The Great Escape for the Great War: the astonishing true story of two World War I prisoners who pulled off one of the most ingenious escapes of all time. "Fox unspools Jones and Hill's delightfully elaborate scheme in nail-biting episodes that advance like a narrative Rube Goldberg machine."—The New York Times Book Review Imprisoned in a remote Turkish POW camp during World War I, having survived a two-month forced march and a terrifying shootout in the desert, two British officers, Harry Jones and Cedric Hill, join forces to bamboozle their iron-fisted captors. To stave off despair and boredom, Jones takes a handmade Ouija board and fakes elaborate séances for his fellow prisoners. Word gets around, and one day an Ottoman official approaches Jones with a query: Could Jones contact the spirit world to find a vast treasure rumored to be buried nearby? Jones, a trained lawyer, and Hill, a brilliant magician, use the Ouija board—and their keen understanding of the psychology of deception—to build a trap for their captors that will ultimately lead them to freedom. A gripping nonfiction thriller, *The Confidence Men* is the story of one of the only known con

games played for a good cause—and of a profound but unlikely friendship. Had it not been for “the Great War,” Jones, the Oxford-educated son of a British lord, and Hill, a mechanic on an Australian sheep ranch, would never have met. But in pain, loneliness, hunger, and isolation, they formed a powerful emotional and intellectual alliance that saved both of their lives. Margalit Fox brings her “nose for interesting facts, the ability to construct a taut narrative arc, and a Dickens-level gift for concisely conveying personality” (Kathryn Schulz, New York) to this tale of psychological strategy that is rife with cunning, danger, and moments of high farce that rival anything in *Catch-22*.

ESCAPE FROM ALCATRAZ: True Stories of Jail Breaks and Great Escapes
Despite their place in popular culture, jail breaks are an incredibly daring prospect for any criminal to undertake. In most countries, escaping from jail is a very serious offence and will certainly result in a harsher punishment once the subject has been re-captured. Depending on the severity of the crime for which the offender was originally imprisoned, an attempted jail break can result in a significantly longer sentence. The cases covered in this volume are a combination of those prisoners who went to extreme lengths in order to free themselves from the confines of jail, those who broke free as a declaration of their innocence, and those who simply pounded at the first opportunity to escape. The fascination of each case cannot be over-stated, as well as the unimaginable bravery and audacity each one required.

Reporting to Alcatraz required me to uproot my wife Cathy and young son Kenny from Colorado to California. As we approached San Francisco via of the Oakland Bay Bridge we got our first foreboding glance of Alcatraz Island with a dense circle of fog surrounding it. A strange sense of dread came over me. I looked at our young son asleep in the back seat, then turned to my wife next to me and I whispered "What The Hell Did We Do". After moving on to Alcatraz our thought on Island life quickly changed and we decided not to apply for a transfer out, which consequently left us there until the Island closed in March of 1963. Because of our newly born daughters foot problem they left us there until June of 1963 making me The Last Guard Out.
