

European History Study Guide

AP European History Prep, 2021, previously titled Cracking the AP European History Exam, provides students with everything they need to conquer the exam. The book includes instructional content structured around the investigation of 5 course themes and 19 key concepts; content reviews divided by the test's four different chronological periods; drills and questions that reflect a greater emphasis on "historical thinking skills," represented by a larger proportion of essay, document-based, and short- and long-answer questions on the exam; and 2 full-length practice exams with complete answer explanations. For the 2021 edition, we are adding a brand-new practice test for a total of 3 exams (all in the book.)

Collects and analyzes seventy years of communist crimes that offer details on Kim Sung's Korea, Vietnam under "Uncle Ho," and Cuba under Castro.

Your complete guide to a higher score on the *AP European History exam About the book: Introduction Reviews of the AP exam format and scoring Proven strategies for answering multiple-choice questions Hints for tackling the essay questions FAQs Part I: Subject Area Reviews Covers all subject areas you'll be tested on Intellectual and cultural history Political and diplomatic history Social and economic history Includes sample questions and answers for each subject Part II: AP European History Practice Exams 3 full-length practice exams with answers and complete explanations

"Fascinating.... Lays a foundation for understanding human history."—Bill Gates In this "artful, informative, and delightful" (William H. McNeill, New York Review of Books) book, Jared Diamond convincingly argues that geographical and environmental factors shaped the modern world. Societies that had had a head start in food production advanced beyond the hunter-gatherer stage, and then developed religion --as well as nasty germs and potent weapons of war --and adventured on sea and land to conquer and decimate preliterate cultures. A major advance in our understanding of human societies, Guns, Germs, and Steel chronicles the way that the modern world came to be and stunningly dismantles racially based theories of human history. Winner of the Pulitzer Prize, the Phi Beta Kappa Award in Science, the Rhone-Poulenc Prize, and the Commonwealth club of California's Gold Medal.

Disentangling a controversial history of turmoil and progress, this Handbook provides essential guidance through the complex past of a region that was previously known as the Balkans but is now better known as Southeastern Europe. It gathers 47 international scholars and researchers from the region. They stand back from the premodern claims and recent controversies stirred by the wars of Yugoslavia's dissolution. Parts I and II explore shifting early modern divisions among three empires to the national movements and independent states that intruded with Great Power intervention on Ottoman and Habsburg territory in the nineteenth century. Part III traces a full decade of war centered on the First World War, with forced migrations rivalling the great loss of life. Part IV addresses the interwar promise and the later authoritarian politics of five newly independent states: Albania, Bulgaria, Greece, Romania, and Yugoslavia. Separate attention is paid in Part V to the spread of European economic and social features that had begun in the nineteenth century. The Second World War again cost the region dearly in death and destruction and, as noted in Part VI, in interethnic violence. A final set of chapters in Part VII examines postwar and Cold War experiences that varied among the four Communist regimes as well as for non-Communist Greece. Lastly, a brief Epilogue takes the narrative past 1989 into the uncertainties that persist in Yugoslavia's successor states and its neighbors. Providing fresh analysis from recent scholarship, the brief and accessible chapters of the Handbook address the general reader as well as students and scholars. For further study, each chapter includes a short list of selected readings.

Fascinating, fact-filled writing that delivers hundreds of years in the life of the European continent. Terrific supplementary reading for AP History students.

Looking for sample exams, practice questions, and test-taking strategies? Check out our extended, in-depth prep guide, Cracking the AP European History Exam! LIKE CLASS NOTES—ONLY BETTER. The Princeton Review's ASAP European History is designed to help you zero in on just the information you need to know to successfully grapple with the AP test. No questions, no drills: just review. Advanced Placement exams require students to have a firm grasp of content—you can't bluff or even logic your way to a 5. Like a set of class notes borrowed from the smartest student in your grade, this book gives you exactly that. No tricks or crazy stratagems, no sample essays or practice sets: Just the facts, presented with lots of helpful visuals. Inside ASAP European History, you'll find: • Essential concepts, timelines, dates, people, facts, and events for AP Euro History—all explained clearly & concisely • Lists, charts, maps, and graphs for quick visual reference • A two-pass icon system designed to help you prioritize learning what you MUST, SHOULD, and COULD know in the time you have available • "Ask Yourself" questions to help identify areas where you might need extra attention • A resource that's perfect for last-minute exam prep and for daily class work Topics covered in ASAP European History include: • The Renaissance • The Napoleonic Wars • Revolutions throughout Europe • World War II & Globalization ... and more!

Themes in Modern European History 1780-1830 is an authoritative and lively exploration of a period dominated by events which have shaped modern Europe. In a series of articles, six leading academics present some controversial conclusions: * the east/west contrast in Europe today has more to do with responses to the French Revolution of 1789 than the Russian Revolution of 1917 * the conservative Europe of 1814 was the product of the Romantic imagination, not a 'Restoration' of the old regime Spanning political, social, economic and demographic facets of revolutions, this is an indispensable textbook for all students of the nineteenth century, and for all those interested in understanding the nature of Europe today.

MATCHES THE LATEST EXAM! Let us supplement your AP classroom experience with this easy-to-follow study guide! The immensely popular 5 Steps to a 5: AP European History guide has been updated for the 2021-22 school year and now contains: 3 full-length practice

exams that reflect the latest exam Comprehensive overview of the AP European History exam format Hundreds of practice exercises with thorough answer explanations Review material and proven strategies specific to each section of the test

WINNER OF THE SCOTIABANK GILLER PRIZE • From the widely acclaimed, best-selling author of *American War*, a new novel—beautifully written, unrelentingly dramatic, and profoundly moving—that looks at the global refugee crisis through the eyes of a child. “It is one thing to put a human face on a migrant crisis and another to do so in so compelling a way that a reader simply cannot put your book down.” —Gish Jen, author of *The Resisters* More bodies have washed up on the shores of a small island. Another overfilled, ill-equipped, dilapidated ship has sunk under the weight of its too many passengers: Syrians, Ethiopians, Egyptians, Lebanese, Palestinians, all of them desperate to escape untenable lives back in their homelands. But miraculously, someone has survived the passage: nine-year-old Amir, a Syrian boy who is soon rescued by Vänna. Vänna is a teenage girl, who, despite being native to the island, experiences her own sense of homelessness in a place and among people she has come to disdain. And though Vänna and Amir are complete strangers, though they don’t speak a common language, Vänna is determined to do whatever it takes to save the boy. In alternating chapters, we learn about Amir’s life and how he came to be on the boat, and we follow him and the girl as they make their way toward safety. *What Strange Paradise* is the story of two children finding their way through a hostile world. But it is also a story of empathy and indifference, of hope and despair—and about the way each of those things can blind us to reality.

The horrors of the First World War released a great outburst of emotional poetry from the soldiers who fought in it as well as many other giants of world literature. Wilfred Owen, Rupert Brooke and W B Yeats are just some of the poets whose work is featured in this anthology. The raw emotion unleashed in these poems still has the power to move readers today. As well as poems detailing the miseries of war there are poems on themes of bravery, friendship and loyalty, and this collection shows how even in the depths of despair the human spirit can still triumph.

"Fully revised for the new 2016 exam."--Cover.

Cambridge International AS Level History is a suite of three books that offer complete coverage of the Cambridge International AS Level History syllabus (code 9389).

Presents a multifaceted model of understanding, which is based on the premise that people can demonstrate understanding in a variety of ways.

"This edited collection assembles a set of essays investigating the past, present, and future historiography of scholars who write about the cultural and intellectual history of early modern Europe. Contributors examine how scholars in recent decades have broken down traditional boundaries imposed on this period by exploring shifting conceptions of periodization, geography, genre, and evidence"--

In this sequel to his popular *Aspects of European History, 1494 - 1789*, Stephen J. Lee charts the most commonly encountered topics of nineteenth and twentieth century history, from the origins of the French Revolution, through the social and political reforms and upheavals of the last two centuries to the present. Helpful and accessible, the book includes: * an invigorating guide and sound source of background material * short analytical chapters * an interpretative approach to history, providing a range of viewpoints on each subject * both a broad survey and specific studies * stimulation for student's ability to develop and clarify theme * a careful structure which aids notetaking, preparation of essays and revision. Any student of European history will want to have this book at their side throughout their course studies.

Reproduction of the original.

This book, first published in 2000, is a systematic analysis of German public opinion at the outbreak of the Great War and the first treatment of the myth of the 'spirit of 1914', which stated that in August 1914 all Germans felt 'war enthusiasm' and that this enthusiasm constituted a critical moment in which German society was transformed. Jeffrey Verhey's powerful study demonstrates that the myth was historically inaccurate. Although intellectuals and much of the upper class were enthusiastic, the emotions and opinions of most of the population were far more complex and contradictory. The book further examines the development of the myth in newspapers, politics and propaganda, and the propagation and appropriation of this myth after the war. His innovative analysis sheds light on German experience of the Great War and on the role of political myths in modern German political culture.
