Carefully researched over ten years and eagerly anticipated by the agile community, *Crystal Clear: A Human-Powered Methodology for Small Teams* is a lucid and practical introduction to running a successful agile project in your organization. Each chapter illuminates a different important aspect of orchestrating agile projects. Highlights include Attention to the essential human and communication aspects of successful projects Case studies, examples, principles, strategies, techniques, and guiding properties Samples of work products from real-world projects instead of blank templates and toy problems Top strategies used by software teams that excel in delivering quality code in a timely fashion Detailed introduction to emerging best-practice techniques, such as Blitz Planning, Project 360°, and the essential Reflection Workshop Question-and-answer with the author about how he arrived at these recommendations, including where they fit with CMMI, ISO, RUP, XP, and other methodologies A detailed case study, including an ISO auditor's analysis of the project Perhaps the most important contribution this book offers is the Seven Properties of Successful Projects. The author has studied successful agile projects and identified common traits they share. These properties lead your project to success; conversely, their absence endangers your project.

When you are criticized or rejected, do you have a tendency to lash out or withdraw entirely? Both types of knee-jerk reactions can have lasting and unintended consequences, affecting our friendships, careers, families, and romantic relationships. The truth is, overreacting hurts us as

practices with specific stones to go with each stage of the alchemical transformation process as well as other tools and techniques • Includes an illustrated dictionary summarizing the spiritual qualities of more than 375 different minerals, crystals, and gemstones The Alchemy of Stones presents an inspired breakthrough in Robert Simmons' thirty-five year career of exploring and revealing the spiritual qualities and potentials of minerals, crystals, and gemstones. This holistic, Earth-based framework for understanding stones and their energies initiates readers into an alchemical worldview that leads to spiritual healing, transformation, and transcendence. Engaging readers step by step, Simmons provides guidance on discovering and harnessing the three human powers of intention, attention, and imagination, each a crucial component for meeting and working in harmony with the energies of the Stone Beings. Simmons also introduces us to the Divine Feminine intelligence known as Sophia, or Wisdom. The Stone Beings are her emissaries, and through relating and co-creating with them, the healing and redemption of ourselves and the Earth becomes a reality. Offering an illustrated dictionary of the spiritual qualities of more than 375 different minerals, crystals, and gemstones, Simmons also explores in depth what he calls the Four Cornerstones of the Alchemy of Stones: Moldavite, Phenacite, Azeztulite, and Rosophia. He discusses the stages of alchemical transformation and provides meditative practices with specific stones to go with each stage. He also explores how to work with stone mandalas, crystal body layouts, gemstone elixirs, and Orgonite energy devices and details powerful techniques for working with stones. Woven throughout are Simmons' personal stories of the pivotal mystical experiences that triggered his capacity to feel stone energies and led him to develop his relationship with the stones, revealing how this work can open minds and awaken hearts.

Since it was first published in 1995, Photonic Crystals has remained the definitive text for both undergraduates and researchers on photonic band-gap materials and their use in controlling the propagation of light. This newly expanded and revised edition covers the latest developments in the field, providing the most up-to-date, concise, and comprehensive book available on these novel materials and their applications. Starting from Maxwell's equations and Fourier analysis, the authors develop the theoretical tools of photonics using principles of linear algebra and symmetry, emphasizing analogies with traditional solid-state physics and quantum theory. They then investigate the unique phenomena that take place within photonic crystals at defect sites and surfaces, from one to three dimensions. This new edition includes entirely new chapters describing important hybrid structures that use band gaps or periodicity only in some directions: periodic waveguides, photonic-crystal slabs, and photonic-crystal fibers. The authors demonstrate how the capabilities of photonic crystals to localize light can be put to work in devices such as filters and splitters. A new appendix provides

an overview of computational methods for electromagnetism. Existing chapters have been considerably updated and expanded to include many new three-dimensional photonic crystals, an extensive tutorial on device design using temporal coupled-mode theory, discussions of diffraction and refraction at crystal interfaces, and more. Richly illustrated and accessibly written, Photonic Crystals is an indispensable resource for students and researchers. Extensively revised and expanded Features improved graphics throughout Includes new chapters on photonic-crystal fibers and combined index-and band-gap-guiding Provides an introduction to coupled-mode theory as a powerful tool for device design Covers many new topics, including omnidirectional reflection, anomalous refraction and diffraction, computational photonics, and much more.

We can see from the floods, earthquakes, tsunamis, volcanic eruptions and pollution disasters that our earth is disturbed. Not to mention the political upheaval that blights the planet. However, the Earth herself has given us tools that assist in stabilizing the situation and which teach us how to turn our thoughts and actions towards positive healing for the planet rather than envisaging her destruction. Crystals offer us creative solutions. Some amazing high-vibration crystals have made themselves known at this time to assist with Earth healing and with personal consciousness-raising. Other Earth healing crystals have been around for millennia but still do a sterling job of restoring the environment and the earth beneath our feet to optimum energetic functioning.

seek assistance from angels and other divine beings As direct geometrical expressions of the Divine, crystals have the ability to work upon the soul at the deepest levels. The more mindfully and conscientiously we spend time with these crystalline forms, the more crystalline we become in terms of our spiritual bodies and their inner, holographic perfection. As potent catalysts of elevated consciousness and overall spiritual growth, crystals and gemstones offer a powerful resource for resolving negative karma patterns and realigning you with the light of your soul's purpose. Detailing the spiritual and chemical interpretations of more than 50 healing stones, as well as fossils, flint, and amber, Nicholas Pearson guides readers through the how and why of resolving karmic knots and obstructions with the help of crystals. He offers hands-on crystal meditations and demonstrates how to use crystal grids and layouts for healing karma. He explains how to cleanse and program stones and shares more advanced crystal exercises for past-life regression, cutting karmic cords, releasing off-world karma and cellular memories, and accessing the Akashic Records to reveal your soul's blueprint and rewrite its contracts with higher powers. Explaining how to incorporate color, chakra therapy, gem elixirs, and dreamwork in your karmic crystal practice, Pearson also explores how to access the Violet Flame of spiritual alchemy, the Seventh Ray, to transmute restrictive karmic patterns. He introduces the Lords of Karma and other spirit guides, gods, goddesses, and angels who can help with karmic healing. He offers guidance on what stones are appropriate for everyday wear and on working with crystal skulls, Lemurian seed crystals, shungite, and time link crystals. The author also explains how crystals can be used to resolve planetary karma, releasing us into the next phase in the collective transformation of humanity. Unveiling the inner teachings of the mineral kingdom, Pearson shows that if you work with crystals

Rainbow Crystals for Children is a book for young children of the 21st century with a message that crystals are not just pretty things to be chosen and then forgotten about. They are much more than this. The book is meant to be used by young children (sometimes assisted by an adult) from the time when they first display a reaction to or an interest in crystals to when they are older and can read and follow suggestions and activities for themselves. There are brief explanations of how crystal energies and our own interact. Children are asked to look at why and how they decide a particular crystal is the one for them. The information and ideas offered are meant to lead the child to develop their inquiring and creative nature. Included are games to play to develop memory and perceptual skills. Short meditations are included to bring healing, develop visualization, and focus concentration. Some brief explanations of how crystals began to form millions of years ago and the present day usage of quartz in modern technology make a link between the old and new. A crystal guide with pictures and information about thirty crystals is included. The crystals chosen are ones reasonably easy to find and suitable for children to work with. Children will find that Rainbow Crystals for Children will provide many hours of interest, learning, and fun.

Crystal skulls are human-skull hardstone carvings often made of clear or milky white quartz known as "rock crystal." They are allegedly pre-Columbian Mesoamerican artifacts and can be found in the permanent collections of a number of world-class museums, including the Smithsonian and the British Museum. In occult and metaphysical circles, the skulls have magical and healing qualities: Anna Mitchell-Hedges (owner of a particularly famous skull) claimed that the skull could cause visions and cure cancer and that its magical properties could be used to kill. Drunvalo Melchizedek claims in *Serpent of Light* that he stumbled upon descendants of the ancient Mayans who possess crystal skulls for use in religious ceremonies in Yucatan temples. Jamie Sams writes of the skulls' association with Native American mythology. In this book, best-selling occultist and crystal expert Judy Hall provides a basic primer on crystal skulls: What they are Where they are found Their role in legend and lore around the world Their uses for physical and psychic healing Also included here in this stunning introductory text is an examination of the prominent "skull keepers" of the past 100 years and examination of how to use and communicate with a crystal skull. This is a terrific introductory text for those interested in occult and ancient mysteries and/or the power of gems and crystals.

This practical sixth book in the Crystal Prescriptions series covers crystals for karmic clearing, soul integration and healing the family tree. In addition to our own karma, we are hampered by ancestral memories, attitudes and beliefs that are not necessarily ours. Fortunately, some extraordinary new crystals have appeared which help us to quickly and easily break lineages and clear our 'junk DNA', without having to relive the trauma of karmic history. With the assistance

of these crystals, and some old favourites, it is possible to heal far back into the genealogical line and our own karmic past. The healing is then projected forward into the future so that generations to come can have the benefit of garnered soul and ancestral wisdom, but without the baggage.

A practical guide to the many healing and purifying uses of the mineral known as shungite • Explains how shungite counteracts the harmful effects of EMF and radiation from computers, cell phones, Wi-Fi, and other electronic devices • Cites many double-blind scientific and medical studies on shungite • Explores how shungite acts as a natural antioxidant, immune booster, pain reliever, and allergen suppressant as well as water purifier and revitalizer • Reveals how shungite contains fullerenes, which recent research shows are able to slow both the growth of cancer cells and the development of AIDS Found near the small village of Shunga in Russia, the remarkable mineral known as shungite formed naturally more than two billion years ago from living single-cell organisms. Used in Russian healing therapies since the time of Peter the Great, shungite contains almost the entire periodic table of the elements as well as fullerenes, the hollow carbon-based molecules that recent research shows are able to slow both the growth of cancer cells and the development of the AIDS virus. Citing many double-blind scientific and medical studies on shungite, Regina Martino explains

its many protective, healing, and detoxifying properties, including its ability to counteract the harmful effects of electromagnetic fields and radiation from computers, cell phones, Wi-Fi, and other electronic devices and appliances. Acting as a natural antioxidant, immune booster, pain reliever, and allergen suppressant, shungite and “shungite water” can be used to treat skin ailments and musculoskeletal diseases, accelerate the healing of cuts and wounds, cleanse internal systems, and increase the body’s intake of vital energy. Detailing shungite’s many microelements and biologically active substances, Martino reveals how the stones have been proven to purify and revitalize water. Exploring the energetic properties of shungite, she reveals how it facilitates energetic transfers between the chakras and higher energies outside the body and can be used to harmonize living spaces. Truly a marvel of the natural world, shungite offers protection against the perils of our modern technological world and healing for both body and spirit.
