

Fidelity International Index Fund

Position your portfolio for growth with one of America's bestselling mutual fund books Are you looking for a trusted resource to help you add mutual funds to your investment strategy? With straightforward advice and a plethora of specific, up-to-date mutual fund recommendations, personal finance expert Eric Tyson helps you avoid fund-investing pitfalls and maximize your chances of success. Newly revised and updated, *Mutual Funds For Dummies* quickly and easily helps you pick the best funds, assemble and maintain your portfolio, and evaluate your funds' performance. In no time, it gets you up and running on exchange-traded funds, tax laws affecting investments in funds, how to evaluate different fund-investing strategies, and much more. Plan and implement a successful investment strategy that includes mutual funds

Avoid fund-investing pitfalls Find the best-managed funds that match your financial goals Select among mutual funds, exchange-traded funds, and other investing options

Complemented with sample fund portfolios and updated forms that show you exactly how to accomplish your financial goals, this is your trusted resource for planning and implementing a successful investment strategy that includes mutual funds.

How the greatest thinkers in finance changed the field and how their wisdom can help investors today Is there an ideal portfolio of investment assets, one that perfectly balances risk and reward? In *Pursuit of the Perfect Portfolio* examines this question by profiling and interviewing ten of the most prominent figures in the finance world—Jack Bogle, Charley Ellis, Gene Fama, Marty Leibowitz, Harry Markowitz, Bob Merton, Myron Scholes, Bill Sharpe, Bob Shiller, and Jeremy Siegel. We learn about the personal and intellectual journeys

Where To Download Fidelity International Index Fund

of these luminaries—which include six Nobel Laureates and a trailblazer in mutual funds—and their most innovative contributions. In the process, we come to understand how the science of modern investing came to be. Each of these finance greats discusses their idea of a perfect portfolio, offering invaluable insights to today's investors. Inspiring such monikers as the Bond Guru, Wall Street's Wisest Man, and the Wizard of Wharton, these pioneers of investment management provide candid perspectives, both expected and surprising, on a vast array of investment topics—effective diversification, passive versus active investment, security selection and market timing, foreign versus domestic investments, derivative securities, nontraditional assets, irrational investing, and so much more. While the perfect portfolio is ultimately a moving target based on individual age and stage in life, market conditions, and short- and long-term goals, the fundamental principles for success remain constant. Aimed at novice and professional investors alike, *In Pursuit of the Perfect Portfolio* is a compendium of financial wisdom that no market enthusiast will want to be without. Fidelity offers investors some of the most innovative financial tools, products, and platforms currently available, and with *What Every Fidelity Investor Needs to Know*, James Lowell—one of the most trusted names in the investment business and a self-described Fidelity fanatic—will help you get the best out of what Fidelity has to offer; whether it be through taxable accounts, IRAs, or 401(k)s. In *Retire Before Mom and Dad*, you'll learn how to unlock the superpower inside of you that is capable of transforming almost any income into lasting financial freedom. And, you'll discover that it's not about scrimping and sacrificing to get there. Explains how mutual funds work, offers advice on building an investment portfolio, tells how to monitor returns, and

Where To Download Fidelity International Index Fund

discusses taxes and record-keeping

The ETF Book All You Need to Know About Exchange-Traded Funds John Wiley & Sons

The evidence-based approach to a more worthwhile portfolio The Index Revolution argues that active investing is a loser's game, and that a passive approach is more profitable in today's market. By adjusting your portfolio asset weights to match a performance index, you consistently earn higher rates of returns and come out on top in the long run. This book explains why, and describes how individual investors can take advantage of indexing to make their portfolio stronger and more profitable. By indexing investment operations at a very low cost, and trusting that active professionals have set securities prices as correctly as possible, you will achieve better long-term results than those who look down on passive approaches while following outdated advice that no longer works. "Beating the market" is much harder than it used to be, and investors who continue to approach the market with that mindset populate the rolls of market losers time and time again. This book explains why indexing is the preferred approach in the current investment climate, and destroys the popular perception of passive investing as a weak market strategy. Structure your portfolio to perform better over the long term Trust in the pricing and earn higher rates of return Learn why a passive approach is more consistent and worthwhile Ignore overblown, outdated advice that is doomed to disappoint All great investors share a common secret to success: rational decision-making based on objective information. The Index Revolution shows you a more rational approach to the market for a more profitable portfolio.

Adopt the investment strategy that turned a school teacher into a millionaire Millionaire Teacher shows you

Where To Download Fidelity International Index Fund

how to achieve financial independence through smart investing — without being a financial wizard. Author Andrew Hallam was a high school English teacher. He became a debt-free millionaire by following a few simple rules. In this book, he teaches you the financial fundamentals you need to follow in his tracks. You can spend just an hour per year on your investments, never think about the stock market's direction — and still beat most professional investors. It's not about get-rich-quick schemes or trendy investment products peddled by an ever-widening, self-serving industry; it's about your money and your future. This new second edition features updated discussion on passive investing, studies on dollar cost averaging versus lump sum investing, and a detailed segment on RoboAdvisors for Americans, Canadians, Australians, Singaporeans and British investors. Financial literacy is rarely taught in schools. Were you shortchanged by your education system? This book is your solution, teaching you the ABCs of finance to help you build wealth. Gain the financial literacy to make smart investment decisions Learn why you should invest in index funds Find out how to find the right kind of financial advisor Avoid scams and flash-in-the-pan trends Millionaire Teacher shows how to build a strong financial future today.

Praise for ETFs For The Long Run "As the title of the book suggests, ETFs are going to be an increasingly important reality for a broad class of investors in coming years. This book offers the reader real understanding of this growing force in our economic lives." —Robert J. Shiller, Arthur M. Okun Professor of Economics at Yale

Where To Download Fidelity International Index Fund

University, Co-founder and Chief Economist at MacroMarkets LLC "ETFs for the Long Run is a fascinating read. A seasoned financial industry journalist, Lawrence Carrel does an excellent job of highlighting exchange traded funds' meteoric rise in popularity over the last few years. A terrific book for anyone looking to grasp the ABCs of ETF investing." —Jerry Moskowitz, President, FTSE Americas Inc. "ETFs for the Long Run provides a unique combination of a detailed history of the development of ETFs, a clear explanation of the sophisticated mechanics of ETFs, an assessment of investors' choices amongst this dynamic product area, and unbiased recommendations for appropriate portfolio allocation to these efficient investment tools. Lawrence Carrel has done investors and the industry a great service in pulling these four elements together in a highly readable and often entertaining book. —Steven Schoenfeld, Chief Investment Officer, Global Quantitative Management, Northern Trust, and Editor, Active Index Investing Despite the incredible growth of exchange-traded funds (ETFs) and the fact they've been on the market for fifteen years, some investors are still either unaware of the effectiveness of ETFs or unsure of how to use them in their investment endeavors. That's why respected ETF expert and journalist Lawrence Carrel has written *ETFs for the Long Run*. Filled with in-depth insights and practical advice, this reliable resource puts ETFs in perspective and reveals how they can help you profit in both up and down markets. Page by page, Carrel takes you through the ins and outs of ETFs, including their history, the tax benefits and minimal

Where To Download Fidelity International Index Fund

charges associated with them, and the fundamental differences between ETFs and other types of investments. He also provides you with the resources and tools needed to trade ETFs and build your own ETF portfolio. You may have heard about ETFs while researching other investments or speaking with an investment advisor. If you want to learn more about them, this book will provide you with a clear understanding of what ETFs are, how they work, and how they can be used to create a low-cost, liquid, and diversified portfolio.

A timely guide to making the best investment strategies even better A wide variety of strategies have been identified over the years, which purportedly outperform the stock market. Some of these include buying undervalued stocks while others rely on technical analysis techniques. It's fair to say no one method is fool proof and most go through both up and down periods. The challenge for an investor is picking the right method at the right time. The Little Book of Stock Market Profits shows you how to achieve this elusive goal and make the most of your time in today's markets. Written by Mitch Zacks, Senior Portfolio Manager of Zacks Investment Management, this latest title in the Little Book series reveals stock market strategies that really work and then shows you how they can be made even better. It skillfully highlights earnings-based investing strategies, the hallmark of the Zacks process, but it also identifies strategies based on valuations, seasonal patterns and price momentum. Specifically, the book: Identifies stock market investment strategies that work, those that don't,

Where To Download Fidelity International Index Fund

and what it takes for an individual investor to truly succeed in today's dynamic market Discusses how the performance of each strategy examined can be improved by combining into them into a multifactor approach Gives investors a clear path to integrating the best investment strategies of all time into their own personal portfolio Investing can be difficult, but with the right strategies you can improve your overall performance. The Little book of Stock Market Profits will show you how.

Twenty benefits from the three-fund total market index portfolio. The Bogleheads' Guide to The Three-Fund Portfolio describes the most popular portfolio on the Bogleheads forum. This all-indexed portfolio contains over 15,000 worldwide securities, in just three easily-managed funds, that has outperformed the vast majority of both professional and amateur investors. If you are a new investor, or an experienced investor who wants to simplify and improve your portfolio, The Bogleheads' Guide to The Three-Fund Portfolio is a short, easy-to-read guide to show you how.

In an efficient market, all stocks should be valued at a price that is consistent with available information. But as financial expert Singal points out, there are circumstances under which certain stocks sell at a price higher or lower than the right price. Here he discusses ten such anomalous prices and shows how investors might--or might not--be able to exploit these situations for profit.

By learning to read the direction and strengths of the market, even novice mutual fund investors can outperform the best stock pickers. That's because up to

Where To Download Fidelity International Index Fund

90 percent of a stock's price movement is determined by trends in the market or the industry-not in the qualities of the company. By using point-and-figure charting techniques, Power Investing With Sector Funds supplies a simple and effective way to gauge the ebb-and-flow of the stock market, and ways to invest in the best-performing sectors at the right time, both in the U.S. and abroad. With the help of four technical tools-charting, trend lines, 20-week moving averages and relative strength-Power Investing With Sector Funds takes a step-by-step process to completely cover the principles of diversification, asset allocation, and sector investing to apply the technique for a successful investment program. Best of all, the system outlined in the book takes just 15 minutes a day!

In this completely new reference guide, you'll find the best information and independent opinion available on 500 of the largest and most popular mutual funds—the very funds you likely own. Morningstar's Fund Reports are the industry standard and are trusted by financial professionals nationwide. And now, you get this exclusive and valuable guidance all year long, with access to fifty free fund reports during any time in 2008. Choose from 2,000 funds.

Now available for Pre-Order! A common resolution set at the beginning of a new year is to "get my financial house in order." But how can you build a house, let alone pour any kind of foundation, without a blueprint? There are dozens of books and gurus trying to push their advice and tell you how to spend and invest your money. And then, there are three suburban dads just trying to make

Where To Download Fidelity International Index Fund

the world a little bit better. Meet Brad Barrett and Jonathan Mendonsa of the award-winning ChooseFI podcast and Chris Mamula of the popular blog "Can I Retire Yet?". They have walked the talk and now want to share their knowledge with you. Together, these three regular guys will show you how they did something extraordinary. They are all financially independent and doing meaningful work that fulfills them. All three left their corporate 9 to 5 jobs and are reaping the benefits of extra time with their families. Mirroring the format of the popular ChooseFI podcast, this book pulls from the collective knowledge of those who have decided to build a lifestyle around their passions instead of allowing their finances to dictate their future. These stories demonstrate universal principles, giving you the opportunity to pick the elements that are the most applicable to your financial situation and "choose your own adventure." The book covers a wide range of topics that will help you build a strong financial foundation:

- Developing a growth mindset
- Defining your values and aligning them with your spending
- Cutting years from your estimated retirement date
- Questioning the status quo on "required expenses"
- Cutting travel expenses and putting family vacations within your reach
- Learning how to earn more and live with abundance
- Updating the commonly accepted wisdom on college education and the debt associated with it
- Cutting through the noise on investing to discover strategies that work
- Showing how to implement investment strategies that enable the lifestyle you desire while controlling downside risk

Legendary money manager Peter Lynch explains his own strategies for investing and offers advice for how to pick stocks and mutual funds to assemble a successful investment portfolio. Develop a Winning Investment Strategy—with Expert Advice from “The Nation’s #1 Money Manager.” Peter Lynch’s “invest in what you know” strategy has made him a household name with investors both big and small. An important key to investing, Lynch says, is to remember that stocks are not lottery tickets. There’s a company behind every stock and a reason companies—and their stocks—perform the way they do. In this book, Peter Lynch shows you how you can become an expert in a company and how you can build a profitable investment portfolio, based on your own experience and insights and on straightforward do-it-yourself research. In *Beating the Street*, Lynch for the first time explains how to devise a mutual fund strategy, shows his step-by-step strategies for picking stock, and describes how the individual investor can improve his or her investment performance to rival that of the experts. There’s no reason the individual investor can’t match wits with the experts, and this book will show you how.

GUIDE TO MUTUAL FUNDS SECOND EDITION

"Picking actively managed mutual funds is no mean challenge. And as the recent era underscores, past performance is of little help. The Morningstar Guide to

Where To Download Fidelity International Index Fund

Mutual Funds helps cut through the fog with a solid volume of constructive information. The central message--'truly diversify, keep it simple, focus on costs, and stick with it'--is not only timeless, it is priceless."

--John C. Bogle, founder and former CEO, The Vanguard Group "Successful investors know they must do their own due diligence. Morningstar has done much of that homework in this guide. Leave it to Morningstar to get it right, offering smart ways to pick, build and monitor a portfolio. It's a commonsense guide that should grace every investor's shelf." --Ted David, CNBC Anchor

"There's nothing Morningstar doesn't know about mutual funds. And at last, for ready reference, there's a book. You'll find everything here you need to know about managing fund investments, inside or outside a 401(k)."

--Jane Bryant Quinn, Newsweek columnist and author of Making the Most of Your Money

A journey through the Index Revolution from the man who started it all Stay the Course is the story the Vanguard Group as told by its founder, legendary investor John C. Bogle. This engrossing book traces the history of Vanguard—the largest mutual fund organization on earth. Offering the world's first index mutual fund in 1976, John Bogle led Vanguard from a \$1.4 billion firm with a staff of 28 to a global company of 16,000 employees and with more than \$5 trillion in assets under management. An engaging blend of company history, investment perspective, and personal memoir, this book provides a fascinating look into the mind of an extraordinary man and the company he created. John Bogle continues to be an inspiring and trusted figure to

Where To Download Fidelity International Index Fund

millions of individual investors the world over. His creative innovation, personal integrity, and stubborn determination infuse every aspect of the company he founded. This accessible and engaging book will help you: Explore the history of some of Vanguard's most important mutual funds, including First Index Investment Trust, Wellington Fund, and Windsor Fund Understand how the Vanguard Group gave rise to the Index Revolution and transformed the lives of millions of individual investors Gain insight on John Bogle's views on values such as perseverance, caring, commitment, integrity, and fairness Investigate a wide range of investing topics through the lens of one of the most prominent figures in the history of modern finance The Vanguard Group and John Bogle are inextricably linked—it would be impossible to tell one story without the other. *Stay the Course: The Story of Vanguard and the Index Revolution* weaves these stories together taking you on a journey through the history of one revolutionary company and one remarkable man. Investors, wealth managers, financial advisors, business leaders, and those who enjoy a good story, will find this book as informative and unique as its author.

Practical Business Statistics, Eighth Edition, offers readers a practical, accessible approach to managerial statistics that carefully maintains, but does not overemphasize mathematical correctness. The book fosters deep understanding of both how to learn from data and how to deal with uncertainty, while promoting the use of practical computer applications. This trusted resource teaches present and future managers how to

Where To Download Fidelity International Index Fund

use and understand statistics without an overdose of technical detail, enabling them to better understand the concepts at hand and to interpret results. The text uses excellent examples with real world data relating to business sector functional areas such as finance, accounting, and marketing. Written in an engaging style, this timely revision is class-tested and designed to help students gain a solid understanding of fundamental statistical principles without bogging them down with excess mathematical details. Provides users with a conceptual, realistic, and matter-of-fact approach to managerial statistics Offers an accessible approach to teach present and future managers how to use and understand statistics without an overdose of technical detail, enabling them to better understand concepts and to interpret results Features updated examples and images to illustrate important applied uses and current business trends Includes robust ancillary instructional materials such as an instructor's manual, lecture slides, and data files

This guide aims to provide objective, time-tested methods for evaluating the advantages and disadvantages of investing in mutual funds to determine the best for your needs. It covers items including the various types available, how to use the Internet for mutual fund investing and strategies for maximizing your return of investment. The second, expanded edition includes extensive changes based on the Internet as a tool for investing, from how to find the best information to how to harvest on-line. The new material also includes risk tolerance tests and risk control techniques.

A guide to understanding and investing in mutual funds includes a list of 135 mutual fund companies that allow one to buy without a broker

This guide explains not only how to invest in Fidelity funds but also the methods used today for managing Fidelity fund investments. It shows you how to decide which ones to buy and sell, and when. The safety inherent in each fund's diversification offers the advantages of trading individual securities without any of the disadvantages; switching assets between funds is quick and easy, and the trading costs are essentially zero. The Guide clears up some popular misconceptions about investing with Fidelity and offers sound advice on how to avoid common pitfalls. Using the techniques described here, one should be able to beat the market by an average of 10-15 percentage points per year, without assuming more than market-level risk.

A recommended, proven way to broaden portfolios and profits Recommended by finance experts and used extensively by institutional investors, index funds and exchange-traded funds (ETFs) provide unmanaged, diversified exposure to a variety of asset classes. Index Investing For Dummies shows active investors how to add index investments to their portfolios and make the most of their money, while protecting their assets. It features plain-English information on the different types of index funds and their advantage over other funds, getting started in index investing, using index funds for asset allocation, understanding returns and risk, diversifying among fund holdings, and applying winning strategies for maximum profit.

Written by veteran financial professional and experienced author Richard Ferri, The ETF Book gives you a broad and deep understanding of this important investment vehicle and provides you with the tools needed to successfully integrate exchange-traded funds into any portfolio. Each chapter of The ETF Book offers concise coverage of various issues and is filled with in-depth insights on different types of ETFs as well as practical advice on how to select and manage them. What kind of shape is your portfolio in? The financial fallout of recent years was a game-changer for anyone and everyone preparing to retire in the near future. In order to build and

Where To Download Fidelity International Index Fund

maintain a solid portfolio in today's roller-coaster investing climate, you have to be more alert, increasingly proactive, and better educated on the markets than ever before. In *Financial Fitness Forever*, Paul Merriman gives you a framework guaranteed to return even the most struggling portfolio to prime health. One of the nation's most popular investment advisors, Merriman has you focus on five critical questions: Should I use a financial advisor or go it alone? Should I try to beat the market or accept the returns of the market? How should I manage risk? How should I diversify my investments? How should I insulate my investments from my emotions? If you don't have solid, well-developed answers—including the whys, the hows, and the whens—based on sound investing principles, you need to review your current strategy. *Financial Fitness Forever* leads you through the process step-by-step. Merriman provides detailed answers to each question, all of which combine to form a powerful strategy that will ensure the kind of retirement you're hoping for. Merriman doesn't claim to have that "magic bullet" answer to supercharging profits in unpredictable markets. Instead, he provides a commonsense strategy anyone can use to secure their finances now and in the future. The economy is racing forward at breakneck speed, and no one knows where it will end up. Apply the lessons of *Financial Fitness Forever* to design a portfolio that will thrive in the long run.

The most trustworthy source of information available today on savings and investments, taxes, money management, home ownership and many other personal finance topics.

From a renowned financial journalist who has written for *Time*, *Fortune*, *Forbes*, and *The New Yorker*, a fresh and unexpectedly profound book that draws on hundreds of hours of exclusive interviews with many of the world's super-investors to demonstrate that the keys for building wealth

Where To Download Fidelity International Index Fund

hold other life lessons as well. Billionaire investors. If we think of them, it's with a mixture of awe and suspicion. Clearly, they possess a kind of genius—the proverbial Midas Touch. But are the skills they possess transferable? And do they have anything to teach us besides making money? In *Richer, Wiser, Happier*, William Green draws on interviews that he's conducted over twenty-five years with many of the world's greatest investors. As he discovered, their talents extend well beyond the financial realm. The most successful investors are mavericks and iconoclasts who question conventional wisdom and profit vastly from their ability to think more rationally, rigorously, and objectively. They are master game players who consciously maximize their odds of long-term success in markets and life, while also minimizing any risk of catastrophe. They draw powerful insights from many different fields, are remarkably intuitive about trends, practice fanatical discipline, and have developed a high tolerance for pain. As Green explains, the best investors can teach us not only how to become rich, but how to improve the way we think, reach decisions, assess risk, avoid costly errors, build resilience, and turn uncertainty to our advantage. Green ushers us into the lives of more than forty super-investors, visiting them in their offices, homes, and even their places of worship—all to share what they have to teach us. *Richer, Wiser, Happier* brings together the thinking of many of the greatest investment minds, from Sir John Templeton to Charlie Munger, Jack Bogle to Ed Thorp, Will Danoff to Mohnish Pabrai, Bill Miller to Laura Geritz, Joel Greenblatt to Howard Marks. In explaining how they think and why they win, this landmark book provides gems of insight that will enrich you not only financially but also professionally and personally. Written by a practicing emergency physician, *The White Coat Investor* is a high-yield manual that specifically deals with the financial issues facing medical students, residents,

Where To Download Fidelity International Index Fund

physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. This book will teach you how to: Graduate from medical school with as little debt as possible Escape from student loans within two to five years of residency graduation Purchase the right types and amounts of insurance Decide when to buy a house and how much to spend on it Learn to invest in a sensible, low-cost and effective manner with or without the assistance of an advisor Avoid investments which are designed to be sold, not bought Select advisors who give great service and advice at a fair price Become a millionaire within five to ten years of residency graduation Use a "Backdoor Roth IRA" and "Stealth IRA" to boost your retirement funds and decrease your taxes Protect your hard-won assets from professional and personal lawsuits Avoid estate taxes, avoid probate, and ensure your children and your money go where you want when you die Minimize your tax burden, keeping more of your hard-earned money Decide between an employee job and an independent contractor job Choose between sole proprietorship, Limited Liability Company, S Corporation, and C Corporation Take a look at the first pages of the book by clicking on the Look Inside feature Praise For The White Coat Investor "Much of my financial planning practice is helping

Author Russel Kinnel walks readers through the handful of key factors they need to pick winning funds. Armed with the quantitative data and qualitative research, they will gain the confidence to pick great funds for the long-term. This book will be accompanied by a web-based tool created by Morningstar, which will enable readers to evaluate their own funds using Kinnel's criteria. Written in a fun and accessible manner, The Fund Spy offers Kinnel's unique insight as a 14-year Morningstar fund analyst. He speaks plainly about the conflicts that can go against investors' interests, explaining how to avoid traps and push out the slick sales pitches facing today's investors. He also offers several "10 lists," which provide quick answers to investors' most common questions (e.g., the Top 10 Funds to Recommend to Relatives, the 10 Best Contrarian Managers, the 10 Most

Where To Download Fidelity International Index Fund

Overrated Managers).

Who is the most successful investment manager in Britain? Arguments could rage forever, but no professional would dispute that Anthony Bolton of Fidelity is among the very best. £1,000 invested in his Special Situations fund at its launch in 1979 was worth more than £125,000 twenty seven years later. No other mainstream UK fund manager has put together such a consistently impressive performance over such a long period. The 125-fold increase represents an average compound growth rate of more than 20% per annum, or 7% per annum greater than the FTSE All-Share Index over the same period. This track record of sustained outperformance stands comparison with that of the greatest American investment superstars such as Warren Buffett and Peter Lynch. For many years, until the fund was voluntarily split in 2006, Fidelity Special Situations was easily the largest and most popular fund in the UK. What are the secrets of Anthony Bolton's success? This important book, now fully revised and updated, takes an in-depth look at the way that Bolton goes about his business and analyses in detail the fund's outstanding performance. Anthony Bolton gives his own personal account of the history of the fund, explains why he believes his contrarian stockpicking methods have worked so well for so long and summarises the lessons he has learnt from his long and succesful career. This book is required reading for anyone with a personal or professional interest in investment. - Fully revised and updated second edition with 25 pages of new material and graphics. - The only full-length book to analyse in detail the strategies and techniques used by the UK's number one professional investor. - Detailed analysis of the performance of his funds and the lessons that investors can draw from its exceptional track record. - Written jointly by Anthony Bolton and one of the UK's best known financial authors, a leading authority on the fund

Where To Download Fidelity International Index Fund

management business.

In this remarkable stock market study, one of Wall Street's best known market analysts reveals a new technical tool he developed for gauging the pulse of the trading cycle. Called the On Balance Volume Theory, this tool tends to fill in some of the conspicuous voids in the famous Dow

Theory—especially the lack of discussion and use of stock volume figures. As straightforward as a set of bridge rules, on-balance volume (OBV) denotes each buy and sell signal so that a trader can follow them without his own emotions tending to lead him astray—emotions causing most of the market misjudgements that take place. The Granville OBV method is essentially scientific, has a high degree of accuracy and has many automatic features. The reader of this book will be introduced to a method whereby he may benefit by the earlier movements of volume over price—the “early warning” radar of volume buy and sell signals.

The manager of a top investment fund discusses how individuals can make a killing in the market through research and investment techniques that confound conventional market wisdom.

In her debut book *Dear Debt*, personal finance expert Melanie Lockert combines her endearing and humorous personal narrative with practical tools to help readers overcome the crippling effects of debt. Drawing from her personal experience of paying off eighty thousand dollars of student loan debt, Melanie provides a wealth of money-saving tips to help her community of debt fighters navigate the repayment process, increase current income, and ultimately become debt-free. By breaking down complex financial concepts into clear, manageable tools and step-by-step processes, Melanie has provided a venerable guide to overcoming debt fatigue and obtaining financial freedom. Inside *Dear Debt* you will learn to:

- Find the debt repayment strategy most effective for
