The essays in Racialized Politics of Desire in Personal Ads explore complex intersections among the social categories of race, gender and sexuality within personal ads, revealing a dynamic tapestry of power relations and hierarchies. The ephemeral nature of personal ads, their anonymity, the space limitations, and the linguistic encoding characteristic of the genre make it an interesting and important opportunity to witness the performative nature of identity politics.

In both feminist theory and Shakespearean criticism, questions of sexuality have consistently been conflated with questions of gender. First published in 1992, this book details the intersections and contradictions between sexuality and gender in the early modern period. Valerie Traub argues that desire and anxiety together constitute the erotic in Shakespearean drama – circulating throughout the dramatic texts, traversing

'masculine' and 'feminine' sites, eliciting and expressing heterosexual and homoerotic fantasies, embodiments, and fears. This is the first book to present a non-normalizing account of the unconscious and the institutional prerogatives that comprise the erotics of Shakespearean drama. Employing feminist, psychoanalytic, and new historical methods, and using each to interrogate the other, the book synthesises the psychic and the social, the individual and the institutional.

All she wanted was one night of sensual bliss. What she got was double the pleasure. When Summer Hughes is finally given an invitation to The Players Club, she's beyond ready to spend an evening with a gorgeous, dominant stranger. Declan Burke is pure alpha male and exactly what she's looking for, the kind of man who will tap into all her dark, forbidden desires and make them all a reality. What Summer doesn't count on is Declan's step-brother, Rick Dunne, who is equally commanding . . . and fiercely protective. Both men want her . . . but can they both have her?

I thought all I wanted in my life was to succeed at football and one day take over my grandfather's ranch. Nothing else mattered but those two things. Why suddenly did she appear every single night in my dreams? The faceless woman who had me waking up each morning soaked in sweat with my heart nearly pounding right out of my chest. Who was she? Where was she? And why was she the one thing I desired more than anything?

I crave her scent. I can't stay away. Nothing can keep me from claiming the new waitress at the diner. Except for her other mate, the scent match I didn't know existed. He's a stranger to me and our pack, but now we must work together. Two mates for our female. Our mate is human, untouched. She doesn't know about our kind. We must convince her to accept not one, but two mates. Two cowboys in her bed. Two dominant wolves to protect her. And my scent match's wolf is turning feral with need. We touch our mate. We can't get enough. We need to claim her and mark her as ours before his wolf goes mad. She's a virgin, so we have to be careful—shifters can be rough. And we're not the only ones who want her—she's being hunted by another male. But I will protect her if it's the last thing I do. Even if it means keeping her from her other mate.

The sole remaining member of the most famous shifter hunter family in history, Owen Nightingale is a mercenary and a man with a secret held in his closely guarded heart, but when a beautiful rare shifter catches his eye and offers him a job, he has the feeling he'll be the one paying for helping her—with his heart. Cait is in a spot of trouble with a capital T. A male hellcat has set his sights on claiming her and she's one kitty who doesn't want a collar. When she meets a dark, alluring and mysterious hunter, she sees a chance to rid herself of the male, but the price Owen sets and the fierce passion that burns white-hot between them lures her dangerously under his seductive spell. Can Owen discover the true intent of the male hellcat and stop Cait from falling into his hands? And can Cait retain control as the heat of desire burns between her and Owen, or will a reckless moment seal both of their fates forever? If you like Kresley Cole's *Immortals After Dark*, Sherrilyn Kenyon's *Dark-Hunters* and Larissa Ione's *Demonica* world, you won't be able to put down the addictive

Braden A coffee dousing and an elevator ride from hell. Like a scene straight out of a bad romantic comedy, that's how it started for us. And one crazy, magical night with Isabella was all I needed to realize she was special. She didn't see it at the time, but I always knew she was going places. And while Fate brought us together, in an ironic twist, Isabella needed me to push her (away) so she could finally see the truth for herself. Now, that all seems like a lifetime ago after I promised myself I wouldn't be the guy who holds her back. So here I am, back where I belong, in the Gray Industries boardroom. And I'm about to seal the hostile takeover that will finally erase the only stain on my perfect career record. There's just one problem, though. Isabella wasn't supposed to be here. And it's suddenly dawned on me that I was a fool for thinking I'm over her. Can I dare to believe that Fate still has one final hand to play? Isabella I won't lie to you. I'm freaking out a bit right now. That's what blowing up all over social media will do to you. And don't get me started on being stopped by fans on the sidewalk. But this is what I've dreamed of all my life—making it as a professional comedian. My stars are finally aligning, and it feels like everything in my life has building toward this moment. But if this is what I've always wanted, then why does it feel like there's a gaping hole inside my chest? I've convinced myself this is for the best. That one day I'll look back on my time with Braden and know I made the right decision. But what if I'm wrong? Move on is what my head is telling me. But that's not so easy when my heart wants to believe our story's final chapter still needs to be written.

There's no trust between them, only unstoppable passion...

The book that helped make Michael Pollan, the New York Times bestselling author of *How to Change Your Mind*, *Cooked* and *The Omnivore's Dilemma*, one of the most trusted food experts in America Every schoolchild learns about the mutually beneficial dance of honeybees and flowers: The bee collects nectar and pollen to make honey and, in the process, spreads the flowers' genes far and wide. In *The Botany of Desire*, Michael Pollan ingeniously demonstrates how people and domesticated plants have formed a similarly reciprocal relationship. He masterfully links four fundamental human desires—sweetness, beauty, intoxication, and control—with the plants that satisfy them: the apple, the tulip, marijuana, and the potato. In telling the stories of four familiar species, Pollan illustrates how the plants have evolved to satisfy humankind's most basic yearnings. And just as we've benefited from these plants, we have also done well by them. So who is really domesticating whom?

On the 100th anniversary of the first attempt to climb Mt Everest, Margret Grebowicz shows how and why climbing and mountaineering are still important today. In 1923, a reporter asked George Mallory why he wanted to summit Mount Everest. "Because it's there". Today the question "why do this?" is included in nearly every mountaineering story or interview. Meanwhile, interest in climbing is steadily on the rise, from commercial mountaineering and climbing walls in university gyms and corporate workplaces to the flood of spectacular climbing imagery in advertising, cinema, and social media. Climbing has become a theater for life on the edge, exposing the limits of human bodily performance and environmental limits. But what about the limits of desire, motivation and #goals? Is the hundred year old question that the reporter asked of Mallory still an expression of sincere curiosity about mountains and mountaineering or a symptom of an ever-deeper well of uncertainty about why anyone does anything at all? Taking the degradation of Everest and the success of Free Solo as its starting point, Mountains and Desire chases after what remains of this pursuit – marred by its colonial history, coopted by nationalistic chauvinism, ableism, and the capitalist compulsion to unlimited growth – for both climbers and their fans.
