Essential AS Chemistry for OCR provides clear progression with challenging material for in-depth learning and understanding. Written by the best-selling authors of New Understanding Chemistry these texts have been written in simple, easy to understand language and each double-page spread is designed in a contemporary manner. Fully networkable and editable Teacher Support CD-ROMs are also available for this series; they contain worksheets, marking schemes and practical help.

This is an ebook version of the "A-Level Practice Questions - Chemistry (Higher 2) - Ed H2.2" published by Step-by-Step International Pte Ltd. [For the revised Higher 2 (H2) syllabus with first exam in 2017.] This ebook contains typical questions for readers to practise with. It provides concise suggested solutions to illustrate the essential steps taken to apply the relevant theories, and how the suggested answers are obtained. We believe the suggested solutions will help readers learn to "learn" and apply the relevant knowledge. The questions and suggested solutions are organised by topics to facilitate referring to them as the topics are being discussed.

- Chapter wise and Topic wise introduction to enable quick revision.
- Coverage of latest typologies of questions as per the Board latest Specimen papers
- Mind Maps to unlock the imagination and come up with new ideas.
- Concept videos to make learning simple.
- Latest Solved Paper with Topper's Answers
- Previous Years' Board Examination Questions and Marking scheme Answers with detailed explanation to facilitate exam-oriented preparation.
- Examiners comments & Answering Tips to aid in exam preparation.
- Includes Topics found Difficult & Suggestions for students.
- Dynamic QR code to keep the students updated for 2021 Exam paper or any further CISCE notifications/circulars

Whether you are using the school or Home Edition, our E3 Chemistry Guided Study Book makes a great supplemental instructional and test prep resource that can be used from the beginning to the end of the

school year. PLEASE NOTE: Although reading contents in both the school and home editions are identical, there are slight differences in question numbers, choices and pages between the two editions. Students whose school is using the Guided Study Book as instructional material SHOULD NOT buy the Home Edition. Also available in paperback print.

This book is based on Allied Publishers (Viraf J. Dalal) and is for 2021 examinations. It is well written by S.K. Sharma & Sister Dallins.

This text is an unbound, three hole punched version. Used by over 750,000 students, Foundations of College Chemistry, Binder Ready Version, 15th Edition is praised for its accuracy, clear no-nonsense approach, and direct writing style. Foundations' direct and straightforward explanations focus on problem solving making it the most dependable text on the market. Its comprehensive scope, proven track record, outstanding in-text examples and problem sets, were all designed to provide instructors with a solid text while not overwhelming students in a difficult course. Foundations fits into the prep/intro chemistry courses which often include a wide mix of students from science majors not yet ready for general chemistry, allied health students in their 1st semester of a GOB sequence, science education students (for elementary school teachers), to the occasional liberal arts student fulfilling a science requirement. Foundations was specifically designed to meet this wide array of needs.
