

Essentials Of International Relations Sixth Edition

Algebra is tough. We think all kids say that so we came up with a workbook that targets learners from Grades 6-8. The purpose of this workbook is to challenge a student's understanding of algebra by using age-appropriate examples. Encourage your child to use this book as a reviewer or as an introduction to the subject. So what are you waiting for? Secure a copy today!

A fresh perspective renews Karen Mingst's classic, concise text. A new chapter on international cooperation and international law presents alternatives to war. A streamlined approach to theories and levels of analysis makes concepts easier to understand and apply. Expanded coverage of cybersecurity, refugees, health, and the environment asks students to grapple with the big issues of our time. And InQuizitive—an all-new digital learning tool—helps students learn, retain, and apply key concepts.

Based on O'Neil, Fields, and Share's market-leading textbook and casebook, *Essentials of Comparative Politics with Cases* integrates key concepts with the relevant six case studies for the AP® curriculum--United Kingdom, Russia, China, Iran, Mexico, and Nigeria--following the relevant chapters. Students get all of the material they need in a seamless narrative that makes seeing connections easy.

They claw at me in my sleep. My constant companions, haunting me at every turn. Their whispers shiver down my neck. Secrets that could destroy my only chance at love. I was born with a curse. And now ... my curse could lead me to my death. Ronnie has spent her life hiding in plain sight. Ridiculed as a child, she learned quickly not to trust anyone with the knowledge of her gift. Until one persistent spirit in need of help won't take no for an answer. Embarking on a search for the ghost's brother, she's forced to open up to friendship and love. Unfortunately, she is exposed to grave danger in the process. Will she be able to stop a madman in time, or will she become his next victim? After suffering unimaginable loss, Brad takes a nosedive into the bottom of a bottle. Reckless and out of control, he's in danger of skidding into oblivion until a brush with a stranger inspires him to drag himself out of his hell hole. In a stroke of luck, he gets closer to his dark, beautiful stranger than he could've imagined. But the forces that drew them together are also threatening to pull them apart. Dark secrets lay buried, waiting to snuff out his happiness. Will he be able to save her in time? *WARNING: this book is intended for mature audiences due to adult themes and situations. *

Everything you need to know to look after yourself to bring about and maintain perfect health, prosperity, wealth, happiness, quality of life and longevity. It reveals that we are, without realising, not doing enough or the right things to protect our health and prosperity which is equally extremely damaging to nature, wildlife, oceans, sea-life, fresh springs, waterways and air, and us. The Book by Linde utilises new and ancient knowledge from around the world, over the millennia identifying what changes we need to make to enhance every aspect of our lives with simple solutions for almost every situation. It is your most powerful contribution to protecting, nurturing and saving our planet. In summary, 'THE BOOK' Consists of Six Chapters which incorporates a summary within each one: Lifestyle; Food & Nutrition; Medical Care; Mind; Water; and Now Live the final chapter which you can cast your eye over first as it is a synopsis of the complete works. It is highly recommend to read from cover to cover but, it is packed

with valuable information to just use as a Reference Manual on a day to day basis. Teaches you how to look after your body and mind to ultimately prevent illness, but also to help regain and maintain perfect health; Provides countless number of practical, realistic & simple tips to easily adopt into your day to day lifestyle improving quality of life, saving time & money and gaining longevity; Fuses together specialised areas in health & mind, lifestyle & environment under one cover; Identifies our day to day toxic exposures that we are unaware of and provides successful resolutions; Gives you complete fundamental knowledge and awareness, to use your courage to take responsibility for your life enhancing your health, prosperity and happiness; Provides you with ancient knowledge and practices to new, from science including quantum physics, to philosophy, psychology, and important detail on nutrition, exercise, energies and medicine; Is very current, answering all the conflicting hype about diets, the next super food or the bad effects of conventional drugs or sugar that are in the media weekly, even daily; For more information please visit www.thebookbook.co.uk

The most comprehensive, consistent casebook

All the tools students need to understand American politics—with 9 chapters on Texas government and politics.

International Relations scholars have traditionally expressed little direct interest in addressing time and temporality. Yet, assumptions about temporality are at the core of many theories of world politics and time is a crucial component of the human condition and our social reality. Today, a small but emerging strand of literature has emerged to meet questions concerning time and temporality and its relationship to International Relations head on. This volume provides a platform to continue this work. The chapters in this book address subjects such as identity, terrorism, war, gender relations, global ethics and governance in order to demonstrate how focusing on the temporal aspects of such phenomena can enhance our understanding of the world. Contributors: Andrew Hom, Christopher McIntosh, Liam Stockdale, Alasdair McKay, Shahzad Bashir, Kevin K. Birth, Valerie Bryson, Kathryn Marie Fisher, Robert Hassan, Caroline Holmqvist, Kimberly Hutchings, Tim Luecke, Tom Lundborg, Tim Stevens and Ty Solomon.

Maybe you're a recent college graduate, looking for a successful start to your career. Or an experienced professional, feeling the need to try something new. Either way, a whole host of opportunities await you-but if you really hope to ace that interview and get the job you want, you'll need the right skills to get ahead. So when you're navigating the complex twists and turns of today's changing job market, let *I'll Get That Job!* serve as your road map and guide. Featuring advice from real HR professionals, headhunters, and team managers, this essential job-hunting companion will let you know exactly what you need to do to increase your chances, from social media presence to writing a great CV. While shedding light on the many myths and outdated "rules" that may actually bog you down in today's job-seeking experience, *I'll Get That Job!* serves as a source of motivation and encouragement for modern job hunters. After all, with hard work and the right mind-set, it really is possible for you to get that job you've always wanted-and become the most successful version of yourself along the way!

With inclusion of theories and causal factors for context, plenty of case studies for real-world application, and pedagogical features to encourage engagement, this book's coverage also goes far beyond the traditional focus on terrorist groups to provide readers with a stimulating and wide-ranging introduction to the subject

"Pollock and Edwards explain the nuts-and-bolts of research design and data analysis in a clear and concise style. *The Essential of Political Analysis* is an intuitive introduction to complex material, replete with examples from the political science literature that add relevance

to statistical concepts. This text offers students an excellent balance between the technical and the practical." —Francis Neely, San Francisco State University Gain the skills you need to conduct political analysis and critically assess statistical research. In this Sixth Edition of *The Essentials of Political Science*, bestselling authors Philip H. Pollock III and Barry C. Edwards build students' analytic abilities and develop their statistical reasoning with new data, fresh exercises, and accessible examples. This brief, accessible guide walks students through the essentials—measuring concepts, formulating and testing hypotheses, describing variables—while using key terms, chapter-opening objectives, over 80 tables and figures, and practical exercises to get them using and applying their new skills. Using SPSS, STATA or R? Discounted package deals available with Philip H. Pollock's companion workbooks. See more information on the "Packages" tab or contact your SAGE | CQ Press sales rep. Give your students the SAGE edge! SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review, study, and further exploration, keeping both instructors and students on the cutting edge of teaching and learning. Essentials of International Relations (Sixth Edition) W. W. Norton

The dangerous turmoil provoked by the breakdown in Russo-Ukrainian relations in recent years has escalated into a crisis that now afflicts both European and global affairs. Few so far have looked at the crisis from the point of view of Russo-Ukrainian relations, a gap this edited collection seeks to address.

Drawing on a wealth of expertise from an international team of contributors, the second edition of *International Relations Theories* presents a diverse selection of theoretical positions.

Arguing that theory is central to explaining the dynamics of world politics, editors Tim Dunne, Milja Kurki, and Steve Smith cover a wide variety of theoretical positions—from the historically dominant traditions to powerful critical voices since the 1980s. The editors have brought together a team of international contributors, each specializing in a different theory. The contributors explain the theoretical background to their positions before showing how and why their theories matter. The book opens up space for analysis and debate, allowing students to decide which theories they find most useful in explaining and understanding international relations.

A brief, teachable introduction to the core concepts and theories of international relations. The text that instructors trust has been updated and redesigned for today's classroom.

Contemporary topics in international relations are thoroughly covered, and a new full-color design and new features get students engaged and thinking critically.

The text that instructors trust has been updated and redesigned for today's classroom.

Contemporary topics in international relations are thoroughly covered, and a new full-color design and new features get students engaged and thinking critically.

It is supported by a complete learning and teaching package. Innovative media, such as Geotours—which take students on virtual field trips using Google Earth™—make it possible for instructors to bring real-world geology to life in the classroom.

This book addresses one main question: whether the United States has a cohesive foreign policy for Africa. In assessing the history of the United States and its interactions with the continent, particularly with the Horn of Africa, the author casts doubt on whether successive US administrations had a cohesive foreign policy for Africa. The volume examines the historical interactions between the US and the continent, evaluates the US involvement in Africa through foreign policy lenses, and compares foreign policy preferences and strategies of other European, EU and BRIC countries towards Africa.

Encourage your child to play hidden pictures in order to encourage object constancy

skills, which fuels the ability to determine pictures based on their features. This means that regardless of how an artist interprets an apple, your child will also recognize it as an apple. So what are you waiting for? Play hidden pictures today!

The freshest, most contemporary introduction to comparative politics. *Essentials of Comparative Politics* introduces students to the concepts that political scientists use to study and compare political systems and the particulars of specific political systems. The Fourth Edition has been revised and updated to include the most current and relevant examples and scholarship. The text is available with a corresponding casebook of 13 country studies and a corresponding reader; the three components can be used individually or in any combination.

Essential Readings in World Politics introduces students to key literature on international relations—from classics in the field to contemporary debates among scholars today.

Illustrates family therapy techniques. With its clinical focus and extremely practical presentation, *The Essentials of Family Therapy, 6/e* examines the rich history, classic schools, and latest developments in family therapy. The sixth edition is edited to focus more on the contemporary clinical practice and case studies illustrating family therapy techniques. Written by a leading family therapist, descriptions of the various models are based on actual experience. Learning Goals Upon completing this book, readers will be able to: Utilize various family therapy techniques. Recognize the techniques of successful contemporaries in the field. Understand why research has failed to influence clinical practice.

This is a print on demand edition of a hard to find publication. Contents: (1) Recent Developments: Parliamentary Elections 2009; Lebanon and Israel; Cluster-Bomb Coordinates; Arrests of Alleged Israeli Intelligence Agents; Hariri Tribunal; (2) U.S. Policy Toward Lebanon; (3) Political Profile: Demography; Civil War, Occupation, and Taif Reform; Syrian and Israeli Incursions; Taif Agreement; Syrian Withdrawal and Parliamentary Elections of 2005; U.N. Resolutions and the Tribunal; Sectarianism and Stability; Political Stalemate; Renewed Sectarian Violence; Doha Agreement; Unity Gov_t.; (4) Current Issues in U.S.-Lebanon Relations: Confronting Hezbollah; Hezbollah's Al Manar TV; Lebanon-Syria Relations; The Shib_{ca} Farms; Extremist Groups in Lebanon; The Lebanese Armed Forces; (5) U.S. Assistance.

This book examines the regional order in the Gulf Region and the wider Middle East, focusing on regional rivalries and security alliances. The authors analyze the regional system in terms of its general structure as well as the major inter-state and non-state security alliances. The structure of the regional system in the wider Middle East and the shake-ups it has experienced explain the ongoing regional rivalry and polarization since 2011 in hotspots such as Syria, Yemen, and Libya. As such, the various chapters address regional transition and power dynamics between and among regional great powers and non-state militant actors across the Gulf Region and the wider Middle East in terms of the alliance building, persistence, and disintegration since 2011.

Essentials of Elementary Social Studies is a teacher-friendly text that provides comprehensive treatment of classroom planning, instruction, and strategies. Praised for its dynamic approaches and a writing style that is conversational, personal, and professional, this text enables and encourages teachers to effectively teach elementary social studies using creative and active learning

strategies. This fifth edition has been significantly refined with new and relevant topics and strategies needed for effectively teaching elementary social studies. New features include:

- In keeping with the book's emphasis on planning and teaching, an updated chapter on lesson plans. This chapter is designed to provide elementary teachers with new classroom-tested lesson plans and includes two classroom-tested lessons for each grade level (K–6).
- An expanded chapter on planning. This provides additional discussion about long-range planning and includes examples of lesson plans with details to help students be better prepared.
- An updated chapter on technology designed to better prepare elementary teachers to effectively incorporate technology into social studies instruction. Attention is given to digital history, media literacy, teaching with film and music, popular apps and numerous other types of impactful technology.
- An expanded discussion of the Common Core Standards and C3 Framework and how it affects teachers.
- An updated chapter titled "Experiencing Social Studies." This chapter focuses on topics such as teaching with drama, role play, field trips, and service learning.
- A new eResource containing links to helpful websites and suggestions for further reading.

This beautifully designed 6" x 9" notebook will fit right into your lifestyle! DETAILS: 150 Blank Sheets Crisp White Pages with a Thick Cardstock Cover Simple, Stylish, Elegant Cover Art Dimensions: 6" x 9"

On September 11, 2001, a small number of desperate men hoping to earn paradise attacked New York and Washington, D.C. Their spectacular acts of destruction concluded America's nearly decade-long vacation from insecurity, known as the "post-Cold War era." As eras go, this one was short and it certainly ended with a bang, not a whimper. The United States, still sole superpower, was now challenged by a bleak new world. Americans do not care for the bleak and do not tolerate it for long. Predictably, national shock soon became righteous anger, coupled to international campaigns against groups and states held responsible for the scourge of terrorism. These were short-term measures that hurt our enemies but did not "fix" the problem. Not long after these events, the Foreign Policy Research Institute organized a new Center on Terrorism, Counterterrorism, and Homeland Security. Its purpose was to take a longer term view of the terrorism problem and what might be done about it--not only academic research but also policy suggestions. This book contains a broad selection of the Center's output, including essays on American strategy, homeland security, knowing the enemy, and the military dimension. A notable feature is the discussion of the educational issue: what and how to teach our children about terrorism.

Essentials of International Relations has long provided the clearest explanations

of core concepts and theories; in its Seventh Edition, robust new Behind the Headlines features and engaging new chapter openers help students more easily draw connections between international relations concepts and today's political climate. Essential Readings in World Politics introduces students to key literature in international relations and provides everything instructors need to round out their syllabus, including classic readings and contemporary articles on ongoing international issues drawn from a wide range of sources and accompanied by headnotes offering the context and background that introductory students need. In the Sixth Edition, 23 new readings offer diverse perspectives on current topics such as the rise of China, the proliferation of terrorism and terrorist groups, international human rights, and the consequences and failures of international climate negotiations. The chapters complement Mingst and Arreguin-Toft's companion text, *Essentials of International Relations*, and can be packaged at a discount with that text or used on its own. "

Peacebuilding is explained by combining interpretive frameworks (paradigms) that have evolved from the subfields of international relations and comparative politics.

NEW EDITION!! Well... it seems that these animals don't want to take their medicine! But step by step, each one discovers that taking medicine is very important for the animals, as well as for the children! A funny way to learn and a funny way to teach. As everyone knows how difficult it can be to explain to young children how important it is to take medicine...---**THE BOOK OF THE ANIMALS: FUN LEARNING FOR CHILDREN AND PARENTS** What are certainly the most occurring moments in a parent's life? When their child doesn't want to wash, eat, sleep, go to school, share, take medicine, get vaccinated... And what can a parent answer to these refusals? The successful "Book of The Animals" bilingual children's books series was created with the aim to help both parents and children to discover the benefits of washing, eating, sleeping, going to school, sharing, taking medicine, getting vaccinated... in a fun as well as educational manner. Since the books are also bilingual, parents will enjoy the teaching and the interactivity they can gain from reading them with their children. **THE AUDIENCE** The books are geared towards children aged 2-5, before elementary/primary school. They will likely be bilingual children whose parents want to encourage the learning of their two current languages. They will also be children whose parents want to teach a language at a young age. Some teachers have also been using the books of the series as a way to teach a second language to children, with themes easy for them to both understand and memorise. **THE CURRENT BOOKS** There are currently seven books in the series. Each episode brings on new animals, new words, new situations and new stories.- Ep.1. "These Animals... Don't Want to Wash!" (2008)- Ep.2. "These Animals... Don't Want to Eat!" (2009)- Ep.3. "These Animals... Don't Want to Sleep!" (2010)- Ep.4. "These Animals... Don't Want to Go to School!" (2011)- Ep.5. "These Animals... Don't Want to Share!" (2011)- Ep.6. "These Animals...

Don't Want to Take their Medicine!" (2012)- Ep.7. "These Animals... Don't Want to Get Vaccinated!" (2012)The books are all available in either bilingual or monolingual versions:- Bilingual versions: English-French, English-Portuguese, English-Italian, English-Spanish, English-Swedish, English-Creole, English-Japanese...More versions still to come!Check out the official website: www.TheBookOfTheAnimals.comREVIEW"The Book of the Animals is a planned series of illustrated books for young children. [...] These delightful books tell the story of what happens when the animals in the stories, like many young children, don't want to eat and don't want to wash...The books are very suitable both for reading to young children and for older children to use to learn to read in both languages. They might even persuade them to wash and eat their dinner!The repetitive structure is supportive of children learning new words and the illustrations work well alongside the text to help understanding of unfamiliar words.I can easily imagine young children demanding repeat readings and enjoying learning the text by heart as many children do with favourite stories. Children learning to make up and write their own stories might well want to write a personalised version, using the structure as a prop.I think the stories would work well both in the home and in the classroom."(Review published in The Cass School of Education, by Dr Raymonde Sneddon, Research Fellow for "The Cass School of Education" at the University of East London, and Honorary Research Fellow of Birkbeck College, in the Department of Applied Linguistics)SUPPORT'The Book of The Animals' series is supported & recommended by ABRIR UK, a Brazilian Association for Educational Projects in the United Kingdom. www.Abrir.org.ukOfficial website: TheBookOfTheAnimals.com

History of Gambia Political Governance and Economy. Democracy practices, Human right and Trade Management. A Book on Gambia Environment will guide you through. Political risk in the tiny West African state of "The Gambia" is high. Named after the small river around which its borders fluctuate, the country hosts a dictatorship established in a 1994 coup. The country also hosts Hizbollah operatives who conduct international financial transactions, and is one of the top African cocaine transshipment points to Europe. Local businesses are considering fleeing to Sierra Leone to escape a raft of seemingly arbitrary and protectionist laws promulgated by the President for potentially personal reasons. Many small business owners and foreign investors see Sierra Leone as a better alternative, and are considering migrating their businesses. However, according to Ease of Doing Business data from the World Bank, The Gambia has a fighting chance against its nearest competitor. In 2013

A 'Day 0' introduction to International Relations. Written by a range of emerging and established experts, the chapters offer a broad sweep of the basic components of International Relations and the key contemporary issues that concern the discipline. The narrative arc forms a complete circle, taking readers from no knowledge to competency.

This Oxford Handbook is the definitive volume on the state of international security and the academic field of security studies. It provides a tour of the most innovative and exciting news areas of research as well as major developments in established lines of inquiry. It presents a comprehensive portrait of an exciting field, with a distinctively forward-looking theme, focusing on the question: what does it mean to think about the future of international security? The key assumption underpinning this volume is that all scholarly claims about international security, both normative and positive, have implications for the future. By examining international security to extract implications for the future, the volume provides clarity about the real meaning and practical implications for those involved in this field. Yet, contributions to this volume are not exclusively forecasts or prognostications, and the volume reflects the fact that, within the field of security studies, there are diverse views on how to think about the future. Readers will find in this volume some of the most influential mainstream (positivist) voices in the field of international security as well as some of the best known scholars representing various branches of critical thinking about security. The topics covered in the Handbook range from conventional international security themes such as arms control, alliances and Great Power politics, to "new security" issues such as global health, the roles of non-state actors, cyber-security, and the power of visual representations in international security. The Oxford Handbooks of International Relations is a twelve-volume set of reference books offering authoritative and innovative engagements with the principal sub-fields of International Relations. The series as a whole is under the General Editorship of Christian Reus-Smith of the University of Queensland and Duncan Snidal of the University of Oxford, with each volume edited by a distinguished pair of specialists in their respective fields. The series both surveys the broad terrain of International Relations scholarship and reshapes it, pushing each sub-field in challenging new directions. Following the example of the original Reus-Smit and Snidal The Oxford Handbook of International Relations, each volume is organized around a strong central thematic by a pair of scholars drawn from alternative perspectives, reading its sub-field in an entirely new way, and pushing scholarship in challenging new directions.

Carkhuff and the Possibilities Science is the third title in the groundbreaking Human Sciences series. In Volume I, we learned how Possibilities Science addresses the limitations of Probabilities Science and led to Generativity that defines the best processes for generating the best ideas. In Volume II, we discovered how the power of Probabilities, Possibilities and Generativity Sciences is employed by the Science of Change.

When the American Ambassador to Iraq announces her true identity and sparks the Arab Revolution and Reformation of Islam on a global scale, the world is turned upside down. "Safina" is the first book in a trilogy that spans three generations of thrilling intrigue and battles, and tells her story of courageous commitment to the struggle for freedom around the globe. From Safina's cruel beginning as an abused eleven year old child bride in the deserts of Iraq, to the highest society of European aristocracy and power, she joins forces with Lieutenant Colonel, Brecken Petersen, a United States Marine Special Forces combat-hardened veteran, and takes her position as the most powerful leader on the planet. She fights every inch of her way from Basra to Amsterdam, and to Paris, on to Washington DC and finally to Egypt. She establishes the UFAS, (United Federation of Arab States), and recruits member states around the world to join the UFN (United Free Nations). Safina and her fellow revolutionaries fight to liberate Islam from 1400 years of barbaric enslavement of half its population - women. The United States Government is in flux, on the verge of civil war. Europe is wounded, and pockets of serious counter insurgencies continue to be a source of concern. Safina recruits Claude Molyneau, a world banker and financier who attempts to restore the financial foundations of Europe, and the monetary solvency of the United States. Readers who relish intrigue and espionage will like this novel. Those who appreciate a sophisticated love story will be engaged with all of their emotional and erotic senses. Individuals who thrill to the perfectly

choreographed hand-to-hand combat and the expert use of martial arts and sophisticated weaponry will be in their element. Science geeks will recognize state-of-the-art new technologies that will be deployed in the near future. Political junkies will revel in the behind-the-scenes machinations that propel the world to the brink of ruination. They will glimpse what is likely to occur when Iran achieves nuclear weapons and an effective delivery system to attack Israel. Safina survives multiple attempts on her life until the last page of this book when it seems that all may be lost except.....

The #1 book for the course, professors and students love Essentials of Comparative Politics because it provides clear, concise coverage of core concepts for a low price. The Sixth Edition applies core concepts to current events such as Brexit and the role of groups like ISIS. Essentials of International Relations has long provided the clearest explanations of core concepts and theories; in its Seventh Edition, robust new "Behind the Headlines" features and engaging new chapter openers help students more easily draw connections between international relations concepts and today's political climate.

Drawing on mainstream and critical theoretical approaches, International Organizations offers a comprehensive examination of international organizations' political and structural role in world politics. This text details the types and activities of international organizations and provides students with the conceptual tools needed to evaluate their effectiveness. Surveying key issue areas from international and human security to trade and the environment, International Organizations looks at present and future possibilities for global governance from a broad range of perspectives. New to the Sixth Edition Focused on the seismic shifts caused by the rise of national populism and the effects on the more liberal institutions of global governance. Fully revised throughout with a feature on the EU in the face of Brexit, the Greek financial crisis, and global migration. Adds a new section on the Arab League, expanded coverage of NGOs, and updates on the Paris Climate Accords. Overhauls the chapter on International Security including expanded coverage of the UN's role. Includes a new chapter on Regional Security covering NATO and ECOWAS. Provides new case studies on Syria, Ukraine, SDGs, and the global migration crisis, among several others.

As a writer for AskMen.com, Examiner.com, co-founder and Dating and Relationship Consultant for Suave Lover International and the Suave Lover Podcast, long term bartender and public health professional, I have direct client, personal and social experiences towards improving and solving pick up, dating and relationship situations. The young straight men I've seen and worked with, initially want two things, to meet more women and have more sex. What they don't know is that the success for those two things relies on more than specific pick up lines and rico suave moves, it involves becoming a better man. The current market for pickup and dating self-help material is overwhelming, objectifying, lacks universality and misses out on this concept. The Essentials provides quick answers for men who want to improve their success with women but with a focus on overall development. Packaged as a travel-friendly, one-stop summary of the very best advice, with sections ranging from self-improvement to creating and sustaining relationships, The Essentials is what you need to improve your current status as a Man. Problem: The current market for pickup and dating self-help material is overwhelming, objectifying, and lacks universality. Solution: The Essentials, packaged as a travel-friendly, one-stop summary of advice, avoids pick-up lines or rico suave moves, and provides expert and concise answers for men who want to improve their success with women but with a focus on overall internal development. Short and to the Point: Read this - Meet more people, Have more sex, Improve yourself

"On the origin of Mind' is a detailed description of how the mind works. It explains the dynamics from the neuronal level upwards to the scale of group behaviour, society and culture."--Publisher's website.
