I was born in Syracuse, NY and I was raised in Cape Vincent, a small town in Upstate New York. The town was close to the Canadian border and it was also close to the Thousand Islands; where Boldt castle was built on Heart Island. I graduated from Thousand Islands High school in Clayton, NY. During my Junior and Senior years, I was able to attend Jefferson Technical Vocational School in Watertown, NY; Where I took courses for Graphic Designing. When I was a young girl, I had a passion for writing and a very vivid imagination. By the time I was a teenager; I began to put that imagination into action and thats when my stories began. Ive since moved to Beulah, AL and settled down to raise my 6 year old son, Zackary, as a single mom and three cats...2 Siamese, named Rozzie and Tasha and a Black and white (tuxedo) named Rooney and we are loving every moment of it. My current job is working as a Receptionist at a Veterinary Hospital.

[The] Gravewindow is a favorite of mine. Transient is terrifying. Skin is visceral. It's like looking under a magnifying glass, decay up close and personal, and it's really disgusting."

Ken Mooney brings the demons and the Greek gods back to our world in the exciting sequel to Godhead. Olympus has been restored, and demons ravage the world once more. Aphrodite, ally to the demons for so long, has eaten of the sacred tree, her full powers restored; Hannah Noakes, daughter of Hera, claimed her birthright with a bloody murder that may be the loss of her soul. And Unity Vaughan has risen from the dead with the power to defeat a goddess. To a dead god-king, they are all part of a bigger plan, a plan that is older than the city, older even than the gods. Deep beneath Olympus, bound by the crystal roots of an impossible tree, the Father of Demons stirs.

A study in the collision between Western medicine and the beliefs of a traditional culture focuses on a hospitalized child of Laotian immigrants whose belief that illness is a spiritual matter comes into conflict with doctors' methods.

At the heart of the universe is a steady, insistent beat, the sound of cycles in sync. Along the tidal rivers of Malaysia, thousands of fireflies congregate and flash in unison; the moon spins in perfect resonance with its orbit around the earth; our hearts depend on the synchronous firing of ten thousand

pacemaker cells. While the forces that synchronize the flashing of fireflies may seem to have nothing to do with our heart cells, there is in fact a deep connection. Synchrony is a science in its infancy, and Strogatz is a pioneer in this new frontier in which mathematicians and physicists attempt to pinpoint just how spontaneous order emerges from chaos. From underground caves in Texas where a French scientist spent six months alone tracking his sleep-wake cycle, to the home of a Dutch physicist who in 1665 discovered two of his pendulum clocks swinging in perfect time, this fascinating book spans disciplines, continents, and centuries. Engagingly written for readers of books such as Chaos and The Elegant Universe, Sync is a tour-de-force of nonfiction writing.

Kiersten White, New York Times bestselling author of *Paranormalcy*, is back with *The Chaos of Stars*, an enchanting novel set in Egypt and San Diego that captures the magic of first love and the eternally complicated truth about family. Blending Ally Carter's humor and the romance of Cynthia Hand's *Unearthly*, *The Chaos of Stars* takes readers on an unforgettable journey halfway across the world and back, and proves there's no place like home.

Isadora's family is seriously screwed up—which comes with the territory when you're the human daughter of the Egyptian gods Isis and Osiris. Isadora is tired of her immortal relatives and their ancient mythological drama, so when she gets the chance to move to California with her brother, she jumps on it. But her new life comes with plenty of its own dramatic—and dangerous—complications . . . and Isadora quickly learns there's no such thing as a clean break from family.

The following is the last book of the Science Fiction journaling series, which started as *Unrequited Love Letters*. This series is wholly experimental, dealing with Extraterrestrial contact and hybrids of mythos storylines. It maintains a general day to day journaling feel, while exploring supernatural ideas.

This book, originally published in 2002, argues that the Mongol invasion of the thirteenth century precipitated a transformation of marriage and property law in China that deprived women of their property rights and reduced their legal and economic autonomy. It describes how after a period during which women's property rights were steadily improving, and laws and practices affecting marriage and property were moving away from Confucian ideals, the Mongol occupation created a new constellation of property and gender relations that persisted to the end of the imperial era. It shows how the Mongol-Yüan rule in China ironically created the conditions for radical changes in the law, which for the first time brought it into line with the goals of Learning the Way Confucians and which curtailed women's financial and personal autonomy. The book evaluates the Mongol invasion and its influence on Chinese law and society. Four native Chinese realize their dreams and immigrate to America, where even warring Chinese organized crime families, hardship, and prejudice cannot keep them from finding love and freedom

MTV's 16 and Pregnant and Teen Mom, they've been known for their inspiring commitment to growing up right. Between their experience placing their first daughter for adoption, and their struggle to cope with problems in their families, Catelynn and Tyler were challenged in every imaginable way. But against all odds, the childhood sweethearts rose above the dysfunction to become responsible adults whose story has inspired many others. How did two troublemaking kids from the trailer park make it through the storm of family dysfunction, teen pregnancy, and adoption without letting go of each other? What gave them the strength to conquer the chaos of their lives and go on to become people their children could be proud of? And what really happened when the cameras weren't there? Now, in their debut book, Catelynn and Tyler tell the story in their own words...and they leave nothing out. From the wild behavior that went down before MTV to their experiences learning and teaching about adoption, Catelynn and Tyler lay it all out on the table. Open, honest, raw, and real, Conquering Chaos is an incredible look at two young people who beat the odds and used their victories to give hope to others.
