The book that inspired HOME, now a major motion picture! It all starts with a school essay. When twelve-year-old Gratuity ("Tip") Tucci is assigned to write five pages on "The True Meaning of Smekday" for the National Time Capsule contest, she's not sure where to begin. When her mom started telling everyone about the messages aliens were sending through a mole on the back of her neck? Maybe on Christmas Eve, when huge, bizarre spaceships descended on the Earth and the aliens—called Boov—abducted her mother? Or when the Boov declared Earth a colony, renamed it "Smekland" (in honor of glorious Captain Smek), and forced all Americans to relocate to Florida via rocketpod? In any case, Gratuity's story is much, much bigger than the assignment. It involves her unlikely friendship with a renegade Boov mechanic named J.Lo.; a futile journey south to find Gratuity's mother at the Happy Mouse Kingdom; a cross-country road trip in a hovercar called Slushious; and an outrageous plan to save the Earth from yet another alien invasion. Fully illustrated with "photos," drawings, newspaper clippings, and comics sequences, this is a hilarious, perceptive, genre-bending novel from best-selling author Adam Rex.

Whether you need to get dinner on the table for your family tonight or are planning your next get-together with friends, Half Baked Harvest Cookbook has your new favorite recipe. Tieghan Gerard grew up in the Colorado mountains as one of seven children. When her dad took too long to make dinner every night, she started doing the cooking--at age 15. Ever-determined to reign in the chaos of her big family, Tieghan found her place in the kitchen. She had a knack for creating unique dishes, which led her to launch her blog, Half Baked Harvest. Since then, millions of people have fallen in love with her fresh take on comfort food, stunning photography, and charming life in the mountains. While it might be a trek to get to Tieghan's barn-turned-test kitchen, her creativity shines here: dress up that cheese board with a real honey comb; decorate a standard salad with spicy, crispy sweet potato fries; serve stir fry over forbidden black rice; give French Onion Soup an Irish kick with Guinness and soda bread; bake a secret ingredient into your apple pie (hint: it's molasses). And a striking photograph accompanies every recipe, making Half Baked Harvest Cookbook a feast your eyes, too.

What happens when a former Zen Buddhist monk and his feminist wife experience an apparition of the Virgin Mary? "This book could not have come at a more auspicious time, and the message is mystical perfection, not to mention a courageous one. I adore this book."—Caroline Myss, author of Anatomy of the Spirit Before a vision of a mysterious "Lady" invited Clark Strand and Perdita Finn to pray the rosary, they were not only uninterested in becoming Catholic but finished with institutional religion altogether. Their main spiritual concerns were the fate of the planet and the future of their children and grandchildren in an age of ecological collapse. But this Lady barely even referred to the Church and its proscriptions. Instead, she spoke of the miraculous power of the rosary to transform lives and heal the planet, and revealed the secrets she had hidden within the rosary's prayers and mysteries—secrets of a past age when forests were the only cathedrals and people wove rose garlands for a Mother whose loving presence was as close as the ground beneath their feet. She told Strand and Finn: The rosary is My body, and My body is the body of the world. Your body is one with that body. What cause could there be for fear? Weaving together their own remarkable story of how they came to the rosary, their discoveries about the eco-feminist wisdom at the heart of this ancient devotion, and the life-changing revelations of the Lady herself, the authors reveal an ancestral path—available to everyone, religious or not—that returns us to the powerful healing rhythms of the natural world.
