PURA BELPRÉ HONOR BOOK ALA NOTABLE BOOK “An important, must-have addition to the growing body of literature with immigrant themes.” —School Library Journal (starred review) Twelve-year-old Jaime makes the treacherous and life-changing journey from his home in Guatemala to live with his older brother in the United States in this “powerful and timely” (Booklist, starred review) middle grade novel. Jaime is sitting on his bed drawing when he hears a scream. Instantly, he knows: Miguel, his cousin and best friend, is dead. Everyone in Jaime’s small town in Guatemala knows someone who has been killed by the Alphas, a powerful gang that’s known for violence and drug trafficking. Anyone who refuses to work for them is hurt or killed—like Miguel. With Miguel gone, Jaime fears that he is next. There’s only one choice: accompanied by his cousin Ángela, Jaime must flee his home to live with his older brother in New Mexico. Inspired by true events, *The Only Road* is an individual story of a boy who feels that leaving his home and risking everything is his only chance for a better life. The story is “told with heartbreaking honesty,” Booklist raved, and “will bring readers face to face with the harsh realities immigrants go through in the hope of finding a better, safer life, and it will likely cause them to reflect on what it means to be human.”

“National Geographic Explorer-in-Residence Enric Sala takes readers on an unforgettable journey to 10 places where the ocean is virtually untouched by man, offering a fascinating glimpse into our past and an inspiring vision for the future. From the shark-rich waters surrounding Coco Island, Costa Rica, to the iceberg-studded sea off Franz Josef Land, Russia, this incredible photographic collection showcases the

thriving marine ecosystems that Sala is working to protect. Offering a rare glimpse into the world's underwater Edens, more than 200 images take you to the frontier of the Pristine Seas expeditions, where Sala's teams explore the breathtaking wildlife and habitats from the depths to the surface--thriving ecosystems with healthy corals and a kaleidoscopic variety of colorful fish and stunning creatures that have been protected from human interference. With this dazzling array of photographs that capture the beauty of the water and the incredible wildlife within it, this book shows us the brilliance of the sea in its natural state."--

A young Latina journalist recounts her four-year, twelve-nation tour of the Communist bloc during her education at the University of Texas, a period during which she volunteered at a Moscow children's shelter, edited propaganda for the Chinese communist party, worked as a belly dancer in Cuba, and more. ONE OF THE BEST BOOKS OF THE YEAR, The Economist and The Financial Times "Harrowing" true stories from two years of immersion reporting on the migrant trail from Chiapas to Arizona—an "honorable successor to enduring works like George Orwell's *The Road to Wigan Pier*" (New York Times) One day a few years ago, 300 migrants were kidnapped between the remote desert towns of Altar, Mexico, and Sasabe, Arizona. A local priest got 120 released, many with broken ankles and other marks of abuse, but the rest vanished. Óscar Martínez, a young writer from El Salvador, was in Altar soon after the abduction, and his account of the migrant disappearances is only one of the harrowing stories he garnered from two years spent traveling up and down the migrant trail from Central America and across the US border. More than a quarter of a million Central Americans make this increasingly dangerous journey each year, and each year as many as 20,000 of them are kidnapped. Martínez writes in

powerful, unforgettable prose about clinging to the tops of freight trains; finding respite, work and hardship in shelters and brothels; and riding shotgun with the border patrol. Illustrated with stunning full-color photographs, *The Beast* is the first book to shed light on the harsh new reality of the migrant trail in the age of the narcotraficantes.

In this book, the country's premier novelist for young adults, trains her imaginative talent and narrative skill on Magellan and the Philippines. Backed by solid research and a wealth of detail, she improvises on the persistent possibility that it was a Filipino who first circumnavigated the globe. The boy, Enrique El Negro, is bought by Magellan from the slavery he was sold into by pirates who killed the rest of his family. With Magellan, he travels all over the world until Magellan's death on the sands of Mactan.

What responsibilities do citizens have to migrants and potential migrants? What responsibilities do migrants themselves have? What is the basis of those responsibilities? In this book Tisha Rajendra reframes the confused and often heated debate surrounding immigration and develops a Christian ethic that can address these neglected questions. Rajendra begins by illuminating the flawed narratives about migrants that are often used in political debates on the subject. She goes on to propose a new definition of justice that is based on responsibility to relationships, drawing on the concrete experience of migrants, ethical theory, migration theory, and the relational ethics of the Bible. Professors, students, and others committed to formulating a solid ethical approach to questions surrounding immigration will benefit greatly from Rajendra's timely presentation of a constructive way forward.

page-turner about the power of family is a popular text in classrooms and a touchstone for communities across the country to engage in meaningful discussions about this essential American subject. Enrique's Journey recounts the unforgettable quest of a Honduran boy looking for his mother, eleven years after she is forced to leave her starving family to find work in the United States. Braving unimaginable peril, often clinging to the sides and tops of freight trains, Enrique travels through hostile worlds full of thugs, bandits, and corrupt cops. But he pushes forward, relying on his wit, courage, hope, and the kindness of strangers. As Isabel Allende writes: "This is a twenty-first-century Odyssey. If you are going to read only one nonfiction book this year, it has to be this one." Praise for Enrique's Journey "Magnificent . . . Enrique's Journey is about love. It's about family. It's about home."—The Washington Post Book World "[A] searing report from the immigration frontlines . . . as harrowing as it is heartbreaking."—People (four stars) "Stunning . . . The remarkable story of a restaurant on top of the world—built by a legend, destroyed in tragedy—and an era in New York City it helped to frame In the 1970s, New York City was plagued by crime, filth, and an ineffective government. The city was falling apart, and even the newly constructed World Trade Center threatened to be a fiasco. But in April 1976, a quarter-mile up on the 107th floor of the North Tower, a new restaurant called Windows on the World opened its doors—a glittering sign that New York wasn't done just yet. In *The Most Spectacular Restaurant in the World*, journalist Tom Roston tells the complete history of this incredible restaurant, from its stunning \$14-million opening to 9/11 and its tragic end. There are stories of the people behind it, such as Joe Baum, the celebrated restaurateur, who was said to be the only man who could outspend an unlimited budget; the well-tipped waiters; and the cavalcade of famous guests, as well as everyday people celebrating the key moments in their lives. Roston also charts the changes in American food, from baroque and theatrical to locally sourced and organic. Built on nearly 150 original interviews, *The Most Spectacular Restaurant in the World* is the story of New York City's restaurant culture and the quintessential American drive to succeed.

The stories in *Who's Irish?* show us the children of immigrants looking wonderingly at their parents' efforts to assimilate, while the older generation asks how so much selfless hard work on their part can have yielded them offspring who'd sooner drop out of life than succeed at it. With dazzling wit and compassion, Gish Jen—author of

the acclaimed novels *Typical American* and *Mona in the Promised Land*—looks at ambition and compromise at century's end and finds that much of the action is as familiar—and as strange—as the things we know to be most deeply true about ourselves.

Internationally bestselling author Antonia Fraser finds murder and mayhem in the most incongruous places, from sunny island paradises to the opera, in these nine superb short stores—four featuring Jemima Shore, investigative reporter. Rescued from freezing London by an assignment in the West Indies, Jemima Shore looks forward to sunshine and rum punch, and maybe a little moonlight and romance. Instead she finds herself embroiled in the heated politics of an all-too-extended family in the title story. An impromptu recitation of the ballad “The Tragedy of Sir Patrick Spens” sparks another tragedy in the hallowed halls of academe in “The Blude-Red Wine.” Antonia Fraser proves herself equally at home exploring the dark hearts and lethal secrets on the other side of the law. In “Out for the Countess,” a jealous wife thrills to the beauty of an operatic tale of betrayal and suffering, while engineering an equally dramatic revenge for the lovers who wronged her. Literate, sophisticated, deliciously witty, these nine stories are a welcome addition to the sleuthing exploits of Jemima Shore and an introduction to other, shadier characters Antonia Fraser creates with great zest.

"Extraordinary." --Stephen King "This book is not simply the great American novel; it's the great novel of las Americas. It's the great world novel! This is the international story of our times. Masterful." --Sandra

Cisneros También de este lado hay sueños. On this side too, there are dreams. Lydia Quixano Pérez lives in the Mexican city of Acapulco. She runs a bookstore. And then one day a man enters the shop to browse and comes up to the register with a few books he would like to buy--two of them her favorites. Javier is erudite. He is charming. Puzzle-loving Tuesday searches for clue after clue, joined by a ragtag crew: a wisecracking friend, an adoring teen neighbor, and a handsome, cagey young heir. The hunt tests their mettle, and with other teams from around the city also vying for the promised prize—a share of Pryce's immense wealth—they must move quickly. Pryce's clues can't be cracked with sharp wit alone; the searchers must summon the courage to face painful ghosts from their pasts (some more vivid than others) and discover their most guarded desires and dreams. LIBRARY In Valeria Luiselli's fiercely imaginative novel, a

mother and father set out with their two children, a boy and a girl, driving from New York to Arizona in the heat of summer.

As the family travels west, through Virginia to Tennessee,

across Oklahoma and Texas, the bonds between them begin to fray: a fissure is growing between the parents, one the children can almost feel beneath their feet. Through songs and maps and a Polaroid camera's lens, the children try to make sense of both their family's crisis and the larger one engulfing the news: the stories of thousands of kids trying to cross the southwestern border into the United States but getting detained--or lost in the desert along the way. A breathtaking feat of literary virtuosity, *Lost Children Archive* is timely, compassionate, subtly hilarious, and formally inventive--a powerful, urgent story about what it is to be human in an inhuman world.

childhood trauma, from infancy through adolescence—what parents, educators, and health professionals can do. Trauma can result not only from catastrophic events such as abuse, violence, or loss of loved ones, but from natural disasters and everyday incidents such as auto accidents, medical procedures, divorce, or even falling off a bicycle. At the core of this book is the understanding of how trauma is imprinted on the body, brain, and spirit, resulting in anxiety, nightmares, depression, physical illnesses, addictions, hyperactivity, and aggression. Rich with case studies and hands-on activities, *Trauma Through a Child's Eyes* gives insight into children's innate ability to rebound with the appropriate support, and provides their caregivers with tools to overcome and prevent trauma.

Longlisted for the Carnegie Medal for Excellence and the Joyce Carol Oates prize. One of Exile in Bookville's Favorite Books of 2020. In *The Last Great Road Bum*, Héctor Tobar turns the peripatetic true story of a naive son of Urbana, Illinois, who died fighting with guerrillas in El Salvador into the great American novel for our times. Joe Sanderson died in pursuit of a life worth writing about. He was, in his words, a "road bum," an adventurer and a storyteller, belonging to no place, people, or set of ideas. He was born into a childhood of middle-class contentment in Urbana, Illinois and died fighting with guerillas in Central America. With these facts, acclaimed novelist and journalist Héctor Tobar set out to write what would become *The Last*

Great Road Bum. A decade ago, Tobar came into possession of the personal writings of the late Joe Sanderson, which chart Sanderson's freewheeling course across the known world, from Illinois to Jamaica, to Vietnam, to Nigeria, to El Salvador—a life determinedly an adventure, ending in unlikely, anonymous heroism. The Last Great Road Bum is the great American novel Joe Sanderson never could have written, but did truly live—a fascinating, timely hybrid of fiction and nonfiction that only a master of both like Héctor Tobar could pull off.

Eleven-year-old Charlie Reese has been making the same secret wish every day since fourth grade. She even has a list of all the ways there are to make the wish, such as cutting off the pointed end of a slice of pie and wishing on it as she takes the last bite. But when she is sent to the Blue Ridge Mountains of North Carolina to live with family she barely knows, it seems unlikely that her wish will ever come true.

That is until she meets Wishbone, a skinny stray dog who captures her heart, and Howard, a neighbor boy who proves surprising in lots of ways. Suddenly Charlie is in serious danger of discovering that what she thought she wanted may not be what she needs at all. From award-winning author Barbara O'Connor comes a middle-grade novel about a girl who, with the help of a true-blue friend, a big-hearted aunt and uncle, and the dog of her dreams, unexpectedly learns the true meaning of family in the least likely of

places. This title has Common Core connections. This guidebook illustrates the UN system while covering issues as diverse as terrorism, peacekeeping, human rights, climate change, and UN reform.

The true story of a Yemeni child bride describes her forced marriage to an abusive husband three times her age, her pursuit of the marriage's dissolution, and the cultural factors that place girls at risk in Yemeni society.

When a meteorite lands in Surrey, the locals don't know what to make of it. But as Martians emerge and begin killing bystanders, it quickly becomes clear—England is under attack. Sixteen-year-old Enrique embarks on a journey to find his mother, who eleven years earlier had illegally entered the United States hoping to find work and make enough money to send home to her starving family in Honduras.

Enrique's JourneyThe True Story of a Boy Determined to Reunite with His MotherDelacorte Books for Young Readers Part history, part political analysis, and part memoir, Mexifornia is an intensely personal work by one of our most important writers. Victor Davis Hanson, known for his military histories and his social commentary, is a fifth-generation Californian who lives on a family farm in the Central Valley and has written eloquent elegies on the decline of agrarianism, *Fields Without Dreams* and *The Land Was Everything*. Here too, he ponders what has changed in California over the past quarter century, examining how the state and the Southwest more broadly—indeed, the entire nation—have been altered by hemorrhaging borders. Hanson admires the ambition and vigor of immigrants who have helped make California strong, but he indicts the disordered immigration policies that led to the present mess. He also illuminates the ways those policies are harmful to people who have come from Mexico and Central America seeking a better life in the United States. Nearly twenty years after the first publication of *Mexifornia*, Hanson offers an update on the

continuing tragedy of illegal immigration. At the same time, he remains hopeful that our traditions of integration, assimilation, and intermarriage may yet remedy a predicament created by politicians and ideologues.

Education is a crucially important social institution, closely correlated with wealth, occupational prestige, psychological well-being, and health outcomes. Moreover, for children of immigrants – who account for almost one in four school-aged children in the U.S. – it is the primary means through which they become incorporated into American society. This insightful new book explores the educational outcomes of post-1965 immigrants and their children. Tracing the historical context and key contemporary scholarship on immigration, the authors examine issues such as structural versus cultural theories of education stratification, the overlap of immigrant status with race and ethnicity, and the role of language in educational outcomes. Throughout, the authors pay attention to the great diversity among immigrants: some arrive with PhDs to work as research professors, while others arrive with a primary school education and no English skills to work as migrant laborers. As immigrants come from an ever-increasing array of races, ethnicities, and national origins, immigrant assimilation is more complex than ever before, and education is central to their adaptation to American society. Shedding light on often misunderstood topics, this book will be invaluable for advanced undergraduate and beginning graduate-level courses in sociology of education, immigration, and race and ethnicity.
