

Eric Foner The Story Of American Freedom Sparknotes

Edited by Eric Foner and coordinated with each chapter of the text, this companion to *Give Me Liberty!* includes primary-source documents touching on the theme of American freedom. The freedom theme is explored in the words of well-known historical figures and ordinary Americans. Each document is accompanied by an introductory headnote and study questions.

Describes the changes brought about by the Civil War, discusses the impact of slavery's end, and looks at the political, economic, and social aspects of Reconstruction. *Give Me Liberty!* is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, *Give Me Liberty!* delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool. The best-selling Seagull Edition is also available in full color for the first time.

“A masterwork [by] the preeminent historian of the Civil War era.”—Boston Globe Selected as a Notable Book of the Year by the New York Times Book Review, this landmark work gives us a definitive account of Lincoln's lifelong engagement with the nation's critical issue: American slavery. A master historian, Eric Foner draws Lincoln and the broader history of the period into perfect balance. We see Lincoln, a pragmatic politician grounded in principle, deftly navigating the dynamic politics of antislavery, secession, and civil war. Lincoln's greatness emerges from his capacity for moral and political

growth.

A powerful text by an acclaimed historian, *Give Me Liberty!* delivers an authoritative, concise, and integrated American history. In the Sixth Edition, Eric Foner addresses a question that has motivated, divided, and stirred passionate debates: "Who is an American?" With new coverage of issues of inclusion and exclusion—reinforced by new primary source features in the text and a new secondary source tutorial online—*Give Me Liberty!* strengthens students' most important historical thinking skills. The Seagull Edition offers the complete text of the Full Edition in full color and a portable trim size with fewer illustrations and maps and an exceptionally low price.

Originally released in 1990, *The New American History* edited for the American Historical Association by Eric Foner, has become an indispensable volume for teachers and students. In essays that chart the shifts in interpretation within their fields, some of our most prominent American historians survey the key works and themes in the scholarship of the last three decades. Along with substantially revised essays from the first edition, this volume presents three entirely new ones - on intellectual history, the history of the West, and the histories of the family and sexuality. The second edition of *The New American History* reflects, in Foner's words, "the continuing vitality and creativity of the study of the past, how traditional fields are being expanded and redefined even as new ones are created." Author note: Eric Foner is DeWitt Clinton Professor of History at Columbia University. He is the author of numerous books, including *Reconstruction, 1863-1877* which was awarded the Bancroft Prize.

Pulitzer Prize-winning historian Eric Foner tells the story of how, between 1830 and 1860, three remarkable men from New York city - a journalist, a furniture polisher, and a black minister - led a secret network that helped no fewer than

Download File PDF Eric Foner The Story Of American Freedom Sparknotes

3,000 fugitive slaves from the southern states of America to a new life of liberty in Canada.

'Reconstruction' is the name given to the period that, beginning shortly before the end of the American Civil War and running until 1877, saw the frustration of federal government's attempts to integrate the newly freed slaves into the American political and economic system. It ended in frustration, disillusionment and also violence, with individual southern states denying rights to freed slaves, preventing them from voting, and largely forcing them back into roles that exploited their labor and prevented them from gaining access to education. For much of the 20th century, the predominant view of the Reconstruction period was that of the Dunning School, which argued that former slaves were unprepared for the responsibilities of voting and holding office, and that it was their incapability of handling such responsibilities – and not the racist actions of whites – that was largely responsible for the failures of the Reconstruction period. Eric Foner's great work reverses those judgements. Foner adopts a problem-solving approach, asking productive questions of state archives and generating and assessing alternative possibilities to assess the views of the Dunning School in a much wider context. His verdict – that slaves and freedmen were often key figures who shaped the eventual emergence of a more progressive American democracy – is backed up by persuasive reasoning which explains how these results came about and shows how the white establishment, led by President Andrew Johnson, was primarily responsible for the disasters of the Reconstruction era.

This "masterful treatment of one of the most complex periods of American history" (New Republic) made history when it was originally published in 1988. It redefined how Reconstruction was viewed by

historians and people everywhere in its chronicling of how Americans -- black and white -- responded to the unprecedented changes unleashed by the war and the end of slavery. This "smart book of enormous strengths" (Boston Globe) has since gone on to become the classic work on the wrenching post-Civil War period -- an era whose legacy reverberates still today in the United States.

From the Pulitzer Prize-winning scholar, a timely history of the constitutional changes that built equality into the nation's foundation and how those guarantees have been shaken over time. The Declaration of Independence announced equality as an American ideal, but it took the Civil War and the subsequent adoption of three constitutional amendments to establish that ideal as American law. The Reconstruction amendments abolished slavery, guaranteed all persons due process and equal protection of the law, and equipped black men with the right to vote. They established the principle of birthright citizenship and guaranteed the privileges and immunities of all citizens. The federal government, not the states, was charged with enforcement, reversing the priority of the original Constitution and the Bill of Rights. In grafting the principle of equality onto the Constitution, these revolutionary changes marked the second founding of the United States. Eric Foner's compact, insightful history traces the arc of these pivotal

Download File PDF Eric Foner The Story Of American Freedom Sparknotes

amendments from their dramatic origins in pre-Civil War mass meetings of African-American “colored citizens” and in Republican party politics to their virtual nullification in the late nineteenth century. A series of momentous decisions by the Supreme Court narrowed the rights guaranteed in the amendments, while the states actively undermined them. The Jim Crow system was the result. Again today there are serious political challenges to birthright citizenship, voting rights, due process, and equal protection of the law. Like all great works of history, this one informs our understanding of the present as well as the past: knowledge and vigilance are always necessary to secure our basic rights.

How Chinese migration to the world’s goldfields upended global power and economics and forged modern conceptions of race. In roughly five decades, between 1848 and 1899, more gold was removed from the earth than had been mined in the 3,000 preceding years, bringing untold wealth to individuals and nations. But friction between Chinese and white settlers on the goldfields of California, Australia, and South Africa catalyzed a global battle over “the Chinese Question”: would the United States and the British Empire outlaw Chinese immigration? This distinguished history of the Chinese diaspora and global capitalism chronicles how a feverish alchemy of race and money brought Chinese people to the West and reshaped the nineteenth-century world.

Download File PDF Eric Foner The Story Of American Freedom Sparknotes

Drawing on ten years of research across five continents, prize-winning historian Mae Ngai narrates the story of the thousands of Chinese who left their homeland in pursuit of gold, and how they formed communities and organizations to help navigate their perilous new world. Out of their encounters with whites, and the emigrants' assertion of autonomy and humanity, arose the pernicious western myth of the "coolie" laborer, a racist stereotype used to drive anti-Chinese sentiment. By the turn of the twentieth century, the United States and the British Empire had answered "the Chinese Question" with laws that excluded Chinese people from immigration and citizenship. Ngai explains how this happened and argues that Chinese exclusion was not extraneous to the emergent global economy but an integral part of it. The Chinese Question masterfully links important themes in world history and economics, from Europe's subjugation of China to the rise of the international gold standard and the invention of racist, anti-Chinese stereotypes that persist to this day.

In this collection of polemical pieces, Foner expounds on the relevance of Abraham Lincoln's legacy in the age of Obama and on the need for another era of Reconstruction. In addition to articles in which Foner calls out politicians and the powerful for their abuse and misuse of American history, Foner

assesses some of his fellow leading historians of the late 20th century, including Richard Hofstadter, Howard Zinn and Eric Hobsbawm. Foner ends with an open letter to Bernie Sanders analysing the great tradition of radicalism that he has spent his career studying and which, he argues, Americans of progressive disposition should seek to celebrate and retrieve.

A powerful text by an acclaimed historian, *Give Me Liberty!* delivers an authoritative, concise, and integrated American history. In the Sixth Edition, Eric Foner addresses a question that has motivated, divided, and stirred passionate debates: "Who is an American?" With new coverage of issues of inclusion and exclusion--reinforced by new primary source features in the text and a new secondary source tutorial online--*Give Me Liberty!* strengthens students' most important historical thinking skills. An abridged version of *Reconstruction: America's Unfinished Revolution*, the definitive study of the aftermath of the Civil War, winner of the Bancroft Prize, Avery O. Craven Prize, Los Angeles Times Book Award, Francis Parkman Prize, and Lionel Trilling Prize.

United States today.

A landmark history of postwar America and the second volume in the Penguin History of the United States series, edited by Eric Foner In this momentous work, acclaimed labor historian Joshua B. Freeman presents an epic portrait of the United States in the latter half of the twentieth century, revealing a nation galvanized by change even as conflict seethed within its borders. Beginning in 1945, he charts the astounding rise of the labor movement and its pitched struggle with the bastions of American capitalism in the 1940s and '50s, untangling the complicated threads between the workers' agenda and that of the civil rights and women's movements. Through the lens of civil rights, the Cold War struggle, and the labor movement, American Empire teaches us something profound about our past while illuminating the issues that continue to animate American political discourse today.

Winner of the J. Anthony Lukas Award Longlisted for the Cundill History Prize "Absorbing.... Segregation is not one story but many. Luxenberg has written his with energy, elegance and a heart aching for a world without it."--James Goodman, *The New York Times Book Review*

Chronicles the history of America's pursuit of liberty, tracing the struggles among freed slaves, union organizers, women rights advocates, and other groups to widen freedom's promise

A groundbreaking work that exposes the twisted origins of affirmative action. In this "penetrating new analysis" (*New York Times Book Review*) Ira Katznelson fundamentally recasts our understanding of twentieth-century American history and demonstrates that all the key programs passed during the New Deal and Fair Deal era of the 1930s and 1940s were created in a deeply discriminatory manner.

Download File PDF Eric Foner The Story Of American Freedom Sparknotes

Through mechanisms designed by Southern Democrats that specifically excluded maids and farm workers, the gap between blacks and whites actually widened despite postwar prosperity. In the words of noted historian Eric Foner, "Katznelson's incisive book should change the terms of debate about affirmative action, and about the last seventy years of American history."

The leading U.S. history textbook, with a new focus on "Who is an American?"

A groundbreaking new history, telling the stories of hundreds of African-American activists and officeholders who risked their lives for equality-in the face of murderous violence-in the years after the Civil War. By 1870, just five years after Confederate surrender and thirteen years after the Dred Scott decision ruled blacks ineligible for citizenship, Congressional action had ended slavery and given the vote to black men. That same year, Hiram Revels and Joseph Hayne Rainey became the first African-American U.S. senator and congressman respectively. In South Carolina, only twenty years after the death of arch-secessionist John C. Calhoun, a black man, Jasper J. Wright, took a seat on the state's Supreme Court. Not even the most optimistic abolitionists thought such milestones would occur in their lifetimes. The brief years of Reconstruction marked the United States' most progressive moment prior to the civil rights movement. Previous histories of Reconstruction have focused on Washington politics. But in this sweeping, prodigiously researched narrative, Douglas Egerton brings a much bigger, even more dramatic story into view, exploring state and local politics and tracing the struggles of some fifteen hundred African-American officeholders, in both the North and South, who fought entrenched white resistance. Tragically, their movement was met by ruthless violence-not just riotous mobs, but also targeted assassination. With stark evidence,

Download File PDF Eric Foner The Story Of American Freedom Sparknotes

Egerton shows that Reconstruction, often cast as a “failure” or a doomed experiment, was rolled back by murderous force. The Wars of Reconstruction is a major and provocative contribution to American history.

From the “preeminent historian of Reconstruction” (New York Times Book Review), an updated abridged edition of Reconstruction, the prize-winning classic work on the post-Civil War period which shaped modern America.

Reconstruction chronicles the way in which Americans—black and white—responded to the unprecedented changes unleashed by the war and the end of slavery. It addresses the quest of emancipated slaves’ searching for economic autonomy and equal citizenship, and describes the remodeling of Southern society; the evolution of racial attitudes and patterns of race relations; and the emergence of a national state possessing vastly expanded authority and one committed, for a time, to the principle of equal rights for all Americans. This “masterful treatment of one of the most complex periods of American history” (New Republic) remains the standard work on the wrenching post-Civil War period—an era whose legacy still reverberates in the United States today.

From one of our most distinguished historians, a new examination of the vitally important years of Emancipation and Reconstruction during and immediately following the Civil War—a necessary reconsideration that emphasizes the era’s political and cultural meaning for today’s America. In *Forever Free*, Eric Foner overturns numerous assumptions growing out of the traditional understanding of the period, which is based almost exclusively on white sources and shaped by (often unconscious) racism. He presents the period as a time of determination, especially on the part of recently emancipated black Americans, to put into effect the principles of equal rights and citizenship for all. Drawing on a wide

Download File PDF Eric Foner The Story Of American Freedom Sparknotes

range of long-neglected documents, he places a new emphasis on the centrality of the black experience to an understanding of the era. We see African Americans as active agents in overthrowing slavery, in helping win the Civil War, and—even more actively—in shaping Reconstruction and creating a legacy long obscured and misunderstood. Foner makes clear how, by war's end, freed slaves in the South built on networks of church and family in order to exercise their right of suffrage as well as gain access to education, land, and employment. He shows us that the birth of the Ku Klux Klan and renewed acts of racial violence were retaliation for the progress made by blacks soon after the war. He refutes lingering misconceptions about Reconstruction, including the attribution of its ills to corrupt African American politicians and "carpetbaggers," and connects it to the movements for civil rights and racial justice. Joshua Brown's illustrated commentary on the era's graphic art and photographs complements the narrative. He offers a unique portrait of how Americans envisioned their world and time. *Forever Free* is an essential contribution to our understanding of the events that fundamentally reshaped American life after the Civil War—a persuasive reading of history that transforms our sense of the era from a time of failure and despair to a threshold of hope and achievement.

From the "preeminent historian of Reconstruction" (New York Times Book Review), a newly updated AND abridged edition of the prizewinning classic on the post-Civil War period that shaped modern America In this updated edition of the abridged *Reconstruction*, Eric Foner redefines how the post-Civil War period was viewed. *Reconstruction* chronicles the way in which Americans—black and

Download File PDF Eric Foner The Story Of American Freedom Sparknotes

white—responded to the unprecedented changes unleashed by the war and the end of slavery. It addresses the quest of emancipated slaves searching for economic autonomy and equal citizenship, and describes the remodeling of Southern society, the evolution of racial attitudes and patterns of race relations, and the emergence of a national state possessing vastly expanded authority and committed, for a time, to the principle of equal rights for all Americans. This "masterful treatment of one of the most complex periods of American history" (New Republic) remains the standard work on the wrenching post-Civil War period—an era whose legacy still reverberates in the United States today.

"Howard Fast makes superb use of his material. ... Aside from its social and historical implications, Freedom Road is a high-gearred story, told with that peculiar dramatic intensity of which Fast is a master". -- Chicago Daily News

An abridged version of the multiple award-winning Reconstruction: America's unfinished revolution (1988). Annotation copyrighted by Book News, Inc., Portland, OR

Clear, concise, integrated, and up-to-date, Give Me Liberty! is a proven success with teachers and students. Eric Foner pulls the pieces of the past together into a cohesive picture, using the theme of freedom throughout. The Fourth Edition features

Download File PDF Eric Foner The Story Of American Freedom Sparknotes

stronger coverage of American religion and a reinforced pedagogical program aimed at fostering effective reading and study skills. The Seagull Edition includes the full text of the regular edition in a compact volume, for an affordable price.

In this Second Edition of this radical social history of America from Columbus to the present, Howard Zinn includes substantial coverage of the Carter, Reagan and Bush years and an Afterword on the Clinton presidency. Its commitment and vigorous style mean it will be compelling reading for under-graduate and post-graduate students and scholars in American social history and American studies, as well as the general reader.

Winner of the 2011 Pulitzer Prize in History, the Bancroft Prize, and the Lincoln Prize: from a master historian, the story of Lincoln's—and the nation's—transformation through the crucible of slavery and emancipation. In this landmark work of deep scholarship and insight, Eric Foner gives us the definitive history of Lincoln and the end of slavery in America. Foner begins with Lincoln's youth in Indiana and Illinois and follows the trajectory of his career across an increasingly tense and shifting political terrain from Illinois to Washington, D.C. Although “naturally anti-slavery” for as long as he can remember, Lincoln scrupulously holds to the position that the Constitution protects the institution in the original slave states. But the political

Download File PDF Eric Foner The Story Of American Freedom Sparknotes

landscape is transformed in 1854 when the Kansas-Nebraska Act makes the expansion of slavery a national issue. A man of considered words and deliberate actions, Lincoln navigates the dynamic politics deftly, taking measured steps, often along a path forged by abolitionists and radicals in his party. Lincoln rises to leadership in the new Republican Party by calibrating his politics to the broadest possible antislavery coalition. As president of a divided nation and commander in chief at war, displaying a similar compound of pragmatism and principle, Lincoln finally embraces what he calls the Civil War's "fundamental and astounding" result: the immediate, uncompensated abolition of slavery and recognition of blacks as American citizens. Foner's Lincoln emerges as a leader, one whose greatness lies in his capacity for moral and political growth through real engagement with allies and critics alike. This powerful work will transform our understanding of the nation's greatest president and the issue that mattered most.

From one of the great political journalists of our time comes a boldly argued reinterpretation of the central event in our collective past--a book that portrays the American Revolution not as a clash of ideologies but as a Machiavellian struggle for power.

Presents a survey text of American history from European exploration to the present day, with an emphasis on the interconnections between social,

“Perhaps the highest praise one can offer

McCurry’s work is to say that once we look through

her eyes, it will become almost impossible to believe

that we ever saw or thought otherwise.”—Drew Gilpin

Faust, *The New Republic* The story of the

Confederate States of America, the proslavery,

antidemocratic nation created by white Southern

slaveholders to protect their property, has been told

many times in heroic and martial narratives. Now,

however, Stephanie McCurry tells a very different

tale of the Confederate experience. When the

grandiosity of Southerners’ national ambitions met

the harsh realities of wartime crises, unintended

consequences ensued. Although Southern

statesmen and generals had built the most powerful

slave regime in the Western world, they had

excluded the majority of their own people—white

women and slaves—and thereby sowed the seeds of

their demise. Wartime scarcity of food, labor, and

soldiers tested the Confederate vision at every point

and created domestic crises to match those found on

the battlefields. Women and slaves became critical

political actors as they contested government

enlistment and tax and welfare policies, and

struggled for their freedom. The attempt to repress a

Download File PDF Eric Foner The Story Of American Freedom Sparknotes

majority of its own population backfired on the Confederate States of America as the disenfranchised demanded to be counted and considered in the great struggle over slavery, emancipation, democracy, and nationhood. That Confederate struggle played out in a highly charged international arena. The political project of the Confederacy was tried by its own people and failed. The government was forced to become accountable to women and slaves, provoking an astounding transformation of the slaveholders' state.

Confederate Reckoning is the startling story of this epic political battle in which women and slaves helped to decide the fate of the Confederacy and the outcome of the Civil War.

The Oxford History of the United States is the most respected multivolume history of the American nation. In the newest volume in the series, *The Republic for Which It Stands*, acclaimed historian Richard White offers a fresh and integrated interpretation of Reconstruction and the Gilded Age

Download File PDF Eric Foner The Story Of American Freedom Sparknotes

as the seedbed of modern America. At the end of the Civil War the leaders and citizens of the victorious North envisioned the country's future as a free-labor republic, with a homogenous citizenry, both black and white. The South and West were to be reconstructed in the image of the North. Thirty years later Americans occupied an unimagined world. The unity that the Civil War supposedly secured had proved ephemeral. The country was larger, richer, and more extensive, but also more diverse. Life spans were shorter, and physical well-being had diminished, due to disease and hazardous working conditions. Independent producers had become wage earners. The country was Catholic and Jewish as well as Protestant, and increasingly urban and industrial. The "dangerous" classes of the very rich and poor expanded, and deep differences -- ethnic, racial, religious, economic, and political -- divided society. The corruption that gave the Gilded Age its name was pervasive. These challenges also brought vigorous efforts to secure economic, moral, and cultural reforms. Real change -- technological, cultural, and political -- proliferated from below more than emerging from political leadership. Americans, mining their own traditions and borrowing ideas, produced creative possibilities for overcoming the crises that threatened their country. In a work as dramatic and colorful as the era it covers, White narrates the conflicts and paradoxes of these

Download File PDF Eric Foner The Story Of American Freedom Sparknotes

decades of disorienting change and mounting unrest, out of which emerged a modern nation whose characteristics resonate with the present day. A thought-provoking new book from one of America's finest historians "History," wrote James Baldwin, "does not refer merely, or even principally, to the past. On the contrary, the great force of history comes from the fact that we carry it within us, are unconsciously controlled by it in many ways, and history is literally present in all that we do." Rarely has Baldwin's insight been more forcefully confirmed than during the past few decades. History has become a matter of public controversy, as Americans clash over such things as museum presentations, the flying of the Confederate flag, or reparations for slavery. So whose history is being written? Who owns it? In *Who Owns History?*, Eric Foner proposes his answer to these and other questions about the historian's relationship to the world of the past and future. He reconsiders his own earlier ideas and those of the pathbreaking Richard Hofstadter. He also examines international changes during the past two decades--globalization, the collapse of the Soviet Union, the end of apartheid in South Africa--and their effects on historical consciousness. He concludes with considerations of the enduring, but often misunderstood, legacies of slavery, the Civil War, and Reconstruction. This is a provocative, even controversial, study of the reasons

we care about history--or should.

A volume of original essays on the sixteenth president includes James M. McPherson's evaluation of his politics and wartime strategies, Sean Wilentz's perspectives on Lincoln's party politics, and Eric Foner's assessment of his views on slavery and race. 15,000 first printing.

Winner of the 2015 Avery O. Craven Prize from the Organization of American Historians Winner of the 2015 Sidney Hillman Prize A groundbreaking history demonstrating that America's economic supremacy was built on the backs of slaves Americans tend to cast slavery as a pre-modern institution -- the nation's original sin, perhaps, but isolated in time and divorced from America's later success. But to do so robs the millions who suffered in bondage of their full legacy. As historian Edward E. Baptist reveals in *The Half Has Never Been Told*, the expansion of slavery in the first eight decades after American independence drove the evolution and modernization of the United States. In the span of a single lifetime, the South grew from a narrow coastal strip of worn-out tobacco plantations to a continental cotton empire, and the United States grew into a modern, industrial, and capitalist economy. Told through intimate slave narratives, plantation records, newspapers, and the words of politicians, entrepreneurs, and escaped slaves, *The Half Has Never Been Told* offers a radical new interpretation
