

Fake Jail Release Papers

When FBI agent Harmony Swift illegally springs Cole Hackett, a computer genius turned convict, out of prison for a top-secret, life-or-death assignment, she risks everything to save a life while trying to deny her growing attraction to this brilliant man who is out for payback. Original.

Nation Business is the story of a Chicago hustler that wants to exit the game and go legit so he designs a one year plan to stack as much money as he can before bowing out. Things go as planned until that year comes, and goes, and the man is still knee deep in the dope game. His failure to adhere to his self-imposed exit proves to be a blessing and a curse. This is the first installment of a three book series.

"[The report] finds that supervision -- probation and parole -- drives high numbers of people, disproportionately those who are Black and brown, right back to jail or prison, while in large part failing to help them get needed services and resources. In states examined in the report, people are often incarcerated for violating the rules of their supervision or for low-level crimes, and receive disproportionate punishment following proceedings that fail to adequately protect their fair trial rights."--Publisher website.

The Islamic State movement (ISIS/ISIL/IS) burst onto the world stage in 2014. From its heartland in Syria, where it arose from the chaos of the Syrian Revolt, the organisation has expanded in ideology and membership and now poses a significant threat to the region, if not to the wider world. Moubayed, a Beirut-based journalist who has been analysing Syria and the region for 20 years, has unrivalled access to the movement and its participants. His book is the first inside account of an organisation which has dominated the headlines with a dangerous mix of barbarity and military prowess. In looking at the historical background of ISIS: where it came from, how it evolved, where it stands today and what its aims are for the future to reveal, it will provide, for the first time, a fully-fledged picture of what lies at the heart of the Islamic State.

The Prison Graduates was the winning play in the English as a 2nd Language category of theBBC World Service/British Council International Radio Playwriting Competition2009. The play is a political satire set in Ghana, and talks about serious issues on a light note. It highlights situations in Ghana and Africa as a whole; these include young and energetic people paying huge sums of money to go abroad to seek greener pastures, and the hospitals where 'cash and carry' method is practiced. The situation where churches are corrupt and the congregation is naïve... Efo makes us laugh at our folly, whilst realising that we are all part of the challenges our countries face, and can contribute to the solutions.

Here it is the Newest Edition - Thanks to all of the feedback and word of mouth advertising, we will be publishing the second version of FAAX by the end of this month! If you know someone that's been incarcerated or is incarcerated this is the book that can change their life after prison!

As recently as the early 1970s, the news media was one of the most respected institutions in the United States. Yet by the 1990s, this trust had all but evaporated. Why has confidence in the press declined so dramatically over the past 40 years? And has this change shaped the public's political behavior? This book examines waning public trust in the institutional news media within the context of the American political system and looks at how this lack of confidence has altered the ways people acquire political information and form electoral preferences. Jonathan Ladd argues that in the 1950s, '60s, and early '70s, competition in American party politics and the media industry reached historic lows. When competition later intensified in both of these realms, the public's distrust of the institutional media grew, leading the public to resist the mainstream press's information about policy outcomes and turn toward alternative partisan media outlets. As a result, public beliefs and voting behavior are now increasingly shaped by partisan predispositions. Ladd contends that it is not realistic or desirable to suppress party and media competition to the levels of the mid-twentieth century; rather, in the contemporary media environment, new ways to augment the public's knowledgeability and responsiveness must be explored. Drawing on historical evidence, experiments, and public opinion surveys, this book shows that in a world of endless news sources, citizens' trust in institutional media is more important than ever before.

"Imprisoned in a remote Turkish prison camp during World War I, having survived a two-month forced march and a terrifying shootout in the desert, two British officers, Harry Jones and Cedric Hill, join forces to bamboozle their iron-fisted captors"-- In this revelatory, authoritative portrait of Donald J. Trump and the toxic family that made him, Mary L. Trump, a trained clinical psychologist and Donald's only niece, shines a bright light on the dark history of their family in order to explain how her uncle became the man who now threatens the world's health, economic security, and social fabric. Mary Trump spent much of her childhood in her grandparents' large, imposing house in the heart of Queens, New York, where Donald and his four siblings grew up. She describes a nightmare of traumas, destructive relationships, and a tragic combination of neglect and abuse. She explains how specific events and general family patterns created the damaged man who currently occupies the Oval Office, including the strange and harmful relationship between Fred Trump and his two oldest sons, Fred Jr. and Donald. A firsthand witness to countless holiday meals and interactions, Mary brings an incisive wit and unexpected humor to sometimes grim, often confounding family events. She recounts in unsparing detail everything from her uncle Donald's place in the family spotlight and Ivana's penchant for regifting to her grandmother's frequent injuries and illnesses and the appalling way Donald, Fred Trump's favorite son, dismissed and derided him when he began to succumb to Alzheimer's. Numerous pundits, armchair psychologists, and journalists have sought to parse Donald J. Trump's lethal flaws. Mary L. Trump has the education, insight, and intimate familiarity needed to reveal what makes Donald, and the rest of her clan, tick. She alone can recount this fascinating, unnerving saga, not just because of her insider's perspective but also because she is the only Trump willing to tell the truth about one of the world's most powerful and dysfunctional families.

"Reporter is just wonderful. Truly a great life, and what shines out of the book, amid the low cunning and tireless legwork, is Hersh's warmth and humanity. This book is essential reading for every journalist and aspiring journalist the world over." --John le Carré "A master class in the craft of reporting." --Alan Rusbridger, The New York Times Book Review From the Pulitzer Prize-winning, best-selling author and preeminent investigative journalist of our time--a heartfelt, hugely revealing memoir of a decades-long career breaking some of the most impactful stories of the last half-century, from Washington to Vietnam to the Middle East.

Seymour Hersh's fearless reporting has earned him fame, front-page bylines in virtually every major newspaper in the free world, honors galore, and no small amount of controversy. Now in this memoir he describes what drove him and how he worked as an independent outsider, even at the nation's most prestigious publications. He tells the stories behind the stories--riveting in their own right--as he chases leads, cultivates sources, and grapples with the weight of what he uncovers, daring to challenge official narratives handed down from the powers that be. In telling these stories, Hersh divulges previously unreported information about some of his biggest scoops, including the My Lai massacre and the horrors at Abu Ghraib. There are also illuminating recollections of some of the giants of American politics and journalism: Ben Bradlee, A. M. Rosenthal, David Remnick, and Henry Kissinger among them. This is essential reading on the power of the printed word at a time when good journalism is under fire as never before.

Never Come Back By: Karen Jensen Never Come Back is a gold mine of anthropological/sociological information about a very distinct social-religious group of people. The determination with which these Mennonites faced and overcame countless obstacles is a wonder and inspiration. -Col. Thomas Snodgrass, USAF (retired); history professor at the Air War College, USA Air Force Academy and adjunct history professor at Embry-Riddle Aeronautical University, Arizona Follow Karen Jensen as she painstakingly uncovers her Mennonite roots in Prussia and Russia. It is an exciting story, not because it is a well-written novel, but because it is true! -Dr. William Varner, The Master's University Karen Jensen grew up knowing she was living proof of her family's miraculous survival. In Never Come Back, she shares her family's extraordinary tale of deliverance and hope. In 1909, Aaron and Susanna Rempel were enjoying a peaceful life in Gnadenfeld, a Mennonite village in Russia. While wealthy, owning the first car the village had ever seen, the young family personified the Mennonite values of pacifism, hard work, and community. But World War I and Communist uprisings bankrupted the family, forcing them to Siberia. Despite being loyal citizens for a century, the Mennonites were at the mercy of the vicious Cheka secret police, the brutal Red Army, and savage bandits. Desperate to save his family, Aaron agreed to enlist in the Red Army in order to move his family back to Gnadenfeld. The family braved the deadly journey only to discover life in their village was just as brutal – neighbor betrayed neighbor and disease and famine were rampant. The Rempel family struggled to maintain their culture, but under the Bolshevik government, their lives were repeatedly threatened. In 1922, they began the long process of immigrating to America – a land of hope and freedom, but a journey that would be even more dangerous than what had come before. Rich with details of daily life as well as the horrors of war and Communism, Never Come Back is an intimate look at one family's survival during the catastrophes of war and revolution.

Henri Lafont was a petty criminal who became the most powerful crook in Paris thanks to the Nazi occupation of France. A chance encounter in a prison camp led to a life of luxury running a ruthless mob of gangsters who looted the city on behalf of the Nazis who recognised Lafont's talent for treachery and deceit. Lafont recruited 'the French Gestapo', a motley band of sadistic grotesques that included faded celebrities, ex-footballers, pimps, murderers, burglars and bank robbers. They wore the best clothes, ate at the best restaurants, and did whatever they pleased. They lived on the exclusive rue Lauriston where they mixed with celebrities and Nazi officers, while down in the cellar of their building, the rest of the gang tortured resistance prisoners. Then the Allies came, and a terrible price had to be paid.

Designed specially for undergraduate course use, this new textbook is both an introduction to the study of American slavery and a reader of core texts on the subject. No other volume that combines both primary and secondary readings covers such a span of time--from the early seventeenth century to the Civil War. The book begins with a substantial introduction to the entire volume that gives an overview of slavery in North America. Each of the twelve chapters that follow has an introduction that discusses the leading secondary books and articles on the topic in question, followed by an essay and three primary documents. Questions for further study and discussion are included in the chapter introduction, while further readings are suggested in the chapter bibliography. Topics covered include slave culture, the slave-based economy, slavery and the law, slave resistance, pro-slavery ideology, abolition, and emancipation. The essays, by such eminent historians as Drew Gilpin Faust, Don E. Fehrenbacher, Eric Foner, John Hope Franklin, and Sylvia R. Frey, have been selected for their teaching value and ability to provoke discussion. Drawing on black and white, male and female experiences, the primary documents come from a wide variety of sources: diaries, letters, laws, debates, oral testimonies, travelers' accounts, inventories, journals, autobiographies, petitions, and novels.

No Good Deed Goes Unpunished . . . After saving a human child, Coal is not only exiled from the deadly fey realm, but he is sentenced to six months in a juvenile detention center in the human realm. They think he's the kidnapper. He can't exactly tell the truth. Because the truth would incriminate a dangerous fey queen. But being exiled isn't going to stop Coal from finding his back to the fey realm. In order to find his way home, Coal must make a deal with a government agent hell-bent on starting a war between the two worlds.

Chronicles the life of Elaine Bartlett, a woman who spent sixteen years in prison for selling cocaine, tracing her steps as she is released from prison and tries to reconstruct her life.

Terry Greene Sterling enters the fearful ghettos of Arizona, the gateway for nearly half of the nation's undocumented immigrants and the state that is the least welcoming toward them, to tell the stories of the men, women, and children who have crossed the border.

A teenager discovers racism and romance on his father's farm For his fourteenth birthday, Joe Pedersen wants a motorbike that costs nearly a thousand dollars. But his mom says the usual birthday gift is fifty dollars, and his dad wants Joe to earn the rest of the money himself and "find out what a real day's work feels like." Angry that his father doesn't think he's up to the job, Joe joins the Mexican laborers who come to his father's farm each summer. Manuel, the crew boss, is only sixteen, yet highly regarded by the other workers and the Pedersen family.

Joe's resentment grows when his father treats Manuel as an equal. Compared with Manuel, Joe knows nothing about planting and hoeing cabbage and picking strawberries. But he toughs out the long, grueling days in the hot sun, determined not only to make money but to gain the respect of his stern, hardworking father. Joe soon learns about the problems and fears the Mexicans live with every day, and, before long, thanks to Manuel, his beautiful cousin Luisa, and the rest of the crew, Joe comes to see the world in a whole different way. In her sensitive new novel, Cynthia DeFelice explores our dependency on migrant workers and simultaneous reluctance to let these people into our country and into our lives. Under the Same Sky is a 2004 Bank Street - Best Children's Book of the Year.

From legendary playwright August Wilson comes the powerful, stunning dramatic bestseller that won him critical acclaim, including the Tony Award for Best Play and the Pulitzer Prize. Troy Maxson is a strong man, a hard man. He has had to be to survive. Troy Maxson has gone through life in an America where to be proud and black is to face pressures that could crush a man, body and soul. But the 1950s are yielding to the new spirit of liberation in the 1960s, a spirit that is changing the world Troy Maxson has learned to deal with the only way he can, a spirit that is making him a stranger, angry and afraid, in a world he never knew and to a wife and son he understands less and less. This is a modern classic, a book that deals with the impossibly difficult themes of race in America, set during the Civil Rights Movement of the 1950s and 60s. Now an Academy Award-winning film directed by and starring Denzel Washington, along with Academy Award and Golden Globe winner Viola Davis.

Drug overdose, driven largely by overdose related to the use of opioids, is now the leading cause of unintentional injury death in the United States. The ongoing opioid crisis lies at the intersection of two public health challenges: reducing the burden of suffering from pain and containing the rising toll of the harms that can arise from the use of opioid medications. Chronic pain and opioid use disorder both represent complex human conditions affecting millions of Americans and causing untold disability and loss of function. In the context of the growing opioid problem, the U.S. Food and Drug Administration (FDA) launched an Opioids Action Plan in early 2016. As part of this plan, the FDA asked the National Academies of Sciences, Engineering, and Medicine to convene a committee to update the state of the science on pain research, care, and education and to identify actions the FDA and others can take to respond to the opioid epidemic, with a particular focus on informing FDA's development of a formal method for incorporating individual and societal considerations into its risk-benefit framework for opioid approval and monitoring.

This handbook aims to assist legislators, policymakers, prison managers, staff and non-governmental organisations in implementing international standards and norms related to the gender-specific needs of women prisoners, in particular the United Nations Rules for the Treatment of Women Offenders and Non-Custodial Measures for Women Offenders ('the Bangkok Rules'). It further aims to increase awareness about the profile of female offenders and to suggest ways in which to reduce their unnecessary imprisonment, including by rationalising legislation and criminal justice policies, and by providing a wide range of alternatives to prison at all stages of the criminal justice process. The handbook forms part of a series of tools developed by the United Nations Office on Drugs and Crime (UNODC) to support countries in implementing the rule of law and the development of criminal justice reform.

Frank and Joe hunt for clues in high-stakes horse breeding circles as they search for Nightmare, a thoroughbred stallion that has been missing for three years.

An award-winning historian presents an emotional history of Jewish refugees biding their time in Portugal as they attempt to escape Nazi Europe This riveting book describes the experience of Jewish refugees as they fled Hitler to live in limbo in Portugal until they could reach safer havens abroad. Drawing attention not only to the social and physical upheavals of refugee life, Kaplan highlights their feelings as they fled their homes and histories while begging strangers for kindness. An emotional history of fleeing, this book probes how specific locations touched refugees' inner lives, including the borders they nervously crossed or the overcrowded transatlantic ships that signaled their liberation.
