I bet you don't even know the goldmine that's in your closet. My grandmother had the best fashion sense for her era. She was always seen dressed to the nines, pearls in tow, and heels galore. She would never leave the house without her trusty shoulder-pinned sweater. She kept every part of her appearance in check as she visited the salon with a weekly, standing appointment. Lipstick was a must. I inherited her fashionista trait. My Gran, as I called her, was a fashionista to the max. When she passed away, I found myself inheriting her vast walk-in closet collection of savvy vintage clothing. I wasn't quite

sure what to do with all of it. I kept the pieces that meant the most to me and began to sell the rest. To my surprise, the demand for vintage clothing in great condition, or renewed, upcycled pieces, is immense, widespread, and appeals to men and women of all ages. My business was born - and it thrived! In my book, I will show you exactly how to go about starting and running your own pre-loved clothing business. You gain not only the monetary benefits of selling a high-demand product, but you will also be saving the world's landfills from unnecessary waste. In 2012 alone, an estimated 14.3 million tons of textiles were discarded to the landfill as reported by the Environmental Protection Agency-an alarming number for something seemingly harmless as discarding old clothes. Why toss clothing that has good life still left in it? There are so many ways you can succeed with your secondhand clothing shop, but the best thing you can do (and the most valuable experience you can get) is to go out and actually do it! Experience is always the best teacher. Until you get out and start selling, you will never be able to grasp everything fully that running a used clothing shop entails. Of course, the most important thing you can do is to be prepared for it, just so you know you're setting yourself up for success. You will have the tools you need in this book to start making good money by selling old clothes. You will learn: About crafting a plan for your business Finding who your customer will be Where to place your brick-and-mortar store, should you go that route Creating a solid marketing plan Budgeting and costs How to conduct market research Building your inventory and where to source products Upcycled hacks to increase the life of your products Advice for online marketplaces such as ThredUP, Poshmark, eBay, Depop, Facebook Marketplace, Tradesy, Vinted, Instagram, Craigslist, Mercari, LePrix, The Real Real, Grailed, VarageSale, Etsy, Shopify, and Amazon FBA How to set up a physical, brick and mortar store Branding and logo design Inventory management techniques Marketing strategies - direct and online How to set your prices Finally, how I grew my business - with advice about running a physical and online sales hybrid You will gain a much deeper understanding of how to start, run, and grow your own secondhand clothing business. 12 crochet patterns included! If you have never crocheted before, NO PROBLEM. Everyone has to start somewhere. In this book, we will be going step by step through ten cute little amigurumi crochet patterns. Also included are basic stitch tutorials to help you along the way. Patterns for many different house plants: Succulent Echeveria Sansevieria (Snake Plant) Lucky Bamboo Aloe Vera Palm Tree Venus Fly Trap Tree Succulent Sedum Bonsai Tree Hanging Plants x 3 What started as something to pass the time during quarantine has turned into so much more. These toys bring me joy when I make them and even more when I give them away. I hope that my creations will bring you and your lucky loved ones hours of happiness as well. When I first started, it took me a week just to figure out how to make a ball. It took even longer to get my fingers and hands used to holding a crochet hook. Crocheting can be frustrating at first but like with all things new, your body will develop muscle memory and over time, you will find that it will get easier. Always remember that nothing is hard, only new. There is no right way or wrong way to crochet. Whatever works for you, your body, and your ability is the right way. Crochet is an art form and like all art forms, is open to personal interpretation. Crochet patterns function as guidelines only, and I encourage you to bring your own artistic flair to each pattern. Do not be afraid to use different hooks or types of yarn. Experiment by changing the colors. Add accessories, modify the body shape, and bring your own individual spice to each pattern. Sometimes it will work; most of the time, it will not, and that is perfectly fine because in the end, you will end up with something that is yours. Something that you created. Your own little knotmonster.
