Peter and Benjamin Rabbit save the bunny babies from the oven of Mr. Tod, the fox.

This volume provides a state-of-the-art overview of the relationship between language and cognition with a focus on bilinguals, bringing together contributions from international leading figures in various disciplines . It is essential reading for researchers and postgraduate students with an interest in language and cognition, or in bilingualism and second languages.

Illustrations and text provide instruction on how to design and build gardens and how to plant various plants and flowers. Includes a dictionary of plants.

This volume collects essays that approach notions of creating, maintaining, and crossing boundaries in the history of the English language. The concept of boundaries is variously defined within linguistics depending on the theoretical framework, from formal

and theoretical perspectives to specific fields and more empirical, physical, and perceptual angles. The contributions to this volume do not take one particular theoretical or methodological approach but, instead, explore how examining various types of boundaries—linguistic, conceptual, analytical, generic, physical—helps us illuminate and account for historical use, variation, and change in English. In their exploration of various topics in the history of English, contributions ask a range of questions: what does it mean to set up boundaries between time periods? When do language varieties have distinct boundaries and when do they overlap? Where do language users draw up clausal, constructional, semantic, phonetic/phonological boundaries? Thus, the chapters explore not only how boundaries illustrate synchronic and diachronic features in the history of the English language but also what we can discover by questioning perceived or actual boundaries.

A do-it-yourself guide to a complete garden rehab Gardens, just like houses, sometimes need makeovers. The changes can be as minor as replacing a shrub or as major as pulling everything up and starting from scratch. No matter the size of your space or the scope of the project, the sage advice in Garden Renovation will help you turn a problem-filled yard into a paradise. Bobbie Schwartz draws on her years of experience as a garden designer to teach gardeners how to evaluate their yards, determine what

to keep and what to remove, choose the right plants and design plans for successful remodels, and know when to hire help. A gallery of before-and-after photos provides ideas and inspiration for turning a tired garden into an enlivening retreat. The Hands-On English Language Learning program is a resource for classroom teachers, specialist teachers working with English-language learners, and other educational professionals who support these students.
