Reading level: 1 [green].

The history has been in charge of demonstrating that the struggle to which Martin Luther King gave his whole life was decisive in changing the history of millions of people. This is often exposed from a romantic perspective, few people know the sufferings and extreme dangers to which he was subjected, not only he but his entire family, throughout many years defending a dream that, like the biblical Moses that he mentioned so much in life, came, but he could neither see nor enjoy. The book that you have in your hands narrates in a simple but in depth way the life of one of the greatest fighters for human rights that has been born in the West. Others before him and after him fought tirelessly for the civil rights of minorities in the country, but no one achieved what the Reverend King Jr..

A level 4 Factfiles Oxford Bookworms Library graded reader. This version includes an audio book: listen to the story as you read. Written for Learners of English by Rowena Akinyemi. Who will speak for the poor? Who will listen to slaves, and those who have no rights? Who will work for a future where everyone is equal? Who will give up his house, job, and money to fight for people who are shut out by everyone else? 'I will,' said Mohandas Gandhi. And he began to fight in a way the world had not seen before – not with weapons, and wild crowds, and words of hate, but with the power of non-violence. This is the story of a man who became the Father of the Nation in his own country of India, and a great leader for the whole world.

A level 2 Oxford Bookworms Library graded reader. This version includes an audio book: listen to the story as you read. Written for Learners of English by Anne Collins. 'Ask not what your country can do for you - ask what you can do for your country.' More than fifty years ago, the new US President, John F. Kennedy, spoke these words. Millions of Americans listened, and they were filled with hope. With Kennedy as president, surely there was a great future ahead for their country. But Kennedy would not finish his four years as president. In November 1963, the world stopped as terrible news came from Dallas, Texas. . .

The Oxford Handbook of Slavery in the Americas offers penetrating, original, and authoritative essays on the history and historiography of the institution of slavery in the New World. With essays on colonial and antebellum America, Brazil, the Caribbean, the Indies, and South America, the Handbook has impressive geographic and temporal coverage. It also includes a generous range of thematic essays on comparative slavery, the economics of slavery, historical methodology in the field, slavery and the law, for instance. While obviously indebted to the foundational works of the 1960s and 1970s, current writing on the history of slavery and forms of unfree labor in the Americas has taken decidedly original, new, often ingenious turns. A younger generation of scholars has shown a healthy respect for that tradition while posing new, often interdisciplinary, and theoretically informed questions, considering, for example, the nature and definition of slave resistance in the Americas, evolving meanings of gender and race under slavery, the complicated nature of class formation in unfree societies, the elaboration of proslavery and antislavery ideologies, the origins and subsequent elaboration of race-based slavery, and mechanisms of emancipation. Written by an international team including some of the field's most eminent historians and the most innovative younger scholars working today, The Oxford Handbook of Slavery in the Americas seeks to explain the enduring importance of the earlier historiography, identify current trends and developments, and offer suggestive but informed commentary on future developments in the field for a global scholarly audience.

Informative book on recycling waste to make a cleaner and more pleasant world. In the process learn how to start saving electricity, trees, environment and money.

The #BlackLivesMatter movement has become a media and political phenomenon, but, as Christopher J. Lebron points out in this book, it is part of an older and richer tradition arguing for the equal dignity of black people. Lebron lays out the genesis of the ideas that have built the movement, presenting a foundational blueprint of sorts that can help us make sense of the emotions, demands, and arguments of present-day activists and public thinkers as well as recast the role of historical black thinkers in American life.

The award-winning national bestseller, *Walking with the Wind*, is one of the most important records of the American civil rights movement as told by a true American hero, John Lewis, who Cornel West called a "national treasure." An eloquent and gripping first-hand account of the turbulent struggle for civil rights and the willingness and courage to change the course of history. Forty years ago, a teenaged boy named John Lewis stepped off a cotton farm in Alabama and into the epicenter of the struggle for civil rights in America. The ideals of nonviolence
