Now in its third edition, Commonwealth Caribbean Business Law continues to break away from the traditional English approach of treating business law primarily as the law of contract and agency. Taking a panoramic view, it explores the foundation of various legal systems before examining areas of legal liability that affect business activities. These include areas such as contract law, tort law, criminal law, agency and internet law which present significant challenges confronting the business sector. The book primarily targets the development of business law principles in several Caribbean Commonwealth jurisdictions but, where appropriate, also embraces the jurisprudence of other Commonwealth nations, such as the United Kingdom, Canada and Australia. It also explores the United States as a non-Commonwealth jurisdiction, given the increasing importance in the Caribbean of judicial pronouncements relating to internet law from this territory. Using excerpts from key judgments, the book allows students, particularly those with a non-legal background, to understand key legal principles for business as presented by the judiciary and draws parallels between legal theory and business practice.

ACCA Approved and valid for exams from 01 Sept 2017 up to 31 August 2018 - Becker's F4 Corporate & Business Law (ENG) Revision Question Bank has been approved and quality assured by the ACCA's examining team.

Thi Le, University of Warwick) 'I would strongly recommend Q&A guides. They have vastly improved my structuring of exam answers and helped me identify key components of a high quality answer' (Hayden Roach, Bournemouth University) '100% would recommend. Makes you feel like you will pass with flying colours' (Elysia Marie Vaughan, University of Hertfordshire) 'My fellow students rave about this book.' (Octavia Knapper, Lancaster University) 'The best Q&A books that I've read; the content is exceptional' (Wendy Chinenye Akaigwe, London Metropolitan University) 'I would not hesitate to recommend this book to a friend' (Blessing Denhere, Coventry University)

Each Q&A contains 50 questions on topics commonly found on exam papers, with answer plans and comprehensive suggested answers. The titles are written by lecturers who are also examiners, so the student gains an important insight into exactly what examiners are looking for.

Do your students struggle to engage with legal topics? Look no further than Marson and Ferris' Business Law to help them actively engage with the law, understand it, and approach it with confidence. Written with business, management, and finance and accounting students in mind, the authors put the law into a context that they can easily understand by introducing case studies in every chapter. "Business Scenarios" help the students contextualize the law by

presenting the reader with an example of an everyday problem which demonstrates how the law can affect a company, employer, employee, or other individual. Throughout each chapter the students are asked to pause and consider how the content applies to these routine business problems, enabling them to become active readers and think independently about how the law operates. The first chapter provides a helpful guide to studying the law and advice on how to excel in assessments so that students can fulfil their potential. This chapter includes a sample problem question and model answer. Further sample problem and essay questions can be found at the end of chapters, giving readers an opportunity to test their understanding and practise for assessments. Students will be able to find indicative answers to these questions hosted with the online resources for this book. At the end of each chapter the authors provide further reading suggestions to guide students that want to deepen their knowledge, including well-maintained and trusted websites, Twitter feeds, and YouTube channels in addition to suitable books and articles. Online resources This book is accompanied by a suite of online resources to support students' learning, including flashcard cases, self-test questions and answers with feedback, and additional material on legislation.

plenty of advice on important syllabus areas such as the law of tort, corporate governance and ethics. Through practice, students are armed with BPP's ISAC approach for approaching legal questions, providing the structure and method to earn the maximum marks possible.

For the first two thirds of the twentieth century, British government was among the most stable in the advanced industrial world. In the last three decades, the governing arrangements have been in turmoil and the country has been a pioneer in economic reform, and in public sector change. In his major new book, Michael Moran examines and explains the contrast between these two epochs. What turned Britain into a laboratory of political innovation? Britain became a formal democracy at the start of the twentieth century but the practice of government remained oligarchic. From the 1970s this oligarchy collapsed under the pressure of economic crisis. The British regulatory state is being constructed in its place. Moran challenges the prevailing view that this new state is liberal or decentralizing. Instead he argues that it is a new, threatening kind of interventionist state which is colonizing, dominating, and centralizing hitherto independent domains of civil society. The book is essential reading for all those interested in British political development and in the nature and impact of regulation
