From the New York Times bestselling and critically acclaimed author of *The Invention of Murder*, an extraordinary, revelatory portrait of everyday life on the streets of Dickens' London. The nineteenth century was a time of unprecedented change, and nowhere was this more apparent than London. In only a few decades, the capital grew from a compact Regency town into a sprawling metropolis of 6.5 million inhabitants, the largest city the world had ever seen. Technology—railways, street-lighting, and sewers—transformed both the city and the experience of city-living, as London expanded in every direction. Now Judith Flanders, one of Britain's foremost social historians, explores the world portrayed so vividly in Dickens' novels, showing life on the streets of London in colorful, fascinating detail. From the moment Charles Dickens, the century's best-loved English novelist and London's greatest observer, arrived in the city in 1822, he obsessively walked its streets, recording its pleasures, curiosities and cruelties. Now, with him, Judith Flanders leads us through the markets, transport systems, sewers, rivers, slums, alleys, cemeteries, gin palaces, chop-houses and entertainment emporia of Dickens' London, to reveal the Victorian capital in all its variety, vibrancy, and squalor. From the colorful cries of street-sellers to the uncomfortable reality of travel by omnibus, to the many uses for the body parts of dead horses and the unimaginably grueling working days of hawker children, no detail is too small, or too strange. No one who reads Judith Flanders's meticulously researched, captivatingly written *The Victorian City* will ever view London in the same light again.

The Emmy award-winning former executive producer of *The Daily Show* and *The Colbert Report* has assembled a stellar lineup of men who have one thing in common: all have been dumped...and are willing to share their pain and the lessons learned. Relationships end. And in almost all of them, even the most callow among us take something away. This is a book about that something, whether it be major life lessons, like "If you lie, you will get caught," simple truths like, "Flowers work," or something wholly unique like, "Watch out for the high strung brother in the military." This anthology will be comprised of longer and shorter pieces, drawn from an array of impressive celebrities, writers and public figures. Some pieces may be a paragraph in length while others will be full-blown essays. All of them will be about that salient something men take away from a failed relationship. Yes, men learn. This is not a touchy-feely book. This is not a self-help book. This is a book packed with smart, funny and insightful stories from men you probably thought never got dumped, or if they did, would never admit it. A pulse-pounding thriller of espionage, spy games, and treachery by the New York Times bestselling author of the Tracy Crosswhite Series. Former CIA case officer Charles Jenkins is a man at a crossroads: in his early sixties, he has a family, a new baby on the way, and a security consulting business on the brink of bankruptcy. Then his former bureau chief shows up at his house with a risky new assignment: travel undercover to Moscow and locate a Russian agent believed to be killing members of a clandestine US spy cell known as the seven sisters. Desperate for money, Jenkins agrees to the mission and heads to the Russian capital. But when he finds the mastermind agent behind the assassinations--the so-called eighth sister--she is not who or what he was led to believe. Then again, neither is anyone else in this deadly game of cat and mouse. Pursued by a dogged Russian intelligence officer, Jenkins executes a daring escape across the Black Sea, only to find himself abandoned by the agency he serves. With his family and freedom at risk, Jenkins is in the fight of his life--against his own country.

A small masterpiece, Pea's lyrical autobiographical novel paints a fiery and intimate portrait of an old man through the bold brushstrokes of his grandson. The passions and tensions between the old eccentric and his brothers play themselves out in mythical sketches before a vivid backdrop of the hills of Lunigiana. Moscardino, the first novella of his tetralogy, *Il romanzo di*

Moscardino, is anarchic and haunting. Pound conducts Pea's vernacular song, allowing images to flow from the land, the flesh, and beyond.

They came from the poorest parts of Ireland and Italy and met as rivals on the sidewalks of New York. Beginning in the nineteenth century, the Irish and Italians clashed in the Catholic Church, on the waterfront, at construction sites, and in the streets. Then they made peace through romance, marrying each other on a large scale in the years after World War II. An Unlikely Union tells the dramatic story of how two of America's largest ethnic groups learned to love and laugh with each other after decades of animosity. The vibrant cast of characters features saints such as Mother Frances X. Cabrini, who stood up to the Irish American archbishop of New York when he tried to send her back to Italy, and sinners like Al Capone, who left his Irish wife home the night he shot it out with Brooklyn's Irish mob. The book also highlights the torrid love affair between radical labor organizers Elizabeth Gurley Flynn and Carlo Tresca; the alliance between Italian American gangster Paul Kelly and Tammany's "Big Tim" Sullivan; heroic detective Joseph Petrosino's struggle to be accepted in the Irish-run NYPD; and the competition between Frank Sinatra and Bing Crosby to become the country's top male vocalist. In this engaging history of the Irish and Italians, veteran New York City journalist and professor Paul Moses offers a classic American story of competition, cooperation, and resilience. At a time of renewed fear of immigrants, An Unlikely Union reminds us that Americans are able to absorb tremendous social change and conflict—and come out the better for it.

In a scenario where the protagonists' lives apparently seem not to be connected, hidden truths emerge and link them to one another. The hypocritical masks wore by each of them slowly dissolve after the homicide of a young psychologist, showing the malice that makes them both victims and authors of unspeakable crimes. Two sisters, a couple of lovers and a fake marriage create an explosive mix where love is overwhelmed by hate. A tragic and vital plot where passion, betrayal, blackmail and revenge bring the characters' lives to their limits. All this, characterized by hypocrisies that will be the explosive fuse of dramatic events. It will be detective Nardi to investigate, who will be forced to deal with his own past in order to solve the case.

Six murders. One hundred pages. Millions of possible combinations... but only one is correct. Can you solve Torquemada's murder mystery? In 1934, the Observer's cryptic crossword compiler, Edward Powys Mathers (aka Torquemada), released a novel that was simultaneously a murder mystery and the most fiendishly difficult literary puzzle ever written. The pages have been printed in an entirely haphazard order, but it is possible - through logic and intelligent reading - to sort the pages into the only correct order, revealing six murder victims and their respective murderers. Only three puzzlers have ever solved the mystery of Cain's Jawbone: do you have what it takes to join their ranks? Please note: this puzzle is extremely difficult and not for the faint-hearted.
