

Dusky Meadow Note Cards Boxed Cards Stationery

Years after a friend was brutally murdered, Jo Becker is now married with a grown family, but when an old housemate moves nearby, Jo rekindles a relationship that takes her back to the past and threatens her future.

This edition has 65 new images, making a total of 500. The original configurations were altered so that there is only one species per plate. The text is a revision of the Ornithological Biography, rearranged according to Audubon's Synopsis of the Birds of North America (1839).

A Swiss orphan is heartbroken when she must leave her beloved grandfather and their happy home in the mountains to go to school and to care for an invalid girl in the city.

Paul de Kruif's Microbe Hunters is a timeless dramatization of the scientists, bacteriologists, doctors, and medical technicians who discovered microbes and invented the vaccines to counter them. De Kruif reveals the now seemingly simple but really fundamental discoveries of science - for instance, how a microbe was first viewed in a clear drop of rain water, and when, for the first time ever, Louis Pasteur discovered that a simple vaccine could save a man from the ravages of rabies by attacking the microbes that cause it.

Released in time to counter misconceptions fostered by the movie of the same name, "The Book of Shadows" will, in Lady Sheba's own words, "bring to light the authentic beliefs of Witchcraft and reestablish the respectability of this ancient art".

Embossing, gold foil, and gloss highlights light up this lovely Twilight Garden Journal. 160 lightly-lined opaque pages. Creamy-smooth acid-free archival paper takes pen and pencil beautifully. 5" wide x 7" high. Foldover panel with magnetic closure protects your journal pages. Hardcover journal lies flat for ease of use.

Hailed by The Washington Post as "tantalizing" and "mesmerizing," The Mermaid of Brooklyn is a whip-smart, heartfelt exploration of what happens when modern day motherhood meets with a little touch of magic. Sometimes all you need in life is a fabulous pair of shoes—and a little help from a mermaid Formerly an up-and-coming magazine editor, Jenny Lipkin is now your average, stretched-too-thin Brooklyn mom, tackling the challenges of raising two children in a cramped Park Slope walk-up. All she really wants is to survive the sweltering New York summer with a shred of sanity intact. But when her husband, Harry, vanishes one evening, Jenny reaches her breaking point. And in a moment of despair, a split-second decision changes her life forever. Pulled from the brink by an unexpected ally, Jenny is forced to rethink her ideas about success, motherhood, romance, and relationships. But confronting her inner demons is no easy task...

Provides a comprehensive series of tasks and functional carryover activities allowing for integration of language and cognitive skills for neurologically-impaired adolescents and adults with diverse levels of functioning. Exercises cover a broad scope of skills including orientation, auditory comprehension, verbal expression, and reading comprehension.

Pocket-sized to go anywhere! Each notebook measures 3-1/2 inches wide by 5-1/2 inches high. 64 pages each. Sets come shrink-wrapped.

The Hound of the Baskervilles is the third of the four crime novels written by Sir Arthur Conan Doyle featuring the detective Sherlock Holmes. Originally serialised in The Strand Magazine from August 1901 to April 1902, it is set largely on Dartmoor in Devon

in England's West Country and tells the story of an attempted murder inspired by the legend of a fearsome, diabolical hound of supernatural origin. Sherlock Holmes and his companion Dr. Watson investigate the case. This was the first appearance of Holmes since his apparent death in "The Final Problem", and the success of *The Hound of the Baskervilles* led to the character's eventual revival

This 120-page journal features: 117 wide-ruled lined pages 5.5" x 8.5" size - big enough for your writing and small enough to take with you smooth 55# cream-color paper, perfect for ink, gel pens, pencils or colored pencils a cover page where you can enter your name and other information a beautiful full-color cover illustration of luminescent butterflies in flight that wraps around the front and back covers a matte-finish cover for an elegant, professional look and feel This journal can be used for writing poetry, jotting down your brilliant ideas, recording your accomplishments, and more. Journals to Write In offers a wide variety of journals, so keep one by your bedside as a dream journal, one in your car to record mileage and expenses, one by your computer for login names and passwords, and one in your purse or backpack to jot down random thoughts and inspirations throughout the day. Paper journals never need to be charged and no batteries are required! You only need your thoughts and dreams and something to write with. These journals also make wonderful gifts, so inspire someone you love today!

Bookbound hardcover. Elastic band place holder. Acid-free, archival paper. Inside back cover pocket. Cover art by Hiroshige II Utagawa. Embossed, iridescent and gloss highlights.

A large family with a great appetite for living is dominated by the father until an older son, Gant, is able to free himself.

This is the book that started it all! The basis for the smash hit Tony Award-winning Broadway musical, Gregory Maguire's breathtaking New York Times bestseller *Wicked* views the land of Oz, its inhabitants, its Wizard, and the Emerald City, through a darker and greener (not rosier) lens. Brilliantly inventive, *Wicked* offers us a radical new evaluation of one of the most feared and hated characters in all of literature: the much maligned Wicked Witch of the West who, as Maguire tells us, wasn't nearly as Wicked as we imagined.

Before Palm Pilots and iPods, PCs and laptops, the term "computer" referred to the people who did scientific calculations by hand. These workers were neither calculating geniuses nor idiot savants but knowledgeable people who, in other circumstances, might have become scientists in their own right. *When Computers Were Human* represents the first in-depth account of this little-known, 200-year epoch in the history of science and technology. Beginning with the story of his own grandmother, who was trained as a human computer, David Alan Grier provides a poignant introduction to the wider world of women and men who did the hard computational labor of science. His grandmother's casual remark, "I wish I'd used my calculus," hinted at a career deferred and an education forgotten, a secret life unappreciated; like many highly educated women of her generation, she studied to become a human computer because nothing else would offer her a place in the scientific world. The book begins with the return of Halley's comet in 1758 and the effort of three French astronomers to compute its orbit.

It ends four cycles later, with a UNIVAC electronic computer projecting the 1986 orbit. In between, Grier tells us about the surveyors of the French Revolution, describes the calculating machines of Charles Babbage, and guides the reader through the Great Depression to marvel at the giant computing room of the Works Progress Administration. When Computers Were Human is the sad but lyrical story of workers who gladly did the hard labor of research calculation in the hope that they might be part of the scientific community. In the end, they were rewarded by a new electronic machine that took the place and the name of those who were, once, the computers. 3 1/2 x 5 note cards w/ glossy highlights. Blank interior.

Oliver Twist; or, the Parish Boy's Progress is Charles Dickens's second novel, and was published as a serial from 1837 to 1839 and released as a three-volume book in 1838, before the serialization ended.[1] The story centres on orphan Oliver Twist, born in a workhouse and sold into apprenticeship with an undertaker. After escaping, Oliver travels to London, where he meets the "Artful Dodger", a member of a gang of juvenile pickpockets led by the elderly criminal Fagin. Oliver Twist is notable for its unromantic portrayal of criminals and their sordid lives, as well as for exposing the cruel treatment of the many orphans in London in the mid-19th century.[2] The alternative title, The Parish Boy's Progress, alludes to Bunyan's The Pilgrim's Progress, as well as the 18th-century caricature series by William Hogarth, A Rake's Progress and A Harlot's Progress.[3] In this early example of the social novel, Dickens satirises the hypocrisies of his time, including child labour, domestic violence, the recruitment of children as criminals, and the presence of street children. The novel may have been inspired by the story of Robert Blincoe, an orphan whose account of working as a child labourer in a cotton mill was widely read in the 1830s. It is likely that Dickens's own experiences as a youth contributed as well.[4] Oliver Twist has been the subject of numerous adaptations for various media, including a highly successful musical play, Oliver!, and the multiple Academy Award-winning 1968 motion picture. Disney also put its spin on the novel with the animated film called Oliver & Company in 1988.[5]

Immerse your musings within the pages of this magical sea-themed journal! 160 lightly lined pages provide plenty of space for personal reflection, sketching, or jotting down favorite quotations or poems. Smooth-finish acid-free archival-quality paper supports a variety of pens or pencils beautifully. Inside back cover pocket holds notes, mementos, and more. Striking journal design is made up of delicately depicted aquatic motifs -- sea ferns, sea shells, jellyfish, and more -- outlined and embellished with gold foil. Matte cover is awash in pale tropical blue. Bronze interior endsheets. Matching elastic closure. Durable hardcover binding. Journal measures 6-1/4" wide x 8-1/4" high. Elegant watercolor florals -- in muted blues, greens, and yellows -- grace the covers of this inviting journal. Design is embossed and embellished with jewel-like flecks of gold foil. 160 crisp pages provide plenty of space for personal reflection, sketching, or jotting down favorite quotations or poems. Thick, smooth-finish paper supports a variety of pens or pencils. Light gray lines subtly guide your writing. Archival-quality acid-free paper helps preserve your journal entries. A soft blue elastic closure secures your writing. Powder blue endsheets complement the design. Tuck notes, mementos, and more in the inside back cover pocket. Popular small-format size -- 5" wide x 7" high -- fits easily in most bags and backpacks.

A gargantuan, mind-altering comedy about the Pursuit of Happiness in America Set in

an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to come along in recent fiction, *Infinite Jest* explores essential questions about what entertainment is and why it has come to so dominate our lives; about how our desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. Equal parts philosophical quest and screwball comedy, *Infinite Jest* bends every rule of fiction without sacrificing for a moment its own entertainment value. It is an exuberant, uniquely American exploration of the passions that make us human - and one of those rare books that renew the idea of what a novel can do. "The next step in fiction...Edgy, accurate, and darkly witty...Think Beckett, think Pynchon, think Gaddis. Think." --Sven Birkerts, *The Atlantic*

When she was 19 months old, Helen Keller (1880–1968) suffered a severe illness that left her blind and deaf. Not long after, she also became mute. Her tenacious struggle to overcome these handicaps — with the help of her inspired and inspiring teacher, Anne Sullivan — is one of the great stories of human courage and dedication. *The Story of My Life*, first published in 1903, is Helen Keller's classic autobiography detailing the first 22 years of her life, including the magical moment at a water pump when, recognizing the connection between the word "water" and the cold liquid flowing over her hand, she realized that objects had names. She had many experiences which were equally thrilling and noteworthy including her joy at eventually learning to speak so that by the time she was 16, she could speak well enough to attend preparatory school followed by her education at Radcliffe, from which she graduated cum laude, and of course, her extraordinary relationship with Miss Sullivan who had shown a remarkable gift and genius for communicating with her eager and quick-to-learn pupil. Keller also writes of her friendships with Oliver Wendell Holmes, Edward Everett Hale and other notables. Keller first began to write *The Story of My Life* in 1902, when she was still a student at Radcliffe College. The book is dedicated to inventor Alexander Graham Bell, and the dedication reads, "To ALEXANDER GRAHAM BELL Who has taught the deaf to speak and enabled the listening ear to hear speech from the Atlantic to the Rockies, I dedicate this *Story of My Life*."

Published in 1926 to explosive acclaim, *The Sun Also Rises* stands as perhaps the most impressive first novel ever written by an American writer. A roman à clef about a group of American and English expatriates on an excursion from Paris's Left Bank to Pamplona for the July fiesta and its climactic bull fight, a journey from the center of a civilization spiritually bankrupted by the First World War to a vital, God-haunted world in which faith and honor have yet to lose their currency, the novel captured for the generation that would come to be called "Lost" the spirit of its age, and marked Ernest Hemingway as the preeminent writer of his time.

Art Does art leave you cold? And is that what it's supposed to do? Or is a painting meant to move you to tears? Hemingway was reduced to tears in the midst of a drinking bout when a painting by James Thurber caught his eye. And what's bad about that? In *Pictures and Tears*, art historian James Elkins tells the story of paintings that have made people cry. Drawing upon anecdotes related to individual works of art, he provides a chronicle of how people have shown emotion before works of art in the past, and a meditation on the curious tearlessness with which most people approach art in the present. Deeply personal, *Pictures and Tears* is a history of emotion and

vulnerability, and an inquiry into the nature of art. This book is a rare and invaluable treasure for people who love art. Also includes an 8-page color insert.

Marian Forrester is the symbolic flower of the Old American West. She draws her strength from that solid foundation, bringing delight and beauty to her elderly husband, to the small town of Sweet Water where they live, to the prairie land itself, and to the young narrator of her story, Neil Herbert. All are bewitched by her brilliance and grace, and all are ultimately betrayed. For Marian longs for "life on any terms," and in fulfilling herself, she loses all she loved and all who loved her.--From publisher's description.

As a botanist, Robin Wall Kimmerer has been trained to ask questions of nature with the tools of science. As a member of the Citizen Potawatomi Nation, she embraces the notion that plants and animals are our oldest teachers. In *Braiding Sweetgrass*, Kimmerer brings these two lenses of knowledge together to take us on "a journey that is every bit as mythic as it is scientific, as sacred as it is historical, as clever as it is wise" (Elizabeth Gilbert). Drawing on her life as an indigenous scientist, and as a woman, Kimmerer shows how other living beings—asters and goldenrod, strawberries and squash, salamanders, algae, and sweetgrass—offer us gifts and lessons, even if we've forgotten how to hear their voices. In reflections that range from the creation of Turtle Island to the forces that threaten its flourishing today, she circles toward a central argument: that the awakening of ecological consciousness requires the acknowledgment and celebration of our reciprocal relationship with the rest of the living world. For only when we can hear the languages of other beings will we be capable of understanding the generosity of the earth, and learn to give our own gifts in return.

The Exclusive Method You Can Use to Learn—Not Just Memorize—Essential Words A powerful vocabulary expands your world of opportunity. Building your word power will help you write more effectively, communicate clearly, score higher on standardized tests like the SAT, ACT, or GRE, and be more confident and persuasive in everything you do. Using the exclusive Fiske method, you will not just memorize words, but truly learn their meanings and how to use them correctly. This knowledge will stay with you longer and be easier to recall—and it doesn't take any longer than less-effective memorization. How does it work? This book uses a simple three-part system: 1. Patterns: Words aren't arranged randomly or alphabetically, but in similar groups based on meaning and origin that make words easier to remember over time. 2. Deeper Meanings, More Examples: Full explanations—not just brief definitions—of what the words mean, plus multiple examples of the words in sentences. 3. Quick Activities: Frequent short quizzes help you test how much you've learned, while helping your brain internalize their meanings.

160 lined pages 5 wide x 7 high (12.7 cm wide x 17.8 cm high) Bookbound hardcover Elastic band place holder Archival/acid-free paper Inside back cover pocket Gold foil, embossed

3 1/2 x 5 note cards printed on quality card stock. Gloss highlights.

Blindsight is the Hugo Award–nominated novel by Peter Watts, "a hard science fiction writer through and through and one of the very best alive" (*The Globe and Mail*). Two months have past since a myriad of alien objects clenched about the Earth, screaming as they burned. The heavens have been silent since—until a derelict space probe hears whispers from a distant comet. Something talks out there: but not to us. Who should we send to meet the alien, when the alien doesn't want to meet? Send a linguist with multiple-personality disorder and a biologist so spliced with machinery that he can't feel his own flesh. Send a pacifist warrior and
