Your journal is not a reason to turn yourself into an emotional punching bag. -Start small. You do not need to write a specific number of words. Just the right amount of honest words that let you feel a sense of being free from negativity and energized with possibility. -If you write in your journal like someone is going to read it, you will ever allow yourself to fully express what needs to be expressed. Write like no one will ever read it because it is likely no one ever will unless you want them to. Low and no content books have little or no writing. Examples are: -- lined journals -- dot grid journals -- adult coloring

books -- recipe books -- prompt books -- password books -- food tracking logs -- gratitude journals The Low Content Book Planner is a low content book too! BOOK PLANNING Though there's not a lot of writing involved, you still need to take time to plan your book. The Low Content Book Planner will help you with that. It provides a central location for you to: -- brainstorm book ideas -- record the book details (title, subtitle, trim size, font, print options, and more!) -- list your keyword criteria and keywords -- take notes from the customer review section of competing books -- identify your target audience -- write the book description -- sketch the interior pages & book cover The 8" x 10" book is large enough to write down your low content book details, yet it's small enough to carry in your laptop case! This book is for book writers that like taking handwritten notes, struggle with keeping their computer files organized, and need a quick way to look up their book details.

"When the heat is on and the battle is raging, know that as long as you are standing strong in the Lord, you won't be shot down or burned up by your circumstances. Think in terms of God's power. As long as you stand with God-and don't give up-you win." Most ministers and psychologists agree that personal change comes from within. And that change can only occur if you take a careful look at your own life and experience. That's certainly what Stormie Omartian discovered. Over thirty years ago she was so depressed, she considered suicide. Then she went through the seven-step process she described in her bestselling book, *Lord, I Want to Be Whole*. Now Stormie makes this process available to you in a personal walk to emotional well-being a walk with the truth of Scripture and the power of prayer at your side. Throughout your journey you will be observing the lives of some familiar people in the Bible. Many of these people had the same faults-and suffered the same problems-you do. The way the Lord guided them will be a path for you to follow. Each week you will work through interactive questions and thought-provoking Scriptures that will enable you to determine who you are, what you're doing, and where you're going. And then you will establish some guidelines for your future. "The healing and restoration I found is there for you too," Stormie asserts. "Whether your hurt is from scars as far back as early childhood or from this week's untimely severing of a precious relationship, you can be whole spiritually and emotionally." This easy-to-use workbook serves as an excellent guide for either personal devotions or group study. Use it as a stand-alone Bible study or as a companion to Stormie's book, *Lord, I Want to Be Whole*.
