Experienced teacher and researcher Johanna Haver shows how easy it is to ensure that English Language Learners gain mastery of English, as well as learn the essentials of the mainstream curriculum. *Readin' + Writin' for the Hard-Hat Crowd* explores the history of an urban public university from its conception in 1964 to the dawn of the twenty-first century. The reader views this place in time through the lens of the evolving nature of «freshman English», an introductory curriculum that began as four semesters of Great Books. The author, herself among those once labeled «the hard-hat crowd», received an undergraduate education similar to that experienced by her contemporaries at elite private colleges. Yet, while this school, once considered a poor man's Harvard, was founded with a mission to provide academic equity, the curriculum evolved to one that responded to pressure for relevancy and practicality.

As the English language has spread around the globe and the English teaching industry has expanded, so interest in the theory behind the methods of teaching and curiosity regarding innovative classroom techniques have also grown. Recently, advances in technology have had a major impact on the way teachers at all levels work, as has the greater interest in the learner as an individual. This book provides detailed insight into both of these forces. Contemporary English Language Teaching and Research will appeal both to researchers in the field, since it contains a number of new and exciting studies, as well as reflections on the research process itself, and to language teachers, both those practising and those in training, who wish to keep abreast of the latest developments in teaching techniques and understanding of learners. The book provides a snapshot of today's research environment in the field of teaching and learning English as a foreign language. It brings together work from established academics and young researchers, with a wide variety of classroom teaching experience, and an equally wide range of perspectives and priorities.

Learning English as a foreign language in any formal education context requires opportunities for learners and teachers to give and receive feedback on the teaching learning process as it is happening. These opportunities could be created via various in-class activities specifically designed for this purpose. Teachers who create and use these diagnostic opportunities effectively detect what learners need in a timely fashion, and provide remedial teaching in the right time and mode, so that chances can be created for learners to improve their learning. There is no one universally accepted way of how to do this, however, with various approaches for collecting, analyzing and reviewing data for this purpose. This book encapsulates the unbreakable relationship between teaching, learning and assessment through a range of articles which scrutinize assessment from a wide spectrum, ranging from the role of assessment in language learning to ELT teacher assessment literacy, from the use of technology in classroom-based assessment to practicing teachers' reflections on their teacher classroom
