Tracing the rise of commercial fetish art from its shadowy beginnings in the 1940s to its acceptance in the 1970s, this illustrated biography explores the unconventional life and art of Eric Stanton, a pioneering sexual fantasist who helped shape the movement. With more than 400 rare images and interviews with Stanton's family and closest associates, this biography chronicles the infamous circle of patrons, publishers, and cult icons populating his subterranean world, including Irving Klaw, John Willie, Bettie Page, Steve Ditko, and Gene Bilbrew. It is the untold, secret history of a misunderstood culture, the abuses of government authority, social intolerance, and gangsters. But above all, it is a tale about survival against all odds and an artist who had the courage to stay true to himself.

Oliver Frey is one of the most important artists working in the medium of commercial illustration. For a generation of boys in the 1980s, it is his art on the covers of cult computer games magazines that came to express the exuberance and excitement of the games they played. This book documents his work between the 1970s and today.

This book examines the take-a-knee protests, incorporating analysis of media coverage, impact on attitudes and behaviors, and racial, religious, gendered, and political perspectives. The analysis allows readers to recognize both positive and negative prejudice and to proscribe possible solutions for political divisiveness. This collection of 47 tales from Gustav Schwab's seminal anthology of Greek myths stages the illustrious exploits of Heracles, Jason, Odysseus, and a host of heroes. Through the masterful drawings of Clifford Harper and artworks from the leading figures of the Golden Age of Illustration, including Walter Crane, Arthur Rackham, and Virginia...

Excerpt: Touko Laaksonen, best known by his pseudonym Tom of Finland (8 May 1920 - 7 November 1991) was a Finnish artist notable for his stylized androerotic and fetish art and his influence on late twentieth century gay culture. He has been called the "most influential creator of gay pornographic images" by

cultural historian Joseph W. Slade. Over the course of four decades he produced some 3500 illustrations, mostly featuring men with exaggerated primary and secondary sex traits: heavily muscled torsos, limbs, and buttocks, and large penises. Tight or partially removed clothing showed off these traits, with the penis often visible as a bulge in tight trousers or prominently displayed for the viewer. His drawings frequently feature two or more men either immediately preceding or during explicit sexual activity. Nearly all of his characters were versatile and obviously enjoyed the bottom as well as the top role in sexual intercourse. Laaksonen was born and raised by a middle-class family in Kaarina, a city in southwestern Finland, near...

Swappers, singers, transvestites, nymphos, hookers, dominatrixes, lesbians: these subjects were only several of the naughty novels of the 1960s. This lurid, taboo book genre (known to collectors of vintage smut gems as 'sleaze') only went as far as third base' - hardcore pornography only came to play after the mid-70s. Sin-A-Rama explores the long-neglected and often brilliant popcult manifestation, with attention paid to what occurred behind closed doors with the pseudonymous and sometimes jailed authors and artists.'

Doris Gohlke, aka Delilah Jones, came to the USA in the late 1950s. She modeled and posed for various photographers over the next two decades. Most of those photographers were well-known magazine photographers. Her pictures ended up in a majority of men's magazines over the years. It was a career that developed into a burlesque career and eventual management of clubs. This book is the picture story of her life, arrival, and modeling/burlesque/management career.

Fetish artist Eric Stanton had a most particular and personal preference: strong, buxom, and leggy women dominating tied-up, handcuffed, and awestruck men. A titillating range of 20 comic strip fantasies, these timeless pictures offer an

Although rarely credited by name in his lifetime, he influenced everyone who would follow him, particularly the publishers Robert Harrison, John Willie, Irving Klaw, and Leonard Burtman. The aim of this book was to evoke the spirit of Guyette -- to collect surviving fragments of a decimated catalog largely by referencing vintage fetish publications from the 1930s through the 1980s and reconstruct a lost history. This portfolio of images is followed by biographical information seen nowhere else, and serves as a substantial introduction to the birth of American fetish art and the cultural impact of an unrecognized pioneer. ** 2018 Expanded Second Edition ** contains 25 additional pages, 30+ newly discovered, uniquely beautiful Guyette images. Many not seen in over 70 years. ==> Make this collection yours today! Reviews: "If New York collector, writer and fetish historian Richard Pérez Seves had not decided to assemble what he knew about Charles Guyette (along with a substantial selection of images) into this paperback, this influential forerunner of the genre's better known exponents would have continued a lot longer as the great unsung hero of American fetish art." -- Tony Mitchell, thefetishistas.com "If you're at all a fan of fetish art ... then this book will be right up your alley." -- kinkweekly.com "I've often cited John Willie's gals as my biggest fashion inspiration but I'll have to start tipping my hat to Guyette as well." -- Dita Von Teese " "Peek Inside" with Dita Von Teese (copy & paste) " instagram.com/p/BbC7Aw8BjRW " "Peek Inside" NEW Edition (copy & paste) " fethistory.blogspot.com/p/blog-page.html From the Author: "Fetish art (although the word "fetish" was not used in those days as that term came into fashion in a non-clinical way in the 1970s) was about testing the boundaries of freedom. Some of it had to do with unconventional sexual expression ... but more of it had to do with fashion because of how identity and gender are connected to what we wear. Charles Guyette was a sexual fantasist, who earned his living as a costumer. He sold photos of his "costume studies" on the sly. He produced custom-made high-heel boots and shoes, sold corsets, opera gloves, and other eccentric accessories. He understood the transformative power of clothing, particularly "bizarre" and theatrical fashion. He is also referenced in the new film on Wonder Woman's creator, Professor Marston and the Wonder Women, as the costumer for Wonder Woman's real life inspiration, Olive Byrne. * * * * About the author: He is also the author of the upcoming hardcover illustrated fetish art history and biography, Eric Stanton & the History of the Bizarre Underground. ===== Available now on Amazon for pre-order ===== Tags: Charles Guyette, the "G-string King," vintage fetish, fetish fashion, Yva Richard, Weimar, John Willie, Irving Klaw, Eric Stanton, Professor Marston and the Wonder Women, The Secret History of Wonder Woman, My Beauty Mark, Burlesque and The Art of The Teese, high-heel shoes, boots, corsets, Dita Von Teese, Bettie Page: Queen of Curves, Bettie Page Reveals All, Voluptuous Panic, Vivian Maier, Annie Leibovitz, Jill Lepore, Horizontal Collaboration, Weimar Republic books, The Erotic World of Weimar Berlin, London Life Who took 1970's porn esthetic and made it fashion chic? How are Christians to understand and undertake the discipline of psychology? This question has been of keen interest (and sometimes concern) to Christians because of the importance we place on a correct understanding of human nature. Psychology can sometimes seem disconnected from, if not antithetical to, Christian perspectives on life. How are we to understand our Christian beliefs about persons in relation to secular psychological beliefs? This revised edition of a widely appreciated text now presents five models for understanding the relationship between psychology and Christianity. All the essays and responses have been reworked and updated with some new contributors including the addition of a new perspective, the transformative view from John Coe and Todd Hall (Biola University). Also found here is David Powlison (Westminster Theological Seminary) who offers the biblical counseling model. The levels-of-explanation model is advanced by David G. Myers (Hope College), while Stanton L. Jones (Wheaton College) offers an entirely new chapter presenting the integration model. The Christian psychology model is put forth by Robert C. Roberts (Baylor University) now joined by Paul J. Watson (University of Tennessee, Chattanooga). Each of the contributors responds to the other essayists, noting points of agreement as well as problems they see. Eric L. Johnson provides a revised introduction that describes the history of Christians and psychology, as well as a conclusion that considers what might unite the five views and how a reader might evaluate the relative strengths and weaknesses of each view. *Psychology and Christianity: Five Views* has become a standard introductory textbook for students and professors of Christian psychology. This revision promises to keep it so.

A new mode of masturbating into the next millennium Anyone who has seen her *Digital Diaries* has intimate knowledge of Natacha Merritt. And of her friends, male and female, and her acquaintances as well. But Merritt's favourite motif is herself: she poses almost every minute of the day for her camera, taking photographs of herself in bed, in the shower, having sex with her friend, masturbating with and without accessories, from every imaginable angle and with the camera usually at arm's length. Merritt, born 1977, works with a digital camera, the Polaroid of the 90s, breaking down the most intimate details into universally accessible bits of information. Eric Kroll came across Natacha Merritt by chance in the internet, where she had put several of her photographs. This

was something that left the tradition of classical pin-up and fetish photography, in which Kroll himself works, far behind it.

Stanton has been called the Rembrandt of pulp-culture. His imaginative, detailed full-color comic strip narratives picture buxom, leggy femmes fatales having their way with tied-up, handcuffed, or simply awestruck men. The stories included here are highlights from our huge tome Eric Stanton, The Man Who Knows His Place. "Seeking to bring Gallic sophistication and worldly elegance into their galleries and drawing rooms, wealthy Americans of the late 19th and early 20th centuries collected the work of William-Adolphe Bouguereau (1825-1905) in record numbers. This revelatory volume offers an in-depth exploration of Bouguereau's overwhelming popularity in turn-of-the-century America and the ways that his work--widely known from reviews, exhibitions, and inexpensive reproductions--resonated with the American public. While also lauded by the French artistic establishment and a dominant presence at the Parisian Salons, Bouguereau achieved his greatest success selling his idealized and polished paintings to a voracious American market. In this book, the authors discuss how the artist's sensual classical maidens, Raphaelesque Madonnas, and pristine peasant children embodied the tastes of American Gilded Age patrons, and how Bouguereau's canvases persuasively functioned as freshly painted Old Masters for collectors flush with new money"--

Pulp art at its finest: A Stanton retrospective "A woman has to be strong. The bigger the better." —Eric Stanton Eric Stanton (1926-1999) has been called "the Rembrandt of Pulp-Culture" and it's not hard to see why—he is perhaps the brightest star of his genre. "Eneq," a man whose unique vision redefined cutting-edge art of the 1950s and '60s. PUBLISHERS WEEKLY BEST BOOK OF THE YEAR In "one of the most sensitive, nuanced examinations of father and son relationships" (The Boston Globe), award-winning writer Chris Offutt struggles to understand his recently deceased father, based on his reading of the 400-plus novels his father—a well-known writer of pornography in the 1970s and 80s—left him in his will. Andrew Offutt was considered the "king of twentieth-century smut," with a writing career that began as a strategy to pay for his son's orthodontic needs and soon took on a life of its own, peaking during the 1970s when the commercial popularity of the erotic novel reached its height. With his dutiful wife serving as typist, Andrew wrote from their home in the Kentucky hills, locked away in an office no one dared intrude upon. In this fashion he wrote more than four hundred novels, including pirate porn, ghost porn, zombie porn, and secret agent porn. The more he wrote, the more intense his ambition became and the more difficult it was for his children to be part of his world. Over the long summer of 2013, his son, Chris, returned to his hometown to help his now widowed mother move out of his childhood home. As he began to examine his father's manuscripts and memorabilia, journals, and letters, he realized he finally had an opportunity to gain insight into the difficult, mercurial, sometimes cruel man he'd loved and feared in equal measure. Only in his father's absence could he truly make sense of the man and his legacy. In *My Father, the Pornographer*, Offutt takes us on the journey with him, reading his father's prodigious literary output as both a critic and as a son seeking answers. He "enters the darkest and most mysterious of places—the cave of a monstrous enigma named Andrew J. Offutt—armed with nothing but his own restless curiosity. Spoiler alert: He makes it out alive, walking into the daylight to bring us a deeper, funnier, more tender and more heartbroken truth—and his masterpiece" (Michael Chabon).

The Butchery is composed of the little moments that make and break a relationship: lively dancing, silent strolls hand in hand, stilted phone calls, tearful pillow talk. Rendered with delicate colored pencils and an elegant use of white space, this story achieves an emotional clarity through its skillful brevity. At turns tender, agonizing, and darkly humorous, *The Butchery* is painfully relatable to anyone who has loved and lost.

Featuring the *Glamourotica Series 'Blonde and Gagged'* this brief collection shows why Dave Nestler is considered one of the best artists of modern bondage today. Even veteran Eric Stanton was moved to write 'To Dave: Wow, I love what you do -- for me and you'. There was always a hundred and one things to do with duct tape... now there's a hundred and two.
