A brilliant, action-packed and gripping novel of Charles Darwin's voyage on the Beagle - longlisted for the Man Booker Prize. In 1831 Charles Darwin set off in HMS Beagle under the command of Captain Robert Fitzroy on a voyage that would change the world. 'An outstandingly good first novel. A page-turning action-adventure combined with subtle intellectual arguments. The meticulous research enriches this fascinating tale' Sunday Telegraph 'A master storyteller' Sunday Times Brilliant young naval officer Robert FitzRoy is given the captaincy of HMS Beagle, surveying the wilds of Tierra del Fuego. He's a man of tradition and principle, with a firm belief in the sanctity of the individual in a world created by God. On board, is a passenger, Charles Darwin - a young trainee cleric, and amateur geologist. This is the story of a deep friendship between two men, and the twin obsessions that tear them apart, leading one to triumph, and the other to disaster.

A pioneering marine biologist takes us down into the deep ocean to understand bioluminescence—the language of light that helps life communicate in the darkness—and what it tells us about the future of life on Earth in this “thrilling blend of hard science and high adventure” (The New York Times Book Review). “Edith Widder’s story is one of hardscrabble optimism, two-fisted exploration, and groundbreaking research. She’s done things I dream of doing.”—James Cameron Edith Widder’s childhood dream of becoming a marine biologist was almost derailed in college, when complications from a surgery gone wrong caused temporary blindness. A new reality of shifting shadows drew her fascination to the power of light—as well as the importance of optimism. As her vision cleared, Widder found the intersection of her two passions in oceanic bioluminescence, a little-explored scientific field within Earth’s last great unknown frontier: the deep ocean. With little promise of funding or employment, she leaped at the first opportunity to train as a submersible pilot and dove into the darkness. Widder’s first journey into the deep ocean, in a diving suit that resembled a suit of armor, took her to a depth of eight hundred feet. She turned off the lights and witnessed

brehtaking underwater fireworks: explosions of bioluminescent activity. Concerns about her future career vanished. She only wanted to know one thing: Why was there so much light down there? Below the Edge of Darkness takes readers deep into our planet's oceans as Widder pursues her questions about one of the most important and widely used forms of communication in nature. In the process, she reveals hidden worlds and a dazzling menagerie of behaviors and animals, from microbes to leviathans, many never before seen or, like the legendary giant squid, never before filmed in their deep-sea lairs. Alongside Widder, we experience life-and-death equipment malfunctions and witness breakthroughs in technology and understanding, all set against a growing awareness of the deteriorating health of our largest and least understood ecosystem. A thrilling adventure story as well as a scientific revelation, Below the Edge of Darkness reckons with the complicated and sometimes dangerous realities of exploration. Widder shows us how when we push our boundaries and expand our worlds, discovery and wonder follow. These are the ultimate keys to the ocean's salvation—and thus to our future on this planet.

Known as the working man's poet, the Boardwalk prophet, or simply, the Boss. If "love is a banquet at which we feed," Bruce Springsteen has provided much food for thought. In this collection of metaphysical probes, a gang of E-street philosophers will undress Bruce's deeper mysteries like irresistible Jersey girls. Can Springsteen settle the nature-nurture debate through his song "Born to Run"? What do the famous philosopher Ricouer and Springsteen have in common in their depiction of time? These die-hard Springsteen fans, who just happen to be philosophers, compile an entertaining handbook to the field of Springsteen studies, covering topics like Springsteen's connection to Marx and the proletariat, Springsteen's concept of the soul, and his status as a poet.

Like Anita Shreve, Myerson writes in a literary and yet accessible manner. Her fifth book is a story of a troubled woman who falls for an outsider who has come to uncover the truth.

In the fourth novel in the Babylon Rising series, biblical archaeologist Michael Murphy stumbles upon clues to an ancient evil as he follows a trail to the long-lost temple of Dagon, the deadly Philistine deity that is half-human and half-fish. Reprint.

"Chief Jim Hopper reveals long-awaited secrets to Eleven about his old life as a police detective in New York City, confronting his past before

the events of the hit show Stranger Things. Christmas, Hawkins, 1984. All Chief Jim Hopper wants is to enjoy a quiet first Christmas with Eleven, but his adopted daughter has other plans. Over Hopper's protests, she pulls a cardboard box marked "New York" out of the basement--and the tough questions begin. Why did Hopper leave Hawkins all those years ago? What does "Vietnam" mean? And why has he never talked about New York? Although he'd rather face a horde of demogorgons than talk about his own past, Hopper knows that he can't deny the truth any longer. And so begins the story of the incident in New York--the last big case before everything changed. . . . Summer, New York City, 1977. Hopper is starting over after returning home from Vietnam. A young daughter, a caring wife, and a new beat as an NYPD detective make it easy to slip back into life as a civilian. But after shadowy federal agents suddenly show up and seize the files about a series of brutal, unsolved murders, Hopper takes matters into his own hands, risking everything to discover the truth. Soon Hopper is undercover among New York's notorious street gangs. But just as he's about to crack the case, a blackout rolls across the boroughs, plunging Hopper into a darkness deeper than any he's faced before."

They called him the Volatar. He came from nothing. Found his power. Became a legend, then lost it all. Now he has all the power in the world but can't touch it. With war growing, an old enemy on his heels, his best friend by his side, only the north holds the secret to reconnecting with his lost power. But war has a way of pushing old heroes aside. Hevith Alaster knew nothing of the Hith when their dark magic took his family away. Life on the wagon train had been simple. Keep moving north, stay ahead of the war. But war found him all the same. Hurt, humbled, and left to rot in a northern prison, Hevith must carve out a new life for himself in the wake of tragedy--but only if he can find a way to break free before the Hith break him. Either he must rise to the challenge or he will be yet another casualty on the Hith's path to total domination.

In the dead of winter, a super EMP destroys the nation's power grid. No electricity. No cars or phones. Worst of all: No heat. The country is plunged into instant chaos. But for twenty-six-year-old Hannah Sheridan, it's the best day of her life. For the last five years, she's been held captive by a sadistic psychopath--until the EMP releases the lock of her prison. Hannah emerges from her underground cell into a hostile winter landscape with no way to call for help, no vehicle that will drive, armed with nothing but the clothes on her back and her own determination to survive. Liam Coleman, cynical loner and former soldier, is headed nowhere fast. He believed he was prepared for any disaster--until the EMP took everything he'd ever cared about in a matter of seconds. When he runs across a desperate woman who will die without his help, he's forced to make a choice. Two hundred frozen, perilous miles stand between them and their destination in rural Michigan. But the lack of power, desperate people, and the treacherous elements aren't the only threats. Hannah's captor isn't about to let her go. He will hunt her to the ends of the earth and beyond, destroying anything and anyone who gets in his way. For she has something he wants--she's nine months pregnant with his child. Edge of Collapse is a gripping post-apocalyptic EMP thriller perfect for fans of Ryan Schow, Grace Hamilton, Harley Tate, Jack Hunt, and Boyd Craven.

In this sequel to "The Edge of Everything, " X returns to the Lowlands to discover his past, which could be the key to breaking the

Lords' hold on him. Little does X know that Zoe has a plan to reunite with him, too--one that risks her life and everything she and X have fought for.

Kitty Dukakis, Joan Rivers, Mike Wallace, Jules Feiffer, and many other famous people, along with the author, tell how they overcame depression, alongside information by medical experts on the workings of depression and varieties of treatment. Reprint. The blistering story of a young man making his Broadway debut in Henry IV just as his marriage implodes--an utterly transfixing book about art and love, fame and heartbreak from the acclaimed actor/writer/director. Hawke's first novel in nearly twenty years is a bracing meditation on fame and celebrity, and the redemptive, healing power of art; a portrait of the ravages of disappointment and divorce; a poignant consideration of the rites of fatherhood and manhood; a novel soaked in rage and sex, longing and despair; and a passionate love letter to the world of theater. A Bright Ray of Darkness showcases Ethan Hawke's gifts as a novelist as never before. Hawke's narrator is a young man in torment, disgusted with himself after the collapse of his marriage, still half-hoping for a reconciliation that would allow him to forgive himself and move on as he clumsily, and sometimes hilariously, tries to manage the wreckage of his personal life with whiskey and sex. What saves him is theater: in particular, the challenge of performing the role of Hotspur in a production of Henry IV under the leadership of a brilliant director, helmed by one of the most electrifying--and narcissistic--Falstaff's of all time. Searing and raw, A Bright Ray of Darkness is a novel about shame and beauty and faith, and the moral power of art.

Darkness on the Edge of Town

The final offensives of the Second World War – Arnhem, the Rhine crossing and the invasion of Germany – provide war-shattered settings for John Prebble's novel, The Edge of Darkness. In this, the most intimately experience of all his books, he records the feelings and reactions (seldom heroic) of five very different members of a front-line searchlight troop. But victory and vengeance breed anti-climax. In the rubble of post-war Hamburg, with its currency of cigarettes and its sinister black market, and in the brief, flickering affair between Ted Jones and a tragic German widow John Prebble faithfully portrays Germany in defeat. Like Culloden, his famous account of the Forty-five, The Edge of Darkness is neither cheerful nor glorious. It is a grim but just epitaph on war.

One morning the residents of Walden, Virginia, woke up to find the rest of the world gone. Just . . . gone. Surrounding their town was a wall of

inky darkness, plummeting Walden into permanent night. Nothing can get in - not light, not people, not even electricity, radio, TV, internet, food, or water. And nothing can get out. No one who dared to penetrate the mysterious barrier has ever been seen again. Only their screams were heard. But for some, the darkness is not the worst of their fears. Driven mad by thirst, hunger, and perpetual night, the residents of Walden are ready to explode. The last few sane prisoners of this small town must prepare a final stand against their neighbors, themselves, and something even worse . . . something out there . . . in the darkness .

"A sharp fantasy thriller." --People "Swoonworthy." --Time "Sharp, dark, thoughtful and romantic." --Cassandra Clare, #1 New York Times bestselling author When their worlds collide, X and Zoe are pushed to the edge of everything in this much-buzzed-about tour de force YA fantasy from Entertainment Weekly veteran Jeff Giles. For the perfect love, what would you be willing to lose? It's been a shattering year for seventeen-year-old Zoe, who's still reeling from her father's shocking death in a caving accident and her neighbors' mysterious disappearance from their own home. Then on a terrifying subzero, blizzardy night in Montana, she and her brother are brutally attacked in the woods--only to be rescued by a mysterious bounty hunter they call X. X is no ordinary bounty hunter. He is from a hell called the Lowlands, sent to claim the soul of Zoe's evil attacker and others like him. X is forbidden from revealing himself to anyone other than his prey, but he casts aside the Lowlands' rules for Zoe. As they learn more about their colliding worlds, they begin to question the past, their fate, and their future. But escaping the Lowlands and the ties that bind X might mean the ultimate sacrifice for them both. Gripping and full of heart, this epic start to a new series will bring readers right to the edge of everything.
