As lead guitarist of the Rolling Stones, Keith Richards created the riffs, the lyrics, and the songs that roused the world. A true and towering original, he has always walked his own path, spoken his mind, and done things his own way. Now at last Richards pauses to tell his story in the most anticipated autobiography in decades. And what a story! Listening obsessively to Chuck Berry and Muddy Waters records in a coldwater flat with Mick Jagger and Brian Jones, building a sound and a band out of music they loved. Finding fame and success as a bad-boy band, only to find themselves challenged by authorities everywhere. Dropping his guitar's sixth string to create a new sound that allowed him to create immortal riffs like those in "Honky Tonk Woman" and "Jumpin' Jack Flash." Falling in love with Anita Pallenberg, Brian Jones's girlfriend. Arrested and imprisoned for drug possession. Tax exile in France and recording Exile on Main Street. Ever-increasing fame, isolation, and addiction making life an ever faster frenzy. Through it all, Richards remained devoted to the music of the band, until even that was challenged by Mick Jagger's attempt at a solo career, leading to a decade of conflicts and ultimately the biggest reunion tour in history. In a voice that is uniquely and unmistakably him--part growl, part laugh--Keith Richards brings us the truest rock-and-roll life of our times, unfettered and fearless and true. Richards' rich voice introduces the audiobook edition of LIFE and leads us into Johnny Depp's performance, while fellow artist Joe Hurley bridges the long road traveled before Richards closes with the final chapter of this incredible 23-hour production, which includes a bonus PDF of photos.

A well-known novelist and journalist from the coastal city of Jableh, Samar Yazbek witnessed the beginning four months of the uprising first-hand and actively participated in a variety of public actions and budding social movements. Throughout this period she kept a diary of personal reflections on, and observations of, this historic time. Because of the outspoken views she published in print and online, Yazbek quickly attracted the attention and fury of the regime, vicious rumours started to spread about her disloyalty to the homeland and the Alawite community to which she belongs. The lyrical narrative describes her struggle to protect herself and her young daughter, even as her activism propels her into a horrifying labyrinth of insecurity after she is forced into living on the run and detained multiple times, excluded from the Alawite community and renounced by her family, her hometown and even her childhood friends. With rare empathy and journalistic prowess Samar Yazbek compiled oral testimonies from ordinary Syrians all over the country. Filled with snapshots of exhilarating hope and horrifying atrocities, she offers us a wholly unique perspective on the Syrian uprising. Hers is a modest yet powerful testament to the strength and commitment of countless unnamed Syrians who have united

to fight for their freedom. These diaries will inspire all those who read them, and challenge the world to look anew at the trials and tribulations of the Syrian uprising.

A New York Times Book Review Notable Book of 2020 “A comically dark coming-of-age story about growing up on the South Side of Chicago, but it’s also social commentary at its finest, woven seamlessly into the work . . . Bump’s meditation on belonging and not belonging, where or with whom, how love is a way home no matter where you are, is handled so beautifully that you don’t know he’s hypnotized you until he’s done.” —Tommy Orange, The New York Times Book Review In this alternately witty and heartbreaking debut novel, Gabriel Bump gives us an unforgettable protagonist, Claude McKay Love. Claude isn’t dangerous or brilliant—he’s an average kid coping with abandonment, violence, riots, failed love, and societal pressures as he steers his way past the signposts of youth: childhood friendships, basketball tryouts, first love, first heartbreak, picking a college, moving away from home. Claude just wants a place where he can fit. As a young black man born on the South Side of Chicago, he is raised by his civil rights–era grandmother, who

tries to shape him into a principled actor for change; yet when riots consume his neighborhood, he hesitates to take sides, unwilling to let race define his life. He decides to escape Chicago for another place, to go to college, to find a new identity, to leave the pressure cooker of his hometown behind. But as he discovers, he cannot; there is no safe haven for a young black man in this time and place called America. Percolating with fierceness and originality, attuned to the ironies inherent in our twenty-first-century landscape, *Everywhere You Don't Belong* marks the arrival of a brilliant young talent.

He also found that one of the most ruthless men in the territory had set his sights on both Rodney's ranch and his daughter. But Rafe Caradec had given his word, and once he'd looked deep into Ann Rodney's eyes, nothing short of death would stop him from keeping the promise he'd made.

Every year, thousands of girls and women die at the hands of blood relatives. These victims are accused of committing honor violations that bring shame upon their families: such 'transgressions' range from walking with a boy in their neighborhood to seeking to marry a man of their own choosing, to being a victim of rape. *Women in the Crossfire* presents a thorough examination of honor killing, an ages-old social practice through which women are trapped and subjected to terror and deadly violence as consequences of the evolution of dysfunctional patriarchal structures and competition among men for domination. To understand the practice of honor killing, its root causes, and possibilities for protection and prevention, Robert Paul Churchill considers the issues from a variety of perspectives: epistemic, anthropological, sociological, cultural, ethical, historical, and psychological. He makes use of original research by analyzing a database of honor killing cases, published here for the first time. Specifically, *Women in the Crossfire* addresses the salient traits and trends present in honor killing incidents and examines how honor is understood in socio-cultural contexts where these killings occur. The book aims to illuminate causal pathways that combine to produce the tragedy of honor killing. Socialization within honor-shame cultures, factors such as gender construction, child-rearing practices, and adverse experiences prime boys and men to take roles as one-day killers of sisters, daughters, and wives in the name of honor. The book further relies on theories of cultural evolution to explain how honor killing was an adaptation to specific ecological challenges and co-evolved with other patriarchic institutions. The ultimate aim of *Women in the Crossfire* is to convey promising methods of preventing future honor killings, and to protect girls and women from victimization.

In an era when even the finest rugby coaches have a drastically short shelf-life, Ian McGeechan's longevity and adaptability is staggering. In his 20 years at the highest level of the game he has been at the centre of almost every major story in UK rugby and has worked alongside some of the greatest rugby figures of the era. McGeechan began his career as a player -- winning more than thirty caps for Scotland and twice touring with the Lions. As coach to the Scottish national team, he led his country to a famous Grand Slam victory in the 1990 Five Nations tournament. Continued success in management earned him an appointment as head coach to the Lions on four separate occasions, more than any other, and he will again take charge on their 2009 tour to South Africa. Most recently, as coach of Wasps, McGeechan has guided the team to complete dominance in the club game. Now, in this frank and engaging memoir, Ian McGeechan shares his unrivalled insight into the triumphs and tribulations of British rugby and of the progress of the sport over the past two decades. *Lion Man* offers a unique glimpse into the past, present and future of British rugby from one of the most influential figures in the history of the sport.

New York Times Bestseller: This “shocking” murder mystery addresses homophobia in the military during World War II (Richard Wright, author of *Native Son*). The men in the barracks, wrenched from the normal pursuits of life, are being molded into warriors in a battle against the “others.” Isolated and fearful, they sometimes relieve their frustrations on the most disenfranchised civilians, namely homosexuals. But one weekend, one of them loses control and commits murder. This tale of suspense is also a story ahead of its time, written by a young marine stationed at Quantico who would go on to become an Academy Award–winning director of such films as *Elmer Gantry* and *The Blackboard Jungle*. Sinclair Lewis, writing in *Esquire*, called Richard Brooks “a really important new writer” and *The Brick Foxhole* was acclaimed in the *Saturday Review of Literature* as “angry, rapid, stream-lined, and beautifully written . . . the best of the new stuff coming out of this war”—though the US Marines threatened the author with court-martial. Eventually, the story was made into the movie *Crossfire* (with the hate crime in question changed to an act of anti-Semitic rather than antigay violence), which earned Brooks an Edgar Award for Best Motion Picture. Today, *The Brick Foxhole* remains both a twisting thriller and an early landmark of gay-themed fiction.

Instead they opened old wounds, exposed pain and insecurities, and lured bitter enemies out of the shadows. When the wicked have traveled a course of sin, and discover they have reason to fear the God;s judgement and wrath for their sins, they begin to wish there is no God to punish them, then by degrees they persuade themselves there is no God, and then they set themselves to study the arguments to support their opinion. This excellent book by John Bunyan covers the subject matter of the existence of heaven and hell as well as studies and dispells the arguments presented by sinners who argue there is no heaven and hell. Most do not know that Bunyan wrote some 60 books, and poetry too. And also almost a well-kept secret is that his doctrine was so biblically laced that many good men would call him too severe. He believed in, and taught, ALL the doctrines of grace, including double-predestination, or reprobation. Why then is he not smeared with the name of hyper-Calvinist like Goodwin, Gill, and others? I guess the same people ought to call Luther a hyper-Lutheran, for he believed and taught it, too. Why begin a review of Bunyan's writings with such a view of his doctrine? It is to show that a *Pilgrim's Progress* can come only from someone who believes and teaches ALL the counsel of God, without flinching, yea, with loving-kindness. Illegally, He sat in a jail cell over a river for 12 years with his Bible, Galatians by Luther, and another book or two. He had the choice of feeling miserable and murmuring, or of filling his time, thoughts, and energies with studying that Bible, and seeking a way to be of help to his more comfortable, but less dedicated, brothers and sisters. Listen, dear saints, you can't do any better than reading Bunyan. Like Gurnall, he covers everything here and there, and with a sweetness that can come only from God. What a shame that his large heart should be encased in such small print. But, like digging gold, it is worth the time and trouble to dig spiritual gold. Bunyan (1628-1688) rose from an humble beginning to being a preacher to a little house church, to 12 years in jail because he would not agree to quit preaching, to a huge church in London. He wrote 66 books, nearly all while in jail.

With echoes of Rules of Civility and The Boston Girl, a compelling and thought-provoking novel set in postwar New York City, about two women—one Jewish, one a WASP—and the wholly unexpected consequences of their meeting. One rainy morning in June, two years after the end of World War II, a minor traffic accident brings together Eleanor Moskowitz and Patricia Bellamy. Their encounter seems fated: Eleanor, a teacher and recent Vassar graduate, needs a job. Patricia's difficult thirteen-year-old daughter Margaux, recovering from polio, needs a private tutor. Though she feels out of place in the Bellamys' rarefied and elegant Park Avenue milieu, Eleanor forms an instant bond with Margaux. Soon the idealistic young woman is filling the bright young girl's mind with Shakespeare and Latin. Though her mother, a hat maker with a little shop on Second Avenue, disapproves, Eleanor takes pride in her work, even if she must use the name "Moss" to enter the Bellamys' restricted doorman building each morning, and feels that Patricia's husband, Wynn, may have a problem with her being Jewish. Invited to keep Margaux company at the Bellamys' country home in a small town in Connecticut, Eleanor meets Patricia's unreliable, bohemian brother, Tom, recently returned from Europe. The spark between Eleanor and Tom is instant and intense. Flushed with new romance and increasingly attached to her young pupil, Eleanor begins to feel more comfortable with Patricia and much of the world she inhabits. As the summer wears on, the two women's friendship grows—until one hot summer evening, a line is crossed, and both Eleanor and Patricia will have to make important decisions—choices that will reverberate through their lives. Gripping and vividly told, Not Our Kind illuminates the lives of two women on the cusp of change—and asks how much our pasts can and should define our futures.

A "straight-dope, tell-all account" of touring with two of the world's greatest bands of the 60s and 70s—A "fast-moving narrative of rock-n-roll excess" (Publishers Weekly). In this all-access memoir of the psychedelic era, Sam Cutler recounts his life as tour manager for the Rolling Stones and the Grateful Dead—whom he calls the yin and yang of bands. After working with the Rolling Stones at their historic Hyde Park concert in 1969, Sam managed their American tour later that year, when he famously dubbed them "The Greatest Rock Band in the World." And he was caught in the middle as their triumph took a tragic turn during a free concert at the Altamont Speedway in California, where a man in the crowd was killed by the Hell's Angels. After that, Sam took up with the fun-loving Grateful Dead, managing their tours and finances, and taking part in their endless hijinks on the road. With intimate portraits of other stars of the time—including Janis Joplin, Jimi Hendrix, the Band, the Allman Brothers, Pink Floyd, and Eric Clapton—this memoir is a treasure trove of insights and anecdotes that bring some of rock's greatest legends to life.

But as he explains in *Deep State Target*, there was an intricate set up at play, and it was neither Trump nor the Russians pulling the strings. American and allied intelligence services set out to destroy a Trump presidency before it even started. Here, Papadopoulos gives the play-by-play of how operatives like Professor Joseph Mifsud, Sergei Millian, Alexander Downer, and Stefan Halper worked to invent a Russian conspiracy that would irreparably damage the Trump administration. Papadopoulos was there: In secret meetings across the globe, on city streets being tailed by agents, and ultimately being interrogated by Mueller's team and agreeing to a guilty plea.

Glen Matlock was a founding member of the Sex Pistols and co-wrote most of their iconic songs. His story of the Pistols' rise to global infamy is an honest, insightful account of a group of intelligent malcontents, determined to change the music business and to attack hypocrisy and stale conventions in society at large. Glen brilliantly captures the flavour of seventies Britain and reveals the complexities and personality clashes that made the Pistols so explosive at that time. Also includes true tales of the Pistols reunion tours of 1996 and 2002. Never mind the other bollocks-filled books about the Sex Pistols, here's the truth.
