The tale of the epic rivalry between two foundational paleontologists to find bigger and better bones in the American West, perfect for readers of Steve Sheinkin and Candace Fleming. Today we take for granted the idea that dinosaurs once roamed the earth. But two hundred years ago, the very concept of an extinct species did not exist. When an English scientist proposed in 1841 that Dino Saur ("terrible lizards") had come and gone, it was only a theory, a new way of explaining the "dragon" and "giant" bones scattered across the globe. But when proof turned up seventeen years later, it was not only incontrovertible; it was massive. Tooth and Claw tells the story of the feverish race between two brilliant, driven, and insanely competitive scientists--Edward Drinker Cope and Othniel Charles Marsh--to uncover more and more monstrous fossils in the newly opened Wild West. Between them, they discovered dozens of major dinosaur species and established the new discipline of paleontology in America. But their bitter thirty-year rivalry--a "war" waged on wild plains and mountains, in tabloid newsprint, and in Congress--dramatically wrecked their professional and private lives even as it brought alive for the public a vanished prehistoric world.

A New York Times bestseller from certified weight-loss expert JJ Smith, *Green Smoothies for Life* offers a brand-new meal plan to incorporate green smoothies into your everyday routine while developing healthier long-term eating habits and improving your overall health. More than a weight loss plan, the 10-Day Green Smoothie Cleanse, designed by nutritionist and certified weight-loss expert JJ Smith, became a way of life. Readers reported that they not only shed pounds but they also slept better, thought more clearly, and were in better over-all health, with some adherents, in consultation with their doctor, even moving off medication. As delicious as her green smoothies are, however, the cleanse was designed only to jumpstart a detox and a new approach to eating—it's not a permanent solution. In her new book, *Green Smoothies for Life*, the highly anticipated follow up to the #1 New York Times bestseller *10-Day Green Smoothie Cleanse*, Smith presents a way that green smoothies can be incorporated into your daily regimen. With over thirty recipes for everything from hot dinners to desserts and snacks, sixty thoughtfully composed green smoothie recipes, a thirty-day meal plan and the corresponding shopping lists, the book provides you with a step-by-step prescriptive daily regimen that shows you how to eat mindfully and healthily. In addition to green smoothies and color photographs of select recipes, the book includes more than twenty effective methods to detox (which helps fuel weight loss), information on Smith's DHEMM (Detox, Hormonal Balance, Eat, Move and Mental Mastery) weight loss system, and testimonials from dieters who've change their approach to not just food but also life since while following her advice. Whether you are just starting out on your weight loss journey or already a smoothie convert, *Green Smoothies for Life* is the essential next step in continuing your pursuit of a healthier lifestyle.

The Johnny Depp Photo Album follows the unstoppable rise of its subject: through all the movies and the drunken bad-boy behaviour, the romantic affairs with actress Winona Ryder and supermodel Kate Moss, to his current peak in films like the *Pirates of the Caribbean* trilogy, *Charlie and the Chocolate Factory* and the box-office smash *Alice in Wonderland*. Featuring a wealth of film stills and candid shots away from the set, it also shows the other side of the screen icon: rejecting his former life of high-profile hellraising, Depp has chosen to live away from the madness of Hollywood and devote himself to his family. As this book sweetly illustrates, Johnny Depp has found the meaning of life itself in his relationships with his photogenic partner, French singing star Vanessa Paradis, and their children, who he aggressively shields from the media spotlight. This eyecatchingly designed tribute introduces us to the family man who also happens to be the greatest screen star on the planet.
