For the first time, a book exists that compiles all the information candidates need to apply for their first Edge trimmer mechanics job, or to apply for a better job. What you'll find especially helpful are the worksheets. It is so much easier to write about a work experience using these outlines. It ensures that the narrative will follow a logical structure and reminds you not to leave out the most important points. With this book, you'll be able to revise your application into a much stronger document, be much better prepared and a step ahead for the next opportunity. The book comes filled with useful cheat sheets. It helps you get your career organized in a tidy, presentable fashion. It also will inspire you to produce some attention-grabbing cover letters that convey your skills persuasively and attractively in your application packets. After studying it, too, you'll be prepared for interviews, or you will be after you conducted the practice sessions where someone sits and asks you potential questions. It makes you think on your feet! This book makes a world of difference in helping you stay away from vague and long-winded answers and you will be finally able to connect with prospective employers, including the one that will actually hire you. This book successfully challenges conventional job search wisdom and doesn't load you with useful but obvious suggestions ('don't forget to wear a nice suit to your interview, ' for example). Instead, it deliberately challenges conventional job search wisdom, and in so doing, offers radical but inspired suggestions for success. Think that 'companies approach hiring with common sense, logic, and good business acumen and consistency?' Think that 'the most qualified candidate gets the job?' Think again! Time and again it is proven that finding a job is a highly subjective business filled with innumerable variables. The triumphant jobseeker is the one who not only recognizes these inconsistencies and but also uses them to his advantage. Not sure how to do this? Don't worry-How to Land a Top-Paying Edge trimmer mechanics Job guides the way. Highly recommended to any harried Edge trimmer mechanics jobseeker, whether you want to work for the government or a company. You'll plan on using it again in your

efforts to move up in the world for an even better position down the road. This book offers excellent, insightful advice for everyone from entry-level to senior professionals. None of the other such career guides compare with this one. It stands out because it: 1) explains how the people doing the hiring think, so that you can win them over on paper and then in your interview; 2) has an engaging, reader-friendly style; 3) explains every step of the job-hunting process - from little-known ways for finding openings to getting ahead on the job. This book covers everything. Whether you are trying to get your first Edge trimmer mechanics Job or move up in the system, get this book.

Graduation is always hailed as the start of a student's career, but for many graduates, it feels as though they are standing on the edge of a steep cliff. They are told to take the next step but they can't see it. All they see is a deep drop down into the unknown. This is also true for professionals who want to move into a different career. If you are changing careers, you also stand at the edge of that cliff, but you have an added obligation - you also have to master new skills to qualify for your new field. Good news! This book is your hang glider. It will allow you to step off that cliff and soar toward your future. Use Reaching for Your Future: How to Step into Your Dream Career as a handbook for preparing yourself to reach your dream career. In this book, you will: Discover who you are deep inside, what makes you happiest, and what your talents and passions are. Explore career choices that best fit who you are and what you want to accomplish so that you will do what you love. Learn how to create and update a powerful Curriculum Vitae (CV) or resume so that it expresses who you are and what you can do well. Find creative ways to boost your expertise and get experience in key areas needed for your chosen career. x Learn how to create an action plan with realistic milestones that energise you to reach for your goal. Most of all, you will discover resources that will help you get from Point A to Point B as you travel the path toward your dream career. You are standing at that cliff and looking out over a future of possibilities. If you just cross your fingers and step off, hoping that you will land where you want to be, you will probably miss - and end up with a lot of bruises. This is because the steps to your dream career are still nebulous and undefined. If you aren't sure where you are going, it will be difficult to get there because you don't know exactly where "there" is. This is why it is so critical that you read this book and honestly apply what you discover to your own life. By following these steps, you will be able to break into your dream career."

Entering a new field or advancing to better jobs is easier if you know how to communicate effectively in the lingo of the field. This book shows experience such as police officer, dispatcher, fireman, police chief, corrections officer, detective, deputy sheriff, police captain, security guard, personal protection specialist, and many other jobs. Whether you're staying in the field or exiting to other industries, this book can help. A word of advice from Editor Anne McKinney: "If you want to enter or advance in the police and law enforcement or security field, you don't need just any resume book. You need an industry-specific resume book! You will love this book targeted specifically to employment in the police, law enforcement, and security field. Every resume and cover letter we put in a Real-Resumes Series book has been tested and proven in the real job market. Don't play games with your career. Your choice of a resume book is one of the most important career decisions you will ever make." Praise for this book and other books in the Real-Resumes Series: "Distinguished by its highly readable samples." - Library Journal "These excellent new guides don't just provide the usual coverage on how to write a resume. They provide industry-specific examples, industry-specific tips and cautions, and industry-specific strategies based on real-world resumes. Since many technical types aren't writers, this comes as a special gift; select a winning format, plug in your background specs, and away you go. It's that easy--with Real-Resumes in hand." -- The Midwest Book Review "This thoughtful resource should come as a welcome and valuable tool." -- Small Press Testimonials from people who successfully used this book: "After years in law enforcement, I hit a point in my career when I had to compete for a promotion to police captain. I believe the great resume I created using Real-Resumes was what gave me the edge and landed me the job." D. Ramirez "I knew my dispatching experience was transferable to new fields. But I didn't know how to communicate it until I found the Real-Resumes models." A. Doctorow "I needed a resume versatile enough so that I could explore opportunities in corporations as well as in city and state law enforcement. Real-Resumes showed me how." D. Jones "As a personal protection specialist, my resume has to convey trust instantly. I gleaned many tips from the Real-Resumes samples which helped me develop a door-opening resume." J. Proctor "I was transitioning from military experience into the civilian community, and I felt like I was trying to communicate in a foreign language when I tried to prepare my resume. The samples in this book showed me how to translate military experience into civilian language, and I had many job offers." S. Tate
