the United States, Gutterman and Murphy explore the cultural and political dynamics of evolving notions of national and religious identity. They argue that questions of religion are questions of identity -- personal, social, and political identity -- and that they function in many of the same ways as race, sex, gender, and ethnicity in the construction of personal meaning, the fostering of solidarity with others, and the conflict they can occasion in the political arena.

In Candy Gunther Brown's view, science cannot prove prayer's healing power, but what scientists can and should do is study prayer's measurable effects on health. If prayer benefits, even indirectly, then more careful attention to prayer practices could impact global health, particularly in places without access to conventional medicine.

How have millions of American Christians come to measure spiritual progress in terms of their financial status and physical well-being? How has the movement variously called Word of Faith, Health and Wealth, Name It and Claim It, or simply prosperity gospel come to dominate much of our contemporary religious landscape? Kate Bowler's *Blessed* is the first book to fully explore the origins, unifying themes, and major figures of a burgeoning movement that now claims millions of followers in America.

Bowler traces the roots of the prosperity gospel: from the touring mesmerists, metaphysical sages, pentecostal healers, business oracles, and princely prophets of the early 20th century; through mid-century positive thinkers like Norman Vincent Peale and revivalists like Oral Roberts and Kenneth Hagin; to today's hugely successful prosperity preachers. Bowler focuses on such contemporary figures as Creflo Dollar, pastor of Atlanta's 30,000-member World Changers Church International; Joel Osteen, known as "the smiling preacher," with a weekly audience of seven million; T. D. Jakes, named by Time magazine one of America's most influential new religious leaders; Joyce Meyer, evangelist and women's empowerment guru; and many others. At almost any moment, day or night, the American public can tune in to these preachers-on TV,

## Online Library Confessions Of Faith Financial Prosperity

radio, podcasts, and in their megachurches-to hear the message that God desires to bless them with wealth and health. Bowler offers an interpretive framework for scholars and general readers alike to understand the diverse expressions of Christian abundance as a cohesive movement bound by shared understandings and common goals.

In this actual generation, God is practically absent. The World is now a place where personal glory, fame and riches is the prime goal of everybody. The society is now a success driven one and the importance of having money and riches has never been more important. Christianity have unfortunately been caught up in this movement and we now have a new type of gospel known to many as the Prosperity Gospel. For many, this gospel is the intention or blessings that God has declared for his followers, for others this is simply a twisted and corrupted version of the real Gospel. This book is an invitation to review the claims of the prosperity gospel and at the same time, review what the Bible really teaches. Are we born to be rich and possess the world ? Are we to live in extreme riches and abundance until our Lord returns or are we called to live out as followers and disciples of Jesus, being content with what we have and leaving everything we need to Jesus? Does God really promises all the riches of the world to all of us once we start following Jesus ? Join me in this interesting and most important exploration of the hottest topic around, The prosperity gospel.
