Krause Publications' Standard Catalog series is available by specific marque, in individual volumes or a set. Each book contains in-depth profiles of specific makes by model, factory photos, and up-to-date vehicle pricing. The I-to-conditional pricing system assures readers of accurate values, whether a vehicle

is a #1 low-mileage, rust-free beauty or a #6 parts-only heap. "Techs & specs", original factory prices, production and serial numbers, and engine/chassis codes are noted by model, thus helping you determine authenticity accuracy. Historical, technical and pricing information are combined from hundreds of sources. James Flammang values each model according to the popular 1-6 grading system invented by Old Cars magazine.

Wolseley cars are easily recognised by their illuminated radiator badges and unique front grilles, distinguishing them from their Austin and Morris counterparts. All the models from 1948 to 1975 are covered in this informative guide. Illustrated with original colour photographs, and with detailed information including colour schemes, optional equipment and technical specifications, this book provides a complete history of the cars from 1948 to the end of production, as well as the Wolseley models built by the Nuffield organisation in the late forties. These classic British cars are rarely covered in other books, and never in as much detail as you will find here – this is the ultimate guide for all Wolseley enthusiasts! Readers can get prices, engine descriptions, and horsepower ratings on used cars made between 1986 and 1999 in this comprehensive guide, updated quarterly. There are no confusing look-up tables for car options, and only one simple table for vans and trucks. The book also offers a toll-free telephone support line to help readers with the car-buying process.
