

## Dare To Breathe The Maxwell Series Book 6

Having had his retirement snatched from him by malfunctioning technology, Peter 'Mad Max' Maxwell finds himself facing yet another new year at Leighford High School. His wife Jacquie, her hopes of a dedicated house husband dashed, is further annoyed when a family holiday turns into an impromptu Year Seven school trip. And the situation takes another turn for the worse when someone goes missing, forcing Jacquie to play the role of woman policeman. As the investigation escalates and a dead body is discovered, Maxwell, researching with paper and pencil, stumbles by accident on the linchpin to the whole case. He knows the reason - all he has to find is the murderer. With the answer lying in a missing piece of paper, divorces and deceit, will Maxwell survive to apply for retirement again?

Musician Kody Maxwell prefers being alone and writing music. He's tasted love briefly until the girl he loved died. Now, he's determined not to experience that kind of pain again. But when he meets a beautiful nurse with a voice of an angel, she may be the key to breaking his writer's block and the only one who can mend his broken heart. As Jessie and Kody begin to form a bond, they learn things about each other and themselves they didn't see coming. Will they dare to live when fear threatens to stop them? Now, a major league team is interested in her, but she knows that her sexy bad boy wants to get married. Fate is throwing curveballs at Kade and Lacey. Once upon a time there were three young ladies who, despite their fortunes, had been on the Marriage Mart a bit too long. They were known as the "Spinster Heiresses" . . . He's inherited a title, but not a penny to speak of, so the Earl of Rochdale knows he must find a wife—preferably one tolerably pretty and good-tempered, but definitely wealthy, and willing to exchange her fortune for his family name. His choice: Leonie Charnock, one of the season's "Spinster Heiresses." Years before, the earl had saved the dark-eyed beauty's reputation, and she is still breathtakingly lovely, leading Rochdale to hope that their marriage will be more than in name only. However, Leonie doesn't want to be anyone's wife. Nearly destroyed by the secrets in her past, Leonie agrees to their union with one condition: there will be a wedding but no bedding. But it's a condition the new Countess Rochdale isn't sure even she can keep . . .

To Maxwell Cooper's great pleasure, his horses of quality Quarab stock have been well received by American buyers. His goal of selling to

the Arab royal family would give his breeding business international credibility and prove that he wasn't the bad apple everyone had assumed. After missing his opportunity at auction two years in a row, he's been invited to back to back VIP sales and word on the street is that the royal family is going to be in attendance. And nothing will stop him from keeping his eye on the prize this time. Lena Fudge had been traveling the circuit as a newbie horse trader, but found herself fired after she passed along a hot tip while having hot sex with Maxwell Cooper. Now disgraced, she finds herself back in her family's home in the middle of nowhere horse country. Learning she's pregnant adds insult to injury, and despite her best efforts she's fulfilling her family's curse of living at home. She knows she has to tell Maxwell about the baby, but she refuses to ask for his help till she has her ducks in a row. That is until she runs into Maxwell at the auction stables after being rejected from a last ditch attempt to get her old job back. Maxwell has been dreaming of Lena since their night of passion four months ago. One look at her, and being pretty sure he was the one to pop her cherry, he realizes he's the father. But Maxwell knows Lena's pride would not allow him to take care of her, so he asks her to work with him as a horse trader. It's not charity. As it turns out, Lena is the full package. She's a dream in the stables, amazing with buyers, and not adverse to a roll in the hay. But when things begin to go deeper than just a sale or sex, they'll find themselves racing toward a bidding war that will either have them living a life of love or losing it all. Outcast Quinn Thompson believes boys only want one thing. Basketball star Maiken Maxwell believes girls are too pushy and talk too much. But they're about to change each other's opinions until their enemies step into the picture.

Risks are always worth taking. Cocky Kelton Maxwell is an impossibly sexy and charming college playboy who's set on attending Harvard Law. He has no interest in the trappings of romance. He only needs a prestigious internship at a highfalutin law firm to seal his application. But when a blast from his past shows up in Boston, his future is jeopardized. Kelton swore he would never put himself through heartache again. He would rather pledge his allegiance to the devil than drop to his knees to worship a woman, especially her. Feisty Lizzie Reardon is on a mission to find the man who stole her inheritance. Her only lead sends her to an art class, where she finds the boy she left standing on the hot Texas pavement several years ago. She isn't prepared to deal with Kelton, and she definitely isn't ready to see him posing naked for a room full of students. Yet she can't help but admire the boy who is now all man, hard, cut, and covered with colorful tattoos. Kelton won't dare to get close. Lizzie won't dare to let him in. Can they both dare to love? This book can be read as a standalone. ABOUT THE SERIES:

Retired homicide detective Gideon Maxwell is fed up watching killers go free. After the eleven o'clock news he screws a silencer to an unregistered gun and repeats his oath to protect as he buckles on a bullet proof vest. Under the darkness of a sleeping city, alley rats bear witness to a summary court. Gideon sentences the guilty within the blink of an eye, or in some cases the bat of a curled eyelash, if his Yiddish-swearing partner happens to join him in the shadows of Washington, D.C. Huldah Lehrer, when not playing contract bridge behind the gates of Leisure World, keeps an eye out for the next Nazi war criminal living among her Holocaust-survivor friends. The latest looks like the man Gideon hunted forty years. Her next door neighbor has a port-wine stain over his left eye. So does the shooter who killed Gideon's fiance during the botched assassination of Black Power spokesman Stokely Carmichael. Together Gideon and Huldah make strange bedfellows you may think. Looks can be intriguing, particularly when it comes to dishing out cold justice. Another sweltering day in Washington, DC, the metropolis slowly exhales. A tear dangles from Gideon Maxwell's nose before the thick of a salt and pepper beard sops his shame. Sitting in his library with the glow from two computer screens the only light, he silently weeps holding the picture of his dead fiance and feels the shiver after her dying breath. Today is the anniversary of the night a stray bullet tore life from her body and left a man little than a shell. Anger and guilt fill the hole in his heart. Revenge is packed in every bullet tonight meant for the grinning man with steel-gray eyes and a purple birthmark over his left brow. After forty years as the top homicide detective in the Metropolitan Police Department, he is as haunted as the day he retired without catching his fiance's killer. Before midnight her voice calls him to seek another cold-blooded killer to still his guilt. The next is sentenced and executed without remorse and juried trial. Plebeian

criminals are of little interest to former Det. Maxwell. He wants the guilty who by trick or treasure beat the system. Seeing their imminent end, most beg for jail. But, "Never again," is what they hear a few heartbeats before their last. Although Washington, DC does not have the death penalty, Gideon's court has but one sentence. There is no limit to his term delivering summary justice. As long as the voice of his only love calls him, he will scour the streets for demons until he catches the one who robs him of eternal happiness.

J.M. Coetzee's latest novel, *The Schooldays of Jesus*, is now available from Viking. *Late Essays: 2006-2016* will be available January 2018. Set in post-apartheid South Africa, J. M. Coetzee's searing novel tells the story of David Lurie, a twice divorced, 52-year-old professor of communications and Romantic Poetry at Cape Technical University. Lurie believes he has created a comfortable, if somewhat passionless, life for himself. He lives within his financial and emotional means. Though his position at the university has been reduced, he teaches his classes dutifully; and while age has diminished his attractiveness, weekly visits to a prostitute satisfy his sexual needs. He considers himself happy. But when Lurie seduces one of his students, he sets in motion a chain of events that will shatter his complacency and leave him utterly disgraced. Lurie pursues his relationship with the young Melanie—whom he describes as having hips "as slim as a twelve-year-old's"—obsessively and narcissistically, ignoring, on one occasion, her wish not to have sex. When Melanie and her father lodge a complaint against him, Lurie is brought before an academic committee where he admits he is guilty of all the charges but refuses to express any repentance for his acts. In the furor of the scandal, jeered at by students, threatened by Melanie's boyfriend, ridiculed by his ex-wife, Lurie is forced to resign and flees Cape Town for his daughter Lucy's smallholding in the country. There he struggles to rekindle his relationship with Lucy and to understand the changing relations of blacks and whites in the new South Africa. But when three black strangers appear at their house asking to make a phone call, a harrowing afternoon of violence follows which leaves both of them badly shaken and further estranged from one another. After a brief return to Cape Town, where Lurie discovers his home has also been vandalized, he decides to stay on with his daughter, who is pregnant with the child of one of her attackers. Now thoroughly humiliated, Lurie devotes himself to volunteering at the animal clinic, where he helps put down diseased and unwanted dogs. It is here, Coetzee seems to suggest, that Lurie gains a redeeming sense of compassion absent from his life up to this point. Written with the austere clarity that has made J. M. Coetzee the winner of two Booker Prizes, *Disgrace* explores the downfall of one man and dramatizes, with unforgettable, at times almost unbearable, vividness the plight of a country caught in the chaotic aftermath of centuries of racial oppression.

Lead-er-shift [verb]: The act of nimbly adapting one's leadership in the midst of rapid change. The term leadership may be new to you, but the climate of change that demands it is not. As a leader, you already know that it takes more than staying the course to be successful. The key to not just surviving but to continual innovation, improvement, and influence is to learn how to leadership. In the *Leadershift Workbook*, based on the bestselling book of the same name, author John C. Maxwell helps leaders make the changes the current fast-paced environment demands. He begins by helping leaders embrace seven principles to face every situation with flexibility and confidence: Continually learn, unlearn, and relearn Value yesterday, but live in today Rely on speed, but thrive on timing See the big picture as the picture keeps getting bigger Live in today, but think about tomorrow Move forward courageously in the midst of uncertainty Realize today's best will not meet tomorrow's challenges In each of the lessons in this workbook, John shares the critical shifts he has personally made over the course of his long and successful leadership career, including the Adaptive Shift from Plan A to Option A, the Production Shift from Ladder Climbing to Ladder Building, and the Influence Shift from Positional Authority to Moral Authority. These leaderships will change the way you think, act, and ultimately lead so you can be proactive and successful in an ever-changing world.
