It is only when they realize what they have in common do they slowly appreciate each other's differences. The analogy to today's political and racial climate points to acceptance of the other side's differences and finding common ground. PING MEETS PANG is an educational tool. It is an allegory about inclusiveness and acceptance of "the other" told through two pandas. The story is meant to spark discussions about multiculturalism and body positivity, and inspire the protection and conservation of pandas. Unfortunately, no one believes the boy when he tries to share the news of this magnificent creature. That's when the mischief begins, and the dragon becomes a force to be reckoned with. While adults will recognize the naughty antics as a ploy for attention, children will dissolve into giggles as the dragon devours every last sandwich, blows bubbles in the lemonade, and leaves claw prints in the brownies. Maybe the dragon really is running amok on the beach, or maybe it's a little boy's imagination that is running wild.

An ordinary bubble may seem pretty harmless to you. From the bestselling author of *Dragons Love Tacos* comes a whimsical re-telling of the chupacabra folktale, written in a blend of English and Spanish. A long time ago, a girl named Carla lived on a goat farm with her father, Hector. One night, a goat disappeared from the farm and turned up flat as a pancake. Only one creature could do that--El Chupacabras, the goatsucker! Legend has it that El Chupacabras is a fearsome beast, but you can't believe everything you hear...and sometimes the truth is even more interesting. Told in equal parts English and Spanish by bestselling author Adam Rubin, and cinematically illustrated by acclaimed Hollywood creature creator Crash McCreery, this lighthearted take on a modern legend is not told in the traditional bilingual style. Each sentence is half-Spanish/half-English followed by a repetition of the same line translated the other way around. This mirroring technique allows the languages to intermingle equally. A fun and unique way to introduce either Spanish or English to new readers. A note from author Adam Rubin: "I decided to tell this story in an unusual way to explore the beauty of harmony. It's easy to dismiss the unfamiliar, but compassion takes a little more effort. With so many people trumpeting divisiveness right now, it's more important than ever to teach kids that there is more than one way to understand the world."

The conflict escalates—until the birds depart (as usual), and the squirrels come up with a plan that completely charms the old grump.

Korean dishes, some traditional and some reimagined, from the home cook and storyteller behind @thekoreanvegan on TikTok. The single most frequent question Joanne Lee Molinaro gets asked is "How can you be vegan and Korean?" Korean cooking is, after all, synonymous with fish sauce and barbecue. And although grilled meat is indeed prevalent in some Korean food, the ingredients that filled out the

bapsangs of Joanne's childhood--doenjang (fermented soybean paste), gochujang (chili sauce), dashima (seaweed), and more--are fully plant-based, unbelievably flavorful, and totally Korean. In her debut cookbook, Joanne shares recipes and narrative snapshots of the food that shaped her family history. Some of the recipes come straight from her childhood: Jjajangmyun, the rich Korean-Chinese black bean noodles she ate on birthdays, or the humble Gamja Guk, a potato-and-leek soup her father makes. Some pay homage: Chocolate Sweet Potato Cake is an ode to the two foods that saved her mother's life, Kale & Ramen Salad with noodle "croutons" and a dressing akin to ramen broth. With the intimate storytelling and stunning photography she's become known for on social media, *The Korean Vegan Cookbook* celebrates how deeply food and family shape our identity.
