Roy Justin Snell wrote more than 75 novels for young adults under his own name and also using the pseudonyms David O'Hara, James Craig and Joseph Marino. His tales were mostly directed at boys, though he wrote at least one series of mysteries for girls.

New York Times Bestseller A collection of essays spanning politics, criticism, and feminism from one of the most-watched young cultural observers of her generation, Roxane Gay. "Pink is my favorite color. I used to say my favorite color was black to be cool, but it is pink—all shades of pink. If I have an accessory, it is probably pink. I read Vogue, and I'm not doing it ironically, though it might seem that way. I once live-tweeted the September issue." In these funny and insightful essays, Roxane Gay takes us through the journey of her evolution as a woman (Sweet Valley High) of color (The Help) while also taking readers on a ride through culture of the last few years (Girls, Django in Chains) and commenting on the state of feminism today (abortion, Chris Brown). The portrait that emerges is not only one of an incredibly insightful woman continually growing to understand herself and our society, but also one of our culture. Bad Feminist is a sharp, funny, and spot-on look at the ways in which the culture we consume becomes who we are, and an inspiring call-to-arms of all the ways we still need to do better.

A book of male nude portraits shot around the theme of manual labour.

The major character in the story is Troy O'Neill, an Arizona boy reared by a religious mother of Dutch heritage and an adventurous Irish father. The boy treks northward into the wilds of the mountains and canyons of Utah in search of an ancient Aztec treasure. Amid harrowing experiences and life-and-death struggles, the impossible dream comes true.

Paying tribute to Ansel Adams and the California Sierra Nevada wilderness area named in his honor, an esteemed National Geographic photographer captures the fragile beauty of the High Sierras through the modern lens of digital photography.

Themes: Hi-Lo, Lifeskills, career, achieve independence, skills, driving. Combining practical content with visual appeal, the 21st Century Lifeskills handbooks read more like a magazine than a book. Highly readable with full-color photographs, a smaller trim size and an eye-popping layout, these 120-page handbooks are great for teaching life skills to a twenty-first century population. The 10 handbooks in this series will provide readers a thorough and non-threatening introduction to the multi-dimensional competencies, concepts, and vocabulary they need to achieve independences--including community resources, job searching, money management, job etiquette, health, moving and more. Used along or in conjunction with the 21st Century Lifeskills worktexts, these handbooks offer students a unique and visual way to achieve real-world literacy. The handbook is a thorough and non-threatening introduction to: Becoming a Good Driver; Buying a Car; Maintenance and Repair; Driving and the Law. This handbook offers students a unique and visual way to achieve real-world literacy.

How do you explain death to a young child? This simple metaphor engages the reader with little Max who despite special challenges is a very happy caterpillar. One day when little Max doesn't feel well his Mom wraps him in a blanket she calls his cocoon. When it is discovered that Max is gone everyone becomes sad. But Max is not really gone because Max the happy caterpillar has become Max the happy butterfly.

In these delightfully candid musings about his life and his cinema, RGV reveals the man behind pioneering Telugu and Hindi films such as Shiva, Rangeela, Satya, Sarkar, Bhoot and Company. Discussing a wide range of subjects, from the influences and circumstances that drew him to films to his cinematic techniques, his successful and unsuccessful films, his Bollywood idols, his relations with the media and the controversies dogging him, Guns & Thighs is as much about RGV's life and philosophy of life as about his films and the Indian film world.

Characteristically, he pulls no punches, whether he's talking about movies, women or the media. Even when it comes to his own films, he embraces his failures as much his successes and dissects them with rare honesty and humility. Refreshingly contrarian and politically incorrect, this book discloses a perspective as colourful and larger than life as Indian films. It is not for RGV fans alone but for all those passionate about cinema and the people associated with it.

Over 800 color photographs form an impeccable visual database for the diagnosis of all skin disorders of neonates, infants, and children. For each condition, one or more clinical photographs are supplied making differential diagnosis quick and easy. Next, you'll find a concise summary of clinical features, etiology, prognosis, and therapeutic approaches. Important new topics include skin signs of abuse, trichothiodystrophy, unilateral laterothoracic exanthem, congenital self-healing reticulohistiocytosis, cutaneous manifestations of HIV infection and much more.

Hachi's happiness with Nobu is slipping through her fingers as an unexpected complication with Takumi threatens to upend her entire life. And unlike her past romantic woes, the choice she makes now will change the lives of everyone around her. -- VIZ Media

Autobiography of an Indian actress.

An ancient Hindu text, "The Kama Sutra" is attributed to Vatsyayana-a Vedic philosopher of the Gupta Empire. The book offers advice on the practice of sexual intercourse, with additional passages about virtue, love, family, and other aspects of human life. It is arguably the world's most famous literary document concerning human sexuality.

Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

This book, written for both traders and investors, explores the tools and techniques that discretionary and algorithmic traders need to profit in today's competitive markets. Divided into segments, this guide shows you how to incorporate simple logical trading strategies into a step-by-step checklist to execute. Along the way, you will learn a method of analysis that focuses on specific market structure patterns the author has used profitably for over a decade, psychological techniques to reduce emotional interference, and a new concept called INNER-Market Analysis that provides accurate price forecasting. You also will come to a new understanding of the importance of position sizing and trade management. Created with the serious trader and investor in mind - whether beginner or professional - Technical Trading Mastery puts the author's approach in perspective, and it will put you on the path to win. Topics covered throughout the book include everything from understanding who you are, the foundations of market structure, trend identification, cycle analysis, volatility, volume, what to trade and, trade management. Finally, it tells you how to put it all together so that you have a tested tradable system to follow. These 7 SIMPLE STEPS TO WIN WITH LOGIC - along with the tools and techniques provided - will give you the edge needed to improve your trading and investing results dramatically.

AN INSTANT NEW YORK TIMES BESTSELLER! From the # 1 New York Times bestselling author of Eat Pray Love and The Signature of All Things, a delicious novel of glamour, sex, and adventure, about a young woman discovering that you don't have to be a good girl to be a good person. "A spellbinding novel about love, freedom, and finding your own happiness." - PopSugar "Intimate and richly sensual, razzle-dazzle with a hint of danger." -USA Today "Pairs well with a cocktail...or two." -TheSkimm "Life is both fleeting and dangerous, and there is no point in denying yourself pleasure, or being anything other than what you are." Beloved author Elizabeth Gilbert returns to fiction with a unique love story set in the New York City theater world during the 1940s. Told from the perspective of an older woman as she looks back on her youth with both pleasure and regret (but mostly pleasure), City of Girls explores themes of female sexuality and promiscuity, as well as the idiosyncrasies of true love. In 1940, nineteen-year-old Vivian Morris has just been kicked out of Vassar College, owing to her lackluster freshman-year performance. Her affluent parents send her to Manhattan to live with her Aunt Peg, who owns a flamboyant, crumbling midtown theater called the Lily Playhouse. There Vivian is introduced to an entire cosmos of unconventional and charismatic characters, from the fun-chasing showgirls to a sexy male actor, a grand-dame actress, a lady-killer writer, and no-nonsense stage manager. But when Vivian makes a personal mistake that results in professional scandal, it turns her new world upside down in ways that it will take her years to fully understand. Ultimately, though, it leads her to a new understanding of the kind of life she craves - and the kind of freedom it takes to pursue it. It will also lead to the love of her life, a love that stands out from all the rest. Now eighty-nine years old and telling her story at last, Vivian recalls how the events of those years altered the course of her life - and the gusto and autonomy with which she approached it. "At some point in a woman's life, she just gets tired of being ashamed all the time," she muses. "After that, she is free to become whoever she truly is." Written with a powerful wisdom about human desire and connection, City of Girls is a love story like no other.

"Designed as an informational resource for patients, Your Pregnancy and Childbirth: Month to Month Seventh Edition sets forth current information and clinical opinions on subjects related to women's health and reproduction. Looking for love positions for the lazy or tired, or do you want to actively dominate? Take your pick! The modern Kamasutra in pictures will satisfy any, even the most demanding taste.

Nisha Sharma's hilarious new romantic comedy inspired by The Taming of the Shrew features a love-phobic TV doctor who must convince a love-obsessed homebody they are destined to be together. Kareena Mann dreams of having a love story like her parents, but she prefers restoring her classic car to swiping right on dating apps. When her father announces he's selling her mother's home, Kareena makes a deal with him: he'll gift her the house if she can get engaged in four months. Her search for her soulmate becomes impossible when her argument with Dr. Prem Verma, host of The Dr. Dil Show, goes viral. Now the only man in her life is the one she doesn't want. Dr. Prem Verma is dedicated to building a local community health center, but he needs to get donors with deep pockets. The Dr. Dil Show was doing just that, until his argument with Kareena went viral, and he's left short changed. That's when Kareena's meddling aunties presented him with a solution: convince Kareena he's her soulmate and they'll fund his clinic. Even though they have conflicting views on love-matches and arranged-matches, the more time Prem spends with Kareena, the more he begins to believe she's the woman he wants to spend the rest of his life with. But for Prem and Kareena to find their happily ever after, they must admit that hate has turned into fate. "Nisha Sharma always delights."--Meg Cabot, #1 New

York Times bestselling author on Radha and Jai's Recipe for Romance

This title was first published in 2003. This book seeks to establish whether a Christian position must entail a belief in hell or whether Christians can hold a coherent theory of universal salvation. Richard Swinburne's defence of hell depends on the argument that hell is necessary if humans are to be genuinely free. It becomes clear that the contemporary discussion of hell and universalism cannot be separated from the issues of human freedom and God's knowledge, and so Hall centres the discussion round the question 'Are we Free to Reject God?' John Hick argues that although we are free to reject God there will eventually be an universalist outcome. Having examined the contrasting arguments of Hick and Swinburne, Hall builds on Hick's position to develop an argument for Christian universal salvation which holds in balance our freedom in relation to God and the assurance that all will finally be saved.

It's no secret that certain social groups have predominated India's business and trading history, with business traditionally being the preserve of particular 'Bania' communities. However, the past four or so decades have seen a widening of the social base of Indian capital, such that the social profile of Indian business has expanded beyond recognition, and entrepreneurship and commerce in India are no longer the exclusive bastion of the old mercantile castes. In this meticulously researched book, acclaimed for being the first social history to document and understand India's new entrepreneurial groups, Harish Damodaran looks to answer who the new 'wealth creators' are, as he traces the transitional entry of India's middle and lower peasant castes into the business world. Combining analytical rigour with journalistic flair, India's New Capitalists is an essential read for anyone seeking to understand the culture and evolution of business in contemporary South Asia.

'You look as if you've seen a ghost!' Jade is used to living in the shadow of her best friend, Vicky. Vicky's sparkly, hilarious and full of life. And, she's certainly not going to let a small thing like being dead stop her from living life to the full. But as Jade attempts to move on, Vicky is determined to make her presence felt. Vicky Angel is a heartwarming and hilarious read that explores grief, guilt and confidence. A moving story that young readers will adore. Readers will weep, identify and enjoy the book enormously - Sunday Times Photographs that are neither digitally augmented nor airbrushed show what women really look like after giving birth and encourage new mothers to embrace their bodies as they are.

Presents recipes for appetizers, soups, main dishes, salads, and desserts using vegetables from the garden.

A riveting account of how a popularly elected leader has steered the world's largest democracy toward authoritarianism and intolerance Over the past two decades, thanks to Narendra Modi, Hindu nationalism has been coupled with a form of national-populism that has ensured its success at the polls, first in Gujarat and then in India at large. Modi managed to seduce a substantial number of citizens by promising them development and polarizing the electorate along ethno-religious lines. Both facets of this national-populism found expression in a highly personalized political style as Modi related directly to the voters through all kinds of channels of communication in order to saturate the public space. Drawing on original interviews conducted across India, Christophe Jaffrelot shows how Modi's government has moved India toward a new form of democracy, an ethnic democracy that equates the majoritarian community with the nation and relegates Muslims and Christians to second-class citizens who are harassed by vigilante groups. He discusses how the promotion of Hindu nationalism has resulted in attacks against secularists, intellectuals, universities, and NGOs. Jaffrelot explains how the political system of India has acquired authoritarian features for other reasons, too. Eager to govern not only in New Delhi, but also in the states, the government has centralized power at the expense of federalism and undermined institutions that were part of the checks and balances, including India's Supreme Court. Modi's India is a sobering account of how a once-vibrant democracy can go wrong when a government backed by popular consent suppresses dissent while growing increasingly intolerant of ethnic and religious minorities.

With the recent uptick of violence in schools, it is essential to strategize new concepts for promoting nonviolent tendencies in children and creating safe environments. Through nonviolent teaching techniques, it is possible to effectively demonstrate mutual respect, tolerance, and compassion in order to have a lasting peace. Cultivating a Culture of Nonviolence in Early Childhood Development Centers and Schools aims to expand and deepen multicultural nonviolent teaching techniques and concepts to achieve desired outcomes for early childhood development centers, schools, institutions of higher learning, and centers of teacher development and training. While highlighting topics including child development, conflict resolution, and classroom leadership, this book is ideally designed for teachers, directors, principals, teacher organizations, school counselors, psychologists, social workers, government officials, policymakers, researchers, and students.

As women of childbearing age have become heavier, the trade-off between maternal and child health created by variation in gestational weight gain has become more difficult to reconcile. Weight Gain During Pregnancy responds to the need for a reexamination of the 1990 Institute of Medicine guidelines for weight gain during pregnancy. It builds on the conceptual framework that underscored the 1990 weight gain guidelines and addresses the need to update them through a comprehensive review of the literature and independent analyses of existing databases. The book explores relationships between weight gain during pregnancy and a variety of factors (e.g., the mother's weight and height before pregnancy) and places this in the context of the health of the infant and the mother, presenting specific, updated target ranges for weight gain during pregnancy and guidelines for proper measurement. New features of this book include a specific range of recommended gain for obese women. Weight Gain During Pregnancy is intended to assist practitioners who care for women of childbearing age, policy makers, educators, researchers, and the pregnant women themselves to understand the role of gestational weight gain and to provide them with the tools needed to promote optimal pregnancy outcomes.

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

This interesting and authoritative book includes essential facts about the various forms of Japanese music and musical instruments and their place in the overall history of Japan. Japanese Music and Musical Instruments has three main orientations: The history of Japanese music Construction of the instruments Analysis of the music itself. The book covers in a lucidly written text and a wealth of fascinating photographs and drawings the main forms of musical expression. Many readers will find the useful hints on purchasing instruments, records, and books especially valuable, and for those who wish to pursue the matter further there is a selected bibliography and a guide to Tokyo's somewhat hidden world of Japanese music. It will be found an invaluable aid to the understanding and appreciation of an important, but little-known, and fascinating aspect of Japanese culture.

Winner of the Healthy Teen Network's Carol Mendez Cassell Award for Excellence in Sexuality Education and the American Sociological Association's Children and Youth Section's 2012 Distinguished Scholarly Research Award For American parents, teenage sex is something to be feared and forbidden: most would never consider allowing their children to have sex at home, and sex is a frequent source of family conflict. In the Netherlands, where teenage pregnancies are far less frequent than in the United States, parents aim above all for family cohesiveness, often permitting young couples to sleep together and providing them with contraceptives. Drawing on extensive interviews with parents and teens, Not Under My Roof offers an unprecedented, intimate account of the different ways that girls and boys in both countries negotiate love, lust, and growing up. Tracing the roots of the parents' divergent attitudes, Amy T. Schalet reveals how they grow out of their respective conceptions of the self, relationships, gender, autonomy, and authority. She provides a probing analysis of the way family culture shapes not just sex but also alcohol consumption and parent-teen relationships. Avoiding caricatures of permissive Europeans and puritanical Americans, Schalet shows that the Dutch require self-control from teens and parents, while Americans guide their children toward autonomous adulthood at the expense of the family bond.
